## 1.1 THOMAS BACH - PRESIDENT OF THE IOC

### Welcome to the Olympic Games Paris 2024!

What better place than Paris, the birthplace of our founder and renovator of the Olympic Games, Pierre de Coubertin, to celebrate the Olympic spirit. After 1900 and 1924, the City of Light is shining brightly once again, as the entire world comes together to write a new chapter of Olympic history. The Olympic and Paralympic Games Paris 2024 will be younger, more urban, more inclusive and more sustainable. These will be the very first Olympic Games with full gender parity because the IOC allocated exactly 50 per cent of places to female and to male athletes. For all these reasons, these are the first Olympic Games inspired by our Olympic Agenda reforms from start to finish.

The Olympic Games Paris 2024 reflect the fundamental idea of Pierre de Coubertin: to build a better and more peaceful world through the unifying power of sport. In these divisive times we are living through, we need this unifying power more than ever – to give us hope and to bring out the best in us.

This is why my heartfelt thanks and gratitude go to the Organising Committee, under the great leadership of Tony Estanguet, for its outstanding work to make the slogan “Games Wide Open” a reality and to bring our Olympic Agenda to life.

This Olympic Family Guide offers information and practical advice to help you make the most of your Olympic Games experience and your time in the great Olympic city of Paris.

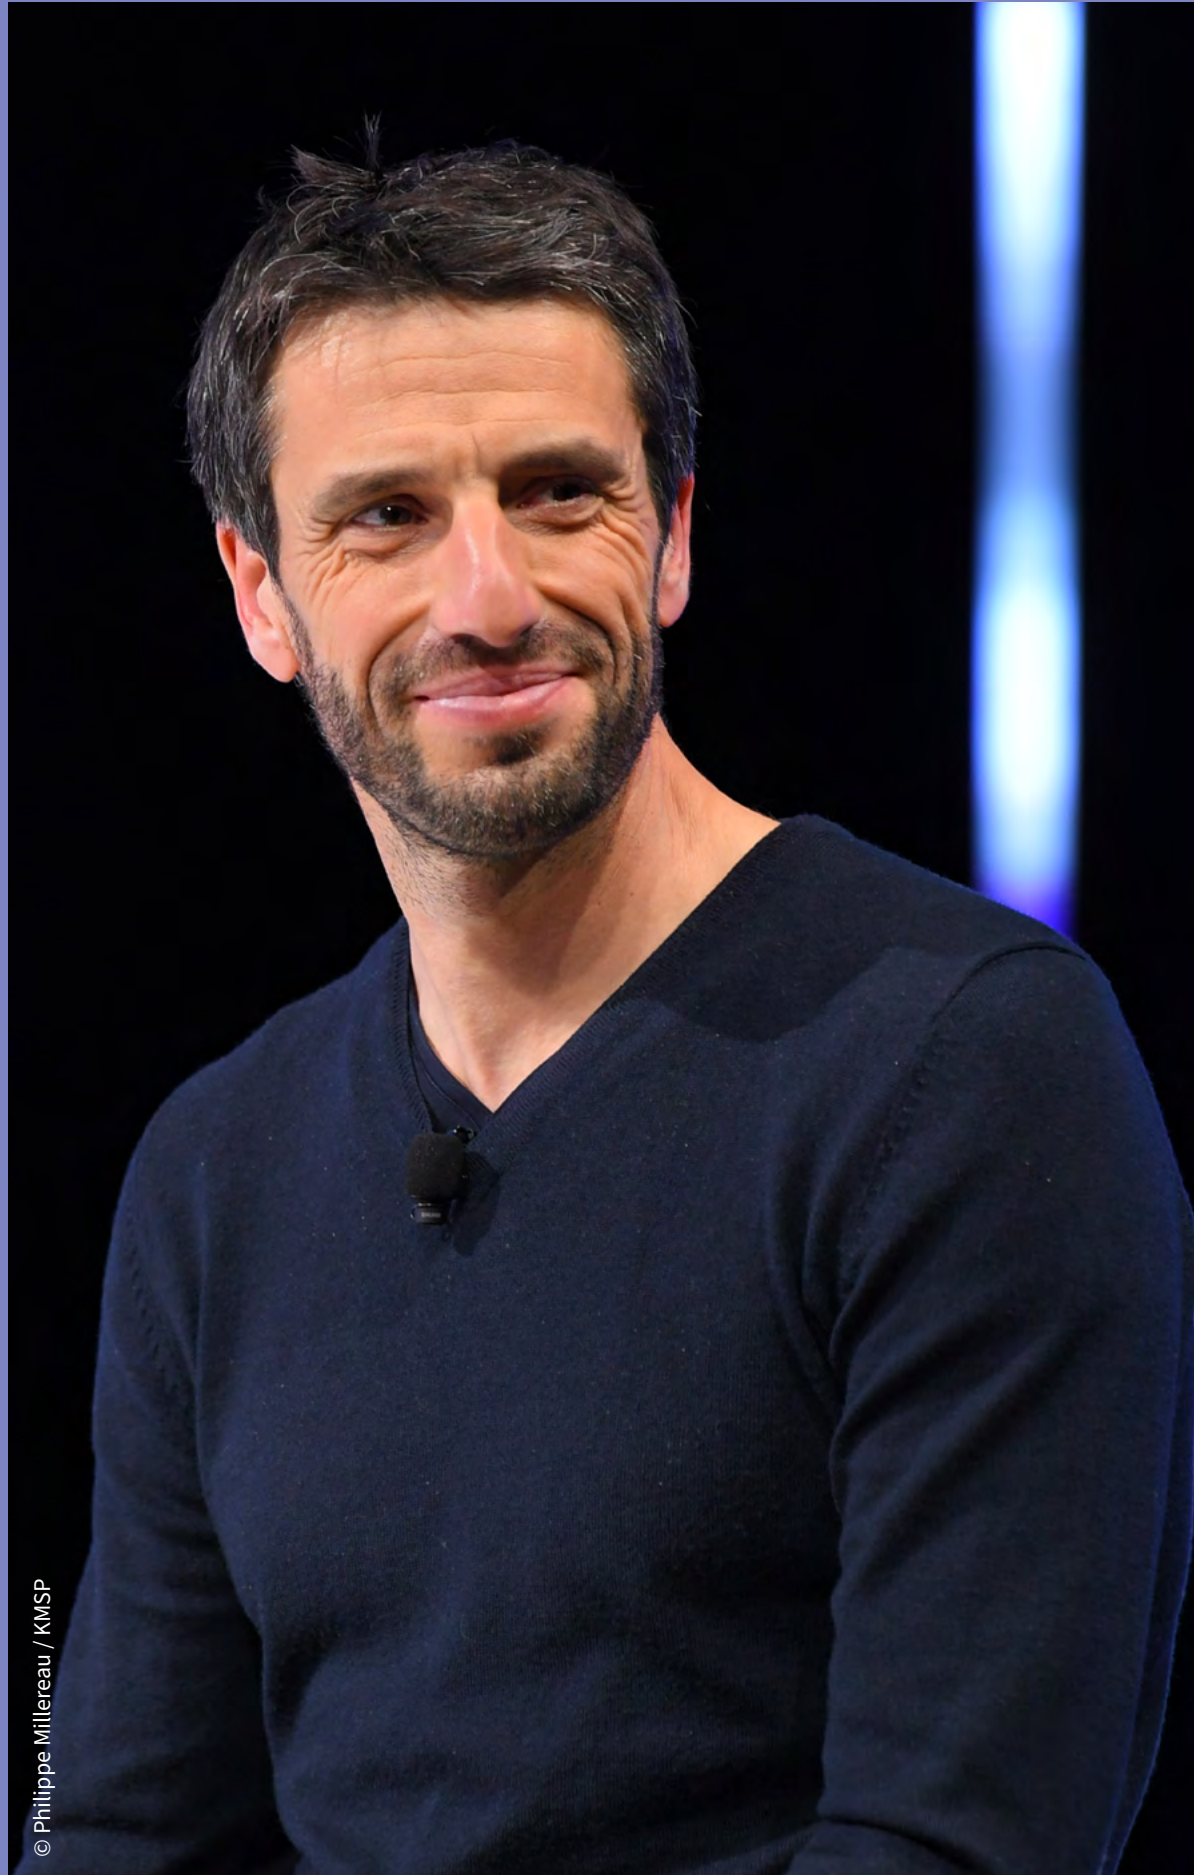

Pierre de Coubertin, would certainly be delighted seeing the Olympic Games return to Paris, bringing his vision of uniting the entire world in peaceful competition to life in such an excellent way. Guided by the Olympic motto “Faster, Higher, Stronger – Together”, may the Olympic Games Paris 2024 be a shining symbol of global unity and peace.

In this Olympic spirit, I wish you an unforgettable stay in Paris.

## 1.2 TONY ESTANGUET - PRESIDENT OF PARIS 2024

### Welcome to France, welcome to Paris 2024!

For this 33rd edition of the Olympic Games, France is proud and happy to welcome the world, one hundred years after the last Summer Games were held in our country.

In France, homeland of Pierre de Coubertin, the country of the renaissance of the modern Olympic Games, we are preparing to honour this event with immense pride and a sense of responsibility.

Over the last ten years, in line with the 2020 Olympic Agenda, we have been working with the International Olympic Committee on a new model for the Games: Games that are even more spectacular, but also ever more responsible and in tune with the times.

