Re: NF Responsibilities and Administration of the FEI World Challenges

Dear National Federations,

This document is intended as a reminder of the key responsibilities linked with the organisation of the FEI World Challenge series.

You will also find processes to be followed prior, during and after each competition.

As an organising NF, it is your responsibility to follow these various processes and make sure that the rules of each series are applied.

A. Pre-Competition Responsibilities:

Application: in accordance with the rules, NFs are responsible for sending in the corresponding application duly completed with the dates, venue and officials appointed for each respective competition. Should some information still be pending, the competition will be added to the online platform with the details provided on the application.

- ⇒ If the **dates** are not yet confirmed, the competition will appear with the status "Draft" and fictitious date of 31 December, until the dates are confirmed.
- ⇒ If the **officials** have not been confirmed, it is the responsibility of the NF to confirm their names at least 2 months prior to the competitions as stated in the rules.

Any changes must be provided as soon as possible, prior to the competition.

Appointment of Officials: the organising NF must appoint the officials in accordance with the rules and inform the FEI preferably at the time of the application or at the latest two months prior to the competition.

- ⇒ Once the officials have been appointed, it is the responsibility of the NF/OC to make all travel and accommodation arrangements. It is strongly recommended that all parties agree upon daily fees (per diem) prior to the competition in order to avoid any issues and to plan the required budget.

OC / NF Relationship: NFs must coordinate with each competition's Organising Committee to make sure the competition is organised in accordance with the rules. The NF must provide the OC with all the relevant documents (rules, checklists, course plans for Jumping, dressage tests for Dressage, etc.) pertaining to the organisation of the competition(s).

All documents can be found and downloaded on the FEI website under:

- ⇒ FEI Jumping World Challenge: <https://inside.fei.org/fei/disc/fei-world-challenge/jumping/downloads>.
- ⇒ FEI Dressage World Challenge: <https://inside.fei.org/fei/disc/fei-world-challenge/dressage/downloads>.
- ⇒ FEI Vaulting World Challenge: <https://inside.fei.org/fei/disc/fei-world-challenge/vaulting/downloads>.

Communication: NFs must communicate to the Athletes all information relevant to the competition, including the rules, the programme, the entry conditions (i.e.: athlete/horse eligibility, entry fee if any, stabling conditions if applicable, etc.) and deadline(s) - OCs/NFs may decide to set other deadlines, but at the latest, definite entries must be made the day prior to the competition. This information should be available on the NF's website.

Platform Administration - Entries: All NFs taking part in the Challenge series have appointed a Challenge IT Platform Administrator. This person is in charge of:

- 1) Creating Athletes and Horses' Profiles
- 2) Updating Athletes and Horses' Registration
- 3) Managing Competitions' Entries*
- 4) Uploading Competitions' Results* – *Post Competition*

When the set Entry Deadline (definite entries minimum 1 day prior to the competition) as communicated to the Athletes has passed, the Administrator will have to follow the procedure step by step as described in the Annex.

**Entries & Results management are not yet available on the IT Challenge Platform for the FEI Vaulting World Challenge; consequently, the information will be provided by using the corresponding Score & Result sheets available on the "Downloads" page.*

IMPORTANT: It is the responsibility of the NF to make sure that ALL combinations entered for each competition are eligible in accordance with the rules. Failure to comply will result in the combination's **disqualification**.

❖ **FEI Jumping World Challenge:**

3.1 The three categories are open to all athletes from the beginning of the year in which they reach their 14th birthday for Categories A, B, & C.

3.2 A **horse** may compete with only **ONE Athlete**, in only **ONE Category** throughout the FEI Jumping World Challenge during **the same year**.

➤ *Consequently a Horse cannot change Athlete and/or Category from one competition to another. Ex: Competition 1 - Horse "Handcock" is ridden by Athlete "John Doe" in Category A, this horse can ONLY compete in **Category A** with "**John Doe**" for Competitions 2 and 3. See art. 3.4 as well.*

3.3 An athlete may ride in all 3 Categories with 3 different horses. In addition to his Individual results, if an athlete competes in more than one Category only the results of the highest Category will count for the Team ranking (see Art. 8.4).

3.4 **Horses** cannot be ridden by more than **one athlete** in **one Category** throughout the FEI Jumping World Challenge during the same year. Athletes may ride more than one horse in a category but the results of only one horse will count. This horse must be declared before the first round of the first Competition in which the athlete takes part. The athlete must complete the official FEI Declaration Form sign it and submit it to the OC. The OC must in turn submit this to the PGJ – all forms must be signed and submitted before the start of the competition. A copy of the form (with both signatures) must be submitted to the FEI with the results. The declared horse must be ridden first in all rounds of all Competitions. The results obtained with the other horses will not count towards the final standings.

➤ *"The declared horse must be ridden first in all rounds of all Competitions", consequently if an Athlete competes with only one Horse in Competition 1 Category A, but competes with two Horses in Competition 2 Category A, his declared horse will be the one ridden in Competition 1. The horse ridden in the first round of the first Competition in which the Athlete takes part is automatically considered as the declared horse.*

3.5 Athletes having participated at more than 3 International Jumping events (this includes Senior Regional/Continental Games & Championships/WEG/OG) in competitions at 1.35m and higher in the same year are not allowed to compete.

An athlete that has NOT competed at the above mentioned level since more than 3 years is allowed to compete in the FEI Jumping World Challenge again.

This restriction does not apply to Juniors and Young Riders.

Other restrictions may apply based on National Federation's participation criteria. Athletes must consult the National regulations for such restrictions.

