CODE OF CONDUCT

FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. **General Welfare:**

a) Good Horse management

Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality forage, feed and water must always be available.

b) Training methods

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

c) Farriery and tack

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

d) Transport

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.

e) Transit

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. **Fitness to compete:**

a) Fitness and competence

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and competitions; additional rest periods should be allowed following travelling.

b) Health status

No Horse deemed unfit to compete may compete or continue to compete, veterinary advice must be sought whenever there is any doubt.

c) Doping and Medication

Any action or intent of doping and illicit use of medication constitute a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

d) Surgical procedures

Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.

e) Pregnant/recently foaled mares

Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. **Events must not prejudice Horse welfare:**

a) Competition area

Horses must be trained and compete on suitable and safe surfaces. All obstacles and competition conditions must be designed with the safety of the Horse in mind.

b) Ground surfaces

All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injury.

c) Extreme weather

Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

d) Stabling at Events

Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. **Humane treatment of horses:**

a) Veterinary treatment

Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

b) Referral centres

Wherever necessary, Horses should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

c) Competition injuries

The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.

d) Euthanasia

If injuries are sufficiently severe a Horse may need to be euthanized on humane grounds by a veterinarian as soon as possible, with the sole aim of minimising suffering.

e) Retirement

Horses must be treated sympathetically and humanely when they retire from Competition

5. **Education:**

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

If the PR contests the validity of the test results, FEI Legal Director, IPC Medical and Scientific Director, and FEI Veterinary Director must be informed immediately by confidential letter. All copies of the original and subsequent analytical documents must be submitted to the FEI.

Article 616 – RESPONSIBILITY AND LIABILITY

Neither the Organising Committee nor the FEI accepts any responsibility for any accident or illness that may befall any Horse, Athlete, Groom or any other person. The same applies in case of damage to cars, saddlery, equipment, utensils and all other objects (including damage resulting from theft, loss, fire).

NFs/NPCs are responsible to ensure that each participating Horse is insured for a sufficient amount to cover any eventuality that can occur during or in relation to the Paralympic Games including without limitations, problems during OCOG organised transportation between port of arrival and Equestrian venue in the host country.

All owners and Athletes are personally responsible for damages to third parties caused by themselves, their employees, their agents or their Horses. They are therefore strongly advised to take out a third party insurance providing full coverage for participation in Equestrian Events at home and abroad and to keep the policy up to date.

To the greatest extent permitted by law, the FEI and the OCOG expressly exclude any liability for any damages relating to loss of property or injury of any kind to Athletes, Owners, Support Personnel or Horses at or in connection with the Tokyo 2020 Paralympic Games. - 5.** No deposit is required for Protests concerning Abuse of Horse.
- 6.** Protests and Appeals to the Court of Arbitration for Sport (CAS) must be made in accordance with the relevant IPC Rules and the CAS Arbitration Rules for the Paralympic Games.
- 7.** The Appeal Committee is appointed in accordance with Article 150 of the GRs.

Article 160 of the GRs shall apply to the duties of the Appeal Committee during the Paralympic Games with the following clarifications:

- For the Paralympic Games, the Appeal Committee shall consist of 1 President, 1 Vice-President and 3 (three) other members;

Article 619 - OWNERS OF HORSES

1. ACCREDITATION

Each NPC may request accreditation for a maximum of two owners for each Horse allowed in the Paralympic Stables during the Paralympic Games. The name of one (1) out of the two (2) owners must be stated in the FEI Horse Passport. Access will include the stables in accordance with the VRs along with the training areas and the Athletes' and Paralympic Family seating.

2. REGISTERED OWNERS

The NF of a Horse belonging to a partnership or a syndicate of owners must inform the FEI by the date of the OCOG/IPC Nominated Entries for NPCs: 19 June 2020 of the name of one owner to ensure that it is entered in the Paralympic Accreditation System.

Article 620 – SCOREBOARDS, VIDEO BOARDS

An electronic scoreboard must be provided by OCOG within the Main Arena.

Any video board in the Main Arena must be placed at a height such that it will in no way interfere with the Horses' performance.

Live scoring with running average percentage (average percentage the Athlete has obtained so far in the test, and is updated after every movement) is compulsory. Open scoring/running scoring (showing average marks per movement during each test) must be provided but must not be visible to Athletes in the arena or the judges. Where the position of the main scoreboard

does not allow visibility to the public, additional boards (small score boards) must be positioned in the arena. A countdown clock/display must be available for all Para Dressage tests.