Today, we're proud to unveil these Games for the first time.

The first opening ceremony outside the stadiums, with the most sublime of stages: Paris, the Seine and its monuments. The first events open to the general public, like the Mass Marathon, where amateur sportsmen and women will run at night on the same course as the athletes. The first Parc des Champions at the foot of the Eiffel Tower, where you can meet medallists from all over the world. And beyond these innovations, breathtaking competition venues to showcase both the sports and the athletes.

Paris 2024 is also a committed, more responsible Games, with half the greenhouse gas emissions of previous editions. The first Olympic Games with equal numbers of male and female athletes on the starting line. Games with a strong legacy, to demonstrate in action that sport changes lives, to engage an entire country around these values, and to inspire the organisation of future sporting events, in France and beyond.

It is with a sense of humility in the face of world events, but also with a deep conviction that sport has a role to play and can help us take a step towards a better world, that we invite you to the Paris 2024 Games.

In this guide, you'll find key information on all aspects of the Games, including venues, ceremonies, ticketing, transport, registration, accommodation and support from all our volunteers.

On behalf of all the Paris 2024 teams, I hereby welcome you to France. We look forward to welcoming you and making your dreams come true!

PARIS AND  
THE GAMES

The history of the modern Games is closely linked to the city of Paris. Since their official revival by Baron Pierre de Coubertin at the Sorbonne at the turn of the 20th century, Olympism and the City of Light have enjoyed a close relationship, marked by two memorable editions of the Olympic Games.

In 1900, Paris hosted the Games for the first time. Integrated into the Universal Exhibition organised at the same time, 997 athletes from 24 countries took part in the Games, including the first 22 women in Olympic history.

In 1924, the French capital was once again preparing for the Games. This time, the event is taking on a more international dimension, with 3089 athletes representing 44 countries competing in 17 sports. Pierre de Coubertin's Olympic motto appeared at the 1924 Paris Games: "Citius, Altius, Fortius", which means "Faster, higher, stronger". In 1924, the Paris Games also pioneered the concept of the Olympic Village, a

tradition that has been repeated at every Olympic Games since.

