

Paralympic Games Paris 2024

NPC P ACCREDITATION ACCESS POLICY

1. Introduction

The information below stems from the *IPC Accreditation at the Paralympic Games – Detailed specification* published in July 2023 and aims to clarify how this concept will apply for Paris 2024.

P Accreditations will be in place for Paris 2024. The IPC allows access to specific venues for personal coaches, training partners, handlers and Boccia personnel for the Paralympic Games using “P” accreditations allocated to each NPC according to the “P” accreditation quotas and conditions outlined in the following tables.

2. Operational Rules

- “P” accredited persons are not part of an NPC official delegation and will not be considered when calculating the bed allocation in the Paralympic Village(s) and will need to make their own provision to obtain a visa to enter French territory.
- “P” accreditations may not be used by alternate athletes.
- “P” accreditations are nominative and non-transferrable.
- “P” accreditations do not grant additional entitlements such as seating, dining or transport services.
- “P” accreditations will only be available for NPCs who have filled their “Ro” quota by the time of the F-DRM.
- Inappropriate use of “P” accreditation or inappropriate behaviour of P holders will result in the P accreditation being suspended or cancelled.
- “P” accreditations cannot be transferred to “Ro” or “Village Administration Accreditation”.

3. "P" Accreditation Quotas

4. Venue & Zone Access

P accreditation gives access to a single sport training venue only. Should a sport have multiple training venues, then the P accreditation will give access to all the training venues for that sport.

Should a sport have a training venue on a competition venue, access will only be allowed to the venue in the pre-competition period, unless there is a dedicated training area on the venue.

If the training area is the competition FOP for specific time slots, then access may be given during those slots.

Please see below an overview of general access rights for P accredited persons:

Privilege	Accessible Areas
Sports/Venues	
CODE	Competition venue(s) and training venue(s) for each discipline – white letters with black background
CODE	Training venue(s) anytime and/or competition venue(s) on training days only – white letters with green background
Zones	
WHITE	General circulation areas
2	Athlete preparation areas

As a standard rule, P accredited persons will not be able to access zone BLUE (Field of Play) as accreditation zones are not activated during pre-competition periods. For disciplines where access to zone BLUE is needed during the competition period, upgrade passes or SACDs will be provided.

Training Partners may only have access to the Warm-Up area during the warm-up slot of the corresponding athlete. If required, an SACD may be provided by SPT.

Please note that P accredited persons will be expected to vacate premises once the training session is over.

Please note that P accredited persons do not have access to the Athletes Lounges.

Please note that P accredited persons do not have access to technical filming positions.

Please note that P accredited persons do not have access to SDA seating areas, nor any other positions in the stands, unless they have a valid ticket.

P ACCREDITED ACCESS THE TRAINING VENUES IN THE PARALYMPIC VILLAGE

The P accreditation will not allow access to Paralympic Villages unless the accredited person uses an Paralympic Village Guest pass.

For Para-Taekwondo, the only discipline with a training venue inside the PLU and P accredited training partners, P accredited persons will not have "PLU" or "R" on their accreditation, but a specific code giving them access to the Paralympic Village at the main entry, and to the corresponding training venues.
