## FEI RULES REVISION

In keeping with the FEI Statutes, NFs are invited to review the drafts to the proposed modifications/clarifications to be included in the FEI General Regulations, FEI Statutes, FEI Internal Regulations, Para Dressage, Driving Rules, Endurance, Eventing, Reining, Vaulting, Veterinary Regulations, Olympic Games & Paralympic Regulations 2016, Equine Anti-Doping & Controlled Medication Regulations and Anti-Doping Controlled Medication Regulations for Human Athletes. Any comments must be submitted by **29 August 2012 (23:59 CET)** by directly contacting the people responsible [here](#). Proposed texts are available on **FEI Documents** within the National Federations/Rules Revision section.

Please note that the mark-up documents posted on **FEI Documents** may not include all formatting modifications and accompanying syntax, capitalisation of letters, typos, etc. This is because when all such changes are red-lined the document becomes very "busy", which makes it difficult for readers to focus on the meaningful changes.

The Final Drafts will be made available no later than **10 October 2013**.

### FEI YELLOW WARNING CARD - NEW!

The 2013 version of the Yellow Warning Card is now available on FEI.org [here](#). Officials are requested to discard any previous versions they may still have and to only use the new one, which takes into account the rules currently in force.

The modifications made to the card are the following:

- Article numbers and Rule Book titles have been updated;
- A new field was inserted for the Person Responsible's FEI ID number, to facilitate follow-up;
- The applicable extract of the Eventing Rules was added to clarify the elements unique to Eventing;
- In Eventing, "Dangerous Riding" and "Abuse of Horse" are now clearly distinct in the list of offences. For Eventing Officials, please be clear to tick the box most closely associated with the offence as a second offence in the same category within one year will trigger a suspension for an Eventing Athlete.

The format of the card was also modified: in addition to printing and filling by hand, users now also have the option to fill it out electronically after saving it on their computer.

Please forward this information to your Officials!

## ENDURANCE

### FEI Entry System for Endurance competitions

The FEI Online Entry System for Jumping Events was officially launched in January this year and is now running successfully for all CSI Events around the world.

The new Entry System was set up to manage the Entries for FEI Events in Jumping and automatically checks FEI registration and eligibility of Athletes and Horses before the competition.

The FEI Online Entry System was very much welcomed within the FEI Jumping community and we are constantly working to further improve the system to make it as efficient as possible for all users.

We are very pleased to inform you that we are currently working on the FEI Online Entry System for Endurance Events and that this system will become compulsory on the **1 October 2013 for all CEI Events around the world.**

Below you will find information related to this important project:

#### **Training sessions for National Federations, Organising Committees and IT Providers**

From July 2013, online training sessions will be organised to demonstrate how the

system works, provide practical training and show the different functionalities to the National Federation and Organising Committee Members.

This system was built to be used by everyone and is therefore relatively easy to use and will provide great benefits to all stakeholders.

As soon as the dates of the online training sessions are defined, the concerned persons will receive an email with a subscription form. Additional online training sessions will be held during the season to offer everyone a chance to participate.

In addition, dedicated user support will be set up in order to help the users with the FEI Entry System.

## **Launch**

On the **1 October 2013**, the FEI Entry System for Endurance Events will be officially launched and will be **compulsory for all CEI Events around the world**, which will be managed through this System.

Prior to this date, in September, the FEI Entry System will be used during a Pilot phase by some selected National Federations; those National Federations will be contacted individually.

We trust that the FEI Entry System will help all stakeholders with the management of Endurance Events, and help National Federations and Organisers transmit results to the FEI, all in more efficient way.

We will keep you informed on the progress of this project during the summer but in the meantime should you have any questions, please do not hesitate to contact us.

Everyone who has a role to play in this process should be informed; therefore, feel free to forward this information to all other people involved.

If you are interested, you can find information on the FEI mandatory online system for [all Jumping events](#) **here**.

---

## **OTHERS**

### **INFORMATION TECHNOLOGY**

#### **REMINDER - Athletes' email addresses**

We remind the National Federations that as from 1 August 2013, the Athlete's email address will be mandatory when a new Athlete profile will be set up and/or when an Athlete's annual registration will be renewed on the FEI Database.

To help the National Federations to update this information on the FEI Database, the FEI provided the NFs with a list containing information about their Athletes registered for the 3 past years.

We invite NFs that have not sent that list back to the FEI to do so before the 10 July 2013 at the latest.

Should you need any further details on the above, please do not hesitate to contact us: [usersupport@fei.org](mailto:usersupport@fei.org).

## FEI GENERAL ASSEMBLY 2013

### 4-7 NOVEMBER, MONTREUX (SUI)

The FEI General Assembly will be held this year in Montreux, Switzerland, from 4 to 7 November.

The invitation brochure will be available on 15 July on **FEI Documents**, where you will find important information (programme, hotels, visas, etc.).

Hotel bookings will once again be made via the official registration system, Regonline™. We kindly ask you to make your reservations before 9 September in order to guarantee your room.

All meetings will be held at the Montreux & Music Convention Centre (2m2c), in front of the main hotel, Fairmont Le Montreux Palace Hotel. The second hotel is the Best Western Eurotel Riviera (located a five-minute walk away from the 2m2c).

## FEI GENERAL ASSEMBLY 2014

NFs interested in hosting the FEI General Assembly in 2014 are invited to contact FEI Director of Governance & Executive Affairs, [Sabrina Zeender](#) as soon as possible in order to receive the relevant bidding process information. Official bids will need to be received by **3 September 2013**.

The venue for the FEI General Assembly will be allocated by the FEI Bureau in Montreux during the General Assembly.

## FEI AWARDS 2013

Nominations are still open for the FEI Awards 2013. If you have not already done so, please seize this opportunity to tell us who deserves to be rewarded and applauded at the FEI Gala Evening in Montreux (SUI) on 7 November.

Even horses in black tie are talking about the FEI Awards 2013! Watch [here](#).

## INSURANCE FOR OFFICIALS

Kindly note that the emergency number of the travel insurance policy has changed. The updated document is available [here](#).

---

*The FEI UPDATE and supporting documents are available on the [FEI UPDATE Library](#) on the FEI website.*