A century later, Paris 2024 will continue the tradition of reshaping the Games. Organised in a more responsible way, the Paris 2024 Games are also the first to offer gender-balanced Olympic Games and the first to offer the general public the chance to take part in events. The Olympic Games are also an opportunity for Paris to help athletes and the world rediscover its iconic competition venues. So, 100 years later, the Yves-du-Manoir stadium will host hockey competitions on the same site as the 1924 Olympic stadium.

### 3.1.2 DOCUMENTS REQUIRED TO ENTER FRANCE

The following documents are required to enter French territory:

- A valid travel document;
- A visa allowing you to stay for the entire duration of your trip (excluding EU/Schengen countries and third countries benefiting from bilateral short-stay visa exemption agreements). For some of you, the visa may be the one provided by Paris 2024 and printed on the back of the Pre-Valid Card (PVC) you receive.

It is your responsibility to find out about your own situation and whether you need a visa before you travel. To check whether you need a visa, you can visit the France visa website <https://france-visas.gouv.fr/en/web/france-visas/visa-wizard>

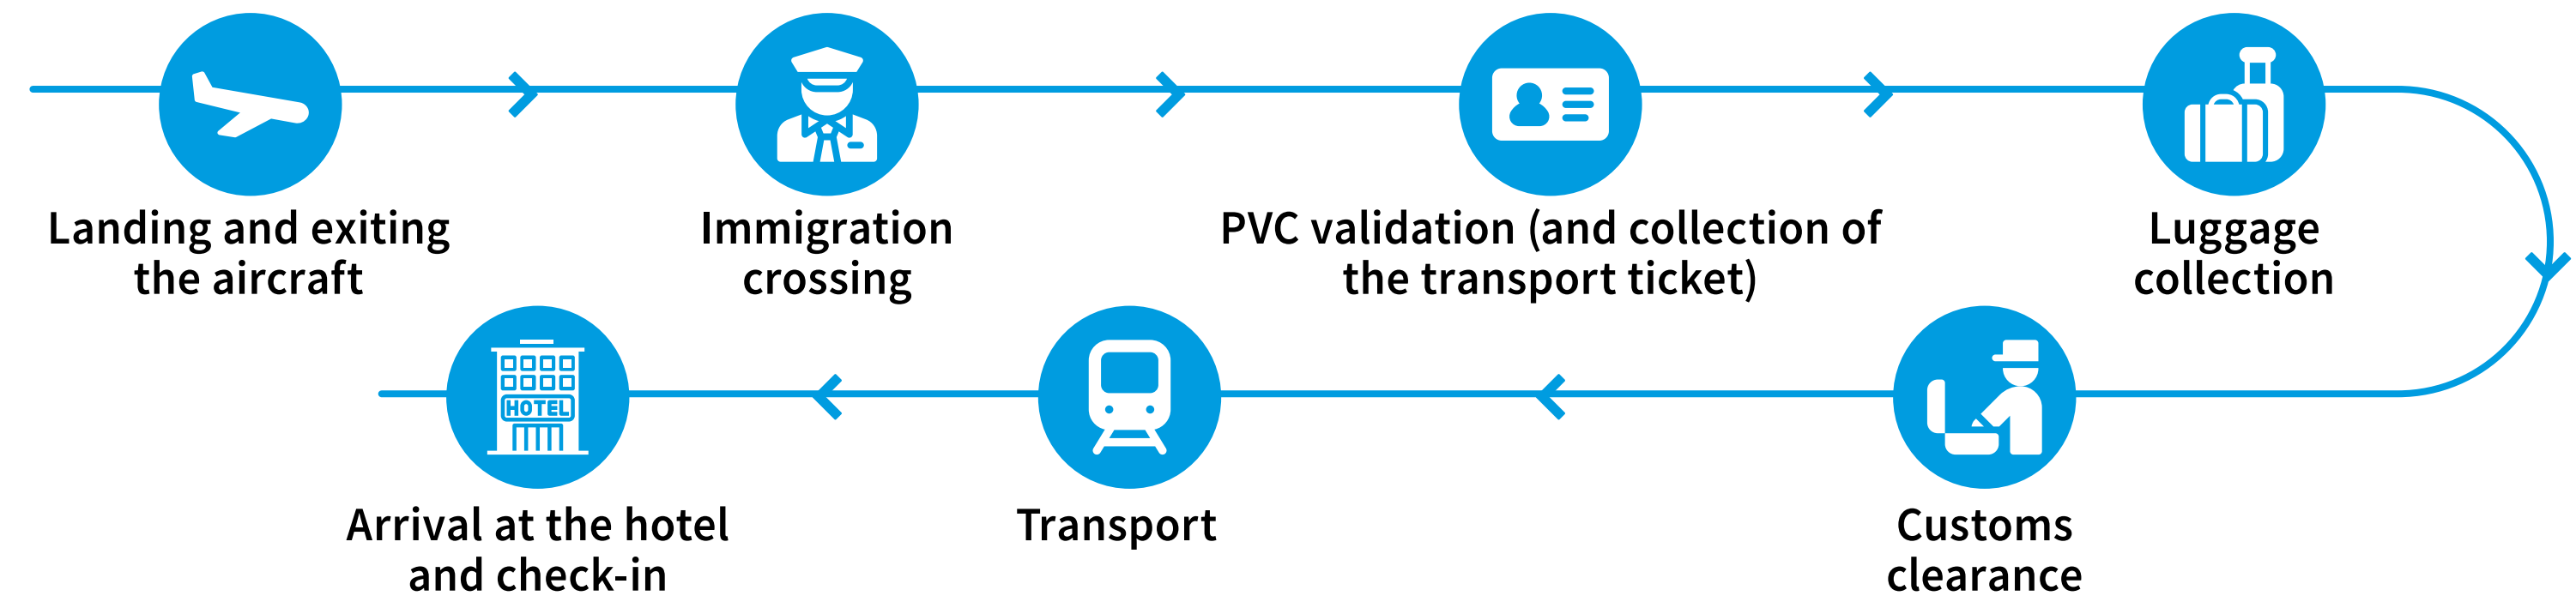

If you have an identity document issued within the EU/Schengen zone, your travel document must be valid until the day of departure. However, if you come from a third country, this document must be valid for at least three months after your departure date. If you are applying for a Paris 2024 visa, as the Olympic period ends on 8 October 2024, you will be required to present at the border a passport valid for at least a further three months, i.e. until 08 January 2025 at least.

