Education System for FEI Vaulting Officials

Introduction

The FEI Education System is designed to ensure that all FEI Vaulting Officials can fulfil the requirements of their job descriptions, are up-to-date with the current FEI Rules and Regulations, and master the officiating know-how in their discipline. Its goal is to guarantee that FEI Officials apply a consistent approach to the Vaulting matters, deliver high-quality officiating and provide a true level-playing field to competitors at all international equestrian events, while keeping the Welfare of the Horse as paramount in their practice at all times.

The FEI Education System offers function-specific career pathways, structured with a gradual four-level (4) system. National Vaulting Officials, upon successfully completing their initial transfer-up process will be listed as Level 1 FEI Vaulting Officials (Judge or Steward), and in case of an equivalency agreement with their NF, as Level 2 FEI Officials. They may later evolve up the pathway to higher levels.

Competencies

To officiate at a given function and level, FEI Vaulting Officials must hold the relevant FEI Official Certificate, which ensures they currently have the following required competencies:

- ✓ Knowledge of FEI Rules and Regulations
- ✓ Knowledge of the sport, the discipline, the horse and its wellbeing
- ✓ Experience in the discipline and the function
- ✓ Interpersonal and communication skills
- ✓ Fitness level required to correctly perform all duties relevant to the role
- ✓ English language proficiency

English language proficiency is mandatory as all FEI Officials are working in an English-speaking environment, will be expected to write reports in English, and must understand FEI Rules and Regulations and course material.

The level of English language proficiency required is in-line with the level of officiating, and based on the Common European Framework of Reference for Languages (CEFR) as a reference:

Level 1	A2	The user can understand phrases related to areas of relevance, can read very short and simple texts, communicate in simple ways and write short messages.
---------	----	---

Level 2	B1	The user can understand the main points of clear speech, can understand a text that consists mainly of high frequency job-related language, can deal with most situations likely to arise, can describe show in a simple way and write simple texts on topics which are familiar.
Level 3	B2	The user can understand complex lines of arguments provided the topic is familiar, can read reports in which the writers adopt particular attitudes or viewpoints, can present clear, detailed descriptions related to the field of interest and write detailed texts related to the subject of interest.
Level 4	C1	The user can understand extended speeches, can understand long and complex texts, express him/herself fluently and spontaneously, present complex subjects and write well-structured texts.

Competency-based Evaluation System

In order to assess, educate, certify and monitor competencies of FEI Vaulting Officials throughout their career, the FEI has implemented the Competency-based Evaluation System (CES). The CES ensures that both during the transfer-up and the maintenance phases of a given function/level, Officials have the required competencies to officiate at international level.

The transfer-up consists of:

- Requirements – to ensure candidates have the minimum level of knowledge and experience before starting their education
- Education with examination(s) – in line with the job description to prepare Officials in taking and assuming their roles and duties
- Certification – to validate Officials’ competencies for a given function and level

The maintenance consists of:

- The annual CES Online Assessment
- The triennial CES Maintenance Course
- The annual CES Officiating Review¹

Maintenance is mandatory for all FEI Vaulting Officials and their status is reviewed annually by the FEI on 15 December.

¹ The CES Officiating Review will not be applied, by decision of the FEI Board on 5 June 2024.

All Officials are required to take their assessments and examinations personally.

The FEI reserves the right to verify (by whatever method the FEI may choose) that an assessment/examination has been personally completed by an individual Official. If the FEI concludes that the assessment/examination has not been personally completed by the relevant Official, the FEI can take such action as it deems necessary including, but not limited to the invalidation of the assessment/examination and/or the opening of disciplinary proceedings.
