JUMPING

FEI World Cup™ Jumping Rules

The FEI Bureau approved the proposed modifications to the FEI World Cup™ Jumping Rules 2017/2018 (Articles 650, 653, 655, 656, 657; Annex D – Arab League; Annex F – Longines North American League). The rules can be consulted [here](#).

Rolex Grand Slam of Show Jumping Rules

The FEI Bureau approved the proposed modifications to the Rolex Grand Slam of Show Jumping Rules:

An athlete, who wins 3 Grand Prix in a row, will be awarded a bonus of € 1,000,000.

The rules can be consulted [here](#).

VETERINARY

Proposed changes to the FEI Equine Prohibited Substances List

The FEI Equine Prohibited Substances List Group - the sub-committee of the Veterinary Committee responsible for the FEI Equine Prohibited Substances List (EPSL) - has met to consider changes to the 2017 EPSL.

Please find the proposed changes to the FEI Equine Prohibited Substances List [here](#). Any changes accepted would become effective from 1 January 2018 and are subject to consultation and review before their implementation.

We request that comments regarding the proposed changes, including a clear scientific reasoning, be submitted to **Caterina Termine** by Monday 07 August 2017. All comments received before this deadline will be considered by the FEI Equine Prohibited Substances List Group before finalising their conclusions.

PARA EQUESTRIAN FORUM

13-14 May 2017, Stow on the Wold (GBR)

More than 70 delegates from 24 countries gathered in Stow on the World for the second edition of the Para Equestrian Forum following the success met in Essen (GER) in 2015. The Forum, organised by the FEI and hosted by British Dressage, was held immediately after the two-day FEI Classifier meeting which united 18 classifiers from around the world, and was then followed by the FEI Para-Equestrian Committee Meeting. Over the two-day Forum - led by the Para Equestrian Technical Committee - presentations, discussions and working groups covered the following topics:

- Development of the sport (statistics and development pathways)
- Competition formats and the use of music in team tests
- Coaching
- Classification
- Facilities/arrangements for FEI World Equestrian Games™ 2018
- Rio2016

There was also a demonstration of the new tests for Grades I to V with interactive feedback and scoring from the judges to each of the riders and delegates on site.

For more information/presentations, please click [here](#).

ENDURANCE FORUM

23-24 May 2017, Vic (ESP)

Welfare, education and the future direction of the sport were prominent topics at the FEI Endurance Forum 2017, which attracted 100 delegates from over 30 countries. Scientific presentations on Endurance risk factors, bone fatigue and risk management set the scene, providing a data-based approach for the Forum's further discussions on education, rules revisions and the future of the sport. Key topics including horse welfare, speed, the use of data, athlete and officials education and how the elite level of the sport could look in the future were debated in an open and honest dialogue by representatives from across the Endurance community.

For more information/conclusions on the Endurance Forum, please click [here](#).

FEI Website

Clean Sport section

In order to make all information about FEI Clean Sport more easily accessible, we have aggregated everything about Clean Sport for Humans and Clean Sport for Horses under one roof.

The Clean Sport button at the top of the home page on inside.fei.org now gives you direct access to all the FEI Clean Sport information, plus details about testing, test results (both positive and negative), FEI Tribunal cases and decisions.

The FEI UPDATE and supporting documents are available on the [FEI UPDATE Library](#) on the FEI website.
