PREAMBLE

Although these Jumping Rules (hereinafter JRs) set out the detailed rules of the FEI for international Jumping Events, they must be read in conjunction with the FEI Statutes, the FEI General Regulations (GRs), the FEI Veterinary Regulations (VRs), and all other FEI Rules and Regulations. **Articles of the other FEI Rules and Regulations that may be cross-referenced in the JRs are as follows**

- (i) 1 – 99 refer to Articles of the FEI Statutes;
- (ii) 100-199 refer to Articles of the FEI GRs;
- (iii) 200-299 refer to Articles of these JRs;
- (iv) 300-399 refer to Articles of the Rules for Jumping Championships and Games;
- (v) 1000-1099 refer to Articles of the FEI VRs.

Every eventuality cannot be provided for in these JRs. In any unforeseen or exceptional circumstances, it is the duty of the appropriate person or body to make a decision in a sporting spirit, by approaching as near as possible the intention of the JRs and of the GRs. Should there remain any omissions in the JRss, such omission shall be interpreted in a manner compatible to the fullest extent with the other provisions of these JRs, other rules and regulations of the FEI, and sporting spirit.

For the sake of brevity these regulations use the masculine form; this is to be interpreted to include both genders. Terms with a capitalized first letter are defined in the Glossary of the JRs, in the GRs or in the Statutes.

THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. General Welfare:

a) Good Horse management

Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality hay, feed and water must always be available.

b) Training methods

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

c) Farriery and tack

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

d) Transport

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.

e) Transit

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. Fitness to compete:

a) Fitness and competence

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and competitions; additional rest periods should be allowed following travelling.

b) Health status

No Horse deemed unfit to compete may compete or continue to compete, veterinary advice must be sought whenever there is any doubt.

c) Doping and Medication

Any action or intent of doping and illicit use of medication constitute a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

d) Surgical procedures

Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.

e) Pregnant/recently foaled mares

Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. Events must not prejudice Horse welfare:

a) Competition areas

Horses must be trained and compete on suitable and safe surfaces. All obstacles and competition conditions must be designed with the safety of the Horse in mind.

b) Ground surfaces

All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injury.

c) Extreme weather

Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

d) Stabling at Events

Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. Humane treatment of horses:

a) Veterinary treatment

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

b) Referral centres

Wherever necessary, Horses should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

c) Competition injuries

The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.

d) Euthanasia

If injuries are sufficiently severe a Horse may need to be euthanized on humane grounds by a veterinarian as soon as possible, with the sole aim of minimising suffering.

e) Retirement

Horses must be treated sympathetically and humanely when they retire from Competition.

5. Education:

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

CHAPTER I INTRODUCTION

ARTICLE 200 GENERAL

1. A Jumping Competition is one in which the combination of Horse and Athlete is tested under various conditions over a course of obstacles. It is a test intended to demonstrate the Horse's freedom, its energy, its skill, its speed and its obedience in Jumping and the Athlete's horsemanship. It is essential that strict and detailed JRs are established to regulate Competitions.
2. If an Athlete makes certain Faults such as knocking down an obstacle, refusing, exceeding the time allowed, etc. he incurs Penalties. The winner of the Competition is the Athlete who incurs the least number of Penalties, completes the course in the fastest time or gains the highest number of points, depending on the type of Competition.
3. Variety in Jumping Competitions is encouraged. Therefore, while the JRs are intended to standardise the rules and regulations which apply to Jumping Competitions, they are not intended to standardise the nature of the Competitions since variety provides a precious element of interest for Athletes and spectators alike.
4. Other Competitions may be authorised by the Jumping Director in consultation with the Chair of the Jumping Committee, provided their conditions comply with the requirements set forth in the GRs and in the JRs. Detailed conditions of each Competition must be set out clearly in the Schedule and in the programme of the Event. OCs are not permitted to organise Competitions unless the FEI has approved the conditions according to which these Competitions may be run. ~~OCs wishing to organise international Competitions for five-year-old Horses must apply for permission to the FEI through their National Federation (hereinafter "NF").~~ The conditions according to which these Competitions may be run must be approved by the FEI in writing.
5. Competitions must be fair for all Athletes. To achieve this objective, the use of all technical assistance available including but not limited to official video recordings is permitted to assist FEI Officials in carrying out their responsibilities under FEI Rules & Regulations. For official video recordings to be accepted under the FEI Rules & Regulations, they must be presented to the President of the Ground Jury within 30 minutes after the official results are announced. An official video recording is considered to be a recording made by the designated host broadcaster and/or any other accredited broadcaster and/or a designated official video recording company as named by the OC and/or the FEI prior to the Event in question). Videos recorded by any other entity are not acceptable under any circumstances. A review of the video recording is solely at the discretion of the President of the Ground Jury. If the Ground Jury relies on video evidence to alter the outcome of any Competition after the results have been communicated, such a video recording must contain irrefutable evidence that the original ruling or decision was incorrect. **A video recording may never be used to establish the time of an Athlete's round (see JRs Art. 229.5).** The use of a video shall always be within the confines of the applicable rules and must never by its usage alter the rules currently in effect. With reference to the water jump the decision of the water jump judge is final. (see JRs Art. 211.8)
6. Expenses
 - 6.1. **Chefs d'Equipe**, Team Veterinarians, Athletes, Grooms and Horses

 - 6.1.3. OCs of CSIOs are responsible for meeting the costs for meals from one day before the first official Competition until one day after the Event for Team Veterinarians.
 - 6.1.4. OCs are under no obligation to meet any of these expenses beyond the time limits published in the Schedule, or to meet any travelling or accommodation expenses of any other persons who may be associated with the official Teams.
 - 6.1.5. If not otherwise specified in the FEI Rules and Regulations, the scale of expenses for the travel and accommodation of Athletes and grooms and the stabling and fodder for the Horses must be published in the Schedule and must cover the reasonable cost of accommodation and meals.
 - 6.2. Expenses for Officials
 - 6.2.1. The OCs shall meet the travelling, accommodation and meals Expenses of all Officials as follows:
 - 6.2.1.1. Reimbursement of Travel Costs

Officials should be offered a convenient travel solution, where total travel time and number of stops are minimised. Proposed travel plans must be submitted to the Official for approval before bookings are made. For non-stop flights with a duration of six or more hours, Business Class must be offered. In any case individual air travel arrangement can be made between the OC and the Official, e.g. a higher per diem for travelling Economy Class.

6.2.1.5. Per Diem (Daily Allowance) for all Officials except the Technical Delegate

A per diem allowance of minimum 120 Euros per day per Official must be offered to all FEI Officials during the period of the Event. This remuneration for miscellaneous costs is to be provided net after relevant taxes being borne by the OC. A per diem will **be paid in addition for a maximum total of one travel day if the Official's travel day(s) is/are different from the officiating days.**

A per diem will be paid in addition for a maximum total of one travel day if the **Official's travel day(s) is/are different from the officiating days.**

6.2.2. FEI appointed Officials whose Expenses are to be paid by the OC shall be appointed with the agreement of the OC.

6.3. **For expenses at other FEI Championships, FEI World Cup™ Finals, FEI Nations Cup™ Finals and Olympic Games** see the specific rules for these Events. Expenses at Regional Championships and Regional Games are left to the discretion of the OC.

7. If the FEI has reason to suspect that an OC will not be able to meet its financial obligations, the NF concerned will be authorised to require that Event to be secured by financial guarantees such as a bank guarantee or through an escrow account. Information will be included in the Event Schedule to indicate whether the Event has such financial guarantees or not. If the FEI is aware of an Event that is likely to default on payment of prize money, the Athletes will be informed through their NF. If in spite of all precautions taken an OC fails to meet its financial obligations to the FEI and Athletes, it will not be permitted to organise another Event until all outstanding debts have been settled; furthermore the total prize money foreseen for the next event that OC wishes to organise must be secured ahead of time in an account jointly held by the OC and the NF.

8. Calendar (See also GRs Art. 112)

9. Stables

All Horses must be stabled in the official stables provided by the OC for the duration of the Event. In case the Horse(s) are moved to a different stable other than the official stables provided by the OC without the authorisation of the Ground Jury the Horse(s) will be disqualified from the Event.

CHAPTER II ARENAS AND SCHOOLING AREAS

ARTICLE 201 ARENA, SCHOOLING AREAS AND PRACTICE OBSTACLES

1. The arena must be enclosed. While a Horse is in the arena during a Competition, all entrances and exits must be physically closed.
2. An indoor Competition arena **must have minimum size of 1'200 m²** with a minimum width on the short side of 25 metres. An outdoor **Competition arena must have a minimum size of 4'000 m²** with a minimum width on the short side of 50 metres. An exception to this rule may be granted, where circumstances warrant, by the FEI Jumping Director in consultation with the Chair of the Jumping Committee.
3. The Schooling Areas

The OC must provide at least one schooling area sufficiently large for optimal training conditions. There must be a minimum of one vertical and one spread obstacle. The ground has to be in proper condition for the training of Horses. When there are many Athletes and sufficient space, additional obstacles should be provided. All obstacles must be constructed in the usual manner and provided with red and white flags. However, the flags may be replaced by tape or paint in order to provide a white and a red top to the wings or uprights.

Where space permits and the number of Athletes is large, a separate schooling area may be designated.

If the schooling area is situated in an area accessible to the public, for safety reasons a buffer zone of approximately one meter must be created around its perimeter to keep the public from direct contact with the horses.
4. Practice Obstacles

The use of obstacle material not provided by the OC is forbidden under Penalty of Disqualification and/or Fine (see JRs Art. 242.2.6 and 240.2.5). Practice obstacles may only be jumped in the direction for which they are flagged. No part of the practice obstacles may be physically held by any person.

 - 4.1. Ground lines may be placed directly underneath the first part of an obstacle or up to one metre away on the take-off side. If there is a ground line on the take-off side of the obstacle, a ground line may be placed on the landing side of the obstacle at an equal distance up to a maximum of 1.00 m.
 - 4.2. Any obstacles 1.30 m or higher must have a minimum of two poles, in cups, on the take-off side of the obstacle, regardless of whether or not a ground line is used. The lower pole must always be below 1.30 m.
 - 4.3. If crossed poles are used as the top part of an obstacle, they must be able to fall individually. The top end of the poles must be in a cup. However, there can be a horizontal top pole behind the crossed poles, which must be at least 20 centimetres higher than the centre of the crossed poles.
 - 4.4. The top poles of an obstacle must always be in cups at both ends. If the pole is resting on the edge of a cup it must be on the far edge and never on the near edge.
 - 4.5. For Competitions where the maximum obstacle height is 1.40m or less, the obstacles in the practice arena may not exceed in height and width ten centimetres more than the actual maximum height and width of the obstacles of the Competition in progress. If the obstacle height of the Competition in progress is greater than 1.40 m, the obstacles in the practice arena may not exceed 1.60 m in height and 1.80 m in width.
 - 4.6. It is not permitted to walk Horses over poles when these are elevated or placed in cups at one or both ends.
 - 4.7. The OC may provide material to simulate a water ditch.
5. Gymnastic Training
 - 5.1. Athletes may train their Horses in gymnastic exercises using placing poles on the ground, but obstacles used for this purpose may not exceed 1.30 m in height. Athletes using such obstacles must not violate the rules against rapping (see JRs Art. 243.2.1). Training exercises consisting of a line of obstacles in succession without a stride in between (in-out/bounce exercises) are permitted if there is sufficient space. For these exercises a maximum of three obstacles with a height not exceeding 1.00 m may be used; minimum distance between obstacles is 2.50 m, maximum distance is 3.00 m.
 - 5.2. Placing Poles: if there is enough space placing poles may be used and placed on the ground not closer than 2.50 m on the take-off side of a vertical obstacle not exceeding 1.30 m in height. A placing pole may be used on the landing side not closer than 2.50 m when the obstacle is jumped at the trot or three metres if at the canter. Any pole placed approximately six metres or more from an obstacle on either side or on both sides is not considered a placing pole and is therefore allowed to be used with both verticals and oxers.
 - 5.3. Exercising and Training: whenever possible provision should be made for Athletes to exercise and train in the presence of a steward for several hours in the morning. Athletes may change obstacles providing JRs Art. 201.4, 201.5 and 201.6 are not contravened.
6. Combinations are permitted as long as there is enough space and if they are built with correct distances. The OC must provide the material.

When training areas are crowded Athletes may only use single obstacles.
7. The schooling area(s) must always be supervised by a steward when in use.

ARTICLE 202 ACCESS TO THE ARENA AND PRACTICE OBSTACLE

1. Athletes on foot may only be admitted once to the arena before each Competition and this includes Competitions with jump-off(s). Entry into the arena will be prohibited by means of a notice "Arena Closed" placed at the entrance or conspicuously in the middle of the arena. Permission to enter the arena will be given by the Ground Jury ringing the bell and by displaying a notice "Arena Open". An announcement must also be made over the public address system. However, in Competitions over two rounds with different courses, Athletes may inspect the course before the second round.
2. The OC of an indoor Event where facilities for exercising are severely limited, may, with the agreement of the Ground Jury, give special permission for the arena to be used for exercising at specified times.
3. If the schooling areas are inadequate or cannot be used, a practice obstacle which is not part of the course must be placed in the arena. In all other circumstances, facultative or practice obstacles are not allowed in any Competition. In certain special competitions (including but not limited to the Six Bar or Puissance Competition) the Ground Jury may decide that the Athletes remaining in the Competition must stay in the arena after the first or second jump-off. In this case, the Ground Jury must allow a practice obstacle in the arena.
4. The practice obstacle must be a spread obstacle not exceeding 1.40 m in height and 1.60 m in spread or a vertical obstacle not exceeding 1.40 m in height, provided with red and white flags and should not be numbered. These dimensions may not be altered during the course of the Competition. Only two attempts at this obstacle are allowed. Jumping or attempting to jump this practice obstacle more than twice entails a fine in addition to the possible Disqualification (see JRs Art. 242.2.3 and 240.2.6).

Jumping the practice obstacle in the wrong direction may incur disqualification (see JRs Art. 242.2.7).

The Athlete is allowed 90 seconds maximum to make these attempts, counted from the time the Ground Jury rings the bell.

A knock down, Refusal or run out count as an attempt. If there is a Refusal at the first attempt with a knock down or displacing of the obstacle, this obstacle is to be reset and the Athlete is allowed to make a second and final attempt. The time taken to reset the obstacle is neutralised.

The Ground Jury must give the signal to start the round after the Athlete has made his attempt(s) or after 90 seconds. After the sound of the bell, the Athlete who has attempted only once, is allowed the second attempt but he must cross the starting line in the correct direction within 45 seconds; failure to do so will start the time of the round (see JRs Art. 203.1.2).

5. Athletes may not jump or attempt to jump any obstacle in the arena during a parade before the Competition. Failure to comply with this paragraph may incur Disqualification (see JRs Art. 242.2.4).
6. A prize winner may only jump an obstacle for the benefit of the press with the permission of the Ground Jury, provided it does not form part of a subsequent round. This practice should not be encouraged.

ARTICLE 203 BELL

1. The bell is used to communicate with the Athletes. One of the members of the Ground Jury is in charge of the bell and responsible for its use. The bell is used:
 - 1.1. to give permission to the Athletes to enter the arena when the course is ready for their inspection (see JRs Art. 202.1) and to signal that the inspection time is over;
 - 1.2. to give the signal to start and to activate a 45-seconds countdown shown in the timing equipment in the scoreboard or in another display beside the arena.

The 45-seconds countdown sets the time that the Athlete can spare before commencing his round. The Ground Jury has the right to interrupt the 45-seconds countdown if unforeseen circumstances occur. Incidents such as, but not limited to, disobediences ~~and falls~~, occurring between the signal to start and up until the moment the Athlete/Horse combination crosses the starting line in the correct direction, are not penalised (see JRs Art. 235.3). However, in the event of a fall of an Athlete and/or Horse at any time from the moment the Athlete/Horse combination enters the Competition arena up until the moment they cross the starting line in the correct direction, whether or not the signal to start has been given, the combination will not be permitted to start in the round or Competition in question and the bell must be rung accordingly. ~~the 45 seconds countdown will not be interrupted.~~

After the bell has rung, crossing the starting line in the correct direction for a second time before jumping the first obstacle is counted as a Disobedience.

However, the Ground Jury, in its discretion if the situation so warrants, has the right not to activate the start or to cancel the starting procedure, give a new signal to start and restart the countdown.

- 1.3. to stop an Athlete for any reason or following an unforeseen incident and to signal to him to continue his round after an interruption (see JRs Art. 217.4 and 233);
- 1.4. to indicate the Athlete that an obstacle knocked down following a Disobedience has been replaced (see JRs Art. 233);
- 1.5. to indicate by prolonged and repeated ringing that the Athlete has been eliminated.
2. If the Athlete does not obey the signal to stop, he may be eliminated at the discretion of the Ground Jury (see JRs Art. 241.4.5) except where specifically provided for under JRs Art. 233.2.
3. If, after an interruption, the Athlete restarts and jumps or attempts to jump without waiting for the bell to ring, he will be eliminated (see JRs Art. 241.3.14).

ARTICLE 204 COURSE AND MEASURING

1. The Ground Jury must walk the course to inspect it before the start of the Competition. The course is the track, which the mounted Athlete must follow when competing from passing the start in the correct direction up to the finish. The length must be measured accurately to the nearest metre taking account, particularly on the turns, the normal line to be followed by the Horse. This normal line must pass through the middle of the obstacle.
2. In Championship Competitions, Olympic Games, **FEI World Cup™**, Nations Cup and Grand Prix Competitions, the President of the Ground Jury or his designee must ensure that the Course Designer has properly measured the course. At Championships, Finals, Games and all 5* Events, as well as for all Competitions counting for the Longines Ranking, including **FEI World Cup™** and Nations Cup Competitions, the President of the Ground Jury or his designee must walk the course with the Course Designer to ensure that the course is properly measured with a wheel. In exceptional cases, the Ground Jury may alter the time, if the conditions as mentioned in JRs Art. 204.3 apply.
3. Once the Competition has started only the Ground Jury in consultation with the Course Designer, and the Technical Delegate if present, may decide that a significant error has been committed in the measurement of the course. This may be done at the latest after the third Athlete, who has completed the course without a Disobedience or any other interruption, assuming that the three Athletes in question have started their course prior to the 45-second countdown elapsing, and before the next Athlete has started. In this case, the Ground Jury has the option to alter the time allowed. If the time allowed is increased, the Score of the Athletes who have jumped the course before the time was altered will then be adjusted accordingly, if applicable. If the time allowed is decreased, this may only be done to the extent that no Athlete having previously completed his round receives time penalties due to the alteration of the time allowed.
4. If the condition of the footing becomes bad, the Ground Jury may alter the speed provided for in the Schedule, before the start of the first Athlete of the Competition.
5. The total length of the course in metres may never exceed the number of obstacles in the Competition multiplied by 60.
6. The starting and finishing lines may not be more than 15 m or less than six metres from the first and last obstacle. These two lines must each be marked with an entirely red flag on the right and an entirely white flag on the left. The start line and finish line must also be marked with markers with the letters S (= Start) and F (= Finish).

ARTICLE 205 COURSE PLAN

1. The Course Designer must give the Ground Jury a copy of the course plan showing accurately all the details of the course. An exact copy of the course plan given to the Ground Jury must be posted as close as possible to the entrance of the arena, at least 30 minutes before the beginning of each Competition. For all Competitions the track as measured by the Course Designer must be indicated on the course plan that is posted prior to the Competition.
2. The obstacles are numbered consecutively in the order in which they must be jumped, except in certain Competitions, as specified in the JRs.
3. Combination obstacles carry only a single number. This number may be repeated at each element for the benefit of the Ground Jury and Athletes. In this case, distinguishing letters will be added (for example: 8A, 8B, 8C, etc.).
4. The plan must indicate the following:
 - 4.1. the position of the starting and finishing lines. During a round, unless otherwise indicated, these may be re-crossed without Penalty;
 - 4.2. the relative position, type (spread or vertical obstacle, triple bar), numbering and lettering of obstacles;
 - 4.3. any compulsory turning points marked by a white flag on the left side and a red flag on the right;
 - 4.4. the track to be followed by Athletes marked either by a continuous line (in which case it must be followed precisely) or by a series of arrows showing the direction in which each obstacle must be jumped (in which case the Athlete is free to choose his own track). Should there be a compulsory section in an otherwise unrestricted course, both methods must be used on the same plan;
 - 4.5. the table of Penalties to be used;
 - 4.6. the speed for the Competition if applicable;
 - 4.7. the length of the course;
 - 4.8. the time allowed and the time limit, if any; or the fixed time in certain Competitions, as specified in the JRs;
 - 4.9. the obstacles, the length, the time allowed and the time limit for the jump-offs;
 - 4.10. the combinations considered as completely closed or as partially closed (see JRs Art. 214);
 - 4.11. all decisions and/or modifications made by the Ground Jury in regard to the course.

ARTICLE 206 ALTERATIONS TO THE COURSE

1. Should force of circumstances make it necessary to alter the plan of the course after it has been posted, the change may only be made after agreement of the Ground Jury. In this case the Chefs d'Equipe and all individual Athletes must be advised of the alterations.

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

2. Once the Competition has begun, the conditions under which it is run may not be altered and the course or its obstacles may not be changed unless otherwise stipulated in the JRs (see Art. 204.3). If it becomes necessary to interrupt the Competition (because of a storm or bad light, etc.) it must subsequently be continued using the same obstacles and course and as far as possible under the same conditions and at the exact point where it was interrupted. However, for the Nations Cup, JRs Art. 264.3.6 applies.
3. Notwithstanding paragraph 2 above, an obstacle may be re-sited during a round, or between rounds of a Competition, if in the opinion of the Ground Jury a deterioration in the state of the going or other special circumstances necessitates such action. Obstacles which cannot be re-sited, such as water jumps, ditches or permanent obstacles, must be taken out of the course. If an obstacle has been taken out of the course during a round, the Scores of all previous Athletes penalised during this round at that obstacle must be adjusted by cancelling jumping Penalties and time corrections incurred thereat. All Eliminations and time Penalties already incurred will stand.
4. If necessary, a new time allowed and time limit shall be fixed for the course as altered under paragraph 3 above.

ARTICLE 207 FLAGS

1. Completely red flags and completely white flags must be used to mark the following details of the course:
 - 1.1. the starting line; it is obligatory to place also a marker S (see JRs Art. 204.6);
 - 1.2. the limits of the obstacles; the flags may be attached to any part of the wings of the obstacles. They may also stand independently. One red flag and one white flag must be placed at vertical obstacles and at least two red and two white flags to define the limits of spread obstacles. They must also be used to mark the limits of the obstacles provided in the schooling areas (JRs Art. 201.3) or the practice obstacle in the arena (JRs Art. 202.3); in the schooling area it is also allowed to use wings/uprights with a red or white top, instead of flags;
 - 1.3. compulsory turning points;
 - 1.4. the finishing line; it is obligatory to place also a marker F (JRs Art. 204.6);
2. At the obstacles, the starting and finishing lines and at the compulsory turning points, the Athlete must pass between the flags (red on his right and white on his left). Flag poles defining the limits of the landing side of the water jump must be made of material that cannot shatter or splinter and must bend when hit; flags must have no sharp points or corners.
3. If an Athlete passes the flags on the wrong side, he must retrace his steps and pass them on the correct side before continuing his round. If he does not correct this mistake, he will be eliminated (see JRs Art. 220.1.2).
4. Knocking down a flag anywhere in the arena does not incur a Penalty. If a flag marking the limits of an obstacle or compulsory turning point or the finishing line has been knocked down following a Disobedience / Resistance, (without passing these lines) or as a result of unforeseen circumstances, the flag will not be replaced immediately; the Athlete must continue his round and the obstacle /compulsory turning point will be judged as if the flag was in its original place. The flag must be replaced before the next Athlete will be given the signal to start.
5. However, if a flag defining the limits of the water jump or of a natural obstacle has been knocked down following a Disobedience or as a result of unforeseen circumstances and in all cases where the nature of the obstacle is changed by knocking down the flag, the Ground Jury will interrupt the round of the Athlete. The clock must be stopped while the flag is replaced and a time correction of six seconds will be applied in accordance with the procedure provided for in JRs Art. 232.
6. In certain Competitions, the starting and finishing lines may be crossed in both directions. In this case the lines must be provided with four flags; a red and a white flag at each end of these lines.

CHAPTER III OBSTACLES

ARTICLE 208 OBSTACLES - GENERAL

1. The obstacles must be inviting in their overall shape and appearance, varied and match their surroundings. Both the obstacles themselves and their constituent parts must be such that they can be knocked down, while not being so light that they fall at the slightest touch or so heavy that they may cause Horses to fall or be injured.
2. The obstacles must be designed with horsemanship and fairness in mind.
3. A sponsored obstacle is any obstacle inside the flags of which there is advertising material or a sponsor's product or representation of a product. If advertising material or representation of a product on the wing of an obstacle is more than 0.50 m², the obstacle is also considered to be a sponsored obstacle. If the wings of an obstacle have advertising of 0.50 m² or less, the obstacle is not considered a sponsored obstacle. ~~No more than 30%, rounded up to the next whole number of the efforts, may be sponsored obstacles.~~

~~This paragraph applies to~~At the FEI World and Continental Championships, ~~and FEI World Cup™ Final, FEI Nations Cup™ Final~~ and other Events or Competitions as designated by the FEI. ~~No more than 30%, rounded up to the next whole number of the efforts, may be sponsored obstacles.~~ The Technical Delegate must approve the design and construction of all obstacles with regard to safety and technical suitability.