The OCOG will ensure that all Chef d'Equipes and Officials are informed at the Official briefings on the technology used during the competitions (live screens, score boards, etc)

CHAPTER II – PARA EQUESTRIAN DRESSAGE COMPETITIONS

ARTICLE 621 - RULES FOR THE PARA EQUESTRIAN DRESSAGE COMPETITIONS

1. GENERAL

The Para Equestrian Dressage Competitions at the Paralympic Games are conducted in accordance with the FEI Para Dressage Rules (3rd edition, effective 1st January 2018, including modifications for 01.01.2020), the FEI Para Equestrian Classification Rules (1st edition January 2018, including modifications for 01.01.2020) and the IPC/FEI Qualification Criteria (see Article 622 "Qualification Procedure").

2. PARTICIPATION IN PARA EQUESTRIAN DRESSAGE COMPETITIONS

All Athletes must be qualified and eligible to compete according to FEI and IPC Rules. All Athletes must participate in the Individual Test for their Grade. In the Team test to music, only the Team members will be allowed to compete and in the Freestyle to Music Competition only the qualified Athlete/Horse combinations (see details in Art 621.3 hereunder) will be allowed to compete. The number of entries in the Freestyle to Music Competition shall not exceed two (2) per country per Grade. The total number of entries from any country overall across all Grades shall not exceed four (4).

3. COMPETITIONS

All Competitions will be held in Grades. Athletes must compete in their correct Functional Profile Grade, as stated on the FEI Classification Master List.

- Individual Test compulsory for all Athletes nominated by their NF/NPC.
- Team Test only open to team Athletes (max. three (3) per NF) selected by the Chef d'Equipe.
- Freestyle to Music Test only open to the top eight (8) Athlete/Horse combinations per Grade from the Individual Tests.

4. DECLARATION OF STARTERS & DRAW FOR THE STARTING ORDER

4.1. Declaration of starters

Declaration of starters should be done no later than two (2) hours before the draw. The exact time of the draw should be published in the schedule.

4.2. Draw for the starting order

4.2.1. There must be a separate draw for each (Grade I to V) Competition, conducted in order of the Competition. It shall be conducted at a meeting that includes the President or a member of the Ground Jury, the Technical Delegate, the Chief Classifier, the President or a member of the Appeal Committee, a senior member of the OCOG Competition Management Team, and the Chef d'Equipes. Unauthorized persons should not be admitted to this meeting. Chef d'Equipes must check the draw for the starting order within thirty (30) minutes of presentation.

4.2.2. Where possible, Grade I and Grade II Athletes should be separated by a class for other Athletes.

4.2.3. The draw is conducted in the same manner regardless of the Competition being a Team or Individual event.

- 4.2.4.** NPCs with two (2) Athletes in the Grade enter the draw first, followed by NFs with one (1) Athlete.
- 4.2.5.** For the Team Competition, Chef d'Equipes can decide the starting order of their own Team Athletes. Chef d'Equipes cannot decide the running order for any Individual Athletes. If the draw is conducted in advance, the Chef d'Equipe can request changes to the order of their own Team Athletes, as presented at the meeting, but only within the starting positions given. If the draw is conducted during the meeting, Chef d'Equipes must declare the order they wish their Athletes to go prior to the start of the draw of that Grade.
- 4.2.6.** For each Grade, consecutive numbers equivalent to the total number of starters in the Grade being drawn are placed in 'Container A' in a manner that does not show the numbers.
- 4.2.7.** For the Grade being drawn, the NPCs with two (2) entries in that Grade enter the draw first. Where Chef d'Equipe's can decide on the running order of their Team Athletes, these places will be drawn first, followed by NPCs who have two (2) Individual Athletes. If this is more than one (1) NPC, a letter of the alphabet is chosen at random (by a draw), and the first NPC whose name starts with that letter is the first one whose Athletes enter the draw; the other NPCs with two (2) entries will follow in alphabetical sequence.
- 4.2.8.** The Athletes from each of these NPCs in turn have their names drawn from 'Container B', together with a number drawn from 'Container A'. That number determines the starting position of each Individual Athlete.
- 4.2.9.** If however any draw results in an Athlete being placed less than two (2) entries away from another Athlete of the same NPC, the number drawn is immediately returned to 'Container A' and the position is redrawn until there is at least a two (2) entries gap between Athletes from the same NPC.
- 4.2.10.** Where the Chef d'Equipe has indicated a starting order for their Athletes before the start of the draw, the drawn order of those Athletes may be changed to reflect the order requested by the Chef d'Equipe. The starting positions must remain unchanged.
- 4.2.11.** Athletes from NPCs with only one (1) entry each will be drawn for the remaining starting positions.
- 4.2.12.** The Athletes are then entered in the starting list in the positions they have drawn.
- 4.2.13.** The starting order for Freestyle to Music Competitions will be drawn in groups of four (4) using the results of the Individual Competition. The first four (4) to compete in the Freestyle will be the four (4) lowest scoring combinations in the Individual Competition. The last four (4) to compete in the Freestyle will be the four (4) highest scoring combinations in the Individual Competition. Where the number of Athletes in the Grade is not divisible by four (4), the remaining Athletes (not in a group of four -4-) will be drawn as the first group.
- 4.2.14.** Again, where possible, consideration should be given to avoid Athletes being placed less than two (2) entries away from another Athlete of the same NF.
- 4.2.15.** When the starting lists are completed copies should be given to FEI Officials and to the representative of each NPC.
- 4.2.16.** Each Horse keeps the same identification number provided by the Organizing Committee on arrival throughout the Event. It is compulsory that this number be worn by the Horse at all times when outside the stable (from the time of arrival until the end of the Event) so that they can be identified by all Officials including the Stewards. Failure to display this number incurs first a warning and, in the case of a repeated offence, a fine imposed on the Athlete by the Ground Jury or the Appeal Committee. Those Horses shared by two Athletes will have two different identification numbers. If the Horse is taken out from the stable for the purpose of an Athlete then it has to wear the identification number