### 3.1.3 CUSTOMS/PROHIBITED GOODS

For information on customs policies, procedures and contact details, please refer to the [Paris 2024 Customs and Freight Guide](#).

# 3.2

## ARRIVAL PROCESS IN PARIS

### 3.2.1 AIRPORTS

Paris 2024 recommends that you use Paris Charles de Gaulle and Paris Orly airports for greater convenience.

For all Olympic Family customers, your arrival route will be as follows:

#### Olympic Family Home

If you arrive at Paris Charles de Gaulle or Paris Orly airport, you will be met by volunteers present at strategic points to guide you through the airport between 6.30 am and 10.30 pm. Signage is also provided to help you find your way around. For immigration, you must follow the standard procedure with the border police. Once you have crossed the border, there is an office where you can have your accreditation validated, open between 7 am and 11 pm. You can also collect your public transport ticket there.

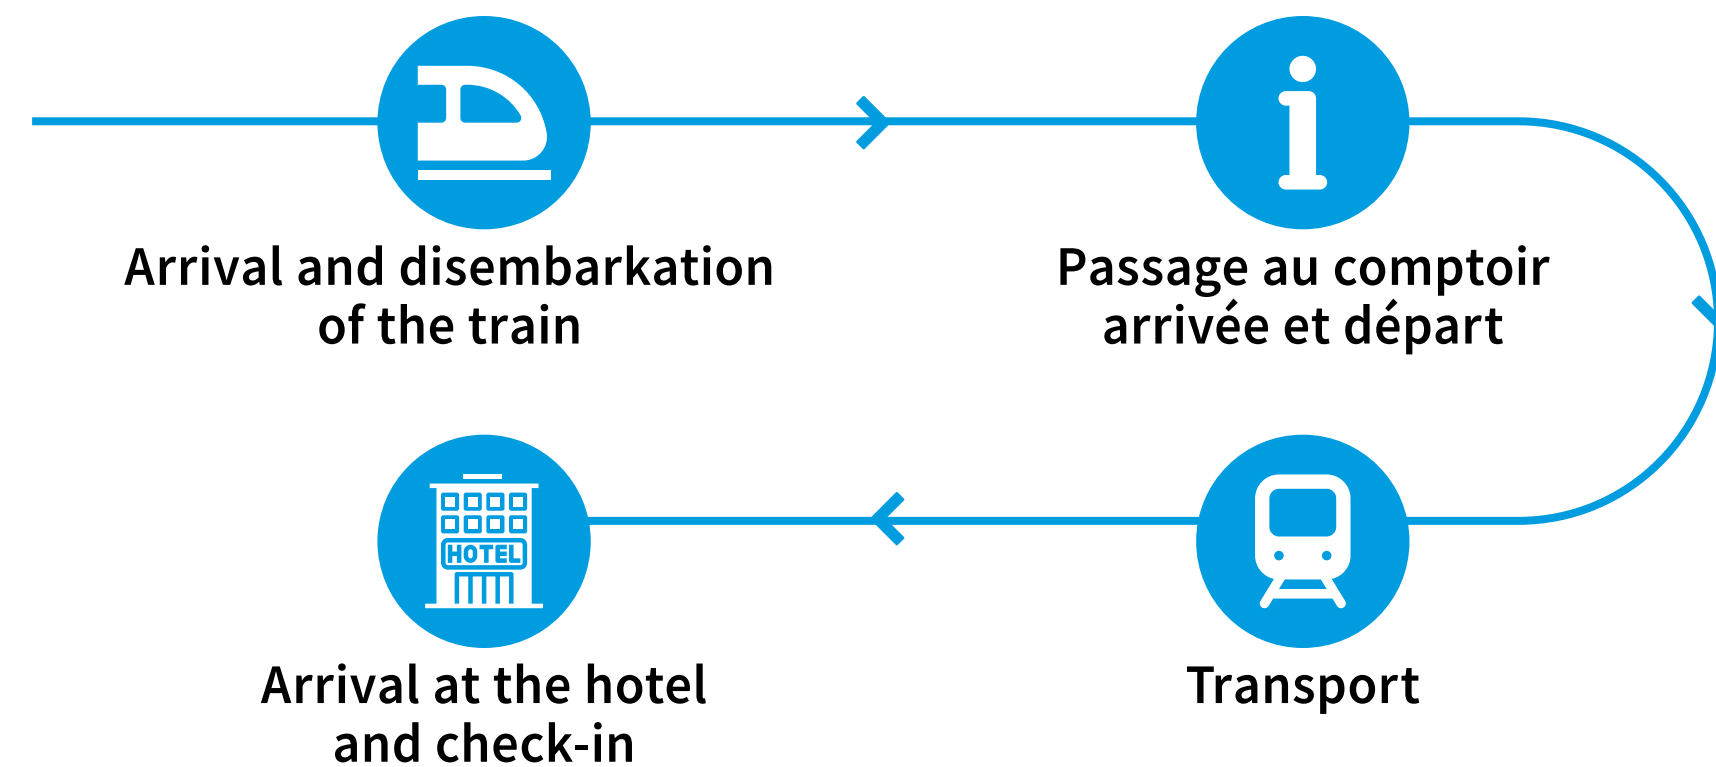

Administrative assistance is provided in the event of lost, delayed or damaged luggage. The transport solutions available to you are detailed in section [3.2.5 Dedicated transport to the official hotels](#).