In agreement with the Chair of the Jumping Committee, FEI Commercial Director and FEI Director Jumping, the number of sponsored efforts may be increased up to 50%. ~~This number may be increased to 75%, pending approval of the FEI Jumping Committee of the design of the additional 25% of sponsored efforts.~~

4. The maximum height of obstacles in the first round of any Competition which takes place within the frame of an Event classified according to GRs Art. 102.6 is:
 - (i) 1.40 m for CSI1* Events;
 - (ii) ~~cannot exceed~~1.45 m for CSI2* Events. In Competitions for which the Schedule indicates a height of 1.45 m, the height of obstacles in the Competition may, at the discretion of the Course Designer, exceed the height indicated in the Schedule by maximum 3 cm (see JRs 208.7).

The above does not apply for Six Bar and Puissance Competitions.

5. Under no circumstances, except in Six-Bar, Puissance and Power and Skill Competitions may any obstacle exceed 1.70 m in height. Spread obstacles must not exceed 2.00 m in spread with the exception of triple bars which may have a maximum spread of 2.20 m. This applies also in the case of one or of several jump-offs. The water jump may not exceed 4.50 m in spread including the take-off element.
6. Poles and other parts of the obstacles are held up by supports (cups). The pole must be able to roll on its support; in this case the support must have a depth of 18 mm minimum and a depth of 30 mm maximum. For planks, balustrades, barriers, gates, etc. the diameter of the supports must be more open or even flat.
7. The limits on the height and spread of obstacles set forth by these JRs and in the definite Schedules must be observed with the greatest care. However, if it should happen that a maximum dimension has been marginally exceeded as a result of the material used for construction and/or by the position of the obstacle on the ground, the maximum dimensions set forth will not be considered as having been exceeded, providing every effort has been made to not exceed the maximum dimensions specified in the Schedule with the material available. In Competitions for which the Schedule indicates a maximum height of 1.45 m or more, the height of obstacles in the Competition may, at the discretion of the Course Designer, exceed the height indicated in the Schedule by maximum 3 cm.
8. The approximate dimensions of obstacles in Competitions other than those, which are specially set forth in the JRs, must be stipulated in the Schedule.

ARTICLE 209 VERTICAL OBSTACLE

1. An obstacle whatever its construction may only be called a vertical when faults are judged on the same vertical plane.

ARTICLE 210 SPREAD OBSTACLE

1. A spread obstacle is an obstacle which is built in such a manner that it requires an effort both in spread and in height. FEI-approved safety cups must be used as support for the back pole of spread obstacles and in case of a triple-bar to support the centre and back poles of the obstacle. Approved safety cups must be used in the Competition arena and schooling areas.
2. The President of the Ground Jury is responsible for the rules relating to safety cups to be followed. The Foreign Judge will report any non-compliance of the rules to the FEI. The name of the company which supplies the FEI approved safety cups, to be used at the Event, will be mentioned in the Schedule.

ARTICLE 211 WATER JUMP, WATER JUMP WITH VERTICAL AND LI VERPOOL

1. For an obstacle to be called a water jump, there must be no obstacle in front, in the middle or behind the water. The water must have a minimum spread in excess of 2.00 m and must be dug into the ground. For details of how the water jump should be constructed refer to Annex VII.

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

If the water jump does not meet the specifications as described in Annex VII, a vertical obstacle must be placed over the water as described in JRs Art. 211.10.

2. A take-off element (brush, small wall), with a minimum height of 40 cm and a maximum height of 50 cm, must be erected on the take-off side. The width of the front of the water jump must be at least 30% greater than the length.
3. At Olympic and Regional Games, FEI Championships, CSIOs and CSIs the landing side of the water jump must be defined by a lath, at least six centimetres in width and not exceeding eight centimetres, covered with a bed of contrasting coloured plasticine about one centimetre thick. This plasticine must be replaced each time a Horse touches it. Several spare laths must be provided together with extra plasticine so that a lath, which has been marked by a Horse, may be replaced at any time. The lath must be placed at the edge of the water, properly fixed to the ground; at the time of the inspection of the course by the Ground Jury, the entire length of the lath must touch the water.
4. If the bottom of the water jump is made of concrete or hard material, it must be covered with a softer material such as a coconut or rubber mat.
5. It is a Fault at the water jump:
 - 5.1. when a Horse puts one or several feet on the lath defining the limit of the water jump. It is a Fault when the foot or the shoe touches the lath and leaves an impression; impression of the fetlock joint or boot does not constitute a fault.
 - 5.2. when a Horse touches the water with one or several feet.
6. Striking, knocking down, or displacing the brush or take-off element is not a Fault.
7. If one of the four flags is knocked down or displaced it is for the water jump Judge to decide whether or not there has been a Run-out depending on which side of the flag the Horse has passed. If the decision is a Run-out the bell will be rung and the clock stopped while the flag, which has been knocked down or displaced is put back and six seconds will be added in accordance with JRs Art. 232.
8. The decision of the water jump Judge is final. For this reason he must be a member of the Ground Jury.
9. The water jump Judge must register the identification number of Horses penalised at the water jump and the reason for the Penalties.
10. Only a vertical obstacle of not more than 1.50 m in height having any number of poles but with the use of FEI-approved safety cups may be placed over open water. The vertical obstacle must not be placed further than two metres from the front of this obstacle. This obstacle is judged as a vertical obstacle and not as a water jump. For this reason it is not necessary to use a lath or other arrangement to define its limits. If a lath is used it is to be considered a visual aid only; Penalties will not be incurred for any imprints on the lath. The same applies if the take-off element is displaced. Only poles with a minimum length of 3.50 m may be used for a vertical placed over a water jump.
11. With the exception of the case set forth in Art. 211.10, if water is used under, in front of or behind an obstacle (a so-called "Liverpool") the total spread of the obstacle (including the water) may not exceed two metres. open water with a spread of more than two metres may not be used as a Liverpool.
12. The Technical Delegate or the Foreign Judge if there is no Technical Delegate may, at his discretion, decide whether the water jump may be used in Competitions held under floodlight.
13. At Olympic Games and FEI Senior Championships, the water jump must be used minimum two times, maximum three times in the official Competitions of the Games/Championship, unless in the opinion of the Course Designer and the Technical Delegate it is unsafe to include it due to lighting conditions. The Course Designer will, at his discretion, decide in which Competitions the water jump will be used.

ARTICLE 212 COMBINATION OBSTACLES

1. Double, treble or higher combinations mean a group of two or more obstacles, with distances between the elements of seven metres minimum and 12 metres maximum (except for Hunting or Speed and Handiness Competitions judged under Table C and for permanent fixed obstacles where the distance may be less than 7 metres which require two or more successive efforts. The distance is measured from the base of the obstacle on the landing side to the base of the next obstacle on the take-off side.
2. In combinations, each element of the group must be jumped separately and consecutively, without circling around any element. Faults committed at any element of a combination are penalised separately.
3. When there is a Refusal, Run-out, the Athlete must retake all the elements unless it is a closed combination or partially closed combination (see JRs Art. 214) or a Six Bar or obstacles-in-line Competition.
4. Penalties for Faults made at each element and during different attempts, are counted separately and added together.
5. In a combination obstacle a triple bar may only be used as the first element.

ARTICLE 213 BANKS, MOUNDS, AND RAMPS

1. With exception of JRs Art. 213.2, banks, mounds, ramps and sunken roads irrespective of whether they include any sort of obstacle and in whatever direction they should be taken, are to be regarded as combination obstacles (see JRs Art. 212).
2. A bank or mound without an obstacle or with only one or several poles over it may be jumped in one effort. This method of jumping the obstacle incurs no Penalty.

3. No banks, mounds, sunken roads, talus, slopes or ramps, except table banks not exceeding one metre in height, may be used at indoor Events.

ARTICLE 214 CLOSED COMBINATIONS, PARTIALLY CLOSED & PARTIALLY OPEN COMBINATIONS

1. A combination is considered to be completely closed, if the sides, which surround it, can only be surmounted by jumping.
2. A closed combination may be in the form of an in-and-out, sheep pen, (square or hexagonal) or any similar obstacle considered as a closed combination by decision of the Ground Jury. A combination is considered as partially open and partially closed if one part of this combination is open and the other closed. In the event of a Refusal, Run-out, the following procedure applies (see JRs Art. 219):

- 2.1. if the Disobedience occurred in the closed part, the Athlete must jump out in the direction of the course;
- 2.2. if the Disobedience occurred in the open part, the Athlete must take the whole obstacle again. Failure to do so incurs Elimination (see JRs Art. 241.3.15).

In the event of a Disobedience with a knock down and/or displacing of the obstacle at any part, a time correction of six seconds must apply. If, once inside the enclosure, the Horse refuses the Athlete must jump out in the direction of the course. The six seconds Penalty is added to the time when the clock is restarted and the Athlete resumes his round.

3. The Ground Jury must decide before the Competition whether the combination is to be considered as closed or partially closed. This decision must be shown on the plan of the course.
4. If a combination is not mentioned on the plan of the course as closed or partially closed, it must be considered as an open combination and judged as such.

ARTICLE 215 ALTERNATIVE OBSTACLES AND JOKER

1. When in a Competition two obstacles of the course carry the same number, the Athlete has the choice of jumping either one of the obstacles:
 - 1.1. if there is a Refusal or Run-out without a knock-down or displacing of the obstacle, at his next attempt the Athlete is not obliged to jump the obstacle at which the Refusal or Run-out occurred. He may jump the obstacle of his choice;
 - 1.2. if there is a Refusal or Run-out with a knock-down or displacing of the obstacle, he may only restart his round when the obstacle knocked down or displaced has been replaced and when the Ground Jury gives him the signal to start. He may then jump the obstacle of his choice.
2. Red and white flags must be placed at each of the elements of this alternative obstacle.
3. The Joker is a difficult obstacle and must be designed with horsemanship and fairness in mind. It may only be used in an Accumulator Competition or in a Top Score Competition.

CHAPTER IV PENALTIES DURING A ROUND

ARTICLE 216 PENALTIES - GENERAL

During a round, Penalties are incurred for:

1. Knocking down an obstacle (see JRs Art. 217) and a foot in the water or an imprint of the foot or the shoe on the lath defining the limits of the water jump on the landing side;
2. A Disobedience (i.e. Refusal, Run-out or Resistance) (see JRs Art. 219);
3. A deviation from the course (see JRs Art. 220);
4. A fall of a Horse and/or Athlete (see JRs Art. 224);
5. Unauthorised assistance (see JRs Art. 225);
6. Exceeding the time allowed or the time limit (see JRs Art. 227 and 228).

ARTICLE 217 KNOCK DOWN

1. An obstacle is considered to have been knocked down when, through a mistake of the Horse or Athlete:
 - 1.1. the whole or any upper part of the same vertical plane of it falls, even if the part which falls is arrested in its fall by any other part of the obstacle (see JRs Art. 218.1);
 - 1.2. at least one of its ends no longer rests on any part of its support.
2. Touches and displacements of any part of an obstacle or its flags, in whatever direction, while in the act of jumping, do not count as a knock down. If in doubt the Ground Jury should decide in favour of the Athlete. The knock down or displacement of an obstacle and/or a flag as a result of a Disobedience is penalised as a Refusal only.

In the event of the displacement of any part of an obstacle (except the flags) as a result of a Disobedience, the bell will be rung and the clock stopped while the displacement is re-adjusted. This does not count as a knock down and is only penalised as a Disobedience and corrected by time in accordance with JRs Art. 232.
3. Penalties for knocking down an obstacle are those provided for under Tables A and C (see JRs Art. 236 and 239).
4. If any part of an obstacle, which has been knocked down is likely to impede an Athlete in jumping another obstacle, the bell must be rung and the clock stopped while this part is picked up and the way is cleared.
5. If an Athlete jumps an obstacle correctly which has been improperly rebuilt, he incurs no Penalty; but if he knocks down this obstacle he will be penalised in accordance with the table in use for the Competition.

ARTICLE 218 VERTICAL AND SPREAD OBSTACLES

1. When a vertical obstacle or part of an obstacle comprises two or several parts placed one above the other and positioned in the same vertical plane, only the fall of the top part is penalised.
2. When a spread obstacle which requires only one effort comprises parts which are not positioned in the same vertical plane, the fall of one or several top parts only counts as one Fault whatever the number and position of the parts which have fallen. Trees, hedges etc. used as filling are not liable for Penalties.

ARTICLE 219 DISOBEDIENCES

1. The following are considered as Disobediences and are penalised as such (see JRs Art. 236 and 239):
 - 1.1. a Refusal;
 - 1.2. a Run-out;
 - 1.3. a Resistance;
 - 1.4. a more or less regular circle or group of circles no matter where they occur on the course or for whatever reason. It is also a Disobedience to circle around the last obstacle jumped unless the track of the course so requires.
2. Notwithstanding the above, the following is not considered to be a Disobedience:
 - 2.1. circling for up to 45 seconds after a Run-out or a Refusal (no matter if the obstacle has to be rebuilt or not) to get into position to jump an obstacle.

ARTICLE 220 DEVIATION FROM THE COURSE

1. It is a deviation from the course when the Athlete:
 - 1.1. does not follow the course as set out on the published plan;
 - 1.2. does not cross the starting line or the finishing line between the flags in the correct direction (see JRs Art. 241.3.6 and 241.3.17);

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

- 1.3. omits a compulsory turning point (see JRs Art. 241.3.7);
 - 1.4. does not jump the obstacles in the order or in the direction indicated, except in certain special Competitions (see JRs Art. 241.3.10 and 241.3.11);
 - 1.5. jumps or attempts to jump an obstacle which does not form part of the course or omits an obstacle. Obstacles not included in the course should be crossed but failure to do so by the arena party will not preclude the Elimination of an Athlete for jumping an obstacle not forming part of the course.
2. An uncorrected deviation from the course will result in Elimination of the Horse and Athlete combination (see JRs Art. 241.3.6, 241.3.7 and 241.3.17).

ARTICLE 221 REFUSAL

1. It is a Refusal when a Horse halts in front of an obstacle, which it must jump whether or not the Horse knocks it down or displaces it.
2. Stopping in front of an obstacle without moving backwards and without knocking it down followed immediately by a standing jump is not penalised.
3. If the halt is prolonged, if the Horse steps back, either voluntarily or not, even a single pace, it counts as a Refusal.
4. If a Horse slides through an obstacle, the Judge in charge of the bell must decide immediately if it is to count as a Refusal or as an obstacle knocked down. If he decides that it is a Refusal the bell is rung at once and the Athlete must be ready to attempt the obstacle again as soon as it has been rebuilt (see JRs Art. 232 and 233).
- 4.1. If the Judge decides that it is not a Refusal, the bell is not rung and the Athlete must continue his round. He is then penalised as for an obstacle knocked down.
- 4.2. If the bell has been rung and the Athlete jumps other elements of the combination in his stride, he will not be eliminated or incur further penalties even if he knocks down this element of the combination.

ARTICLE 222 RUN-OUT

1. It is a Run-out when the Horse escapes the control of its Athlete and avoids an obstacle, which it has to jump or a compulsory turning point, which it has to pass.
2. When a Horse jumps an obstacle between two red flags or between two white flags the obstacle has not been jumped correctly, the Athlete is penalised as for a Run-out and he must jump the obstacle again correctly.
3. It is considered to be a run out and is penalised as such for a Horse or any part of a Horse to go past the extended line of an obstacle to be jumped, or of an element of a combination, or of the finishing line or of a compulsory turning point.

ARTICLE 223 RESISTANCE

1. It is a Resistance when the Horse refuses to go forward, makes a halt for any reason, makes one or several more or less regular or complete half turns, rears or steps back for whatever reason.
2. It is equally a Resistance when the Athlete stops his Horse at any moment and for any reason, except in the event of an incorrectly rebuilt obstacle or to indicate unforeseen circumstances to the Ground Jury (see JRs Art. 233.3.2). A Resistance is penalised as for a Refusal except in the circumstances set out in JRs Art. 241.3.4.

ARTICLE 224 FALLS

1. An Athlete is considered to have fallen when, either voluntarily or involuntarily, he is separated from his Horse, which has not fallen, in such a way that he touches the ground or finds it necessary, in order to get back into the saddle, to use some form of support or outside assistance.

If it is not clear that the Athlete has used some form of support or outside assistance to prevent his fall, the benefit of doubt must be given to the Athlete.
2. A Horse is considered to have fallen when the shoulder and quarters have touched the ground or the obstacle and the ground.
3. In case of a fall of an Athlete and/or a Horse at any time in the Competition arena, in the practice arena or elsewhere within the grounds of the Event, the Athlete and/or the Horse must be cleared by the Event's medical service, respectively the Veterinary Delegate, before the Athlete and/or the Horse may be permitted to take part in the next round or Competition at the Event.

ARTICLE 225 UNAUTHORISED ASSISTANCE

1. Any physical intervention by a third party between the crossing of the starting line in the correct direction and the crossing of the finishing line after jumping the last obstacle, whether solicited or not, with the object of helping the Athlete or his Horse is considered to be unauthorised assistance.
2. In certain exceptional cases, the Ground Jury may authorise the Athlete to enter the arena on foot or with the help of another person, without this being considered as unauthorised assistance.

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

3. Any help given to a mounted Athlete to adjust his saddlery or bridle or to hand him a whip while mounted during the round will incur Elimination. To hand a mounted Athlete his Headgear and/or spectacles during his round is not considered to be unauthorised assistance (see JRs Art. 241.3.20.).
4. Earphones and/or other electronic communication devices are strictly prohibited in FEI Jumping Competitions, and such usage is penalised by elimination. For the avoidance of any doubt, Athletes, grooms or any other person may wear one earphone at any other time while mounted (see JRs Art. 256.1.10).

CHAPTER V TIME AND SPEED

ARTICLE 226 TIME OF THE ROUND

1. The time of a round, recorded in seconds and in hundredths of a second, is the time taken by an Athlete to complete the round, plus the time correction (see JRs Art. 232) if any. The time awarded to the Athlete starts running either upon crossing the starting line as per Art. 226.2 or upon expiration of the 45-second countdown (see JRs Art. 203.1.2), whichever occurs first. It extends to the moment when the mounted Athlete crosses the finishing line in the correct direction, after having jumped the last obstacle.
2. The round starts when the mounted Athlete passes the starting line in the correct direction for the first time after the bell has been rung. It extends to the moment when the mounted Athlete crosses the finishing line in the correct direction, after having jumped the last obstacle.
3. A display board, clearly visible for the Athlete, must show the 45-seconds countdown.

ARTICLE 227 TIME ALLOWED

1. The time allowed for a round in each Competition is determined in relation to the length of the course and the speeds set forth under JRs Art. 234 and Annex II.

ARTICLE 228 TIME LIMIT

1. The time limit is equal to twice the time allowed for all Competitions in which a time allowed has been set forth.

ARTICLE 229 RECORDING THE TIME

1. Each Competition at an Event must be timed by the same system or by means of the same type of timing equipment. FEI-homologated timing equipment is compulsory for all Olympic and Regional Games, FEI Championships, FEI World Cup™ Finals, CSIOs and CSIs unless circumstances warrant an exception to be authorised by the FEI Jumping Director. In all instances, the timekeeper is required to record the number of the Horse and the time taken to complete the round by the means of an electronic timing system. The time must be recorded to the one-hundredth of a second.
2. Two digital stopwatches are required in case the electronic timing system breaks down and a third watch to measure the time taken to resume the round after the bell has been rung for Disobediences, interruptions, the time taken between two consecutive obstacles and the time limit for a Resistance. The President or a member of the Ground Jury must have a digital stopwatch.
3. In any Competition where the time is taken by stopwatches, the time is to be registered in seconds and in hundredths of a second. If two timekeepers are used, only the time of one will be taken into account for the official timing, the time of the second timekeeper will be used as a back-up.
4. In case of a breakdown of the electronic timing equipment, the time of any Athlete affected by the breakdown shall be determined by a stopwatch in hundredths of a second (for details see Annex IV).
5. A video recording may never be used to establish the time of an Athlete's round.
6. If the crossing of the starting and/or finishing line by the Athlete cannot be clearly judged from the Ground Jury box, one or two persons, one at the starting line and one at the finishing line, with a flag, must be placed at both of these lines to signal the crossing of the Athlete. The time taken by the Athlete to complete the round is to be registered at the Ground Jury box.

ARTICLE 230 INTERRUPTED TIME

1. While the clock is stopped, the Athlete remains free to move around until the ringing of the bell gives him permission to start again.
The clock is restarted when the Athlete reaches the place where the clock was stopped. Exception, in the case of a Disobedience with a knock-down, in which case JRs Art. 232 applies.
2. The responsibility for starting and stopping the clock rests solely with the Judge in charge of the bell. The timing equipment must be such that this procedure can be followed. The timekeeper may not be made responsible for this function.
3. The electronic timing system must not only register the time **of the Athlete's round, but must also include** time corrections, if any.

ARTICLE 231 DISOBEDIENCES DURING INTERRUPTED TIME

1. The time of a round is interrupted only under the provisions of JRs Art. 232 and 233. The clock is not stopped in the event of a deviation from the course, a Run-out or a Refusal.
2. Disobediences are not penalised during interrupted time, except for the second Refusal following a Refusal with a knock-down.
3. The provisions concerning Elimination remain in force during interrupted time.

ARTICLE 232 TIME CORRECTIONS

1. If, as the result of a Disobedience, an Athlete displaces or knocks down any obstacle or a flag defining the limits of the water jump, of a natural obstacle or in all cases where the nature of the obstacle is changed by knocking down the flag, the bell is rung and the clock is stopped until the obstacle has been rebuilt. When the obstacle has been rebuilt the bell is rung to indicate that the course is ready and that the Athlete can continue the round. The Athlete is penalised for a Refusal and a time correction of six seconds is added to the time taken by the Athlete to complete his round. The clock is restarted at the moment when the Horse leaves the ground at the obstacle where the Refusal occurred. If a Disobedience with the knock-down occurs at the second or subsequent part of a combination the clock is restarted when the Horse leaves the ground at the first element of the combination.

ARTICLE 233 STOPPING DURING THE ROUND

1. In the event of an Athlete not being able to continue his round for any reason or unforeseen circumstance, the bell should be rung to stop the Athlete. As soon as it is evident that the Athlete is stopping, the clock will be stopped. As soon as the course is ready again, the bell will be rung, and the clock will be restarted when the Athlete reaches the precise place where the clock was stopped; **no penalty is incurred and six seconds are not added to the Athlete's time.**
2. If the Athlete does not stop when the bell is rung, he continues at his own risk, and the clock should not be stopped. The Ground Jury must decide whether the Athlete is to be eliminated for ignoring the order to stop, or whether, under the circumstances, he should be allowed to continue. If the Athlete is not eliminated, and is allowed to continue his round, the Scores obtained at the obstacles preceding and following the order to stop will count.
3. If the Athlete stops voluntarily to signal to the Ground Jury that the obstacle to be jumped is wrongly built or if due to unforeseen circumstances beyond the control of the Athlete, he is prevented from continuing his round under normal circumstances, the clock must be stopped immediately.
 - 3.1. If the dimensions are correct and the obstacle in question has been properly built or if the alleged unforeseen circumstances are not accepted as such by the Ground Jury, the Athlete will be penalised as for stopping during the round (see JRs Art. 223.1) and the time of his round will be increased by six seconds.
 - 3.2. if the obstacle or part of the obstacle needs to be rebuilt or if the unforeseen circumstances are accepted as such by the Ground Jury, the Athlete is not penalised. The time of the interruption must be deducted and the clock stopped until the moment when the Athlete takes up his track at the point where he stopped. Any delay incurred by the Athlete must be taken into consideration and an appropriate number of seconds deducted from his recorded time.

ARTICLE 234 SPEED

1. The speeds for international Competitions are as follows:
 - 1.1. 350 m per minute minimum and 400 m per minute maximum. In indoor arenas the speed may be reduced to 325 m per minute; the speed may also be reduced to 325 m per minute in outdoor arenas providing it is stated in the Schedule.
 - 1.2. Puissance / Power and Skill Competitions: no minimum speed required.
 - 1.3. Grand Prix: 375 m per minute minimum and 400 m per minute maximum outdoors and 350 m per minute minimum indoors. In outdoor arenas measuring 65 m x 85 m or smaller the speed may be established at 350 m per minute.
 - 1.4. Nations Cup: 400 m per minute for 5* and 4* Nations Cup Competitions outdoors; 375 m per minute for 3* Nations Cup Competitions outdoors, 350 m per minute for 2* and 1* Nations Cup Competitions and also for all indoor Nations Cup Competitions.
 - 1.5. Young Horse Competitions: 325 m per minute minimum.