which was allocated to this specific Athlete/Horse combination. If the Horse is taken out from the stable with purpose for both Athletes (walking the Horse around, grazing, etc) then it is up to the groom to choose one of the two identification numbers.

5. CLASSIFICATION OF THE COMPETITIONS

5.1. Teams

The scores of all three (3) team members obtained at the Team competition shall be totalled to determine the final Team placing.

Elimination or retirement of a Team Athlete (or several Team Athletes) does never lead to elimination of the whole Team but the elimination/retirement of the respective Athlete will be counted as a zero (0) percentage result instead.

A positive doping test of a Team Athlete and/or Horse will lead to the disqualification of the whole team whereas the clean Athlete/Horse combinations (that had been part of the disqualified Team) may continue as Individual Athletes.

A Team Athlete and/or Horse that was disqualified from a Competition for other reasons than doping (as specified in the FEI Statutes, FEI General Regulations, FEI Sport Rules, or if the circumstances require an immediate action) will be counted as a zero (0) percentage for the Team result, meaning that the Team will be upheld. A disqualification issued for the whole Event will prevent the Athlete from participation in any further Competition.

In the case of equality of percentages the winning Team is the one whose lowest ranked Team Athlete, has the best result in the Team Test. If still tied the same rule will be applied to the second lowest ranked Athlete in the Team Test. If still tied the same procedure will be applied to the third Athlete in the Team Test.

5.2. Individuals:

An Individual Athlete and/or Horse that was disqualified from a Competition for other reasons than doping (as specified in the FEI Statutes, FEI General Regulations, FEI Sport Rules, or if the circumstances require an immediate action) may only continue in the subsequent Competition in case his disqualification was limited to the previous Competition. A disqualification issued for the whole Event will prevent the Athlete from participation in any further Competition.

Individual Test: In case of equality of percentage, the higher collective marks will decide on the better placing. If the collective marks are equal, the collective marks of the Judge at C will be decisive.

Freestyle Test: In case of equality of percentage, the higher artistic marks shall decide. If still tied the higher marks for harmony shall decide. If still tied the higher marks for choreography shall decide.

6. HORSE INSPECTION

Horse Inspections will be carried out in accordance with the FEI VRs. Nations will present themselves in alphabetical order according to the IPC abbreviations.

7. DISQUALIFICATION DUE TO A POSITIVE DOPING TEST

7.1. Under IPC Rules (for Athletes)

Please refer to the IPC Anti-Doping Code (effective as of tbc 2019) Articles 10 & 11.

7.2. Under the FEI EADCMRs (for Horses)

Teams:

Should an Athlete and/or Horse be disqualified for a positive test(s) for a Prohibited Substance under the EADCMRs, the Athlete's result will be annulled in all Competitions and the entire Team disqualified.

Individuals:

If an Athlete and/or Horse is disqualified in the Individual Competition due to a positive test(s) for a Prohibited Substance under the EADCMRs, the Athlete's results in **all Competitions** (including the Team Competition(s)) will be annulled. If a disqualified Athlete/Horse is a medal winner, the medals will be re-awarded. The fourth ranked Athlete/Horse will receive the bronze medal. If two (2) or more Athletes/Horses are tied for the fourth place the tie will be broken according to Article 621.5.2.

Maximum Quota Allocation per NPC

An NPC may be allocated a maximum of four (4) qualification slots.

Athlete Eligibility

To be eligible for selection by an NPC, athletes must:

In order to form a team an NPC can enter a maximum of two (2) eligible athletes per sport class.