To answer your questions about the transport services available to your hotel, a Paris 2024 information desk is open between 6.30 am and 10.30 pm in each terminal after customs clearance.

**For overnight arrivals between 10:30 pm and 6:30 am**, after baggage collection you will be met by a **taxi driver displaying a sign or tablet with your name – paid for by Paris 2024** - for departure to your accommodation. If your flight time does not allow you access to the accreditation office during its opening hours to validate your PVC and collect your public transport card, you can go to an

accreditation centre set up for this purpose. You can visit section [5.3 Installations & Services](#) to find all the accreditation centres and offices available and the services they offer.

It should be noted that certain members of the Olympic Family benefit from personalised assistance between 6 am and 9.30 pm and priority lines at immigration and accreditation counters. They are transported directly to their accommodation.

### 3.2.2 TRAIN STATIONS

There is a special route from your arrival station to your accommodation

#### Arrival

Once you arrive at the station, you can go to the Paris 2024 information desk at the end of the platform, open between 7.30 am and 10.30 pm, to collect a public transport ticket and obtain information about the transport services available to get you to your destination hotel. The transport

solutions available to you are detailed in section [3.2.5 Dedicated transport to the official hotels](#).

There is no accreditation office at the station, but you can go to an accreditation desk, as indicated in the following section.

**Paris 2024 strongly recommends downloading the transport app provided especially for the Olympic Games period.** It is available in French, English and Spanish, and you can use it any time you need help with choosing the most efficient means of transport to reach your hotel. Details are provided in section [6.7.2 Application Paris 2024 Transport Accred.](#)

Please note that some members of the Olympic Family will receive personalised assistance between 7.30 am and 10.30 pm and direct transport to their accommodation.

### 3.2.3 PRE-VALID CARD (PVC) VALIDATION DESK

There are a number of ways to have your PVC validated:

- If you are arriving by plane via Paris Charles de Gaulle or Paris Orly, Paris 2024 **encourages you to complete this validation process** directly at your arrival airport, **at the accreditation desk** provided for this purpose. This counter is open from 15/07 to 11/08 from 7 am to 11 pm. Please note that **PVC validation is not available at other airports or train stations.**
- A second way of validating PVCs is offered to Olympic Family hotels. You can find practical information about these accreditation services in section , dedicated to Olympic Family hotels, see section [4.3.2 Services](#).

→ You can also validate your PVC at another accreditation centre for the Olympic Family. You can find full details of these accreditation centres in section [5.3 Installations & Services](#).

Don't forget to bring your passport or the identity document you filled in when applying for accreditation to validate and finalise the accreditation procedure.

As a reminder, presentation of the PVC is compulsory: without it, you can neither benefit from transport privileges nor validate your accreditation, which is essential to access the various official competition and non-competition sites.

### **3.2.4 MISHANDLED BAGGAGE (LOST, DELAYED, DAMAGED)**

At airports, if you have lost, delayed or damaged baggage, dedicated administrative assistance to complete the relevant airline documents is available at the arrivals and departures counter in the baggage reclaim area. In the event of loss or delay, the airline is responsible for delivering the baggage to your hotel and will contact you directly to do so.

You are responsible for your baggage at stations. If you lose it or have it stolen, you can go to the Arrivals & Departures desk for administrative assistance in declaring the loss. If your baggage is found, you will be responsible for recovering it.

Luggage tracking assistance is also available at Olympic Family hotels.

You can find more information on this subject in section [4.3.2 Services](#).

To reduce the risk of being inconvenienced in this way, we suggest affixing a label with your name and contact details to each piece of luggage.

### **3.2.5 DEDICATED TRANSPORT TO THE OFFICIAL HOTELS**

Various means of transport have been arranged to take you to your hotel when you arrive in Paris. Some members of the Olympic Family will be provided with a dedicated vehicle to reach their accommodation from all airports and train stations.

For the others, the modes of transport differ depending on the point of arrival, as shown in the tables below. These include transport solutions during the day, between 6.30 am and 10.30 pm.

You can also find the estimated journey times to the centre of Paris where the Olympic Family hotels are located. Journey times are highly dependent on the traffic situation and the Olympic lanes used.

## DEFINITION OF ACCREDITATION

La carte d'identité et d'accréditation olympique (OIAC), plus communément appelée accréditation, confère à son titulaire le droit d'exercer ses fonctions pendant la durée des Jeux Olympiques.

The Olympic Identity and Accreditation Card (OIAC), more commonly known as accreditation, entitles its holder to carry out their duties for the duration of the Olympic Games. The OIAC serves as your “identity card” during the Games, and you must carry it with you to gain access to the official competition and non-competition venues. It can also be used as a visa for entry into France when a visa number is printed on it and it is accompanied by your passport or other official travel document. This type of visa authorises multiple entries into France between 26 June and 11 September 2024, for a maximum stay of 90 days in a 180-day period.

Before being validated at a Paris 2024 Accreditation Centre, the OIAC is called a Pre-Valid Card (PVC) and does not allow access to the Games venues. Once validated, the PVC becomes your official nominative accreditation for the duration of the Olympic Games.

# 5.2

## ACCREDITATION VALIDATION PROCESS

As soon as you arrive in France, you must go in person to an official Games accreditation site, with your passport or the identity document you provided when you applied for accreditation, to validate and finalise the accreditation procedure. PVCs can be validated at one of the centres or offices mentioned in section 5.3 Installations & Services until the day of the Closing Ceremony of the Olympic Games, 11 August 2024. When your accreditation is validated, you will be issued with a Navigo Easy pass (for more information, see section 6.2. Service TP (Transport Public) de la région Ile-de-France) so that you can use public transport during the Games. Please note that the Accreditation Centres do not offer transport assistance services and that any problems relating to transport should be referred to the transport information desks.