CHAPTER VI TABLES OF PENALTIES

ARTICLE 235 FAULTS

1. Faults made between the starting line and the finishing line must be taken into consideration. Exception: A knock down of the last obstacle will be considered a fault if the upper element falls from one or both of its supports prior to the time the Athlete leaves the arena or until the bell is rung for the next Athlete to commence his round, whichever occurs first. Definition of Faults according to JRs Art. 217 and 218.
2. Disobediences committed during the time when the round is interrupted (see JRs Art. 231.3) are not penalised.
3. Disobediences, ~~falls, etc.~~ occurring between the signal to start and up until the moment the Athlete/Horse combination crosses the starting line in the correct direction, are not penalised. However, in the event of a fall of an Athlete and/or Horse from the moment the combination enters the arena up until the moment they cross the starting line in the correct direction once the signal to start has been given, the combination will not be able to take part in the round or Competition in question, the 45 seconds countdown will not be interrupted. Furthermore, in the event of a fall of an Athlete and/or Horse at any time in the Competition arena, whether the signal to start has been given or not, the Athlete and/or the Horse must be cleared by the Event's medical service, respectively by the Veterinary Delegate at the Event, before the Athlete and/or Horse can be permitted to take part in the next round or Competition at the Event. (Refer also to JRs Art. 224.3.)
- ~~4. A fall of the Athlete and/or Horse after crossing the finish line does not incur Elimination. However, in the event of a fall after the finish line, the following applies:~~
 - 4.1. In case of a fall of an Athlete and/or Horse after crossing the finish line in a Competition with an immediate jump-off, the Athlete/Horse combination is eliminated from the jump-off, and will be placed equal last in the jump-off with Athletes who have withdrawn, retired or been eliminated from the jump-off. The Athlete and/or the Horse must be cleared by the Event's medical service, respectively by the Veterinary Delegate, before the Athlete and/or Horse can be permitted to take part in any further Competition at the Event.
 - 4.2. In case of a fall of an Athlete and/or Horse after crossing the finish line in a Competition with a jump-off (but not an immediate jump-off) or after crossing the finish line of the first round of a two-round Competition, the Athlete and/or the Horse must be cleared by the Event's medical service, respectively by the Veterinary Delegate, before the Athlete and/or Horse can be permitted to take part in the jump-off, respectively in the second round.
 - 4.3. In case of a fall of the Athlete after crossing the finish line of a jump-off, or after crossing the finish line of the initial round if the combination did not qualify for the jump off, or after crossing the finish line in a Competition with no jump-off, the Athlete and/or the Horse must be cleared by the Event's medical service, respectively by the Veterinary Delegate, before the Athlete and/or Horse can be permitted to take part in any further Competition at the Event.

1. Adding the Penalties for Faults at the obstacles and the time Penalties, gives the Score obtained by the Athlete for his round. Time may be taken into consideration to separate equality for first place and/or following places according to the conditions set forth for the Competition.

ARTICLE 238 METHODS OF DETERMINING THE SCORES UNDER TABLE A

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

5. Athletes wishing to school in speed Competitions under Table A or C, must inform the OC before the Competition commences. Those wishing to school will start first in the Competition. Athletes not complying with the above may be eliminated by the Ground Jury (see JRs Art. 241.4.4).
6. In the event of equality for first place, the Athletes will be placed equal first, unless there is specific provision for a jump-off in the Schedule of the Event.

2. The Athlete has the right to jump one single obstacle, after retiring or after being eliminated, providing that obstacle is part of the course of the current Competition. This, however, does not apply to Elimination arising from a fall.

ARTICLE 242 DISQUALIFICATIONS

1. Disqualification means that the Athlete, the Horse(s), and/or a combination of both is/are disqualified from the Competition at issue or from the entire Event. Disqualification may also be retroactive.
2. The Ground Jury may impose Disqualification in the following cases:
 - 2.1. entering the arena on foot once the Competition has started;
 - 2.2. exercising Horses in the arena or jumping or attempting to jump an obstacle without the permission of the Ground Jury (see JRs Art. 202.2, 202.5 and 202.6);
 - 2.3. jumping or attempting to jump the practice obstacle in the arena more times than authorised (see JRs Art. 202.4, 240.2.6 and 262.1.9);
 - 2.4. jumping or attempting to jump any obstacle in the arena or an obstacle forming part of a subsequent Competition (see JRs Art. 202.5);
 - 2.5. retiring, before a jump-off, without permission of the Ground Jury or without valid reason;

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

- 2.6. exercising Horses during the course of an Event over obstacles different from those provided by the OC (see JRs Art. 240.2.5 and 201.4);
- 2.7. jumping the obstacles in the schooling areas in the wrong direction or jumping the practice obstacle, if any, in the arena in the wrong direction (see JRs Art. 201.4 and 202.4);
- 2.8. all cases of abuse and/or ill treatment of Horses reported by a member of the Ground Jury or of the Appeal Committee or by a Steward, or by any other person to an Official (see GRs Art. 142.2) including, but not limited to, cases arising under VRs Art. 1034 (Standard Method of Examination for Limb Sensitivity);
3. Disqualification is mandatory in the following cases:
 - 3.1. marks indicating excessive use of spurs or of the whip anywhere on the Horse; additional sanctions may also apply (see JRs Art. 243);
 - 3.2. jumping unauthorised obstacles in any place on the showground;
 - 3.3. leaving the showground with the horse for any purpose during the period of the Event.

ARTICLE 243 ABUSE OF HORSES (SEE ALSO GRs ART. 142)

1. All forms of cruel, inhumane or abusive treatment of Horses, which include, but are not limited to various forms of rapping, are strictly forbidden (see JRs Art. 243.2).

Any act or series of actions that in the opinion of the Ground Jury can be deemed abuse of a Horse shall be penalised according to the GRs with one or more of the following penalties:

- (i) Yellow Warning Card (see GRs Art. 169.7);
- (ii) Fine;
- (iii) Elimination;
- (iv) Disqualification.

2. The following are considered to be abuse of a Horse (see also GRs Art. 142):

2.1. Rapping Horses

The term "rapping" is construed to include all of the artificial techniques intended to induce the Horse to jump higher or more carefully in Competitions. It is not practical to list every possible means of rapping, but in general it consists of the Athlete and/or dismounted assistants, for whose behaviour the Athlete is responsible, either hitting the Horse's legs manually with something (no matter with what or by whom) or deliberately causing the Horse to hit something itself, whether by building obstacles too large and/or too wide, setting false ground lines, placing trotting poles or the elements of a combination at a false distance, intentionally pulling or pushing the Horse into an obstacle or otherwise making it difficult or impossible for the Horse to negotiate the practice obstacle without hitting it.

In the case of rapping or any other abusive schooling practice within the period of jurisdiction of the Ground Jury, the Athlete and the Horse concerned will be disqualified from all Competitions for at least 24 hours. In addition, the Ground Jury may take any further action it deems appropriate under the circumstances, including, but not limited to, disqualifying the Athlete and/or Horse from the entire Event.

2.2. Excessive use of the whip

- The whip may not **be used to vent an Athlete's temper**. Such use is always excessive;
- The use of a whip on a Horse's **head is always excessive use**;
- A Horse should never be hit more than three times in a row. If a Horse's **skin is broken, it is** always considered excessive use of the whip;
- The whip is not to be used after Elimination;
An Athlete identified as misusing or excessively using the whip will be disqualified and may be fined at the discretion of the Ground Jury.

2.3. Other Forms of Abuse

Abuse of a Horse in any other form (such as, but not limited to, hypersensitising or desensitising the limbs, the use of banned schooling methods, excessive use of spurs and other cases as specified in the GRs, VRs or any other FEI rules and regulations) is also prohibited and must be penalised appropriately under these rules.

ARTICLE 244 BOOT AND BANDAGE CONTROL

1. Stewarding – Boot and Bandage Control (see also JRs Art. 257.2.3 and VRs Art. 1025.18, 1025.19 and 1035)

It is obligatory to carry out boot and bandage control on all Horses taking part in the Grand Prix, Nations Cup Competition, and during the Competition with the highest prize money at each Event. It is also recommended that boot and bandage control be carried out during other Competitions. Refer to the VRs and to the Jumping Stewards Manual for the procedure for boot and bandage control.

CHAPTER VIII JUMP-OFFS

ARTICLE 245 JUMP-OFFS - GENERAL

1. Only Athletes who are in equal first place after one or several preliminary rounds of the same Competition may take part in a jump-off. Athletes must start the same Horse in the jump-off as in the initial round.
2. In principle a jump-off must take place under the same rules and Table as the original Competition and the rules for jump-offs in that type of Competition. However, the jump-off from a minor Table A Competition may be judged under Table C, providing it is specified in the Schedule. In any case, all jump-offs must be held immediately after the original round(s) of the Competition.
3. If specified in the Schedule the OC may decide that Athletes, who have completed their preliminary round without Penalties, must proceed to the jump-off immediately following their preliminary round. In this case, the bell must be rung again to signal the Athlete to start the jump-off course, during which the 45-second rule set forth in JRs Art. 203.1.2 applies. Athletes qualified for the jump-off are not allowed to leave the arena between their preliminary round and the jump-off. This type of jump-off is only allowed for Competitions under table A, according to JRs Art. 238.1.2 and 238.2.2 and is not authorised for a Grand Prix Competition or for the Competition with the highest prize money. If there are no clear rounds in the preliminary round, the classification is established according to JRs Art. 238.1.1 or 238.2.1 as applicable.
4. Unless otherwise set forth in these JRs (Power and Skill Competitions) no Competition may involve more than two jump-offs.
5. The order of starting in the jump-off(s) must remain the same as the order of starting fixed for the round preceding the jump-off, except where otherwise specified in the Schedule or the JRs.
- 5.1. The order of starting in the jump-off of an individual Competition counting for the Longines Rankings may be established in **reverse order of the Athletes' times** in the previous round as an alternative to the same starting order used in the previous round. The method of establishing the starting order in the jump-off must be stated in the Event Schedule; if not specified, the starting order will be the same as in the previous round.
- 5.2. Horses which lose a shoe prior to starting in the initial round of a one round Competition with a jump-off will be given a later starting position. In a jump-off a Horse that loses a shoe prior to starting will be given a new starting place three positions later. If the Horse in question has not had its shoe replaced by that time, the Ground Jury will decide whether, at its discretion, the Horse in question should receive a later starting place or be eliminated.
6. In the event of equality of Score for the first place, a jump-off may take place according to the provisions of the Schedule. If no provision for a jump-off is set forth in the Schedule, it will be considered that the Competition is run with no jump-off.

ARTICLE 246 OBSTACLES IN THE JUMP-OFF

1. The obstacles in the jump-off(s) may be altered in height and/or spread (partially or totally), without exceeding the limits set forth in JRs Art. 208.5. However, the dimensions of the obstacles in the jump-off may only be increased if the Athletes sharing first place have completed the previous round without jumping Penalties.
2. If the original course includes combination(s), the jump-off(s) must also include at least one combination.
3. The number of obstacles in a jump-off may be reduced to a minimum of six (combinations count as one obstacle).
4. The shape, the type and the colour of the obstacles for a jump-off may not be altered, but it is permitted to leave out one or more of the elements of a combination obstacle. If the combination obstacle is a treble or a quadruple, the centre element(s) only may not be omitted.
5. The order of the obstacles for a jump-off may be altered, compared to the original course.
6. In a jump-off, the distance between the elements of a combination obstacle may never be altered.
7. A maximum of two additional single obstacles may be added to the course of a jump-off. Both obstacles must be on the course during the course inspection or will be built from obstacles of the previous round or rounds; if obstacles from the previous round(s) are built differently or with new obstacle material for the jump-off, they will not count as extra obstacles for the jump-off, providing the change of material has been approved by the Ground Jury and notified to Athletes in the course plan. The two additional obstacles may consist of two spread or two vertical obstacles or one spread and one vertical. It must be clearly indicated both on the course plan and at the obstacle(s) in question, whether the obstacle(s) may be jumped from either side or just from one side. If an obstacle included in the previous round(s) is jumped from the opposite direction in the jump-off, the obstacle is considered as one of the two additional obstacles allowed. A vertical in the first or second round may be converted to a spread obstacle or vice-versa in the jump-off, in which case it will be considered one of the two additional obstacles.

Alternatively a combination consisting of two verticals in the previous round(s) may be jumped in the opposite direction in the jump-off, in which case the combination constitutes the two additional obstacles allowed in the jump-off.

ARTICLE 247 ELIMINATION OR WITHDRAWAL FROM A JUMP-OFF OR SECOND ROUND

1. An Athlete/~~team who that~~ is eliminated or that retires in a jump-off or second round will be placed equal last of the Athletes who have completed in the jump-off/second round.

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

2. An Athlete, who with the permission of the Ground Jury withdraws from a jump-off, must always be placed after equal with an Athlete eliminated or who retires ~~for a valid reason~~ on the course. ~~Athletes, who retire for no valid reason or who have themselves eliminated on purpose are placed equal with Athletes, who have withdrawn from the same jump-off.~~
3. If before a deciding jump-off, two or more Athletes decline to take part in the jump-off, the Ground Jury will decide whether this refusal can be accepted or must be rejected. If the Ground Jury accepts the refusal, the OC will award the trophy by lot and the prize money will be added together and shared equally between the Athletes. If the Ground Jury's instruction to continue is not followed by Athletes, no trophy will be awarded and the Athletes will each only receive the prize money and the lowest placing for which they would have jumped-off.

CHAPTER IX PLACING

ARTICLE 248 INDIVIDUAL PLACING AND PRIZE GIVING

1. The placing of an individual Athlete is decided according to the table in use and the instructions ~~of the general programme~~included in the Schedule for the Competition or amendments noted on the course plan.
2. Any Athlete who has no chance of being placed may, at the discretion of the Ground Jury, be stopped at any time during his round.
3. Athletes who are unable to complete the first round of a Competition have no right to any prize, except in certain special Competitions.
4. Prize winners of qualifying Competitions retain the prizes they have won even if they decline to take part in the final Competition for which they have qualified.
5. Prize winners must take part in the prize giving ceremony and should do so with the placed Horses. The Ground Jury, however, for safety reasons, may make exceptions. If a prize winner fails, without plausible excuse to take part at the prize giving ceremony, the Ground Jury, at its discretion, may decide to allow the OC to withhold **the Athlete's** prize. Therefore, the OC must publish in the Schedule and programme the number of prize winners required to take part in the ceremony. If the Schedule or programme does not indicate the number that must be present, then all Athletes and Horses placed must attend the prize-giving ceremony.
6. With the exception of Horse rugs presented by sponsors of Competitions, rugs may not be worn at prize-giving ceremonies. The Ground Jury, under special circumstance, may, however, decide to relax this rule.
7. At CSIO5* and CSI5* Events, the Organising Committee must invite the owner of the Horse that wins the Grand Prix to take part in the prize giving ceremony, if present at the Event.

CHAPTER X ATHLETES AND HORSES

ARTICLE 249 INVITATIONS TO CSIOS

1. The official invitation sent to the NF must be extended to an official team comprising a Chef d'Equipe, a Team Veterinarian, a minimum of four and a maximum of six Athletes, a minimum of eight and a maximum of 15 Horses and one groom per Athlete.

If OCs invite teams consisting of four Athletes and eight Horses the total number of invited foreign Athletes cannot be less than the number invited the previous year.

Three official teams at least (including that of the host NF) must participate for the Event to be considered as a CSIO.

If less than five NFs have entered teams for a CSIO, the invitation may be extended to include two teams per NF (including the host team). Before the start of the Event, at the latest at the technical meeting, each NF with two teams must decide which team competes for FEI Nations Cup™ points.

2. CSIO Events in Europe

If eight or more teams are invited (host team included), the OC may invite foreign individual Athletes in accordance with JRs Art. 249.5.

If seven or less teams are invited (host team included), no foreign individual Athletes may be invited.

3. CSIO Events in North America

If five or more teams are invited (host team included), foreign individual Athletes may be invited in accordance with JRs Art. 249.5.

If four teams are invited (host team included), only a maximum of two foreign individual Athletes may be invited.

If there are less than four teams invited (host team included), no foreign individual Athletes may be invited.

4. In the draft Schedule, each OC will be required to mention the names of NFs to be invited, plus the names of at least three reserve NFs, in case any of those invited cannot accept the invitation. Upon receipt of a refusal, the OC must contact immediately one of the NFs on the reserve list. It is recommended that each OC uses double entry dates for nominated entries, in case invited NFs drop out. The OCs of events that are part of the FEI Nations Cup™ series must invite teams in accordance with the specific rules for that series.

5. At the discretion of the Organising Committee, one or two individual Athletes per NF, in addition to those belonging to the teams or to NFs which cannot send a complete team, may be invited under the same conditions as the official teams. No personal invitations are allowed for individuals at CSIO Events.

6. The maximum number of individual Athletes of the host NF allowed to compete in CSIOs of all categories (with the exclusion of FEI Nations Cup™ Division 1 Events) is 30; the maximum number of Athletes in the official Teams is six.

7. CSIO Events with a 5*/4* Nations Cup, must at least invite seven foreign teams. Only in very exceptional circumstances and with the express permission of the FEI Secretary General, may fewer foreign teams be invited.

8. FEI Wildcards

- 8.1. The FEI has the right to nominate one of the foreign teams to be invited by the OC as a wild card.

- 8.2. The FEI has the right to nominate two individual athletes from NF(s) not represented by a team as wild cards. For FEI Nations Cup™ Division 1 Events, the individual wild cards must be included in the maximum quota of 65 Athletes permitted to take part in the CSIO. If the FEI does not allocate one or both of these wild cards, the places are returned to the OC which may extend the vacant place(s) to NF(s) not represented by a team.

ARTICLE 250 INVITATIONS TO CSIS (REFER ALSO TO ANNEX V)

1. For CSIs, it is the responsibility of the OC with the approval of its NF to lay down in the Schedule and the invitation, the number of individual Athletes and Horses to be invited; OCs of CSIs at which the CSI Invitation Rules apply must comply with the Invitation Rules (refer to JRs Annex V). The individual Jumping gold medal winner of the most recent Olympic Games and the individual Jumping gold medal winner of the most recent World Championship have the right to receive an invitation to all CSIs.

ARTICLE 251 ENTRIES (see also GRs Art. 116)

1. All Athletes and Horses must be registered with the FEI, their own NF, and where appropriate with their host NF (CSI1* and CSI2* Events), before they can be permitted to take part in International Events, with the exception of the FEI World Challenge Competitions (see also GRs Art. 113).

2. The number of Horses that may be entered for an Event must be in accordance with the Schedule and the JRs.

3. All Athletes invited or nominated for an International Event or FEI Championship may only be entered by their NF. It is the NF's responsibility to ensure that Athletes are of the required age for the Event in which they are entered. All Athletes selected by their NF, in accordance with the JRs and as specified in the Schedule, must be accepted by the OC. OCs may not accept any other entries other than those received from NFs. For the avoidance of doubt, entries confirmed by an NF directly through

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

the FEI online invitation system are considered as entries made by the NF and must be accepted by the OC. Refer to JRs Annex V for details relating to the applicable CSI Invitation Rules and FEI online invitation system.

4. NFs are responsible for selecting and entering qualified Horses and Athletes. This includes the fitness and capability of the Horses and the Athletes to participate in the Competitions for which they are entered. **It is the NF's responsibility to ensure** that Horses and Athletes are of the required age for the Event in which they are entered.
5. The number of teams and individual Athletes allowed to be entered to take part is set forth in the JRs.
6. NFs may only enter Athletes for World Championships and Olympic Games who are qualified under conditions decided by the Jumping Committee and approved by the Bureau and, where appropriate, the IOC.
7. If NFs enter more Athletes and Horses than the number allowed in the official team, the Chef d'Equipe must designate the Athletes and Horses selected for the official team at the latest following the first Horse inspection.
8. Under no circumstances may the OC limit the number of entries of eligible Athletes or teams for a Championship. The Bureau may limit the number of entries if deemed necessary.
9. Entry Deadlines
 - 9.1. Entries for FEI Championships and Games must be made following the compulsory two phases outlined under GRs Arts. 116.2.3(i) and 116.2.3(ii):
 - Nominated entries must be made at least four weeks before the Event. See GRs Art. 116.2.3(i)
 - Definite entries must be made at the latest four days preceding the beginning of the Event. See GRs Art. 116.2.3(ii)
 - 9.2. For all other Events including CSIOs definite entries must be made within the deadlines indicated below; other deadlines for NFs to indicate their intent to participate may be requested by the NF/OC in the Schedule.

Definite entries must be made by the date mentioned in the Schedule. This date may not be earlier than four weeks prior to the beginning of the Event and later than four days preceding the beginning of the Event. These represent the final selection of Athletes and Horses that will travel to the Event. The definite entries may not exceed the number listed and represent the final selection of Athletes and Horses that may participate in the Event. Following receipt of the definite entries, substitutions of Horses and/or Athletes may only be made with the express permission of the OC. The OC must print in the Schedule the latest date for substitution of Horse (s) and Athlete(s), which may not be later than the day of the Horse inspection.
10. Entries for Athletes and Horses must include their name, FEI registration number (FEI ID) and, where appropriate, qualifications (see GRs Art. 116.2.4).
11. Should an NF send more Athletes and/or Horses than shown in the nominated entry the OC is not obliged to accommodate them or to allow them to participate in that Event even if the JRs and Schedule would allow such participation (GRs Art. 116.6).
12. At an Event, an Athlete may withdraw any or all his Horses from a Competition, but he may not add a Horse not previously entered for that Competition without the approval of the OC and the Ground Jury (GRs Art. 116.7).
13. Where an NF has made a nominated entry of a team and finds that it will be unable to send a team, it must immediately inform the OC (GRs 116.8).
14. Teams or individual Athletes who have been definitely entered by their NFs at any Event and fail to take part without valid excuse must be reported by the Foreign Judge/Technical Delegate to the FEI Secretary General for consideration by the FEI Tribunal. Competing at another Event staged at the same time does not constitute a valid excuse for failure to participate at an Event. However, and notwithstanding anything to the contrary in the GRs, if a definitely entered CSI-Athlete is selected to replace a CSIO-Athlete (unable to compete for a valid reason) on the same weekend, this late nomination will be considered a valid excuse for failure to participate in the originally foreseen CSI.
15. An NF may not make definite entries for the same Athlete to more than one OC ~~on the same weekend of Events held in the same calendar week~~ on Penalty of disqualification of the Athlete from the Events in which he participates unless and notwithstanding anything to the contrary in the GRs both OCs concerned have given their agreement (Exception see JRs Art. 251.14). The Horse(s) of Athletes entered in more than one Event on the same weekend must be present at the first Horse Inspection of the respective Events (see also JRs Art. 280.2.1.1).
16. Entry Fees

Refer to the definition of Entry Fees in the Glossary and to JRs Annex VI for information on Entry Fees and other fees that may be charged at CSI/CSIO Events.
17. Withdrawals after the date of definite entries or no-shows will be liable to reimburse the OC for the financial loss incurred by the OC (i.e. stabling and hotel Expenses) as a result of late withdrawal or no-show.
18. National Jumping Events: see GRs Art. 101.3.

ARTICLE 252 STARTING ORDER

1. The draw for the starting order.
 - 1.1. Championships/CSIO – Team and Individuals
 - 1.1.1. A draw will first take place to determine the order of starting of the individual Athletes entered in addition to teams, regardless of their nationality.

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

- 1.1.2. A second draw will then take place to decide the order in which the NFs, which have entered teams, will start. Each Chef d'Equipe will then fix the order in which he wishes his team Athletes to start in the order of the NFs. These Athletes will be inserted in sequence in the remaining spaces between the individual Athletes.
- 1.1.3. If an individual Athlete has more than one Horse taking part in a Competition, the Ground Jury will adjust the starting order in such a manner that if possible an interval of at least ten Athletes is provided between these individual Horses.
- 1.1.4. If a Chef d'Equipe decides to change the Athletes and Horses after the starting order has been published, it is possible that one Athlete must ride two Horses too close together. In this case the Chef d'Equipe must inform the Ground Jury or the OC at least one hour before the start of the Competition. The Ground Jury may then alter the starting order as far as this Athlete only is concerned.
2. In CSIOs and CSIs, there must be a draw for the order of starting of the Athletes. When doing so the nationality of the Athletes must be considered so as not to allow two Athletes of the same foreign NF to start consecutively. If it happens that one or more Athletes have to ride two Horses too close together, the Ground Jury on its own authority or on request of the **Athlete or of the Chef d'Equipe** may alter the order of starting as far as these Athletes only are concerned.
3. The starting order may not be drawn in alphabetical order of the names of the Athletes or of the Horses.
4. For team Competitions, a separate draw must take place each time.
5. Rotating the starting order in individual Competitions

Rotation is mandatory but the system of rotation to be applied is at the discretion of the OC. In order to achieve the rotation of the starting order in the individual Competitions included in the programme, it is recommended that the procedure as set forth below be followed.

- 5.1. At Events where the Athletes are allowed to ride two or three Horses in individual Competitions, the following procedure is acceptable to achieve rotation of the starting order in the individual Competitions included in the programme:
 - 5.1.1. if the Schedule provides that the same Horse is allowed to take part in more than one individual Competition per day and throughout the Event, the number of Horses must be divided by the number of individual Competitions;
 - 5.1.2. if the Schedule provides that the same Horse is allowed to take part in only one Competition per day and throughout the Event, the number of Horses must be divided by the number of days on which individual Competitions take place.
- 5.2. At Events where the Schedule provides that Athletes are allowed to ride only one Horse in each individual Competition, the Athletes are drawn and their Horses carry successive numbers:

First Athlete: 1, 2, 3 (number of his Horses)

Second Athlete: 4, 5

The rotation follows the same procedure as in paragraph 5.1.1 and 5.1.2 above, but in this case the number of Athletes must be divided by the number of individual Competitions or by the number of days on which individual Competitions take place.

