EVENTING

Rules modification Art. 548.1 effective 31 March 2015

Following the recommendation of the Eventing Committee, the Bureau approved on 30 March 2015 a modification to Art 548.1 referring to the penalties for activating a frangible device as well as a rewording of the explanatory note on the penalties for frangible devices.

The modification is made in the interest of the risk management programme, following meetings with Eventing Riders and 3/4 star Eventing Course designers who expressed concerns that the current rules would restrict the use of frangible devices.

In accordance with Article 20.3 of the FEI Statutes, the changes to the rules as approved by the Bureau will be implemented on 31 March 2015.

For reference the article in question contained within the FEI Statutes confirms: 20.3 In an Emergency Situation, the Bureau may, by a two-thirds (2/3) majority of votes cast, pass Resolutions which are normally the prerogatives of the General Assembly. In such cases, the National Federations shall be notified promptly of these measures. If a majority of the National Federations eligible to vote, responding within
thirty (30) days of the date of the notice, signifies its disapproval, the measure shall be rescinded if possible.

We would like to thank you for your attention to this matter and please do not hesitate to contact the Director for Eventing catrin.norinder@fei.org for clarification.

In accordance with the FEI Bureau approval process, the updated FEI Eventing Rules 2015 can now be found on FEI.org.