## GUEST AND RESIDENT PASSES FOR THE OLYMPIC FAMILY HOTEL (OFH)

The guest pass is an access card that allows people who are not accredited or whose accreditation does not allow automatic access to certain controlled Olympic sites to make temporary visits.

The resident's pass is an access card that allows people who are not accredited or whose accreditation does not allow automatic access to the OFH access for a fixed period of several days, to accommodate their stay if they are staying at Le Collectionneur.

### Guest passes for the Olympic Family Hotel

Hotel du Collectionneur (OFH) guest passes are intended for the guests of accredited persons staying at the OFH.

Guest passes are valid for one day only, from 7 am to 8 am the following day. If a person needs access to a site for more than one day, a single request for each day must be submitted in the guest pass system.

Only accredited persons whose "OFH" code appears on their accreditation are authorised to invite people to the OFH.

All requests for OFH guest passes must be submitted to Paris 2024 by the specified deadline. It is the responsibility of the host to ensure that they provide Paris 2024 with accurate and up-to-date personal details of their guest in order to make the pass request.

### Some important principles:

- There is no fixed quota for the number of OFH guest cards that can be issued per day;
- This number is at the discretion of OFH residents and the IOC;
- Guests must collect their OFH pass from the accreditation centre at the Hôtel de la Famille Olympique, 54 rue de Courcelles, upon presentation of the valid identity document used to request the pass, before being allowed onto the site;
- Guests are not required to return the guest pass when they leave the site.

## Residents' passes for the Olympic Family Hotel

Residents' passes for the Hotel du Collectionneur (OFH) are intended for accredited and non-accredited guests staying for several days at the OFH.

Resident passes are valid for the duration of the required stay, from 7 am on the first day of the stay until midnight on check-out day.

Only accredited persons whose "OFH" code appears on their accreditation are authorised to invite people to the OFH.

All requests for OFH guest passes must be submitted to Paris 2024 by the specified deadline. It is the responsibility of the host to ensure that they provide Paris 2024 with accurate and up-to-date personal details of their guest in order to make the pass request.

### Some important principles:

- The resident pass is issued for the entire duration of the customer's stay to facilitate movement around and within the OFH without providing accreditation;
- There is no fixed quota for the number of OFH resident cards that can be issued per day;

- This number is at the discretion of OFH residents and the IOC;
- Resident guests must collect their OFH pass from the accreditation centre at the Hôtel de la Famille Olympique, 54 rue de Courcelles, on presentation of the valid identity document used to request the pass, before being allowed onto the site;

## TP (PUBLIC TRANSPORT) SERVICE FOR THE ILE-DE-FRANCE/ PARIS REGION

### 6.2.1 SERVICE OVERVIEW

The Île-De-France region, including Paris, has a highly efficient public transport system (metro, bus, tram, Réseau Express Régional (RER) and night buses known as “Noctilien”) providing access to competition and non-competition venues.

You can use public transport free of charge with the Navigo Easy pass, a card valid from 15 July to 14 August 2024. You will receive your pass when you validate your PVC and it must be returned at the end of your stay, at the transport information desks in your hotel (OFH or OF2) or at the place of departure (airports, stations).

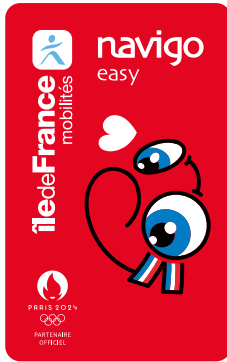

Useful links concerning public transport are provided in [section 6.7 Other information on transport services](#).

## 6.2.2 SERVICE OPERATION AND CONDITIONS OF USE

The opening times given below are indicative and can be checked at the transport information desks, or on the Paris 2024 Transport Accred. application (see details in sections 6.7.2 Application Paris 2024 Transport Accred) in order to ensure a quick and convenient journey.

### 6.2.3 OTHER INFORMATION

#### Problems with your Navigo Easy Pass

If your card malfunctions:

- At the station, go to the nearest ticket office (metro, RER, or certain tram or bus ticket offices): you will be given a replacement voucher valid on the day it is handed in and a temporary pass in your name in exchange for the faulty card. To obtain your new Navigo Easy pass, you will need to present your emergency voucher at the Paris 2024 transport information desk.
- If you are not at the station, you can keep your faulty Navigo Easy pass and return it to the Paris 2024 transport information desk at the official hotels (OFH - OF2) in exchange for a new pass.

If the Navigo Easy pass is altered, lost or stolen, it will not be replaced (unless you submit a complaint to the French police). However, you can purchase a card yourself, either at a station or online at <https://www.iledefrance-mobilites.fr/titres-et-tarifs/supports/passe-navigo>.

## TC (TRANSPORT CONNECT) SERVICE

### 6.3.1 SERVICE OVERVIEW

The Paris 2024 Transport Connect, known as TC, is a regular shuttle service from strategic points in Greater Paris to competition and non-competition venues, shared with all accredited stakeholders who benefit from the service.

### 6.3.2 SERVICE OPERATION AND CONDITIONS OF USE

How the TC – Transport Connect service works.

Below are the TC operating procedures for the competition venues and major hubs during the Games (excluding the TC line for arrivals and departures):

	Competition days	Non-competition days
<b>Service activation dates</b>	15/07 - 14/08	
<b>Activation start time</b>	4 hours before the start of the sessions	8 hours
<b>Activation end time</b>	4 hours after the end of the sessions	20 hours
<b>Frequency</b>	Peak period: 10 to 30 minutes Off-peak period: 30 to 60 minutes*	60 minutes

\*variable frequency depending on itinerary

The TC always drops passengers off outside the security perimeters.