6. Order of starting in Grand Prix Competitions

The title "Grand Prix" may only be used once for each category, e.g. CSII, CSIJ, CSI3* etc, during an international Jumping Event. The starting order for all Grand Prix Competitions must be established according to one of the following methods:

- 6.1. the order of start is determined by a separate draw.
- 6.2. if there is a special ranking for the best Athlete or the best combination Athlete/ Horse at the Event, the ranking in reverse order before the Grand Prix may be used as the order of starting;
- 6.3. The OC may divide Athletes into three groups of equal size; in case the total number of Athletes cannot be evenly divided into three groups, the group to start last, and if necessary the group to start second, will be assigned one more Athlete than the group to start first. There must be a draw to establish the starting order in each group. The top Athletes on the Jumping Ranking are permitted to start in the last group.

The President of the Ground Jury must be present during the draw.

The method to be used must be mentioned in the Schedule.

ARTICLE 253 DECLARATION OF STARTERS

1. At CSIOs, on the day before the first Competition, the Chefs d'Equipe will designate in writing to the OC the ~~members of their team (Athletes and Horses)~~ that make up the official team (minimum three, maximum six) and the names of individual Athletes ~~together with and the names of~~ their Horses (see JRs Art. 249). In the event of accident or illness preventing an Athlete and/or his Horse being declared as a starter in the member of the official team, Chefs d'Equipe may substitute ~~for~~ him/them from among the individual Athletes (if there are any), one hour at the latest before the start of the first Competition of the Event. An Athlete or a team Horse, which has been substituted, may not start as an individual. Refer to Art. 264.5.5 for details on the declaration of Athletes and Horses (minimum three, maximum four, selected from the official team) that will take part in the Nations Cup Competition, and for details on substitution in the event of accident or illness to an Athlete and/or Horse declared for the Nations Cup.

2. At all Events, Chefs d'Equipe (CSIOs) or individual Athletes (CSIOs, CSIs) will declare to the OC at a time fixed by the OC the starters for the next day's Competitions.

ARTICLE 254 PARTICIPATION, AGE AND NUMBER OF HORSES

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

1. Age of Horses

1.1. Horses entered for Olympic Games, World Championships and FEI World Cup™ Finals must be at least nine years of age. Horses entered in Continental Championships, Regional Games and Regional Championships must be at least eight years of age. As an exception, Horses may be entered in Regional Games and Regional Championships from the age of seven years, providing the height of obstacles in these Regional Games and Championships does not exceed 1.40 m. Horses entered for CSIO3*-5*Events, CSI3*-5* Events and all FEI World Cup™ Events except the FEI World Cup™ Final must be at least seven years of age. However, CSIs for Young Horses from the age of ~~six~~five years may be held at these Events. Horses entered for CSIO1* and CSI1* - 2* Events must be at least six years of age. Horses entered for CSIO2* Events at which the Nations Cup Competition is built to the dimensions set forth in JRs Art. 264.3 for 2* Events must be at least six years old; Horses entered in CSIO2* Events at which the Nations Cup Competition is built to the dimensions set forth in JRs Art. 264.3 for 3* Events or higher must be at least seven years old.

1.2. Age of Horses – Northern and Southern Hemispheres

1.2.1. National Events

Horses from the Southern Hemisphere competing in the Northern Hemisphere should be permitted to take part in National Competitions for Horses one year younger, as their official birth date is 1 August. Horses from the Northern Hemisphere competing in the Southern Hemisphere should be permitted to take part in Competitions for Horses one year older, as their official birth date is 1 January.

1.2.2. International Competitions for Young Horses (five*/six /seven/eight year olds)

~~*Competitions for five year old Horses may only be held at the FEI World Breeding Jumping Championships for Young Horses, unless special authorisation has been granted by the FEI.~~

Horses from the Southern Hemisphere competing in international Young Horses Competitions in the Northern Hemisphere will be permitted to take part in Young Horses Competitions for Horses one year younger as their official birth date is 1 August (e.g. an eight year old Horse from the Southern Hemisphere will compete in the seven year old category in the Northern Hemisphere). Horses from the Northern Hemisphere competing in international Young Horses Competitions in the Southern Hemisphere will be permitted to take part in Young Horses Competitions for Horses one year older as their official birth date is 1 January (e.g. a five year old Horse from the Northern Hemisphere will compete in the six year old category in the Southern Hemisphere).

2. The Schedule must specify the number of Horses allowed for each Athlete at CSIOs and CSIs but this number must be limited to a maximum of three. CSI or CSIO Events may include Competitions for Young Horses open only to the Athletes entered in the CSI or CSIO; for these Competition Athletes may enter two Horses in addition to the three Horses allowed for the CSI or CSIO. Participation of these additional Horses is limited to the Young Horses Competitions only. At Events where several CSIs of different categories are organised on the same weekend the number of Horses per Athlete must be limited to three per Category. Separate CSIs for Young Horses (CSIYH) may be organised at these Events; Athletes entered in the CSIYH are allowed to enter three Horses specifically for the Young Horses Competitions.

The above does not apply to CSI Events held at the same venue over several consecutive weekends; for these Events each Athlete may start a maximum of four Horses in each category (Small/Medium/Big Tour) during each CSI. At these Events a maximum of nine Horses per Athlete may be entered for the CSIYH Competitions, of which maximum three may start in each age category per CSI. At stand-alone CSIYH Events, that is CSIYH Events that are not organised concurrently with another CSI at the same venue on the same weekend, Athletes may enter three Horses per YH age category. If the Schedule of a CSI or a CSIO includes a Puissance Competition, a Derby and/or a special Competition for stallions, the Schedule may allow an additional Horse for each of these Competitions. Participation of these additional Horses is limited to these Competitions only. The Schedule may also allow extra Athletes to be invited solely for the Puissance Competition and/or a special Competition for stallions.

3. At CSIOs the Chefs d'Equipe have the right to make changes to the Horses belonging only to the official team throughout the duration of the Event, on condition that each Athlete rides the maximum number of Horses as specified in JRs Art. 254.2. A change made in this manner is irreversible.

4. Changing Horses by individuals at CSIOs and CSIs is allowed only if they belong to the same NF, and conform to the number of Horses each individual Athlete is allowed to ride during the Event in accordance with the provisions of the Schedule. A change made in this manner is irreversible.

5. At CSIOs each Athlete may ride only one Horse in the Grand Prix or, if there is no Grand Prix, in the Competition with the highest prize money. If there is a Grand Prix Competition and another Competition with the same prize money as the Grand Prix or with higher prize money, the Athlete may ride only one Horse in each of these Competitions, except when this Competition is a Derby, in which case more than one Horse per Athlete may be ridden.

6. The above paragraph also applies at CSIs. However, if in the Grand Prix or in similar Competitions listed in paragraph 5 above, there are 50 Athletes or less entered (subject to the remaining provisions of this article), the OC may allow each Athlete to ride two Horses in the Competition concerned, provided that this is indicated in the Schedule and that the total number of potential starters ~~does would~~ not exceed the maximum allowed for the Grand Prix or Competition in question. With respect to the Grand Prix specifically, the following applies:

- CSI1*/CSI2*: If there are 50 starters or less, each Athlete may ride two Horses (maximum 100 in the Grand Prix)
- CSI3*/CSI4*: If there are 30 starters or less, each Athlete may ride two Horses (maximum 60 in the Grand Prix)
- CSI5*: If there are 25 starters or less, each Athlete may ride two Horses (maximum 50 in the Grand Prix)

If there is no Grand Prix or no competition with the highest prize money at an Event, but there are several Competitions with the same prize money, the number of Horses per Athlete is not restricted in these Competitions.

These provisions do not apply to CSI-Amateur Events, at which the OC may allow Athletes to ride more than one Horse in all Competitions.

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

7. All Athletes taking part in the Grand Prix and/or in the Competition with the highest prize money if this is not the Grand Prix at a CSIO or a CSI must have first completed with their Grand Prix Horse, respectively with the Horse that will be ridden in the Competition with the highest prize money, the initial round of at least one FEI Competition at the same Event ([see JRs 261.4.4 for details of specific FEI Competitions in which the eligibility requirement may be fulfilled](#)). If the Grand Prix or the Competition with the highest prize money is held on the first day of the Event or is the only FEI Competition at the Event, the Organising Committee must schedule a training session to provide Athletes with the opportunity to jump their Horse in the arena prior to the Grand Prix, respectively the Competition with the highest prize money (see also JRs Art. 261.4.4). If the Competition with the highest prize money is the Derby, these provisions are not applicable.

ARTICLE 256 DRESS, PROTECTIVE HEADGEAR AND SALUTE

1. Dress
 - 1.1. Athletes are required to wear correct dress when appearing before spectators and are required to dress in accordance with the applicable provisions of JRs Art. 256.1., Art. 256.3 and GRs Art. 135.2 when they are competing or during the presentation of prizes.
 - 1.2. When inspecting the course, dress must be neat and tidy. In any case, riding boots, white or light fawn breeches, a long- or short-sleeved shirt and a white tie or choker must be worn. Shirts must have a white collar; long-sleeved shirts must have white cuffs.
 - 1.3. In bad weather, the Ground Jury may allow the wearing of a greatcoat or waterproof. In very warm weather, the Ground Jury may allow Athletes to ride without a jacket.
 - 1.4. It is compulsory for all persons to wear a properly fastened protective Headgear with a three point retention harness at all times when mounted. If an Athlete chooses to remove his Headgear at any time, whether permitted or not by these rules, such removal shall always be entirely at his own risk. An Athlete who loses his Headgear or whose retention harness becomes unfastened during the course of his round must recover and replace it, or in the case of the retention harness becoming unfastened must refasten it. In such case, the Athlete will not be penalised for halting to retrieve his Headgear and/or refasten the retention harness, but the clock will not be stopped. An Athlete who jumps or attempts to jump an obstacle with a retention harness incorrectly fastened or not fastened will be eliminated unless the circumstances rendered it unsafe for the Athlete to stop immediately in order to refasten the harness (e.g. if the harness becomes unfastened in the middle of a combination or one or two strides before the obstacle in question). As an exception to this rule Senior Athletes may remove their Headgear while accepting prizes, during the playing of the National anthem and any other ceremonial protocol.
 - 1.5. Civilians are required to wear the uniform or clothing approved by their NF, ~~a red coat or a black coat jacket (Competition jackets may be any colour; the collar may be the same colour as the jacket or a different colour)~~, white or light fawn breeches, black or brown boots. Other dark coloured boots may be approved at the discretion of the FEI. Boots must have a heel. Shirts may have long or short sleeves and must have a white collar; long-sleeved shirts must have white cuffs. A white tie or choker must be worn. If a jacket is not worn (refer to Art. 256.1.3 for exceptions due to weather), shirts must have sleeves; either short or long sleeves are permitted.
 - 1.6. Members of the armed services, police and gendarmerie, members and employees of military establishments and of national studs may wear civil or service dress.
 - 1.7. At the discretion of the Ground Jury, Athletes who are improperly dressed may be refused permission to take part in the Competition.
 - 1.8. Athletes shall wear the official clothing of their NF in the Nations Cup Competition at CSIOs and in all stages of competition (team and individual) at Regional, Continental and World Championships and, subject to the approval of each relevant national Olympic Committee, during the Competitions at Olympic and Regional Games. Should an NF not have official clothing, the Athlete(s) of such NF shall be entitled to dress in accordance with JRs Art. 256.1.5 or 256.1.6, as applicable, subject to the provisions of JRs Art. 256.3.

Black, red, navy and green jackets with collars of the same colour cannot be registered as the official jacket of any NF.

Team member jackets must be the same colour (the collar may be the same colour as the jacket or a different colour). Athletes not complying with this rule will be fined with CHF 1'000 (one thousand Swiss Francs) by the Ground Jury. In addition,

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

In all Competitions that take place in an arena under the jurisdiction of a Ground Jury, each Athlete must salute the President of the Ground Jury as a matter of courtesy, unless the President of the Ground Jury gives other instructions. The Ground Jury may refuse to start an Athlete who has not saluted. The Ground Jury may also fine the Athlete (see JRs Art. 240.2.7). For special reasons the Ground Jury, in consultation with the OC, may decide whether or not Athletes are required to salute prior to the commencement of each Competition. The OC in agreement with the President of the Ground Jury must instruct the Athletes to salute Heads of State when present, and may do so if there is a special guest occupying the official box.
 - 2.2. Athletes should salute during a march past parade, presentation of prizes and during the playing of anthems.
 - 2.3. For special reasons the Ground Jury may decide that the salute is not necessary.
 - 2.4. Athletes may not remove their Headgear when saluting. Raising the whip or lowering the head is considered an appropriate salute.

CHAPTER XII COMPETITIONS

ARTICLE 260 GENERAL

1. There are many different Jumping Competitions for both individuals and teams. The following provisions cover the types of Competitions, which are mostly used at international Events.
2. OCs may propose new types of Jumping Competitions to encourage variety in the sport. However, any Competition covered by this Chapter must be run strictly according to these JRs.

ARTICLE 261 NORMAL COMPETITIONS AND GRAND PRIX COMPETITIONS

1. Normal and Grand Prix Competitions (the latter must be explicitly designated in the Schedule) are those in which performance over obstacles is the principle factor although speed may be introduced to separate equality for first place by a first jump-off or by a maximum of two jump-offs.
2. These Competitions are judged under Table A against or not against the clock, but always with a time allowed.
3. The course is built primarily to test the ability of the Horse over the obstacles. The number of obstacles, their type, their height and spread, within the set forth limits, are the responsibility of OCs.
4. Qualification for Grand Prix
- 4.1. If qualification conditions for Athlete/Horse are scheduled for the Grand Prix at a CSIO, it is compulsory that the formula given below is referred to.

The following are automatically qualified for the Grand Prix at CSIOs, if present as official team members or individual:

- 4.1.1. The individual Jumping medal winners (Athletes) of the last Olympic and Pan American Games, of the last World and Continental Championships and the first placed Athlete/Horse combination in the last FEI World Cup™ Jumping Final.
- 4.1.2. Eligible to participate in Grand Prix Competitions at 5* CSIO Events are the winners (Athlete/Horse combination) of the Grand Prix at any 5* CSIO Event during the previous 12 months.
- 4.1.3. Eligible to participate in Grand Prix Competitions at 4* CSIO Events are the winners (Athlete/Horse combinations) of the Grand Prix at any 4* or 5* CSIO Event during the previous 12 months.
- 4.2. If qualification conditions for Athletes/Horse are scheduled for the Grand Prix at a CSI Event, it is compulsory that the formula given below is referred to. This does not apply to CSI events that are part of a series approved by the FEI Bureau.

The following Athletes (not Athlete/Horse combinations) are automatically qualified for the Grand Prix at CSI Events, if present:

- 4.2.1. The winner of that Event's Grand Prix the previous year, according to the following conditions:
 - For the Grand Prix at a CSI3*/CSI4*/CSI5* Event, the winner of that Event's Grand Prix the previous year is eligible to participate, providing the previous year's Event was the same star level or a higher star level;
 - For the Grand Prix at a CSI1*/CSI2*, the winner of that Event's Grand Prix the previous year is eligible to participate, regardless of the star level of the previous year's Event;
- 4.2.2. The current National Jumping Champion of the host country;
- 4.2.3. The individual Jumping medal winners of the last Olympic and Pan-American Games, the last World and Continental Championships and the winner of the last FEI World Cup™ Jumping Final.
- 4.3. If qualification conditions for Athlete/Horse are scheduled for the Grand Prix Competition at a CSIO or a CSI, it is compulsory that all qualifying Competitions are run under Table A against the clock or under Table A with one or two jump-offs.
- 4.4. All Athletes taking part in a Grand Prix at a CSIO or a CSI must have completed, with their Grand Prix Horse, the initial round of at least one FEI Competition among those listed below* prior to the Grand Prix. If an Athlete/Horse combination has completed the initial round of an FEI one of these Competitions prior to the Grand Prix, and the Athlete is subsequently eliminated or disqualified from the Competition in question, the Athlete may take part in the Grand Prix (if qualified), with the same Horse, as the Horse is deemed to have fulfilled the eligibility requirement of completing the initial round of an FEI Competition prior to the Grand Prix. If the Grand Prix takes place on the first day of the Event, or if it is the only Competition at the Event, regardless on which day it is held, the Organising Committee must schedule a training session to provide Athletes with the opportunity to jump their Horse in the arena prior to the Grand Prix. The same provisions apply to FEI World Cup™ Competitions.

* FEI Competitions that may count for fulfilling the eligibility requirement for Horses taking part in the Grand Prix:

ARTICLE 262 POWER AND SKILL COMPETITIONS

1. General
 - 1.1. The aim of these Competitions is to demonstrate the ability of the Horse to jump a limited number of large obstacles.
 - 1.2. In the event of equality for first place, there must be successive jump-offs.
 - 1.3. The obstacles of the jump-offs must always be the same shape, the same type and the same colour as in the initial round.
 - 1.4. If, at the end of the third jump-off, there is no single winner, the Ground Jury may stop the Competition. After the fourth jump-off, the Ground Jury must stop the Competition. The Athletes left in the Competition are placed equal.
 - 1.5. If, after the third jump-off, the Athletes do not wish to continue, the Ground Jury must stop the Competition.
 - 1.6. There cannot be a fourth jump-off if Athletes have not had a faultless round in the third jump-off.
 - 1.7. Time is never a deciding factor in the event of equality of Penalties. There is no time allowed and no time limit.
 - 1.8. These Competitions are judged under Table A.
 - 1.9. If it is not possible for Athletes to school in the practice arena, a practice obstacle must be placed in the arena. An optional obstacle is not allowed.
 - 1.10. If the dimensions of the arena and the number of Athletes permit it, the Ground Jury may decide that the Athletes still in the Competition may remain in the arena after the first or second jump-off. In this case, the Ground Jury may decide to allow a practice obstacle.
2. Puissance
 - 2.1. The initial round will comprise from four to six single obstacles of which at least one must be a vertical obstacle. The first obstacle must be at least 1.40 m in height, two obstacles from 1.60 m to 1.70 m and one wall or vertical obstacle, which may vary from 1.70 m to 1.80 m in height. All combination obstacles, water jumps, ditches and natural obstacles are forbidden.
It is permissible to use a wall with a sloping face on the take-off side (maximum slope of 30 cm offset at the base).
 - 2.2. A vertical obstacle instead of a wall may be used, in which case, planks with a pole on top or a combination of planks and poles with a pole on top or all poles may be used as a substitute.
 - 2.3. In the event of equality for first place, there must be successive jump-offs over two obstacles, which must be a wall or a vertical obstacle and a spread obstacle (see JRs Art. 246.1).
 - 2.4. In the jump-offs, both obstacles must be increased regularly in height and the spread obstacle also in spread. The vertical obstacle or wall may be increased in height only if Athletes equal for first place have not been penalised in the preceding round (see JRs Art. 246.1).
3. Six Bar Competition

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

- 3.1. In this Competition, six vertical obstacles are placed in a straight line about 11 metres apart from each other. They must be identically constructed and composed only of poles of the same type. The cups supporting the poles must have a maximum depth of 20 mm. The number of obstacles may be reduced depending on the size of the arena.
- 3.2. All the obstacles may be kept at the same height, for example 1.20 m, or
 - 3.2.1. at progressive heights, for example 1.10 m, 1.20 m, 1.30 m, 1.40 m, 1.50 m, 1.60 m, or;
 - 3.2.2. the first two at 1.20 m, the next two at 1.30 m and so on.
- 3.3. In the event of a Refusal or a Run-out, the Athlete must restart the course at the obstacle where the Fault was made.
- 3.4. The first jump-off must take place over the six obstacles which must be raised unless the Athletes who are equal for first place have been penalised in the first round. After the first jump-off, the number of obstacles may be reduced to four but the distance between them must be kept at about 11 metres as required initially (the lower obstacles should be withdrawn).
4. Masters
 - 4.1. This is a Competition with an initial round and a maximum of four jump-offs. In the initial round, a course of six obstacles (including one double) is built at a maximum height of 1.50 m, maximum spread 1.40 – 1.70 m. In each jump-off, when the Athlete enters the arena, he selects one obstacle to be raised. The first fault eliminates the Athlete. In this case, the obstacle that has been raised is lowered to its height prior to being raised by the Athlete. The obstacles may only be raised a second time in the same jump-off providing all of the obstacles have already been raised and have not been lowered to their initial height for that jump-off.
 - 4.2. In case of all Athletes being eliminated in any one of the first three jump-offs, the Athletes eliminated in the last jump-off held will take part in another jump-off against the clock, without altering the height of the obstacles, to decide the classification. Athletes eliminated in any given jump-off are placed equal in that jump-off, and are considered to be placed ahead of Athletes eliminated in the previous jump-off and/or the initial round.

The maximum height and spread in the 4th and final jump-off are: Height: 1.70m maximum – Spread: 2m maximum; Triple bar : 2.20m maximum.

ARTICLE 263 HUNTING COMPETITION OR SPEED AND HANDINESS COMPETITION

1. The aim of these Competitions is to demonstrate the Horse's obedience, handiness and speed.
2. These Competitions are judged under Table C (see JRs Art. 239).
3. Courses must be twisting, with obstacles very varied (alternative obstacles allowed, giving the Athlete the opportunity to shorten his track, but by taking a more difficult obstacle).

Competitions over certain natural obstacles such as banks, slopes, ditches, etc. are called Hunting Competitions and must be so named in the Schedule. All other Competitions (of this type) are called Speed and Handiness Competitions.
4. No fixed track to be followed is set forth on the plan. The plan must only be marked with a series of arrows showing the direction in which each obstacle must be jumped.
5. Compulsory turning points are included only if absolutely necessary.

ARTICLE 264 NATIONS CUP

1. Organisation

The Nations Cup (**also referred as "NC"**) is the official international team Competition. Its object is to compare the merit of Athletes and Horses from different NFs under the following conditions:

 - 1.1. A Nations Cup may only be organised on the occasion of a CSIO. In principle, the European CSIO season is reserved for outdoor Events only, unless otherwise agreed by the Chair of the Jumping Committee together with the FEI Secretary General, in exceptional circumstances.
 - 1.2. At least three NFs must take part in this Competition for it to be recognised as a Nations Cup.
 - 1.3. If, for any reason, this Competition is organised under another name, the words "Nations Cup" must be added as a subtitle.
 - 1.4. It is the only Competition in which official teams represent NFs and to preserve its special character, there must be no individual placing.
 - 1.5. The total prize money must be at least equal to 50% of the amount provided for the Grand Prix Competition or for the Competition with the highest prize money unless the FEI Secretary General gives approval for a modification to this formula.

Prize money must be awarded to all teams participating in the second round.
 - 1.6. The Competition takes place over two rounds, over the same course during the course of the same day.
 - 1.7. The Nations Cup is judged under Table A not against the clock with a time allowed in both rounds.
2. Different categories of Nations Cup Competitions

According to the total amount of prize money for the Event, a 5*, 4*, 3*, 2* or 1* CSIO can be held.
3. Obstacles and other technical requirements

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

Refer to JRs Art. 211.1 and Annex VII for details relating to the construction of the water jump. Only in very exceptional circumstances and with the express permission of the FEI Secretary General it may be omitted. The measurements for the water jump given above include the take-off element.

3.3. No combination obstacle may require more than three jumping efforts, except in the case of permanent obstacles, banks, mounds or slopes at outdoor Events.

3.5. The length of the course in indoor arenas may be less than indicated above.

3.6. If the Ground Jury decides before the first or the second round that the course has been rendered impracticable as a result of unforeseen circumstances, it may direct that the dimensions of some obstacles be reduced or that they be moved slightly and/or that the required speed is reduced. In consultation with the Course Designer, the Ground Jury may also direct that the dimensions of some obstacles be increased for the second round, if it is deemed that the course of the first round was too easy.

4. Athletes

4.1. A full Nations Cup team comprises four Athletes each riding the same Horse throughout the Competition. All members of each team must take part in the first round, except as stated in paragraph 4.2 below.

4.2. If a team, comprising four Athletes, cannot improve its placing in the first or second round after its third Athlete has completed his course, the fourth Athlete may be withdrawn.

5. Participation

Participation in Nations Cup Competitions is subject to the following conditions:

5.1. The Athletes and Horses are chosen from the official **team, declared by the Chef d'Equipe before the first** Competition. The **Chef d'Equipe will, on the day preceding the Nations Cup**, declare the four Athletes and Horses, including their starting order;

5.2. When a team can only provide three Athletes and three Horses, its Chef d'Equipe must start his three Athletes and Horses;

5.3. Except in circumstances beyond control recognised as such by the Ground Jury, participation in this Competition is compulsory for all NFs officially represented by at least three Athletes. A team that abstains or withdraws and thus fails to participate will be deprived of all prize money won during the whole Event. In addition, they will lose all right to living expenses;

5.4. When three or more Athletes of the same nationality from a NF which is not officially represented have been entered as individuals, they must make up a team for the Nations Cup unless their NF has informed the OC seven days before the Event that these Athletes may not take part in the Nations Cup. In this case, the OC has the right to refuse the entries of these Athletes as individuals;

5.5. In the event of an accident or illness to an Athlete and/or Horse, between the submission of the declaration and one hour before the start of the Competition, the Athlete and/or Horse may on production of a certificate from an officially recognised medical doctor and/or with the permission of the Veterinary Commission and after approval by the Ground Jury be replaced by another Athlete and/or Horse entered with the definite entries for the official team (see JRs Art. 253). In the event of substitution, the starting order remains unchanged.