3.11 **Category A, B and C:**

An athlete/horse combination eliminated in one competition of the Category A, B or C may start in the other competitions of the same Category.

An athlete/horse combination eliminated in the 1st round of any competition, is NOT allowed to start in the 2nd rounds of the competition.

Foreign Athletes from another Challenge NF:

3.9

Foreign Athletes from another Challenge NF or from a 'non-Challenge' NF may compete in the FEI Jumping World Challenge under the conditions of Art. 101.2, FEI General Regulations. **Foreign Athletes may only compete for their country of sport nationality, and cannot be a member of the host country's team.**

- *Foreign Athletes can only be entered in the platform by the FEI upon receipt of their respective NF permission as per the rules. NFs/OCs are therefore responsible to make sure athletes provide permission before accepting their entry.*

2.7 The Challenge Competition is open to all Horses and ponies of any origin provided they have successfully passed the Veterinary Inspection. From this point forth, both Horses and ponies will be referred to as 'Horses' and therefore can be ridden in all categories by Seniors or Juniors.

Horses may compete if they are a minimum of:

- 5 years of age for the Senior I Class
- 6 years of age for the Youth and Senior II Classes
- 7 years of age for the PSG and Intermediate I Classes.

2.9 Any **Athlete/Horse combination** that has competed at any FEI Events (**CDIs, Regional Games and/or Senior Regional Championships**) in tests higher than Intermediate I is not permitted to participate in any of the Challenge classes. This only applies to Athlete/Horse **combinations**, therefore an Athlete can compete using another Horse and a Horse can be ridden by another Athlete (refer to 2.12).

Other restrictions may apply based on National Federation's participation criteria. Athletes must consult the National regulations for such restrictions.

2.10 Any **Athlete or Horse** that has participated in an Olympic Games, an FEI World Equestrian Games and/or Senior European Championships is no longer eligible to compete in the Challenge.

2.12 An Athlete or Horse is allowed to start **maximum twice** in the Challenge classes, ... *see full article for possible starting options.*

However, permission to take part will only be granted if the quota of 40 places is not reached. **Foreign Athletes may only compete for their country of sport nationality, and cannot be a member of the host country's team.**

- *Foreign Athletes can only be entered in the platform by the FEI upon receipt of their respective NF permission as per the rules. NFs/OCs are therefore responsible to make sure athletes provide permission before accepting their entry.*

- 4.6 Any Vaultler that has participated in FEI World/Continental Championships in Individual and/or Pas-de-Deux is no longer eligible to compete in the Challenge.
- 4.7 It is the responsibility of the National Federation to select the participants (Horses / Athletes) for the FEI WCHA-V event in strict accordance with the participation rules above and make sure that Athletes and Horses comply with these rules.
- 4.8 National Federations are responsible to declare that their athletes have the experience required to take part in the Level in which they have been entered and that their performances entirely satisfy the standards.
- 4.10 A Vaultler is allowed to start **once** in an Individual and **once** in a PDD and is **not** allowed to start in a national competition held at the same event.

Foreign Athletes from another Challenge NF:

- 4.2 Foreign Athletes from another Challenge NF or from a `non-Challenge` NF may compete in the Vaulting World Challenge under the conditions of Art. 101.2, FEI General Regulations. **Foreign Athletes may only compete for their country of sport nationality.**
 - *Foreign Athletes can only be entered in the Vaulting Challenge upon receipt of their respective NF permission as per the rules. NFs/OCs are therefore responsible to make sure athletes provide permission before accepting their entry. A copy of the permission letter must be sent to the FEI prior to the beginning of the competition. If an athlete will be competing in a Foreign country for an entire season and therefore taking part in several competitions, ONE letter is sufficient.*

Other relevant articles:

- 2.3 **All Vaulters** per level **performing on the same Horse** enter the arena together. No one else may enter the arena (refer to 4.11/2.1).
- 2.4 All tests must be performed on the **same Horse** with the **same Lunger**. Once the Competition has started, a Horse or a Lunger may not be replaced. The Horse may go to the right or to the left, in canter or walk depending on the test being shown.

B. NF/OC Responsibilities During the Competition:

Organisation: each OC/NF is responsible for the organisation of the competition in accordance with the rules.

The OC must go through the relevant checklist(s) to make sure everything is ready on the day of the competition, starting with the arrival of the Athletes/Horses for the Vet Inspection to their departure after the prize giving ceremony.

The NF/OC must Complete and Compile all documents that will need to be returned to the FEI after the competition (checklist, show information, results, reports, horse declaration forms, team declaration forms, etc.).

C. Post-Competition Responsibilities:

Platform Administration - Results: Once the competition is over, the OC/NF must provide the results of each class/category to the Challenge Platform Administrator. It is then the Administrator's responsibility to **input** these results onto the platform – VALIDATION IS DONE BY THE FEI.

In order to avoid "human errors" when inputting the results on the platform, we strongly recommend for Administrators to process their results using the Excel/CSV files and import the results directly on the platform rather than entering them "manually". The procedure to import results from a CSV file is described in the Annex.

IMPORTANT: It is the responsibility of the NF to make sure that ALL results recorded/inputted in the platform have been cross-referenced with the official results signed by the FEI Officials and that they correspond at 100% (Jumping: Penalties and times / Dressage: Marks and Percentage).

Post-Competition Documents: The NF is responsible for collecting all the documents as required in the rules and to submit them to the FEI within the allocated time (no later than 14 days after the competition).