If all NFs are permitted to enter individuals in addition to team members, substitution of an individual Athlete onto a team is permitted in the case of illness or accident where the maximum number of team members allowed to participate is four (see JRs Art. 253).

6. Order of starting

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

- 6.1. The starting order of the teams in the first round is determined by a draw in the presence of the Ground Jury and the Chefs d'Equipe. The draw will take place at a time fixed by the OC in agreement with the Ground Jury.
- 6.2. All the number ones start first in succession, then all the number twos and so on. The Chefs d'Equipe of teams comprising only three Athletes may choose in which of the three positions out of four they will start their Athletes.
- 6.3. The starting order of the teams in the second round will be in the reverse order of the total Penalties in the first round of the best three Athletes in each team. In case of equality of Penalties the teams will retain the starting order of the first round.
- 6.4. The Athletes in each team start in the same order as in the first round.

7. Number of teams and Athletes in the second round

At the discretion of the OC, the best six (minimum) to eight (maximum) teams after the first round take part in the second round with four Athletes per team, except otherwise provided in paragraphs 4.2 and 5.2 above. If there are fewer than six teams participating in the first round, all teams, if not eliminated in the first round, may take part in the second round with four Athletes per team.

Those teams equal on Penalties for sixth, seventh or eighth place (depending on the number of teams to take part in the second round) will be separated by the total times of the three best Athletes of each team in the first round.

The OC must decide during the draw for the Nations Cup whether the home team will return for the second round as an extra team, if it is not qualified among the six to eight teams eligible to take part. The home team will only be permitted to return for the second round, if there is a difference of not more than eight Penalties between the home team and the last qualified team for the second round.

8. Elimination and retirement

- 8.1. If two or more Athletes of a team, participating with four Athletes in the first or second round, are eliminated or retire, the whole team is eliminated.
- 8.2. If one Athlete of a team, participating with three Athletes in the first or second round, is eliminated or retires, the whole team is eliminated. Refer to JRs Art. 264.1.5 for details relating to prize money for teams eliminated in the second round.
- 8.3. If a team is qualified to take part in the second round, an Athlete eliminated or retired in the first round may start in the second round. Refer to JRs Art. 264.1.5 for details relating to prize money for teams eliminated in the second round.
- 8.4. A team, which is qualified to take part in the second round, may only withdraw from the second round with permission of the Ground Jury. In this case the team will not receive prize money. It will not be replaced by another team.

9. Placing and classification

- 9.1. Classification of the teams not taking part in the second round is based on the total Penalties of the three best Athletes of each team in the first round. Teams with equality of Penalties are placed equal.

- 9.2. Placing of teams after the second round is decided as follows:

The total Penalties of the best three Athletes per team in the first round are added to the total Penalties of the best three Athletes per team in the second round.

- 9.2.1. In case of equality of Penalties for the first place, there will be a jump-off in which one Athlete per team will participate. The **Chef d'Equipe determines which member of his team will participate in the jump-off**. Any one of the four team members may take part in the jump-off.

The jump-off takes place against the clock over a minimum of six obstacles.

In case of equality of Penalties and time after the jump-off, the teams concerned will be placed equal first.

Teams with equality of total Penalties for other places are placed equal.

10. Nations Cup at other Events

- 10.1. If a Nations Cup is organised at other Events, such as CSIOY, CSIOJ, CSIOCh or CSIOP, the provisions mentioned under paragraph 7 above apply.

For the measurements of the obstacles and the course those given in the relevant FEI Rules and Regulations are applicable.

- 10.2. However, in case of equality of Penalties for the first place, there will be a jump-off in which all team Athletes may take part. The jump-off takes place against the clock over a minimum of six obstacles.

- 10.3. The Score in this jump-off is obtained by adding the Penalties incurred by the three best Athletes in each team, but in the event of further equality of Penalties, the times of these three Athletes in the jump-off added together will decide the winning team.

- 10.4. Teams with equality of total Penalties for other places are placed equal.

ARTICLE 265 SPONSOR TEAM AND OTHER TEAM COMPETITIONS

1. Sponsor Team Competitions

A Sponsor Team Competition must consist of three or four Athletes and be run according to the provisions set forth in the Schedule. Sponsor Team Competitions may not be arranged at CSIOs or CSI-W Events or Championships. Sponsor Team Competitions may never be called Nations Cup Competition or be run according to any Nations Cup formula.

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

Sponsor Team Competitions can be arranged either as separate Competitions or within a Competition also with an individual classification. Team Athletes participating in this type of Competition must be listed in the starting list for this Competition only by name and team rather than by name and NF. In order to take part in FEI Events Sponsor Teams must be registered with the FEI in accordance with the following provisions:

Corporations or organisations with the exception of political or religious organisations may sponsor a team consisting of minimum three Athletes to participate in special Sponsor Team Competitions or in Competitions with an individual classification. Each member of a sponsored team must have a written commercial agreement with the corporation or organisation under whose name said team competes.

The details according to which the Sponsor Team Competition is to be run will be provided in the Schedule.

Team Athletes participating in this type of Competition must be listed for the Sponsor Team Competition only by name and team, any reference to their NF being omitted.

Sponsor Team as well as Rider Tour Teams are allowed to participate in any international Competition only if they are registered with the FEI and have paid the annual registration fee, which, for a team including up to four Athletes is ten thousand Swiss Francs (CHF 10,000).

For each additional Athlete per team a fee of one thousand Swiss Francs (CHF 1000) per year is payable. In the above amount protection of Sponsored Team jacket is included.

2. Other Team Competitions

Other Competitions for teams may be organised, according to the conditions in the Schedule. However, they may never be called Nations Cup Competition or Sponsor Team Competition. There can be no reference to representation of a nation.

ARTICLE 266 FAULT-AND-OUT COMPETITION

1. This Competition takes place against the clock over medium sized obstacles each with its own number. Combination obstacles are not allowed. The round finishes at the first Fault committed of whatever nature (obstacle knocked down, any Disobedience, fall, etc.).

When an obstacle is knocked down or when the fixed time is reached, the bell is rung. The Athlete must then jump the next obstacle and the clock is stopped at the moment when the Horse's forefeet touch the ground, but no points are given for the obstacle jumped after the bell has rung.

2. In this Competition bonus points are awarded: two points for an obstacle jumped correctly and one point for an obstacle knocked down.
3. When the Fault, which ends the round, is other than a knock down, such as a Disobedience or when the Athlete does not jump the obstacle over which the clock must be stopped, the bell is rung. The Athlete is then placed last of those who have obtained the same number of points. The penalty relating to a fall is elimination (see JRs Art. 241.3.25).
4. The winner of the Competition is the Athlete who obtains the greatest number of points. In the event of equality, the Athletes' times are taken into consideration and the Athlete with the fastest time will be declared the winner.
5. A Fault-and-Out Competition may be organised in two ways:
 - 5.1. Over a set number of obstacles:

When the Competition takes place over a maximum number of obstacles and the Athlete has jumped the last obstacle, the clock is stopped at the moment when the Athlete crosses the finishing line.

In the event of equality of points and time for first place only, there must be a Fault-and-Out jump-off over a limited number of obstacles.

- 5.2. With a fixed time of 60 to 90 seconds (45 in indoor arenas):

The Athlete takes the greatest number of obstacles in the fixed time and restarts the course if the fixed time has not yet been reached.

If the fixed time is reached at the moment when the Horse is already taking off this obstacle counts whether it is knocked down or not. Time is taken at the following obstacle, at the moment when the Horse's forefeet touch the ground on landing. If there is an equality of Penalties and time, Athletes are placed equal.

ARTICLE 267 HIT-AND-HURRY COMPETITION

1. In this Competition, instead of being eliminated at the first Fault, the Athlete gets two points for an obstacle correctly jumped and one point for an obstacle knocked down. Combination obstacles are not allowed.
2. This Competition takes place with a fixed time of 60 to 90 seconds (45 seconds indoors). Disobediences are penalised by the time lost by the Athlete, but two Disobediences or a fall incurs elimination of the Athlete.
3. The winner of the Competition will be the Athlete who at the end of the fixed time has acquired the greatest number of points in the fastest time.
4. When the fixed time is reached, the bell is rung. The Athlete must then jump the next obstacle and the clock is stopped at the moment when the Horse's forefeet reach the ground, but he is given no points for the obstacle jumped after the bell has rung.

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

5. If the fixed time is reached at the moment when the Horse is already taking off, this obstacle, whether it is knocked down or not, counts. The Athlete's time is taken at the next obstacle as in paragraph 4.
If an Athlete has a Disobedience and displaces or knocks down an obstacle, the fixed time must be decreased by six seconds and the bell must be rung accordingly.
6. When the Athlete does not jump at the first attempt the obstacle at which the clock should be stopped, the round is ended. The Athlete is then placed last of those who have obtained the same number of points.

ARTICLE 268 RELAY COMPETITIONS

1. General
 - 1.1. These Competitions are for teams of two or three Athletes. The team members enter the arena together.
 - 1.2. The course shown on the plan must be completed consecutively according to the number of team members.
 - 1.3. The Athlete going through the starting line must jump the first obstacle and the Athlete jumping the last obstacle must also cross the finishing line in order to stop the clock. If an Athlete crosses the finishing line after another Athlete has jumped the penultimate obstacle, the team is eliminated.
 - 1.4. The time of the round is taken from the moment when the first Athlete crosses the starting line until the last member of the team passes the finishing line.
 - 1.5. The time allowed is based on the speed for the Competition and the length of the course multiplied by the number of team members.
 - 1.6. If, during the round, Disobediences with knock down are committed, the time corrections must be added to the time taken to complete the round (see JRs Art. 232).
 - 1.7. The Elimination of a team member incurs the Elimination of the whole team.
 - 1.8. The second Disobedience by any team member or a fall by an Athlete/Horse eliminates the whole team.
 - 1.9. The team is eliminated if, in changing over, the Athlete takes off to jump an obstacle before the forefeet of the Horse of his team member have reached the ground.
2. Relay Competitions are run as follows:
 - 2.1. Normal Relays
 - 2.1.1. In these Competitions the first Athlete jumps his round and having taken the last obstacle the next Athlete starts his round and so on.
 - 2.1.2. **As soon as the Horses' forefeet of his team member jumping the last obstacle have reached the ground, the next Athlete may jump his first obstacle.**
 - 2.1.3. These Competitions are run under Table C.
 - 2.2. Fault-and-Out Relays

Fault-and-Out Relays take place according to the provisions set forth for the Fault-and-Out Competition under JRs Art. 266 either over a maximum number of obstacles to be jumped by the whole team or with a fixed total time during which the whole team must jump the greatest number of obstacles.

 - 2.2.1. Over a maximum number of obstacles
 - 2.2.1.1. The change-over, indicated by a sound of the bell, is compulsory when each Athlete has completed his round or when an Athlete commits a Fault, except at the last obstacle. His team member must then take over respectively at the first obstacle or at the next obstacle where a knockdown has occurred or at the obstacle where Disobedience has been committed.
 - 2.2.1.2. If the last team member has completed his round with no Penalty or if he knocks down the last obstacle of the course, his round ends at the finishing line and the clock must be stopped at this moment.
 - 2.2.1.3. When the last Athlete knocks down an obstacle of the course, other than the last one, the bell is rung and the Athlete must then jump the next obstacle to allow his time to be recorded. When this Athlete, for any other reason, does not jump the obstacle at which the clock must be stopped, the whole team is placed last of those who have obtained the same number of points and have their time recorded.
 - 2.2.1.4. In this Competition bonus points are awarded: two points for an obstacle jumped correctly and one point for an obstacle knocked down. One point is deducted for the first Disobedience, two points for the following Disobedience committed by each of the second or the third team member depending on the number of Athletes in the team. One point is deducted for each commenced second exceeding the time allowed.
 - 2.2.1.5. The classification is reached according to the highest number of points obtained by the team and the fastest time.
 - 2.2.2. With a fixed total time
 - 2.2.2.1. In this case, the above provisions under paragraphs 2.2.1.1, 2.2.1.3, 2.2.1.4. and 2.2.1.5. must be applied.
 - 2.2.2.2. Each team has 45 (minimum) to 90 (maximum) seconds multiplied by the number of team members.
 - 2.2.2.3. The team takes the greatest number of obstacles in the fixed time and the first team member restarts the course if the fixed time has not yet been reached.

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

- 2.2.2.4. If the last Athlete knocks down the last obstacle of his round, he must jump the first obstacle of the course to allow the time to be recorded.
- 2.2.2.5. If, during the round a Disobedience with a knock down is committed, the six seconds time correction is deducted from the fixed time.
- 2.3. Fault-and-Out Successive Relays

These Competitions take place according to the same rules as for the Fault-and-Out Relays over a maximum number of obstacles. However, the Athletes take over from each other after each Fault until the course has been completed by as many times as the number of members in each team.
- 2.4. Fault-and-Out Optional Relays
 - 2.4.1. In these Competitions the Athletes may take over as they like in the Competition but a change-over is compulsory, indicated by a sound of the bell, when each Athlete has completed his course or at the point where a Fault is committed.
 - 2.4.2. Optional relays are run under Table C.

ARTICLE 269 ACCUMULATOR COMPETITION

1. This Competition takes place over six, eight or ten obstacles with an increasing difficulty. Combination obstacles are not allowed. The increasing difficulty is not solely due to the height and spread of the obstacles, but also to the difficulty of the track.
2. Bonus points are awarded as follows: one point for obstacle number one not knocked down, two points for number two, three points for number three, etc. with a total of 21, 36 or 55 points. No point is awarded for an obstacle knocked down. Faults other than knock-downs are penalised as for Table A.
3. This Competition may take place either with the first round against the clock without a jump-off, or against the clock or not against the clock with a jump-off in case of equality of points for first place following the initial round. In case of a jump-off there will be a minimum of six obstacles, which may be increased in height and/or spread. The obstacles in the jump-off must be jumped in the same order as in the first round and retain their respective points allotted in the first round.
4. If the Competition takes place not against the clock with a jump-off, Athletes not qualified for the jump-off are placed according to their points obtained in the first round, disregarding the time. If the Competition takes place with the first round against the clock and a jump-off, Athletes not qualified for the jump-off are placed according to Penalties and time obtained in the first round.
5. For the last obstacle of the course, an alternative obstacle may be provided, of which one element may be designated the Joker. The Joker must be more difficult than the alternative obstacle and carry double points. If the Joker is knocked down, these points must be deducted from the total points obtained so far by the Athlete. At the discretion of the Course Designer, two Jokers may be included instead of one as alternatives to the last obstacle jumped. In this case, the first Joker will carry 150% of the points of the last obstacle on the course; the second Joker must be more difficult than the first Joker and will carry 200% of the points of the last obstacle on the course. The Athlete may jump one of the two Jokers as an alternative to the last obstacle. If the Joker is correctly jumped, the Athlete earns 150%, respectively 200%, of the points of the last obstacle on the course. If the Joker is knocked down (JRs Art. 217.1), 150%, respectively 200%, of the points of the last obstacle of the course must be deducted from the total points obtained so far by the Athlete.
- 5.1. As an option, the Joker may be placed after the finish line, in which case it is not part of the main course and the following formula must be used: after the Athlete has crossed the finish line his time is recorded and he has 20 seconds in which to make one attempt to jump the Joker should he so choose. If the Joker is correctly jumped, the Athlete earns double points of the last obstacle of the main course. If the Joker is knocked down (JRs Art. 217.1), these double points must be deducted from the total points obtained so far by the Athlete. In case of a fall of Athlete or Horse after crossing the finish line but within the 20 seconds available to jump the Joker, the Athlete will not be eliminated but will not be allowed to attempt to jump the Joker; he will keep the points he had accumulated prior to crossing the finish line.

ARTICLE 270 TOP SCORE COMPETITION

1. In this Competition, a certain number of obstacles are set up in the arena. Each obstacle carries from ten to 120 points according to its difficulty. Combination obstacles are not allowed.
2. The obstacles must be built so that they can be jumped in both directions.
3. The points allocated to the obstacles may be repeated at the discretion of the Course Designer. If it is not possible to place 12 obstacles in the arena, it is up to him to delete the obstacles he wishes.
4. The Athlete is credited with the number of points carried by each obstacle that he jumps correctly. No points are awarded for an obstacle that is knocked down.
5. A fixed time of 45 seconds (minimum) to 90 seconds (maximum) is allocated in this Competition. During this time, the Athlete may jump any of the obstacles he wishes in any order and in any direction. He may cross the starting line in either direction. (The starting line must be provided with four flags - there must be a red and a white flag at each end of the line.) During his round, the Athlete is permitted to cross the starting and finishing lines in either direction, as often as he wishes.
6. The bell is rung to declare the end of the fixed time during which points may be obtained. The Athlete must then cross the finishing line in one direction or the other in order for his time to be recorded; if he does not cross the finish line he is eliminated. The finishing line must be provided with four flags - there must be a red and a white flag at each end of the line.
7. If the fixed time is reached at the moment when the Horse is already taking off at an obstacle, this obstacle is included in **the Athlete's Score** if it is jumped correctly.
8. Any obstacle knocked down during a round will not be rebuilt; if it is jumped again, no points will be credited to the Athlete. The same applies for knocking down an obstacle as a result of a Disobedience or for displacing a lower part of an obstacle, which is positioned in the same vertical plane as the highest part. In the case of a Disobedience without a knock-down, the Athlete may jump that obstacle or continue to another obstacle.
9. Each obstacle may be jumped twice. The act, voluntarily or not, of jumping an obstacle for the third time or of passing between the flags of an obstacle already knocked down does not incur Elimination. However, the Athlete does not score the points allotted to this obstacle.
10. All Disobediences are penalised by the time lost by the Athlete. A fall of Horse or Athlete is penalised by Elimination (see JRs Art. 241.3.25).
11. The Athlete who has obtained the highest number of points will be declared the winner. In the event of equality of points, the fastest time taken between the start of the fixed time and the crossing of the finishing line after the bell has been rung will decide. In the event of equality of points and time for first place, there will be a jump-off according to the same formula

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

with a fixed time of 40 seconds, provided that this is mentioned in the Schedule (see JRs Art. 245.6). If not mentioned, the Athletes with equal points and time will share the prize.

12. There are two options for using a Joker:
 - 12.1. An obstacle may be provided as part of the course, duly marked by flags and called "Joker". The Joker may be jumped twice; 200 points are awarded each time this obstacle is jumped correctly, but if it is knocked down, 200 points must be deducted from the total points obtained so far by the Athlete.
 - 12.2. The Joker is not part of the main course. After the fixed time has expired, the bell is rung to end the Athlete's round. The Athlete must cross the finishing line to have his time recorded he then has 20 seconds in which to attempt the Joker. Only one attempt at the Joker is allowed. 200 points are awarded if this obstacle is jumped correctly, but if it is knocked down 200 points must be deducted from the total points obtained by the Athlete.

ARTICLE 271 TAKE-YOUR-OWN-LINE COMPETITION

1. In this Competition the obstacles may be jumped only once in the order chosen by the Athlete. Any Athlete who does not jump all the obstacles is eliminated. Combination obstacles are not allowed.
2. Athletes may cross the starting line and finishing line in either direction. The lines must be provided with four flags; a red and a white flag at each end of these lines.

Obstacles may be jumped in either direction, unless otherwise directed on the course plan.
3. This Competition takes place without a laid down speed, under Table C.
4. If the Athlete has not completed his course within 120 seconds after the time of his round has started, he will be eliminated.
5. All Disobediences are penalised by the time lost by the Athlete. For the penalty relating to falls, see Art. 241.3.25.
6. If there is a Refusal or Run-out with a knock-down or displacement of the obstacle, the Athlete may only restart his round when the obstacle knocked down or displaced has been replaced and when the Ground Jury gives him the signal to start.

He may then jump the obstacle of his choice. In this case six seconds for time correction (see JRs Art. 232) will be added to the time of the round.

ARTICLE 272 KNOCK-OUT COMPETITION

1. This Competition takes place by pairs of Athletes against each other. The Athletes must have qualified as a result of a separate Competition in the programme or of a preliminary qualifying round, either judged under Table A against the clock, or under Table C.
2. The two Athletes will compete against each other simultaneously over two identical courses. Combination obstacles are not allowed.

If one Athlete enters the other Athlete's course and as a result interferes with that Athlete, the Athlete responsible for the interference will be eliminated.
3. The winners of each eliminating round are qualified to compete in groups of two in the next eliminating round and so on until the two finalists meet each other to decide the winner of the Competition.
4. In this Competition, each Athlete may only ride one Horse in the eliminating rounds, chosen from his Horses, which have qualified in the preliminary qualifying round or the qualifying Competition. If an Athlete finds that his opponent has withdrawn from any round, the Athlete remaining in the Competition gets the benefit of a walkover and will start in the next round.
5. If there are Athletes placed equal for the last place in the qualifying Competition or in the preliminary qualifying round, there must be a jump-off against the clock.
6. The eliminating rounds, in which two Athletes take part, are run without time if judged under Table A. Each Fault made of whatever nature (knock down, Refusal, run out) is penalized by one point. Notwithstanding the above, in the case of a Refusal with or without a knock-down the Athlete will continue his round without jumping that obstacle or waiting until it has been rebuilt. If the round is judged under table A the Athlete is penalized by one point. An Athlete passing an obstacle without attempting to jump it will be eliminated. If the Competition is run under table C, three seconds will be added to his time in this case.

Any infringement of the provisions of JRs Art. 241 incurs Elimination from the Competition.
7. If the Competition is run under table C, each Fault is penalised by three seconds.
8. The Athlete who gets the least number of points and who in the event of equality of points has passed the finishing line first will be qualified for the next round and so on until the two finalists meet to decide the winner. Athletes defeated in the corresponding rounds are placed equal.
9. A member of the Ground Jury must be stationed at the starting line to give the starting signal and another at the finishing line to decide which Athlete crosses this line first.
10. If, at the end of the eliminating round, there is a dead heat between two Athletes, the round must be started again.
11. If the Competition is run under table C, there must be an independent time-keeping installation for each Athlete.
12. The starting order in the eliminating rounds will be decided according to the table printed in JRs Annex III (16 or eight - according to the conditions of the Schedule).

ARTICLE 273 COMPETITION OVER TWO ROUNDS

1. This Competition comprises, with the same speed, two courses, identical or different, either in track or in number of obstacles or in the dimensions of the obstacles. Each Athlete must participate with the same Horse. Athletes, who have been eliminated or who have retired during the first round, may not take part in the second round and may not be placed.
2. All the Athletes have to take part in the first round. The following go forward to the second round according to the conditions of the Schedule:
 - 2.1. either all Athletes; or
 - 2.2. a limited number of Athletes (either a percentage or a set number of Athletes, in any case at least 25%) return for the second round in accordance with their placing in the first round (Penalties and time or Penalties only, according to the conditions of the Schedule); the exact percentage or number of Athletes to return for the second round is to be mentioned in the Schedule.
 - 2.2.1. If the first round is not against the clock, all Athletes tied on Penalties for first place, plus any Athletes tied on Penalties for the last qualification place, return for the second round even if this is not mentioned in the Schedule.
 - 2.2.2. If the first round is against the clock, the OC may select either of the following options (the OC must indicate in the Schedule which option will be used):
 - (i) at least 25% or a set number of Athletes, the exact percentage or number to be mentioned in the Schedule, return for the second round based on their Penalties and time in the first round; or,
 - (ii) at least 25% or a set number of Athletes, the exact percentage or number to be mentioned in the Schedule, return for the second round, based on their penalties and time in the first round; in any case all Athletes without penalties in the first round, return for the second round.
3. The manner of judging this Competition must be specified in the Schedule in accordance with one of the following formulas:

1. The course must consist of six obstacles: a single obstacle as first obstacle and five combinations. At least one obstacle must be a treble combination.
2. The Competition may be judged under Table A or Table C.
3. If there is a jump-off, according to the conditions of the Schedule, the jump-off course must comprise six obstacles. It must include a double, a treble and four single obstacles, or three doubles and three singles. To achieve this, some elements of the combination obstacles for the first round must be removed.
4. The provisions of JRs Art. 204.5 do not apply to this Competition. However, the length of the course may not exceed 600 m.

ARTICLE 279 EVENTS AND COMPETITIONS WITH BORROWED HORSES

International Events or Competitions may be organised with Horses borrowed by the host NF with the approval of the FEI Secretary General.

In such cases, the following conditions apply:

1. The OC will make available the necessary number of Horses (maximum three per Athlete).
2. At least 24 hours before the start of the first Competition a fair draw of the borrowed Horses for each team or individual Athletes has to take place. Unless otherwise stated in the Schedule and approved by the FEI Secretary General the Horses for the host NF will be drawn first.
3. The draw must take place in front of the Chefs d'Equipe or a representative of each team, the Athletes, the President or a Member of the Ground Jury and the President of the Veterinary Commission or the Veterinary Delegate. The Horses must be present and properly identified and must wear the bridle normally used. This same bridle must be used throughout the whole Event unless the permission to change is given by the owner.
4. The OC should provide a reasonable number of reserve Horses to be used in case any Horse is found incapacitated by the Veterinary Delegate or in case of apparent complete incompatibility between one of the Athletes and his Horse, as stated by the Ground Jury.
5. The Schedule must establish clearly the conditions under which the Horses are borrowed and drawn and the Competitions are run. If alterations to the conditions under paragraphs 1 to 4 are foreseen, they have to be approved by the FEI Secretary General.
6. FEI passports shall not be required, provided that only national Horses take part, which can be positively identified with a document accepted by the FEI.

FEI JUMPING RULES, 26th edition, updates effective 1 January ~~2018~~2019

CHAPTER XIII VETERINARY INSPECTIONS AND EXAMINATIONS, MEDICATION CONTROL AND PASSPORTS OF HORSES

ARTICLE 280 VETERINARY EXAMINATIONS, HORSE INSPECTIONS AND PASSPORT CONTROL

The Horse Inspections, Veterinary Examinations and Passport Control must be conducted in accordance with the VRs Art. ~~1027~~1001, ~~1029-1032~~ and ~~1030-1033~~ and as set forth below. Refer also to VRs Art. 1034 to 1042 for details on Horse Inspections.

1. Examination on arrival and Passport Control

The Examination and Passport Control must be conducted in accordance with VRs Art. ~~1029-1032~~ and ~~1031~~1030.

For any significant passport irregularities see VRs Art. ~~1030~~1033.

NB: When verifying the details in the passport, the age of the Horse must be checked, if the Event or any Competition is limited to Horses of a specific age.

2. Horse Inspection

2.1. This must be carried out not later than the afternoon of the day preceding the first Competition. Chefs d'Equipe and/or Persons Responsible should arrange a specific time for their Horses to be inspected within the time specified in the programme. This should be available and ready at the Secretary's Office at least two days before the first Competition, to avoid unnecessary delay for all concerned.

2.1.1. Where circumstances warrant, the Ground Jury, in consultation with the Veterinary Delegate, may at its discretion allow another Horse Inspection to be held at a later time for Horses that could not be present at the first Horse Inspection due to exceptional, unforeseen circumstances.

2.2. **At FEI World Cup™ Finals, World Championships and Continental Championships** for all categories and Olympic Games, a second Horse Inspection will be scheduled prior to the start of the Individual Final Competition.

2.3. Each Horse must be presented in either a snaffle or double bridle. Any other harness or equipment, i.e. rugs, bandages, etc. must be removed. No exception to this can be allowed.

2.4. No Horse may be presented with its identity concealed in any manner by the application of paint or dye.

2.5. Chefs d'Equipe must be present with their team Horses in addition to their grooms and/or their Athletes.

2.6. Persons Responsible (Athletes) must be present with individual Horses, in addition to their grooms.

2.7. **At FEI World Cup™ Finals, FEI Nations Cup™ Finals, Championships and Games**, Athletes must present their own Horse(s) at the Horse inspection. The President of the Ground Jury may relax this rule for an Athlete if requested to do so by the **Chef d'Equipe or the Athlete**.

2.8. It is emphasised that this is not a detailed veterinary examination (see also VRs Art. ~~1031~~1030) and it should be completed as quickly as possible.

3. Ground Jury, Appeal Committee and Veterinary Commission Liaison

3.1. Selection of Horses to be sampled for ~~Medication Control~~EADCM testing (see VRs Art. ~~1057~~1068)

3.2. **At FEI World Cup™ Finals, FEI Nations Cup™ Finals, World and Senior Continental Championships and Olympic Games**, sufficient Horses must normally be sampled to ensure that the following samples are available for analysis:

3.2.1. in all Final Competitions for Individuals, the first three placed Horses;

3.2.2. in Final Jumping Competitions for Teams, one Horse from among all the Horses in each of the first three placed teams;

ARTICLE 281 MEDICATION CONTROL OF HORSES

The Medication Control of Horses must be conducted in accordance with the GRs and the VRs, the Equine Anti-Doping and Controlled Medication Regulations and any other applicable FEI Rules or Regulations.

2. Each Horse keeps the same identification number provided by the OC on arrival, throughout the Event.

It is compulsory that the Horse always wears this number whenever it leaves the stables, so that it may be identified by all officials including the Stewards. Failure to display this identification number clearly will first incur a warning and, in the case of repeated offences, a fine imposed on the Athlete by the Ground Jury or the Appeal Committee (see JRs Art. 240.2.8).

1.3. Type of System Authorised

- The connection of the timer to the photocells can be wireless. The timer is connected to the downstream processing system by wire
- For Games and Championships and other events it is optional to have photocells be connected by wire to a synchronised time-of-day timer
- For CSI 4* and CSIO 4* events and of a higher category a split-timing system is obligatory

2. TIMING AT FEI JUMPING EVENTS

For all Jumping events in the FEI Calendar, electronic timers, photocells and wireless transmission systems homologated by the FEI must be used. A list of these approved devices is published on the FEI website. Events using timing equipment other than those on the homologated FEI list will not be considered for FEI evaluation unless an exception has been authorised by the FEI Jumping Director (see JRs Art. 229.1). Specifications and procedures for timing are more fully described in the Memorandum for International Jumping Events, published on the FEI website.

2.1. Timing at FEI Jumping Events

2.1.1. Timing at the sensors

With electronic timing, the time is taken when a horse crosses the start or finish line and triggers the beam between the photocells. **Time has to be taken on the breast of the horse. If the rider pushes the horse's head first there will be no correction.** With hand timing the time will be taken as above. The height of the sensors must be identical at the start and finish lines.

If a time base is used in conjunction with the photocell, either integrated or separate, then it must be set in time of day and be synchronised with the main timer before the start of each competition. Synchronisation to time of day must take place within 60

minutes before the start of the event and must be maintained throughout the event. Timers may not be resynchronised during any competition but may be resynchronised between competitions.

2.1.2. Recording the time

All time of day times must be immediately and automatically sequentially recorded on printed strips to at least the 1/1,000th (0.001) precision on dedicated directly attached or integrated printers. The electronic timing systems must furnish time data to allow for the calculation of elapsed times by the mathematical comparison of each Athlete's **start time to finish time**. **The recorded times are truncated to 1/100th second after calculation of the elapsed time. The final result for each Athlete's round is expressed to 1/100th (0.01) precision.**

2.1.3. Hand Timing

Manual (hand) timing, completely separate and independent of the electronic timing, must be used for all competitions listed in the FEI Calendar. Stopwatches or hand operated battery powered timers that are installed at both the start and the finish and capable of expressing times to at least 1/100th (0.01) precision qualify as proper hand timing devices. Printed records, either automatic or hand-written, of recorded hand times must be immediately available at the start and at the finish. Elapsed time on course is derived from the mathematical comparison of start and finish times. The times taken by hand timing may be used in the official results after a correction has been calculated.

2.1.4. Calculation of the hand timing correction

Calculate the difference between the times taken by hand and the electronic times of the 5 competitors starting before the missing time and the 5 starting after or if necessary the 10 nearest competitors. The sum of the 10 time difference is divided by 10 to give the correction which must be applied to the hand time of the competitor without an electronic time.

2.1.5. Time corrections within the timer

When the official printing timer allows manual input or correction of a competitor's time, some type of indication (star, asterisk or other) concerning any effected change must be printed on all relevant timing documentation to indicate that manual intervention has been applied.

2.1.6. Print-out of time

The official timing strips from the printer will be given to the Foreign Judge for review. They will be kept by the Event Organiser until the official approval of the event or resolution of any appeal dealing with timing or event results. At events where a complete back-up system is required this also applies.

The Foreign Judge must indicate by his signature on the results form and in his report to the FEI his approval of the event. All printed records from system A, system B and hand timing must be retained by the OC for a period of three months after the event or until resolution of any appeal dealing with timing or event results.

2.1.7. Presentation of times

Organisers shall provide appropriate facilities for continuous presentation of all registered times of all competitors.

2.2. Timing at Olympic Games and World Championships

2.2.1. Electronic Timing

For Olympic Games, and World Championships, two synchronised electronically isolated timing systems with printers, directly connected to the start and finish photocells and operating in time-of-day must be used. One system will be designated system A (main system), the other system B (back-up system) prior to the beginning of the event. System A must be connected to its respective A photocell contact. System B must be separately connected to another electronically isolated B photocell contact.

See the Memorandum for International Jumping Events published on the FEI website for diagrams and start and finish line installations.

2.2.1.1. Recording the Time

Refer to Art. 2.1.2. Both systems A and B must furnish time data to allow for the calculation of elapsed times by the mathematical **comparison of each Athlete's start time to his finish time**. All times used for the final result must be from system A. If there is a failure of the main electronic timing system (system A), a calculated elapsed time from system B must be used following the same procedure as set out above. It is not permitted to substitute time-of-day times from system B for use with system A for the purpose of elapsed time calculations. In the case that calculated elapsed times from either system A or system B are not available for a competitor, the calculated net manual time as per Art. 2.1.4 will be considered valid.

2.2.1.2. Synchronisation of the timing systems

Synchronisation of the timing systems must occur within 60 minutes prior to the commencement of each event and synchronisation of all systems must be maintained every day throughout each event. Timers may not be resynchronised during any competition but may be resynchronised between competitions.

2.2.1.3. Other Games and Championships

For all other Games and Championships the same systems approach is highly recommended.

2.2.2. Photocells

For Olympic Games and World Championships there must be two photocell systems homologated by the FEI, installed at the start and finish line. At each location, one is connected to system A. The other is connected to system B. The photocells for the respective systems at the start and finish must be arrayed identically and be placed as close together as physically possible, and in any case no more than 0,5 m apart.

2.2.3. Hand Timing

Refer to Art. 2.1.3. The stopwatches or battery powered hand timing devices used must be synchronised prior to the start of each event, preferably with the same time-of-day as system A and system B.

2.3. Timing without cable for all FEI events

The FEI recognises the importance of wireless impulse transmission systems in the arenas of FEI Jumping events and encourages their use to facilitate the ease of set-up and functionality of modern jumping. It should be noted however that any wireless system is more prone to failure than a hardwired connection from the timer to the photocells.

For each quota group, the precise number of Athletes to be invited will be calculated based on the quota percentage in relation to the total maximum number of Athletes that may be invited as established by the NF/OC in the Schedule. If the calculation yields a fraction, the following steps will be taken, in order:

- Step 1: To calculate the real number of Athletes per quota, a standard rounding function will be applied to round the calculated value to the nearest integer (0.1 to 0.4 is rounded down, 0.5 to 0.9 is rounded up).
- Step 2: If following step 1 the total number of calculated real Athletes is above the overall maximum number of Athletes that may be invited, the calculated real number of Athletes for the OC invitations quota will be rounded down, regardless of whether the fraction was 0.1 to 0.4 or 0.5 to 0.9.
- Step 3: If following step 2 the total number of calculated real Athletes is still above the overall maximum number of Athletes that may be invited, the calculated real number of Athletes for the host NF quota will be rounded down, regardless of whether the fraction was 0.1 to 0.4 or 0.5 to 0.9.
- Step 4: If following step 3 the total number of calculated real Athletes per quota is still above the overall maximum number of Athletes that may be invited, the calculated real number of Athletes for the Longines Ranking invitation quota will be rounded down, regardless of whether the fraction was 0.1 to 0.4 or 0.5 to 0.9.

For all Events at which the CSI Invitation Rules apply, the CSI invitation rules will be managed through the FEI online invitation system.

For the purpose of the FEI online invitation system, Events are grouped according to the week in which the Event begins, each week starting on Monday. The time zone used for the purpose of the online invitation system is Greenwich Mean Time (GMT).

For each Event the OC/host NF must provide the FEI with the following information by the Monday 16 weeks before the week of the Event. This information must also be included in the Schedule.

- Maximum number of Athletes to be invited
 - Maximum number of Horses that may be entered
 - Maximum number of Horses per Athlete
 - Number of Athletes and Horses to be entered for the small and/or medium tours only
- } The total number of Athletes will be used to calculate the percentages of invitations to be issued under Sections 1-3 below; the maximum number of Horses that may be entered for the CSI must align with the number of Athletes multiplied by the number of Horses per Athlete.
- } The number of Athletes and Horses for the small/medium tours are not included in the number of Athletes/Horses for the CSI.

Closing date for entries (no earlier than the 2nd Monday prior to the Event and no later than four days prior to the Event)

If this information is not received by the Monday 16 weeks prior to the week of the Event, the following default values will be applied for the purpose of the online invitation system:

Max. N° of Athletes to be invited: 50	Max. N° of Horses per Athlete: three (= Max. 150 Horses may be entered)	Closing date for entries: four days before start of Event
---------------------------------------	---	---

The OC/host NF of CSI2* Events that are combined with a CSI3*, 4* or 5* must indicate, either with the calendar application form or at the latest by the Monday 16 weeks before the week of the Event, whether the 30%/30%/40% invitation percentages for ~~stand-alone~~ CSI2* will apply, or whether they wish to avail of the option to invite 20% home Athletes and 80% OC invitations, in which case no Longines Ranking Competitions may be offered at the CSI2*. If this information

is not received by the Monday 16 weeks prior to the week of the Event, the default value for the CSI2* will follow the 30%/30%/40% quotas for ~~stand-alone~~ CSI2* Events.

Events for which the Schedule states that overseas air transportation of Horses will be provided/organised by the OC are, for logistical reasons, authorised to establish the closing date for entries at the earliest on the 5th Sunday prior to the Event.

Section 1 Compulsory Invitations: Athletes invited in descending order of the Longines Ranking

For the purpose of invitation of Athletes in descending order of the Longines Ranking, the Longines Ranking list established three months prior to the Event is to be used. The OC must indicate in the Schedule the number of the Longines Ranking list which applies for the invitation of Athletes.

1.1. Percentage of Athletes to be selected in descending order of the Longines Ranking

The percentage of Athletes to be invited in descending order of the Longines Ranking depends on the star level of the Event. The following percentages apply:

CSI5*	CSI4*	CSI3*	CSI2*	CSI2* <u>option</u> with no Longines Ranking competitions (<u>option</u> available only for CSI2* that are combined with a CSI 3*, 4* or 5*)
60%	50%	40%	30%	No compulsory invitations

Athletes tied on Longines Ranking points will be separated as follows:

- Priority will be given to the Athlete who has earned the same amount of points with fewer results. If there is still a tie:
- Priority will be given to the Athlete with the greater number of highest points within his results counting for the Longines Ranking. If there is still a tie:
- Priority will be given to the Athlete with the greater number of highest placings in the Competitions within his results counting for the Longines Ranking. If there is still a tie:
- Priority will be given to the Athlete with the higher rank on the previous Longines Ranking; if there is still a tie, priority will be given to the Athlete with the higher rank on the preceding Longines Ranking and so on until the tie is broken.

1.2. Individual Jumping gold medal winners Olympic Games and World Championship

The individual Jumping gold medal winner of the most recent Olympic Games and the individual Jumping gold medal winner of the most recent World Championship must receive an invitation to all CSIs. These invitations are included in the quota for compulsory invitations established under 1.1, regardless of the position of the individual Jumping gold medal winners on the Longines Ranking.

1.3. Timeline for compulsory invitations

Compulsory invitations for any given Event will be issued from the Monday eight weeks prior to the week of the Event until midnight GMT on the 3rd Sunday prior to the Event. Invitations that are expired, declined by the Athlete or rejected by the NF will be re-issued to the next best placed Athlete on the Longines Ranking, and so on until the closing of compulsory invitations (midnight GMT on the 3rd Sunday prior to the Event).

1.4. Confirmation of compulsory invitations

The deadline for confirming compulsory invitations is 168 hours (7 x 24 hrs) from the issuance of the invitation. Athletes must either accept or decline the invitation within 96 hours (4 x 24 hrs) of the issuance of the invitation; the NF must either **accept or reject the Athlete's accepted invitation** at the latest within 168 hours of the issuance of the invitation, for the entry to be guaranteed in the FEI Entry System. Failure to accept or decline the invitation within 168 hours after the invitation is issued will also result in the loss of the invitation.

An Athlete who accepts an invitation to any given Event remains eligible to receive an invitation under Section 1 to another Event of a higher level taking place during the same week if such an invitation subsequently becomes available and the Athlete concerned is the next Athlete to be selected in descending order of the Longines Ranking for that Event.

All Athletes invited under Section 1 whose invitations have been confirmed by their NF will be automatically accepted.

1.5. Filling the quota of compulsory invitations

If the quota of compulsory invitations is not filled by the 2nd Sunday prior to the Event), the remaining invitations will revert to Section 3: OC Invitations.

Section 2 Home Athletes selected by the host NF

2.1. Percentage of home Athletes

The percentage of home Athletes that may be selected by the host NF depends on the star level of the Event. This percentage does not include the home Athletes invited under Section 1: Compulsory Invitations and Section 3: OC Invitations. The following percentages apply:

CSI5*	CSI4*	CSI3*	CSI2* (stand-alone)	CSI2* <u>option</u> with no Longines Ranking competitions (<u>option</u> available only for CSI2* that are combined with a CSI 3*, 4* or 5*)
20%	25%	30%	30%	20%

2.2. Timeline for entries of home Athletes selected by the host NF

Entries for home Athletes in this section must be made through the FEI Entry System between the Monday eight weeks prior to the week of the Event and the 4th Sunday prior to the Event.

2.3. Confirmation of entries of home Athletes selected by the host NF

OCs must accept the entries of all home Athletes entered by the host NF under Section 2.

2.4. Filling the quota of home Athletes

If the host NF cannot fill its quota of home Athletes by the 4th Sunday prior to the Event), the remaining invitations will revert to Section 1: Compulsory Invitations.

Section 3 OC Invitations

3.1. Percentage of OC Invitations

The percentage of Athletes that may be invited by the Organising Committee depends on the star level of the Event. The following percentages apply:

CSI5*	CSI4*	CSI3*	CSI2*	CSI2* <u>option</u> with no Longines Ranking competitions <i>(option available only for CSI2* combined with a CSI 3*, 4* or 5*)</i>
20%	25%	30%	40%	80%

In addition, if the quota of invitations from Sections 1 and 2 cannot be filled by the respective deadlines, these invitations will revert to the OC to invite foreign and or home Athletes through the online invitation system to fill the vacant places. Athletes invited by the OC may be taken from any position on the Longines Ranking list, or may be unranked.

3.2. Timeline for OC Invitations

OC invitations will be issued through the online invitation system from the Monday eight weeks prior to the week of the Event up until the closing date for entries as indicated in the Schedule.

3.3. Confirmation of OC Invitations

The deadline for confirming OC invitations is 168 hours (7 x 24 hrs) from the issuance of the invitation. Athletes must either accept or decline the invitation within 96 hours (4 x 24 hrs) of the issuance of the invitation; the NF must either accept **or reject the Athlete's accepted invitation** at the latest within 168 hours of the issuance of the invitation, for the entry to be guaranteed in the FEI Entry System. If the Athlete and/or his NF fail to accept or decline the invitation within 168 hours after the invitation is issued, this will result in the loss of the invitation. The OC may, at its discretion, re-issue the invitation to the same Athlete or issue it to another Athlete through the online invitation system.

All Athletes invited under Section 3 whose invitations have been confirmed by their NF will be automatically accepted. OCs may at their discretion, accept or reject entries of Athletes made directly by NFs in the FEI Entry System under the OC quota.

Section 4 FEI Invitations for Foreign athletes or home athletes domiciled outside the home country

The FEI has the right to allocate an invitation to two Athletes for CSI2*/CSI3*/CSI4* events and one athlete for CSI5* events. For CSI3* Events that are on the list of qualifiers for the Olympic Games published on the FEI website, the FEI has the right to allocate a third FEI invitation to an Athlete attempting to earn a Certificate of Capability for the Olympic Games. The FEI invitations are included in the quota for compulsory invitations established under Section 1.1. The level of the nominated athlete must be of the required standard for the Event in question. OCs must accept the entries of Athletes to whom the FEI has allocated an FEI invitation.

The maximum number of times an athlete can be nominated during the same season for this section is three. If the FEI invitation(s) is/are not allocated by the 3rd Sunday prior to the Event, the invitation(s) will revert to Section 3: OC Invitations.

Section 5 Timeline for Declaration of Horses

Athletes invited under Sections 1-4 above must indicate by the 2nd Sunday prior to the Event, the number of Horses that they will enter. Should any Athlete fail to indicate the number of Horses that he will enter, a default value of two Horses will be applied. In this case, at the discretion of the OC, the Athletes concerned may be permitted to enter more than two Horses if the Schedule so allows; if an Athlete enters only one Horse he will be liable to reimburse the OC for stabling costs for one Horse. (If the Schedule indicates that maximum one Horse per Athlete may be entered, the default value will be one Horse.)

Athletes must indicate the names of the Horses that they will enter at the latest four days prior to the start of the Event. Should an Athlete fail to indicate the name(s) of the Horse(s) he will enter by this deadline, **the Athlete's entry will be withdrawn**; substitutions must be made in accordance with JRs Art. 251.9.2.

Section 6 General

NFs are responsible for entering qualified Horses and Athletes. This includes the fitness and capability of the Horses and the Athletes to participate in the Competitions for which they are entered. (JRs Art. 251.4)

Refer to GRs Art. 115.1 for details relating to remuneration in exchange for an invitation to an Event and appearance fees.

OCs will be permitted to invite a limited number of additional Athletes if, at the closing of entries, the maximum number of Horses that may be entered has not been reached. If no qualification system for the Grand Prix is foreseen in the Schedule, the OC may not invite additional Athletes in excess of the maximum allowed to take part in the Grand Prix. These additional Athletes are not taken into consideration for the calculation of the percentages of Athletes to be invited under Sections 1-3.

OCs may invite a limited number (exact number to be indicated at the latest by Monday 16 weeks prior to the Event) of additional Athletes only for the small and/or medium tour Competitions at their Event; Athletes invited only for the small and/or medium tour Competitions are not included in the total number of Athletes used for the calculation of percentages for the invitation of Athletes under sections 1-3, and may not participate in any Competitions counting for the Longines Ranking.

The Horses of Athletes invited for the small/medium tour Competitions are not counted in the maximum number of Horses that may be entered for the CSI; if any of the Athletes invited for the small/medium tour Competitions do not enter the maximum number of Horses permitted per Athlete, the OC may not invite additional Athletes for the CSI to fill the vacant stable places of small/medium tour Horses. OCs of CSI 2*/3*/4*/5* Events **that are part of "Tours"** (multiple Events run on consecutive weekends at the same venue) at which the number of Athletes to be invited is limited must respect the CSI Invitation Rules. OCs of Tours that run over consecutive weeks overlapping from one month to another may use the Longines Ranking established three months prior to the first Event of the Tour for the invitation of Athletes under Section 1 for all Events of the Tour and may give priority to Athletes who have accepted the invitation to all Events of the Tour. Alternatively, OCs of Tours that overlap from one month to another may use the Longines Ranking established three months prior to the start of the respective Events of the Tour for the invitation of Athletes under Section 1 for each Event. In either case the OC must indicate 16 weeks prior to the first Event of the Tour and in the Schedule the number of the Longines Ranking that applies.

National events

OCs that wish to organise a National Event must comply with the FEI rules for National Events. These include the restrictions on the number of foreign Athletes and the number of NFs represented by Athletes.

Sanctions and consequences

If prior to an Event it is known that the Event will not follow the FEI technical conditions and the CSI Invitation Rules, the Event may be removed from the FEI calendar at the discretion of the FEI.

The following fines will be imposed on Organising Committees not respecting the CSI Invitation Rules: **1st offence CHF 20'000.-**; 2nd offence CHF **40'000.-**; at the 3rd offence, the Event will not be permitted to take place. These fines will be payable directly by the Organising Committees concerned to the FEI.

If sufficient proof can be established after the Event that the FEI technical conditions and the CSI Invitation Rules have not been respected, CSI status may be refused for the following season.

An Athlete and/or Horse, even if registered with the FEI, is not eligible to participate in an International Event or National Event (and so may not be invited by an OC to such Event or entered by an NF in such Event) if that Athlete and/or Horse has participated, in the six months prior to the first day of the International Event or National Event in question, in an Unsanctioned Event (see GRs Art. 113.4).

THE FOLLOWING PROVISIONS ARE APPLICABLE TO CSIs WORLDWIDE:

NB for new CSI5* Events: OCs without proven experience at organising FEI high level Events must first successfully organise a CSI4* at the same venue before permission to host a CSI5* will be granted. Prize money for the new CSI5* must be secured by a deadline established by the FEI prior to the Event. Permission to host a new CSI5* without first organising a CSI4* at the same venue may be granted, upon application from the NF of the OC, to OCs with proven experience at organising FEI high level Events. For new CSI5* Events, and/or for new OCs of existing CSI5* Events, the FEI reserves the right to appoint a Technical Delegate to visit the venue prior to the **Event, at the OC's expense, to ensure the organisation and infrastructure meet the technical standards for a CSI5* before the Event will be accepted in the calendar.** At the discretion of the Jumping Committee the same may apply to new CSI4* Events. Refer to JRs Art. 200.8 for details relating to date clashes.

The FEI reserves the right to appoint a Technical Delegate to visit the **venue of CSIs held consecutively over several weekends at the same venue ("Tours") prior to the start of the first Event, at the OC's expense, to ensure that the infrastructure and organisation meet the required standard to cope with the large number of Athletes and horses invited to these Events.**

¹ Prize money cannot be cumulated from multiple Events held at the same venue during the same week to establish star level. CSI-5* maximum duration is 5 days. Events at same venue over several weekends are considered separate CSIs. For these Events, the star level of the Event will be determined by the combined prize money of maximum 12 Competitions per Event, instead of the overall prize money per Event.

For CSIYH Events, the following applies with regard to calculation of prize money to determine the star level:

For stand-alone Events (e.g. CSI5* or CSIO3*) where only Athletes entered for the CSI or CSIO may participate in the YH Competitions, the prize money for the CSIYH is included in the overall amount to establish the star level of the Event;

For stand-alone Events (e.g. CSI5* or CSIO3*) where additional Athletes are invited to participate in the YH Competitions, the prize money for the CSIYH is not included in the overall amount to establish the star level of the Event;

For multiple Events held concurrently at the same venue, (e.g. CSI2*/CSIYJ-A/CSIAm-A/CSI5*) the prize money for the CSIYH does not count in the overall amount to determine the star level for any one of the Events.

² Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must provide the following percentages of additional prize money for every ten declared starters, up to 120 declared starters:

- 101 to 110 declared starters: the OC must provide 133% of the original Competition prize money, ~~must be provided which is to be distributed among the 16 best placed athletes in the Competition according to the prize money distribution chart I or II. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.~~
- 111 to 120 declared starters: the OC must provide 166% of the original Competition prize money, ~~must be provided to be distributed among the 20 best placed athletes in the Competition according to the prize money distribution chart I or II. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.~~

If more than 120 starters are declared, the OC must split the Competition into two groups and provide the equivalent amount of 200% of the original Competition prize money for the additional Competition which is to be divided equally between the two groups. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

The competition is split into two groups before it starts. ~~There may be a different number of starters in each group.~~ There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have two groups of equal size, there may be a different number of starters in each group. OR

The competition is run as one single competition and split afterward into two groups and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the two groups, e.g. results for Competition 1a and for Competition 1b.*

In both cases above each group must offer the same amount of prize money ~~as indicated for the original Competition.~~ For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters that determines whether the Competition must be split.

If there are more than ~~240-200~~ declared starters, the OC must split the Competition into ~~as many three~~ groups ~~as~~ and ~~apply provide~~ the same percentages of additional prize money as indicated above ~~(100% of original Competition prize money to be provided for each of the three groups if each group has 100 or fewer starters; 133% of original prize money to be provided for each group if any of the three groups has 101-110 starters; 166% of original prize money to be provided for each group if any of the three groups has 111-120 starters).~~

³ ~~For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup™ competition, the minimum prize money requirements indicated above for the Grand Prix apply only to the FEI World Cup™ Competition as it has the status of a Grand Prix: the Grand Prix competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition. Refer to the FEI Jumping World Cup™ rules for details relating to date of implementation of this rule at CSI-W Events.~~

⁴ ~~Height restrictions for CSI1* and CSI2* Events: Upon request the FEI may grant dispensation to height restrictions. In countries hosting numerous CSI3* and higher level Events exemptions for the maximum height of obstacles at CSI1* and CSI2* Events will only be granted for sporting reasons, not for prize money reasons. If NFs need an exemption in order to provide their Athletes with the opportunity to obtain Certificates of Capability, an exemption will be granted, but if NFs that regularly host CSIs of 3* level and higher wish to organise Competitions at a height greater than 1.45m without offering minimum 3* prize money an exemption will not be granted.~~

Following the right to be heard, a warning may be issued by the FEI to organisers not respecting the CSI/CSIO requirements and their names may be published indicating such non-compliance. Further infringements by an organiser may result in the Event being deleted from the FEI calendar.

¹ Prize money cannot be cumulated from multiple Events held at the same venue during the same week to establish star level. CSI-5* maximum duration is 5 days. Events at same venue over several weekends are considered separate CSIs. For these Events, the star level of the Event will be determined by the combined prize money of maximum 12 Competitions per Event, instead of the overall prize money per Event.

For CSIYH Events, the following applies with regard to calculation of prize money to determine the star level:

For stand-alone Events (e.g. CSI5* or CSIO3*) where only Athletes entered for the CSI or CSIO may participate in the YH Competitions, the prize money for the CSIYH is included in the overall amount to establish the star level of the Event;

For stand-alone Events (e.g. CSI5* or CSIO3*) where additional Athletes are invited to participate in the YH Competitions, the prize money for the CSIYH is not included in the overall amount to establish the star level of the Event;

For multiple Events held concurrently at the same venue, (e.g. CSI2*/CSIYJ-A/CSIAm-A/CSI5*) the prize money for the CSIYH does not count in the overall amount to determine the star level for any one of the Events.

² Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must provide the following percentages of additional prize money for every ten declared starters, up to 120 declared starters:

- 101 to 110 declared starters: the OC must provide 133% of the original Competition prize money, ~~must be provided which is to be distributed among the 16 best placed athletes in the Competition according to the prize money distribution chart I or II. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.~~
- 111 to 120 declared starters: the OC must provide 166% of the original Competition prize money, ~~must be provided to be distributed among the 20 best placed athletes in the Competition according to the prize money distribution chart I or II. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.~~

If more than 120 starters are declared, the OC must split the Competition into two groups and provide the equivalent amount of 200% of the original Competition prize money for the additional Competition which is to be divided equally between the two groups. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

The competition is split into two groups before it starts. ~~There may be a different number of starters in each group.~~ There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have two groups of equal size there may be a different number of starters in each group. OR

The competition is run as one single competition and split afterward into two groups and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the two groups, e.g. results for Competition 1a and for Competition 1b.*

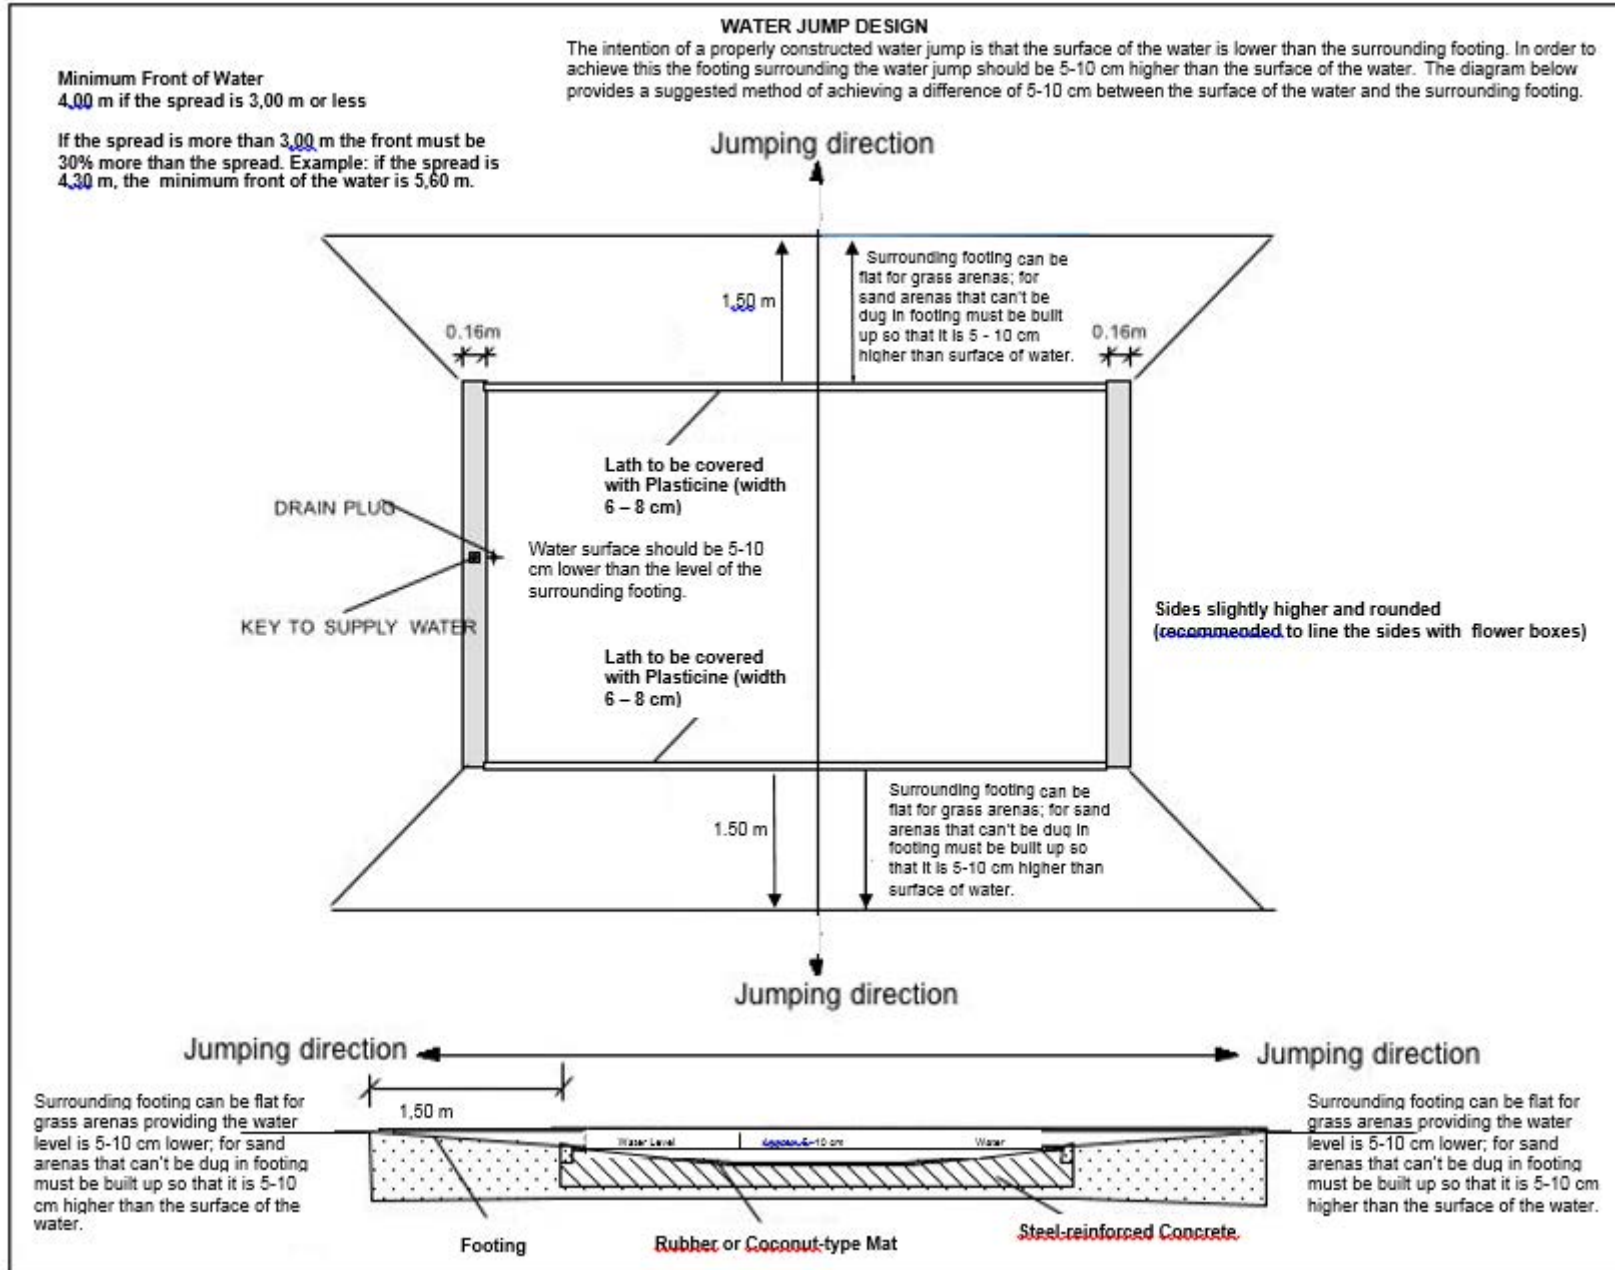

In both cases above each group must offer the same amount of prize money ~~as indicated for the original Competition.~~ For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters that determines whether the Competition must be split.

If there are more than ~~240-200~~ declared starters, the OC must split the Competition into ~~as many three~~ groups ~~as~~ and ~~apply provide~~ the same percentages of additional prize money as indicated above (100% of original Competition prize money to be provided for each of the three groups if each group has 100 or fewer starters; 133% of original prize money to be provided for each group if any of the three groups has 101-110 starters; 166% of original prize money to be provided for each group if any of the three groups has 111-120 starters).

³ For CSIO-W Events with a Grand Prix Competition in addition to the FEI World Cup™ Competition, the minimum prize money requirements indicated above for the Grand Prix apply only to the FEI World Cup™ Competition as it has the status of a Grand Prix; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition. Refer to the FEI Jumping World Cup™ rules for details relating to date of implementation of this rule at CSIO-W Events.

Following the right to be heard, a warning may be issued by the FEI to organisers not respecting the CSI/CSIO requirements and their names may be published indicating such non-compliance. Further infringements by an organiser may result in the Event being deleted from the FEI calendar.

In exceptional circumstances, if an NF finds it impossible for its Athletes to qualify as above, it may request the FEI to send a foreign assessing delegate at the expense of the NF to assess the level of performance, at a special qualifying Competition; permission for a special qualifying Competition may be granted by the Jumping Committee. Special qualifying Competitions should be held at a CSI or a CSIO and must be run in accordance with the following FEI protocol.

The OC must inform the FEI of the exact dimensions of the outdoor arena (and any fixed elements) in order for the course plan to be designed. The OC must appoint an FEI Course Designer to build the course.

The FEI will appoint a Technical Delegate.

The FEI will appoint an international (foreign) judge to act as the assessing delegate.

The FEI will appoint an FEI Veterinarian to perform a horse inspection prior to jumping.

An FEI Steward must be present to carry out the usual duties of an FEI Steward including, but not limited to, the boot and bandage control.

In addition to the above an MCP test may be carried out on participating horses.

An exact time must be established for the special qualifying Competition.

All costs for the special qualifying Competition will be at the **requesting NF's** expense.

The Competition must be open to Athletes from other NFs and shall consist of one round.

The FEI will select an FEI Course Designer to design the course plan according to the following dimensions and technical requirements; the course plan must be sent to the FEI Director Jumping for approval.

MANDATORY REQUIREMENTS:

- The first obstacle may be a vertical minimum height 1.45 m or an oxer minimum height 1.40 m for the front pole and 1.45 m for the back pole;

- Approximately 50% of the efforts must be vertical obstacles and 50% must be spread obstacles (e.g. oxer, triple bar, Swedish oxer, narrow oxer etc.). Nevertheless, no more than 55% of the efforts may be vertical and no more than 60% of the efforts may be spread obstacles, including the water jump if there is one;
- At least two verticals (other than the wall) must have a height of 1.60 m;
- At least two spread obstacles with minimum height of 1.50 m and minimum spread of 1.60 m;

The FEI will provide the course plan to the Course Designer appointed by the OC on the morning of the special qualifying Competition.

Immediately following the Competition, the course plan and the results duly signed and confirmed by the FEI assessing delegate, must be sent to the FEI.

Special qualifying Competitions that do not meet the above requirements will not be validated.

Athletes/Horses scoring eight Penalties or less in this round will be considered to be qualified. The foreign assessing delegate, appointed by the Jumping Committee, will advise the NF and the FEI on the granting of Certificates of Capability. If by misfortune an Athlete/Horse combination has more than eight Penalties but shows a very good performance otherwise over the course, the foreign assessing delegate may let this combination repeat a similar course. But in no case can an Athlete qualify if he has scored more than eight Penalties in the second round.

9. At Nations Cup, **FEI World Cup™** and Grand Prix Competitions at selected CSI/CSIO 3*/4*/5* Events the Foreign Judge is responsible for ensuring that the course is built to the required dimensions and will confirm in his report to the FEI that the minimum requirements for obtaining Certificates of Capability have been achieved.
10. Certificates of Capability must be received by the FEI for Athletes and Horses not later than the date fixed for nominated entries or date fixed by the FEI. Athletes and Horses for whom Certificates of Capability have not been received will not be allowed to start.
11. Any and all "*hors concours*" participation provided for directly or indirectly in the present Annex and/or in any special Rules of the Jumping Discipline are in compliance with the permissible exceptions as per Article 117.5 of the GRs.
12. The report of the assessing foreign delegate must be sent to the FEI Secretary General who in turn will send a copy to the Chair of the Jumping Committee. The NFs of the qualified Horses and Athletes will be informed by the FEI immediately after the qualification is given.

ARTICLE 15 SECOND COMPETITION (TEAM FINAL, SECOND INDIVIDUAL)

1. Conduct, Table, Speed

This second Competition is conducted over two equal rounds run over one or two days under Table A not against the clock and without a jump-off at a speed of 350 m per minute.

2. Obstacles, Length of the courses

Twelve to 14 obstacles, including one double and one treble or three doubles. Height 1.25 m maximum with a spread in proportion not exceeding 1.35 m (1.70 m for the triple bar). At least two vertical obstacles, which must be 1.30 m in height (sloping walls do not count as compulsory vertical obstacles). At least six other obstacles of at least 1.25 m in height. No water jump.

Length: 500 m minimum, 700 m maximum.

After Consultation with the Course Designer, the Ground Jury may decide to move the obstacles sideways following the first round depending on the condition of the footing. The course must be re-measured if there is a change in the length. If the position of any of the obstacles is altered, the Athletes will be permitted to inspect the course before the second round.

3. Participation

Only the Athletes and Horses, which have taken part in the first Competition, may take part in the second Competition.

3.1. Individuals

3.1.1. The 50 Athletes (such number to be increased if there is equality for the 50th place) having the best Score deriving from the addition of the Scores obtained in the first individual qualifying Competition and Round one of Team Final (second individual qualification Competition) are allowed to participate in the third individual qualification Competition which is Round two of the Team Final.

3.1.2. If the Athletes qualified as above under 3.1.1 are not members of a team which has been qualified to participate in Round two of the Team Final, said Athletes will compete prior to Round two of the Team Final. There will be at least 30 minutes interval between this round and Round two of the Team Final.

3.2. Teams

3.2.1. Round two of the Team Final takes place after the third qualifying Competition for individuals. It is open only to the 10 best placed teams and those teams equal on Penalties for 10th place after Round one of the Team Competition.

3.2.2. All teams allowed to compete in Round two of the Team Final carry their Penalties forward from the first individual qualifying Competition and Round one of the Team Final.

Score obtained in Round two by members of teams who are not among the Athletes eligible to compete in the third individual qualifying Competition as mentioned under 3.1.1 above, count only for the classification of their respective teams.

4. Starting order

The starting order in this second Competition will be determined by a new draw in accordance with the same procedure as provided for the first Competition.

4.1. Individuals

4.1.1. The starting order of the individuals qualified to compete as mentioned hereinabove under section 3.1.1 is set according to the reverse order of the aggregate Penalties incurred in the first and the second individual qualifying Competitions. In case of Athletes with equality of Penalties, the Score of the first Competition will decide their starting order.

4.2. Teams

4.2.1. The starting order of the teams qualified to compete in Round two of the team Competition is set according to the reverse order of total Penalties of the best three Athletes per team incurred in the first individual qualifying Competition and of the best three Athletes per team in the Round one of the team Competition. Teams with equality of the Penalties retain the starting order of Round one.

4.2.2. Scores of individuals who are members of any team eligible to participate in round two as provided herein above will count for the classification of their team in the Team Final but also as their personal result in the third qualifying Competition if they are among the Athletes mentioned in paragraph 3.1.1 above.

5. Team Placing

The ten teams and those with equality of Penalties for 10th place receive their placing by adding the Penalties incurred by the best three Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in each of the two rounds of the second Competition. The team, which has obtained the least number of Penalties will be placed first and declared Continental team champion.

In the event of equality of Penalties between teams for first, second and/or third place, there will be a jump-off against the clock in which all team Athletes may take part, over six obstacles, which may be increased in height and/or spread at a speed of 350 m per minute.

The Score in this jump-off is obtained by adding the Penalties incurred by the three best Athletes in each team, but in the event of further equality of Penalties, the times of these three Athletes in the jump-off added together will decide the winning team as well as those placed second or third. The Score of this jump-off is only to determine the placing of the teams and will not count towards the final Scores of the individual Athletes.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first and the second place.

If after the jump-off there is equality of Penalties and time for one of the first three places, the teams concerned will be placed equal.

Teams not qualified for the second round of the team Competition receive their placing by adding the Penalties incurred by the three best Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in the first round of the team Competition.

6. Rest Day

A rest day must be scheduled between the second and third Competitions.

ARTICLE 16 THIRD COMPETITION (INDIVIDUAL FINAL)

1. Conduct, Table, Speed

This third Competition is conducted over two rounds (A) and (B) each judged under Table A not against the clock with a time allowed at a speed of 350 m per minute.

2. Obstacles, Length of the Courses

2.1. Round A

Ten to 12 obstacles, including one double and one treble or three doubles. Height: 1.25 m maximum with a spread in proportion, not exceeding 1.35 m (1.70 m for the triple bar). At least two vertical obstacles, which must be 1.30 m in height (sloping walls do not count as compulsory vertical obstacles). No water jump.

Length: 500 m minimum, 600 m maximum.

2.2. Round B

A different course from Round A comprising eight to ten obstacles including only one combination (one double or one treble). Height 1.30 m maximum with a spread in proportion not exceeding 1.35 m (1.70 m for the triple bar). At least two vertical obstacles, which must be 1.30 m in height (sloping walls do not count as compulsory vertical obstacles).

A water jump may not be included, but an obstacle with water beneath, in front or behind (a so-called "Liverpool") may be included in the course. Length: 400 m minimum, 500 m maximum.

3. Participation

This third Competition is compulsory for the 25 best placed Athletes and Horses (including those with equality of Penalties for 25th place) according to the cumulative Penalties over the first and second Competitions or according to the cumulative Penalties over the first Competition and first round of the second Competition as well as the round replacing the second round of the team Competition for individuals and members of teams not qualified for the second round of the team Competition. Athletes must have taken part in the first Competition (completed or not) and have completed the second Competition (without having been eliminated or having retired) or have taken part in the first Competition (completed or not) and have completed the first round of the second Competition as well as the round replacing the second round of the team Competition for individuals and members of teams not qualified for the second round of the team Competition (without having been eliminated or having retired). If for any reason one or more of these 25 best placed Athletes are unable to start, they will be replaced by Athletes from the reserve list of five Athletes.

4. Inspection of Course B

Athletes will be invited to inspect the course for round B at the conclusion of Round A.

5. Starting order

5.1. The starting order for round A will follow the reverse order of Penalties incurred in the first and second Competitions. For those individuals and members of teams not qualified for the second round of the team Competition the starting order will follow the reverse order of Penalties incurred in the first Competition and the first round of the second Competition as well as the round replacing the second round of the team Competition. In the event of equality of Penalties, the Score of the first Competition will decide the starting order. The 25th qualifier will, therefore, start as number one.

5.2. The starting order for round B will follow the reverse order of total Penalties incurred in round A of the final Competition, as well as in the first and second Competitions. For those individuals and members of teams not qualified for the second round of the team Competition the starting order will follow the reverse order of total Penalties incurred in round A of the final Competition, the first Competition and the first round of the second Competition, as well as the round replacing the second round of the team Competition. The Athlete with the most Penalties will start first, the Athlete with the least Penalties will start last. In the event of Athletes with equality of Penalties, the Score of the first Competition will decide their starting order.

6. Individual Placing

The individual placing is determined by adding together for each Athlete the Penalties incurred in the first Competition, as well as the two rounds of the second Competition (disregarding the Penalties incurred in the jump-off if there is one) and the two rounds A and B of the third Competition. For those individuals and members of teams not qualified for the second round of the Team Final their Score in the second round qualifier counts instead of the second round of the Team Final.

The Athlete with the least Penalties will be placed first and declared the Continental champion.

In the event of equality for one of the first three places after round B of the third Competition, there will be a jump-off against the clock at a speed of 350 m per minute over eight obstacles from the courses of rounds A and B. The Athletes will be invited to inspect the jump-off course.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first place and the second place.

If after the jump-off there is equality of Penalties and time for one of the first three places, Athletes concerned will be placed equal.

ARTICLE 17 PRIZES

1. Prize money will not be offered. Prizes in kind will be awarded after the first Competition to the 12 best Athletes, after the second Competition for teams to the six best teams only and after the third Competition to the best 12 overall placed Athletes.
2. FEI gold, silver and bronze medals will be awarded to each member of the three best placed teams in the Team Championship and to the individuals placed first, second and third in the Individual Championship.

ARTICLE 22 CONTINENTAL JUMPING CHAMPIONSHIPS

1. Entries

After the approval of the Schedule by the FEI Jumping Director, the invitations, together with the Schedule, are sent to the NFs of the appropriate Continent by the host NF.

2. Teams

2.1. Each NF may enter one team of not more than six Athletes and six Ponies from which five Athletes and five Ponies are allowed to travel to the Championship and four to start in the Team Final.

2.2. The OC must extend its invitation to a Chef d'Equipe who will be given the same privileges as the Athletes.

3. Individuals instead of teams

An NF which cannot send a complete team may enter one or two individual Athletes with one Pony each.

4. NFs are entitled to send one groom for each two Ponies with a maximum of two grooms per team.
5. The entries shall be made in two phases in accordance with the GRs Art. 116.2.3(i) – 116.2.3(ii):

The Schedule may include a date by which NFs are to indicate whether the intention is to send only a team or a team and individuals or only individuals. The maximum number of nominated and definite entries of Athletes and Ponies that may be entered in the Continental Pony Jumping Championship is as follows:

- Nominated entries: 12 Athletes and 12 Ponies
- Definite entries: 6 Athletes and 6 Ponies, of which 5 Athletes and 5 Ponies are allowed to travel to the Championship (see Art. 22.2.1 above).

6. Competition Format

- 6.1. The Championship comprises three Competitions, each taking place on a different day. The total Penalties incurred by the three best placed Athletes of each nation in the first Competition and in each round of the second Competition count towards the team placing and the total Penalties incurred in each of the three Championship Competitions count towards the individual placing.

6.2. First Competition (Teams and Individuals)

- 6.2.1. This is a Table A Competition against the clock without a jump-off in the event of equality for the first place (see JRs Art. 238.2.1). If an Athlete is eliminated or retires, he shall be penalised with 20 Penalties more than the Athlete with the highest number of Penalties. If the Athlete concerned has himself received the highest number of Penalties before being eliminated or retiring, 20 Penalties will be added to his Score.

- 6.2.2. There will be a draw for the starting order of the Athletes in the first Competition, conducted according to JRs Art. 252.

6.3. Second Competition (Team Final, Second Individual)

- 6.3.1. This Competition is run over two rounds, identical or different, with the same degree of difficulty in the second round, according to Table A not against the clock with a jump-off against the clock in case of equality for first, second and/or third place.

This Competition is open only to Athletes and Ponies which have taken part in the first qualifying Competition, the team classification only affecting the members of the teams who have declared to start.

6.3.2. Starting Order in the Second Competition.

Starting order in the Second Competition will be according to a draw in the first round, conducted according to JRs Art. 252. In the second round the order of starting will be according to the reverse order of total Penalties incurred by the best three Athletes ~~per from among the five of each~~ nation in the first Competition and by the best three Athletes per team in the first round of the Team Final.

In the second round individual Athletes will start before the teams. In the case of individuals or teams with equal Penalties, the same starting order will be retained as in the first round.

The starting order in the possible jump-off will revert to the starting order in the second round.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the second and first places.

The second round is open only to the ten best teams following the first Competition and the first round of the Team Final and those teams tied for 10th place.

~~In the second round individual Athletes will start before the teams.~~ Before the ten best placed teams and those tied for 10th place begin their second round, all individuals and team members not qualified for the second round may take part in a second round qualifier for the third Competition. There must be a break of at least 30 minutes between the second round qualifier and the second round of the Team Competition.

6.4. Farewell Competition

OCs must provide one individual Farewell Competition for those who are not qualified to participate in the Individual Final. This Competition is judged either under Table A against the clock without a jump-off (see JRs Art. 238.2.1) or under Table A against the clock with one jump-off against the clock in case of equality of Penalties for first place (see JRs Art. 238.2.2).

6.5. Third Competition (Individual Final)

- 6.5.1. This Competition consists of two different rounds A and B each judged under Table A not against the clock.

Qualified to participate are the top 60% of the Athletes (including those placed equal for last place) according to the cumulative Penalties over the first and the second Competitions. The number of Athletes permitted to participate must not be less than 15 and not more than 30. However, all Athletes with equal Penalties for the last qualification place are allowed to participate in the Individual Final even if the number of starters would then be more than 30.

They must have taken part in the first Competition (completed or not) and have completed the second Competition (without having been eliminated or without retiring). If, for any reason, one or more of the qualified Athletes are unable to start, they will not be replaced by followers.

All Athletes who complete Round A go forward to Round B. The Penalties in the two rounds are added.

The Athletes will be invited to inspect the course of Round B.

6.5.2. Starting Order

The starting order for Round A will follow the reverse order of Penalties incurred in the first and second Competitions of the Championship. In the event of equality of Penalties for any placing, the result of the first Competition will be the deciding factor for the starting order. The lowest placed qualified Athlete will therefore start first.

The starting order for Round B will follow the reverse order of the Penalties incurred in the first and second Competitions as well as Round A. The Athlete with the greatest number of Penalties will start first, the Athlete with the least Penalties will start last. In the event of Athletes with equal Penalties, the result of the first Competition will be the deciding factor for the starting order.

7. Declaration of Starters

- 7.1. The Chefs d'Equipe must declare the composition of their team (minimum three, maximum four Athletes/Ponies) to the OC in writing, before 18.00 hours, on the day preceding the second Competition. The fifth pair (Athlete/Pony) may take part in the second Competition as an individual and in the third (Individual Final) Competition if qualified.
- 7.2. The substitution of a team member by the fifth pair (Athlete/Pony) may only be allowed in case of an accident or illness either to one of the four team Athletes or to one of the four Ponies, provided the Chef d'Equipe obtains the approval of the Ground Jury. Such substitution may be made up to one hour before the start of the first round of the Team Final.
- 7.3. If the Championship is held during a CSI the OC may allow the Athletes participating in the Championship to take part with different Ponies in the Competitions of the CSI. The Ponies to be ridden in the Championship must, however, be declared before arrival at the Event and may not be substituted.

8. Obstacles and Courses

Refer to Article 16 above.

9. Ground Jury and Foreign Technical Delegate

The President of the Ground Jury and the Foreign Technical Delegate must be appointed by the FEI Jumping Director, in consultation with the Jumping Committee. Their appointment as well as that of the members of the Ground Jury must comply with the requirements set forth in the GRs.

10. Appeal Committee

The composition of the Appeal Committee and the appointment of its President and members must comply with the requirements of the GRs.

An Appeal Committee is not compulsory for CSIP Events.

11. Veterinary Commission

The composition of the Veterinary Commission and the appointment of its President and members must comply with the requirements set forth in the VRs.

12. In all circumstances not covered by the present Annex, the Ground Jury, being guided by the GRs of the FEI and the JRs will give such decisions as they consider will best produce a fair classification for the Championship.

13. Falls

A fall of the Athlete or Pony eliminates the Athlete from the Competition. This includes Championship Competitions, as well as Nations Cup Competitions. Nevertheless, the Athlete may take part in the second round of the Nations Cup Competition, providing that the official doctor and the Ground Jury give their approval. The Athlete eliminated is penalised with 20 Penalty points more than the worst placed Athlete in the concerned round (see Articles 22.6.2.1 and 22.15.2).

14. Team Classification

- 14.1. The team classification is decided by adding the Penalties incurred by the best three Athletes of each nation in the first Competition and in each of the two rounds of the Team Final. For those teams not qualified for the second round the results of the best three Athletes per team in the first round of the Team Final count.
- 14.2. Team Athletes not completing the first or second round receive 20 Penalties more than the worst placed team Athlete who has finished that particular round.
- 14.3. In the case of equality of Penalties between the teams for first, second and/or third place, a jump-off against the clock is compulsory in which all team Athletes participate. If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first and second place. The classification in this jump-off is obtained by adding the Penalties and the times incurred by the best three Athletes in each team. In case of further equality of Penalties and time, the teams will be placed equal.
- 14.4. In case of equality of Penalties for any other placing, the teams will be placed equal.
- 14.5. In addition to the team classification there will be an individual classification with prizes for this Competition.

15. Individual Classification

- 15.1. The individual placing is determined for each Athlete by adding the Penalties incurred in the first qualifying Competition, both rounds in the second qualifying Competition (disregarding the Penalties incurred in the jump-off, if any) and in rounds A and B of the third Competition (Individual Final).
- 15.2. In case of equality of Penalties for the first, second and/or third place a jump-off, against the clock, is compulsory. If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first and second place. In case of further equality of Penalties and time, the Athletes will be placed equal.

- 15.3. Two classifications for the Individual Final Competition must be provided; one for the individual Medal winners and another for all Athletes taking part in this Competition. For the latter classification only the results from Rounds A and B count. Athletes with equality of Penalties are placed equal.

 - 2.4. While Competitions under JRs Art. 238 should not be neglected, thought should also be given to Competitions under Table C and the special Competitions listed in JRs Art. 265 to 271, but Competitions under JRs Art. 262.2 (Puissance) and JRs Art. 262.3 (Six Bar and Obstacles in Line Competitions) are not permitted.

The second round is only open to the ten best teams following the first qualifying Competition and the first round of the Team Competition and those teams placed equal for 10th place.

Before the ten best placed teams and those placed equal for 10th place begin their second round, all individuals and team members not qualified for the second round may take part in a second round qualifier for the third Competition. There must be a break of at least 30 minutes between this second round qualifier and the second round of the Team Competition.

All Athletes who complete round A go forward to round B. The Penalties in both rounds are added.

Athletes will be invited to inspect the course of round B.

4.2.2. Starting order

The starting order for round A will follow the reverse order of Penalties incurred in the first and second qualifying Competitions of the Championship. The draw for the starting order for individuals and teams will be conducted in accordance with the procedure laid down in JRs Art. 252. The Chefs d'Equipe of the teams with only three Athletes may choose in which of the three places out of four they will start their Athletes.
5. Penalties

The Athlete with the lowest number of points after this conversion will be given zero Penalties, the other Athletes being credited with the number of Penalties representing the difference in points between each of them and the leading Athlete.
If an Athlete is eliminated or does not complete his round for any reason, he will be penalised with 20 Penalties more than the Athlete who has been the most severely penalised after the times of all Athletes who completed the Competition have been converted into Penalties.

ARTICLE 310 SECOND COMPETITION (TEAM FINAL COMPETITION, SECOND INDIVIDUAL)

1. Conduct, Table, Speed
The second Competition is conducted over two rounds run over two days under Table A not against the clock, at a speed of 400 m per minute, with a jump-off against the clock in case of teams tied on Penalties for first place following

the first and second Competitions. At the discretion of the Technical Delegate, depending on the size of the arena, the speed may be reduced to 375 m per minute. The course of each round must be different.

2. Obstacles, Length of the Course (First and Second Rounds)

Twelve to 14 obstacles, including one double and one treble or three doubles. Height 1.65 m maximum with a spread in proportion not exceeding 2.00 m (2.20 m for the triple bar). A maximum of two spread obstacles with a width of 1.00 m or less may be used. At least two vertical obstacles, which must be minimum 1.60 m in height. Sloping walls do not count as compulsory vertical obstacles. At least six other obstacles of at least 1.40 m in height. Water Jump (compulsory in the first round of the second Competition, optional in the second round): 4.00 m including the take-off element.

Length: 500 m minimum, 700 m maximum.

3. Participation

3.1 First Round

Only the Athletes and Horses, which have taken part in the first Competition, may start in the second Competition.

3.2 Second Round

3.2.1 The second round is open only to the 10 best teams after the first round and those teams with equality of Penalties for 10th place and the 60 best placed Athletes (plus those tied for 60th place) according to their classification following the first Competition and the first round of the second Competition. Teams that withdraw before the start of the second round will not be replaced.

3.2.2 Members of teams who do not find themselves among the top 60 Athletes following the first Competition and the first round of the second Competition may take part in the second round only for the purpose of having their score count for the team classification.

3.2.3 Team Athletes who are among the 60 best placed Athletes following the first Competition and the first round of the second Competition, but whose team is not qualified for the second round, are permitted to take part in the second round as individuals.

4. Starting order

4.1 First Round

The starting order in the first round of the second Competition will be determined by a new draw in accordance with the same procedure as provided for the first Competition.

4.2 Second Round

4.2.1 The individuals among the 60 best placed Athletes (plus those tied for 60th place) following the first Competition and the first round of the second Competition will compete in the second round before the 10 best placed teams and those with equality of Penalties for the 10th place begin their second round. For the avoidance of doubt, team Athletes who are among the aforementioned 60 best placed Athletes, but whose team is not qualified for the second round, will compete as individuals in the second round (refer to Art. 310.3.2.3). There must be an interval of at least 30 minutes between the second round for individuals and the second round for the teams.

The starting order for those qualified to participate as individuals in the second round is according to the reverse order of total Penalties incurred in the first Competition and the first round of the second Competition. In case of Athletes with equality of Penalties, the Score (time) of the first Competition will decide their starting order.

4.2.2 The starting order of the 10 best placed teams and those teams with equality of Penalties for 10th place in the second round is according to the reverse order of the total Penalties of the best three Athletes per team incurred in the first Competition and of the best three Athletes per team in the first round of the second Competition. In case of equality of total Penalties teams retain the same starting order as in the first round.

ARTICLE 311 TEAM PLACING

Teams which participate in the second round of the second Competition receive their placing by adding the Penalties incurred by the three best Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in each of the two rounds of the second Competition. The team which has obtained the least number of Penalties will be placed first and declared World Team Champion.

In the event of equality of Penalties between teams for first place, there will be a jump-off against the clock in which all team Athletes may take part, at a speed of 400 m per minute over at least six obstacles, which may be increased in height and/or spread. At the discretion of the Technical Delegate, depending on the size of the arena, the speed may be reduced to 375 m per minute. Teams on equality of penalties for any other placing will be placed according to the combined times of their three best Athletes in the second round of the second Competition, the team with the faster time being placed ahead of the team with the slower time.

The Score in this jump-off is obtained by adding the Penalties incurred by the three best Athletes in each team, but in the event of further equality of Penalties, the times of these three Athletes in this jump-off added together will decide the winning team. The score of this jump-off is only to determine the placing of the teams and will not count towards the final Scores of the individual Athletes.

If after the jump-off there are teams with equality of Penalties and time, the teams concerned will be placed equal.

Teams not qualified for the second round of the second Competition receive their placing by adding the Penalties incurred by the three best Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in the first round of the second Competition. Teams on equality of Penalties will be placed equal.

In addition to the team classification there will be an individual classification with prizes for the second Competition.

ARTICLE 312 REST DAY

A rest day must be scheduled between the second and third Competitions.

ARTICLE 313 THIRD COMPETITION (INDIVIDUAL FINAL COMPETITION)

1. Conduct, Table, Speed

The third Competition is conducted under Table A not against the clock over two different successive rounds at a speed of 400 m per minute, without a jump-off in the event of equality of Penalties for first place in the classification of the Competition; in the event of equality of Penalties for first place in the overall classification for the Championship, there will be one jump-off against the clock (see Art. 314.2). At the discretion of the Technical Delegate, depending on the size of the arena, the speed may be reduced to 375 m per minute.

2. Obstacles, Length of the courses

Round A and Round B are approximately equal in the number of obstacles and the length of the course, Round B having an increased level of difficulty.

2.1. Round A

Eleven to thirteen obstacles, including one double and one treble or three doubles. Height 1.65 m maximum with a spread in proportion, not exceeding 2.00 m (2.20 m for the triple bar). A maximum of two spread obstacles with a width of 1.00 m or less may be used. At least two vertical obstacles which must be minimum 1.60 m in height. Sloping walls do not count as compulsory vertical obstacles. At least six other obstacles of at least 1.40 m in height. Water jump, if used (see Art. 308.3): 4.00 m including the take-off element.

Length: 450 m minimum, 600 m maximum.

2.2. Round B

A different course from Round A comprising a maximum of 12 obstacles including two combinations (one double and one treble or two doubles). Height 1.65 m maximum with a spread in proportion not exceeding 2.00 m (2.20 m for the triple bar). A maximum of two spread obstacles with a width of 1.00 m or less may be used. At least two vertical obstacles, which must be minimum 1.60 m in height. Sloping walls do not count as compulsory vertical obstacles.

A water jump may not be included, but an obstacle with water beneath, in front or behind (a so-called "Liverpool") may be included in the course.

Length: 400 m minimum, 550 m maximum.

3. Participation

Round A of the third Competition is compulsory for the 25 best placed Athletes and Horses (including those placed equal for 25th place) according to the cumulative Penalties over the first and second Competitions.

Athletes must have taken part in the first Competition (completed or not) and have completed both rounds of the second Competition (without having been eliminated or having retired). If, for any reason, one or more of these 25 best placed Athletes are unable to start, they may be replaced by the next best placed Athlete(s) from the reserve list of five Athletes.

Round B

Round B of the third Competition is open to the 12 best placed Athletes and Horses according to the cumulative Penalties over the first and second Competitions and Round A of the third Competition.

In case of Athletes tied on cumulative Penalties for 12th place following Round A, the result in Round A will be the deciding factor. In case of further equality of Penalties, the time of Round A will be used to break the tie.

4. Inspecting the Course Round B

Athletes will be invited to inspect the course for Round B at the conclusion of Round A.

5. Starting order

5.1 The starting order for Round A will follow the reverse order of Penalties incurred in the first and second Competitions. The Athlete with the most Penalties will start first, the Athlete with the least Penalties will start last. In case of Athletes with equality of Penalties, the Score (time) in the first Competition will decide the starting order, the Athlete with the slower time starting before the Athlete with the faster time.

5.2 The starting order for Round B will follow the reverse order of total Penalties incurred in the first and second Competitions and in Round A of the third Competition. The Athlete with the most Penalties will start first, the Athlete

with the least Penalties will start last. In case of Athletes with equality of Penalties, the Score (time) of the first Competition will decide the starting order, the Athlete with the slower time starting before the Athlete with the faster time.

6. Classification and Prizes for the Third Competition

In addition to the overall classification for the Championship (see Art. 314.1), there will be a separate classification, with prizes, for the third Competition. Prizes in kind will be distributed to 25% of starters in the third Competition based on the cumulative Penalties of Rounds A and B. There will be no prize giving ceremony for the classification of the third Competition.

Refer to Articles 314.1 and 315.2 for details on overall classification and prizes for the Individual Championship.

ARTICLE 314 INDIVIDUAL PLACING IN THE CHAMPIONSHIP

1. Athletes receive their overall placing by adding the Penalties incurred in the first, second and third Competitions. The Athlete who has the lowest total Penalties will be declared World Champion.
2. In the event of equality of Penalties for first place in the overall classification there will be a jump-off against the clock over at least six obstacles, which may be increased in height and/or spread. Athletes with equality of Penalties for any other placing will be placed according to their combined times in Rounds A and B of the third Competition, the Athlete with the faster time being placed ahead of the Athlete with the slower time.
3. If after the jump-off there are Athletes with equality of Penalties and time, the Athletes concerned will be placed equal.

ARTICLE 315 PRIZES AND MEDALS

1. Prizes must be awarded for individual placing in each Competition. The allocation of prizes must follow the provisions of the GRs.

In case of equality of Penalties for any place Athletes retain the same starting place as in the first Competition.

Teams – Round 1:

Following the first Individual Competition, teams are divided into two groups based on the results of the best three Athletes in each team. The first group of teams to start in the first round of the Team Competition is that with teams placed eleventh and beyond. The group with teams placed first to tenth and those placed *ex aequo* for tenth place start last. Teams in each group start in the reverse order of classification resulting from the first Individual Competition. There is a draw to decide the starting order for teams in case of equality of Penalties.

Competitions. In case of Athletes with equality of Penalties, the score of the first Competition will decide their starting order.

In the event of equality of Penalties between teams for first, second and/or third place, there will be a jump-off against the clock in which all team Athletes may take part, over six obstacles, which may be increased in height and/or spread at a speed of 400 m per minute. At the discretion of the Technical Delegate, depending on the size of the arena, the speed may be reduced to 375 m per minute. The score in this jump-off is obtained by adding the Penalties incurred by the three best Athletes in each team, but in the event of further equality of Penalties, the times of these three Athletes in the jump-off added together will decide the winning team as well as those placed second or third. The score of this jump-off is only to determine the placing of the teams and will not count towards the final scores of the individual Athletes.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first and the second place.

If after the jump-off there is equality of Penalties and time for one of the first three places, the teams concerned will be placed equal.

Teams not qualified for the second round of the Team Competition receive their placing by adding the Penalties incurred by the three best Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in the first round of the team Competition.

11.3.2.2. All teams if not eliminated or retiring in Round 1 are allowed to compete in Round 2 of the Team Competition and carry their Penalties forward from the First Individual Qualifying Competition and Round 1 of the Team Competition.

11.4. Starting order

Individuals and Teams – Round 1:

The starting order for Round 1 is drawn in the presence of the Ground Jury, the Foreign Technical Delegate and the Chefs d'Equipe, at a time fixed by the President of the Ground Jury in agreement with the OC after the training session. The draw for the starting order for individuals and teams will be conducted in accordance with the procedure laid down in JRs Art. 252. The Chefs d'Equipe of teams with only three Athletes may choose in which of the three places out of four they will start their Athletes.

11.4.1. Individuals – Round 2

11.4.1.1. First to start in Round 2 of the Team Final Competition are all individuals. The starting order of the Individuals qualified to compete as mentioned herein above under section 11.3.1.1 is set according to the reverse order of the aggregate Penalties incurred in the First and the Second Individual Qualifying Competitions. In case of Athletes with equality of Penalties, the score of the first Competition will decide their starting order.

11.4.2. Teams – Round 2

11.4.2.1. The starting order of Teams in Round 2 is set according to the reverse order of total Penalties of the best three Athletes per team incurred in the First Individual Qualifying Competition and of the best three Athletes per team in the Round 1 of the team Competition.

Teams with equality of the Penalties retain the starting order of Round 1.

Scores of Individuals who are members of any team eligible to participate in Round 2 as provided herein above will count for the classification of their team in the Team Competition but also as their personal result in the Third Qualifying Competition if they are among the Athletes mentioned in paragraph 11.3.1.1 above.
- 11.5. Team Placing
Teams receive their placing by adding the Penalties incurred by the best three Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in each of the two rounds of the second Competition. The team, which has obtained the least number of Penalties will be placed first and declared Gold Medal winner.
In the event of equality of Penalties between teams for first, second and/or third place, there will be a jump-off against the clock in which all team Athletes may take part, over six obstacles, which may be increased in height and/or spread at a speed of 375 m per minute. In case of equality of Penalties for any other placing, teams will be placed equal.
The score in this jump-off is obtained by adding the Penalties incurred by the three best Athletes in each team, but in the event of further equality of Penalties, the times of these three Athletes in the jump-off added together will decide the winning team as well as those placed second or third. The score of this jump-off is only to determine the placing of the teams and will not count towards the final scores of the individual Athletes.
If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first and the second place.
If after the jump-off there is equality of Penalties and time for one of the first three places, the teams concerned will be placed equal.
Teams not taking part in Round 2 of the Team Competition providing they are not eliminated or retire in Round 1 receive their placing by adding the Penalties incurred by the three best Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in the Round 1 of the team Competition.
Medals will be awarded for teams: Gold for the first place, Silver for the second place and Bronze for the third place.
- 11.6. Rest Day

- 12.4. Inspection of Course B
Athletes will be invited to inspect the course for Round B at the conclusion of Round A.
- 12.5. Starting order
- 12.5.1. The starting order for Round A will follow the reverse order of Penalties incurred in the first and second Competitions.
- 12.5.2. The starting order for Round B will follow the reverse order of total Penalties incurred in Round A of the Final Competition, as well as in the first and second Competitions. The Athlete with the most Penalties will start first, the Athlete with the least Penalties will start last. In the event of Athletes with equality of Penalties, the score of the first Competition will decide their starting order.
- 12.6. Individual Placing Third Competition

The Individual placing for this Competition is determined by adding together for each Athlete the Penalties incurred in Round A and Round B. The Athlete with the least Penalties will be placed first and declared the Gold Medal Winner.

In the event of equality for one of the first three places after Round B of the third Competition, there will be a jump-off against the clock at a speed of 375 m per minute over eight obstacles from the courses of Rounds A and B. The Athletes will be invited to inspect the jump-off course.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first place and the second place. If after the jump-off there is equality of Penalties and time for one of the first three places, Athletes concerned will be placed equal.

Medals will be awarded for individuals: Gold for the first place, Silver for the second place and Bronze for the third place.

Ribbons will be awarded for the first six combinations. Six combinations are invited to the Prize Giving Ceremony mounted.

13. OVERALL INDIVIDUAL CLASSIFICATION

The overall individual classification is determined by adding together for each Athlete the Penalties incurred in the first Competition, as well as the two Rounds of the second Competition (disregarding the Penalties incurred in the jump-off if there is one) and the two Rounds A and B of the third Competition.

The Athlete with the least Penalties will be placed first and declared the Gold Medal Winner.

In the event of equality for one of the first three overall places after Round B of the third Competition, there will be a jump-off against the clock at a speed of 375 m per minute over eight obstacles from the courses of Rounds A and B. The course of the jump-off for the Third Competition will be used for the jump-off for the overall Individual classification. The Athletes will be invited to inspect the jump-off course.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first place and the second place. If after the jump-off there is equality of Penalties and time for one of the first three places, Athletes concerned will be placed equal.

No Athlete will be required to take part in two jump-offs to decide the overall Individual classification and the Third Competition classification. If an Athlete is involved in more than one tie, e.g. a tie for first, second or third place in the Third Competition and a tie for one of the first three places in the overall Individual classification, he will participate in only one jump-off, i.e. the jump-off for the Third Competition; his score in this jump-off will count as his score in the jump-off for the overall classification.

Medals will be awarded for individuals: Gold for the First place, Silver for the Second place and Bronze for the Third place.

Ribbons will be awarded for the first six combinations and these combinations will be invited to the Prize Giving Ceremony mounted.