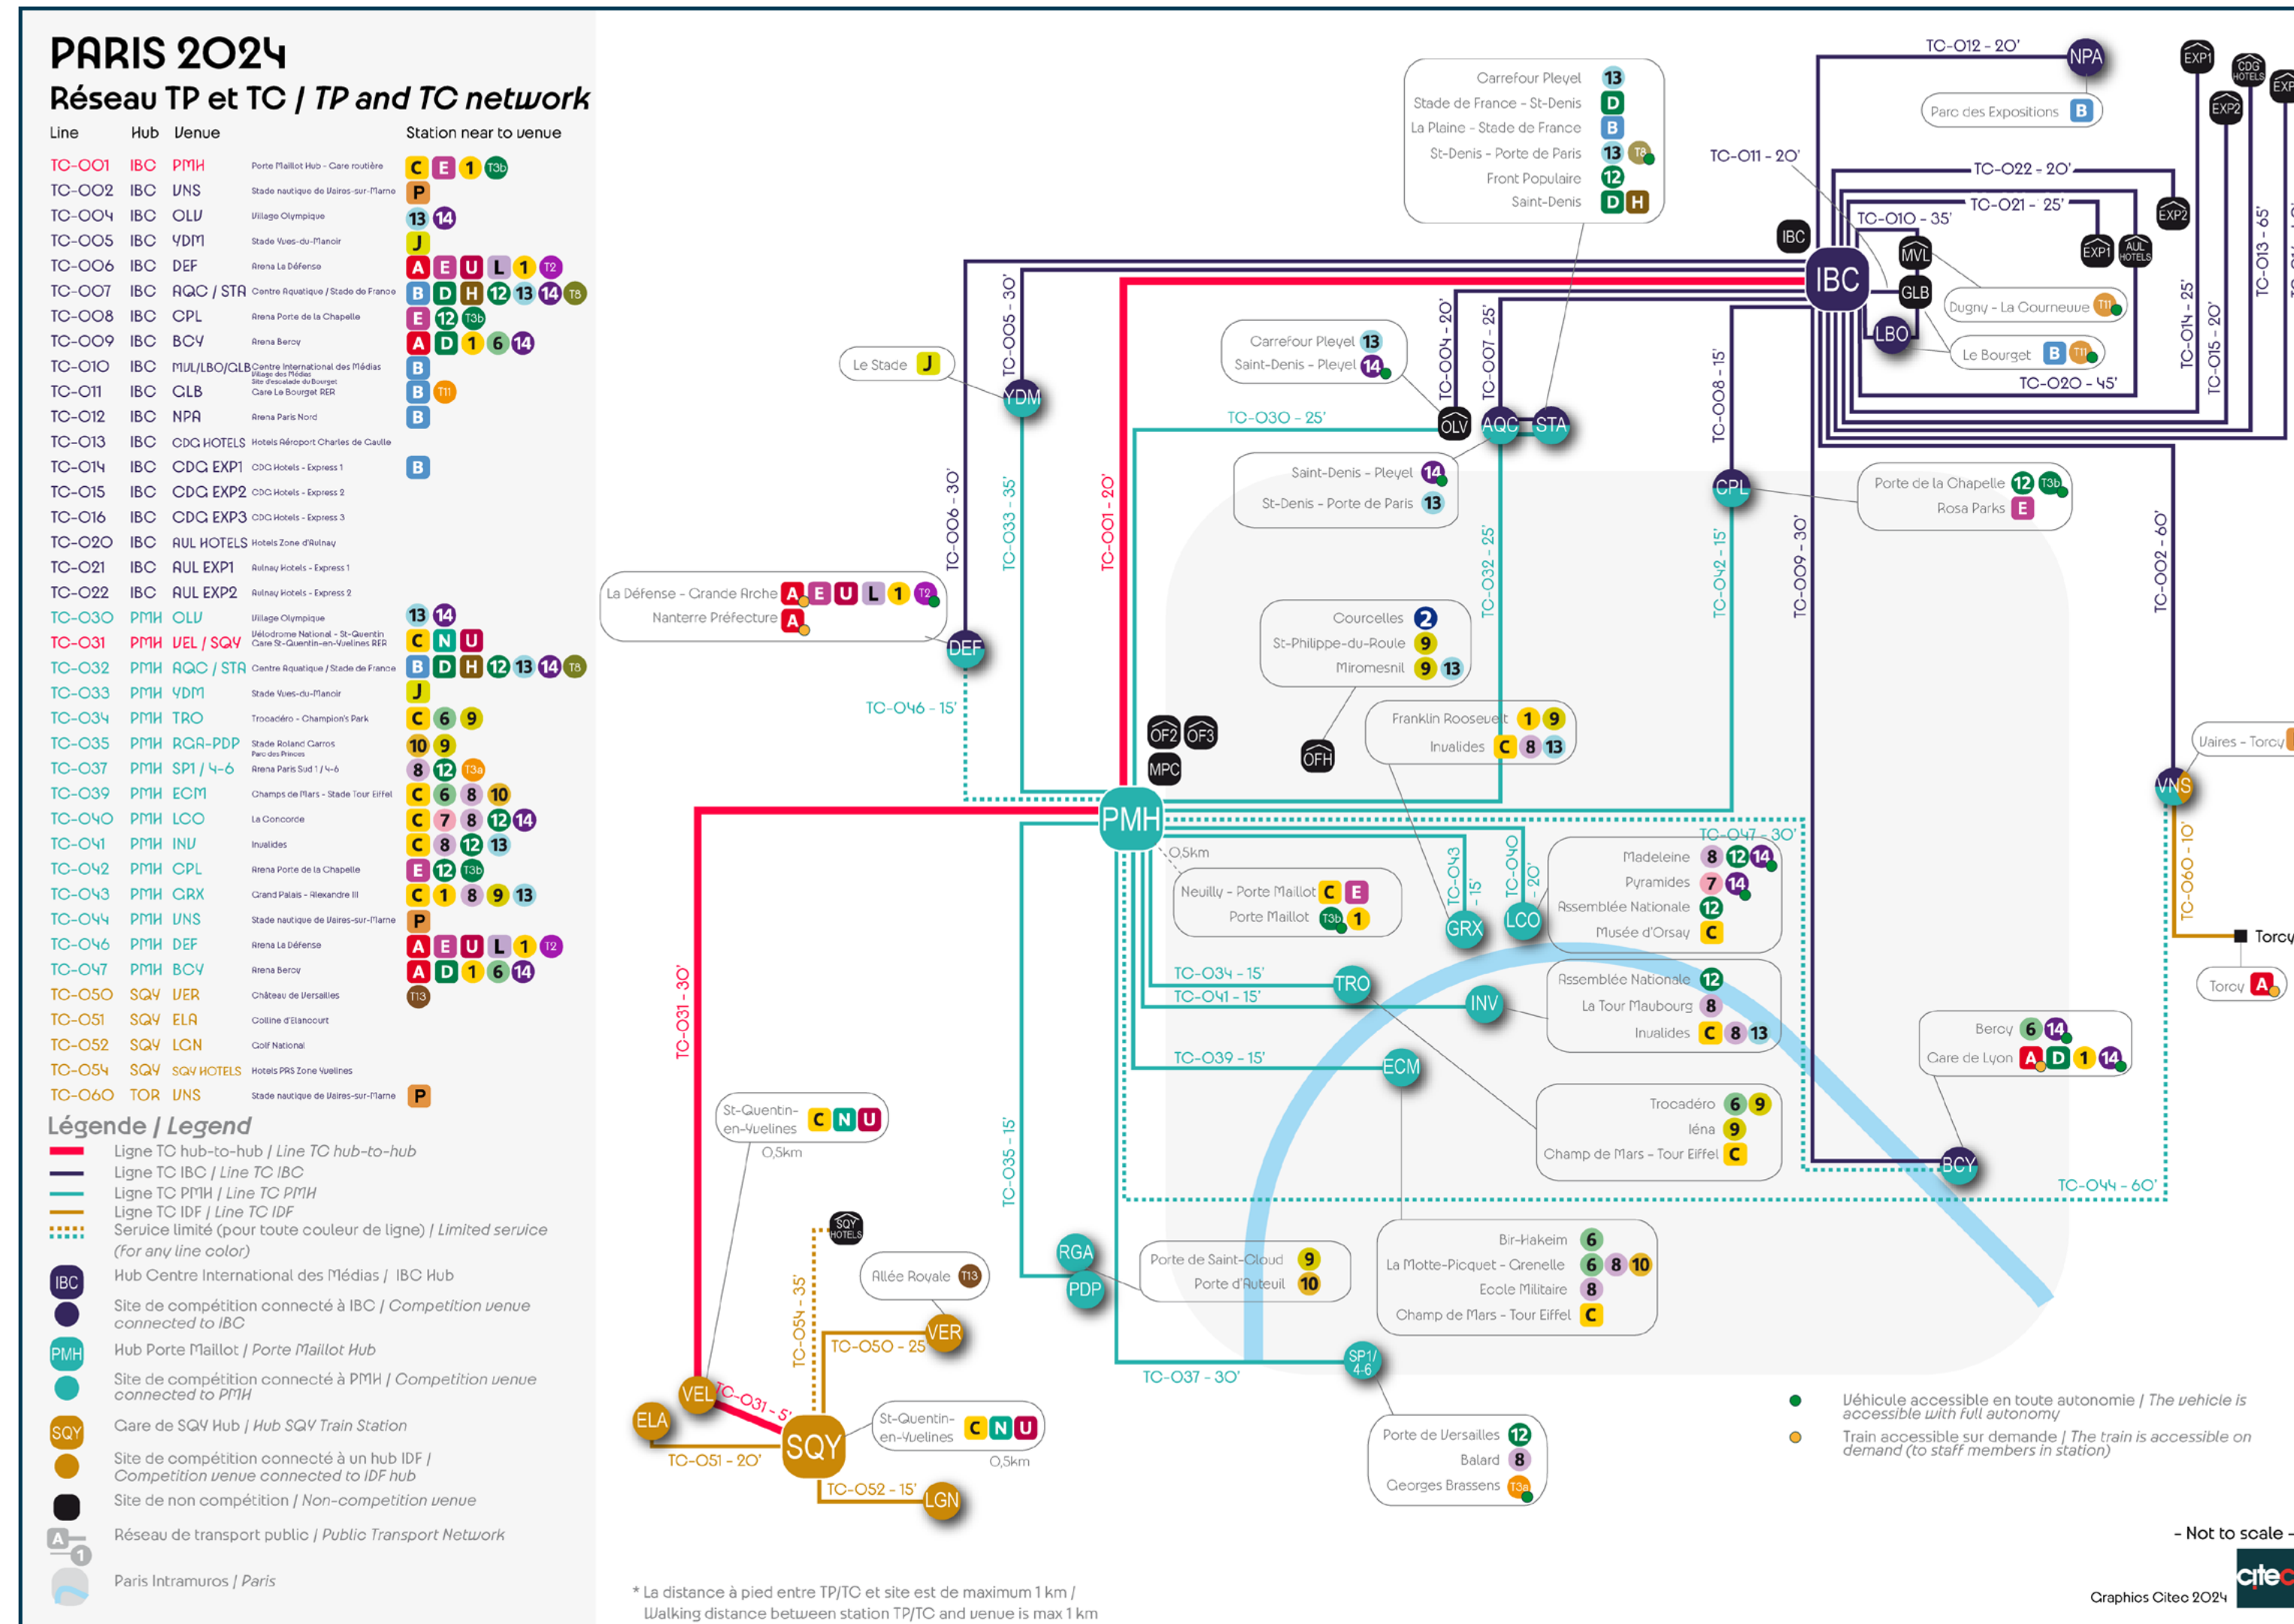

The TC service operates from 3 key locations, called “major hubs”:

- International Broadcast Centre (IBC)
- PMH (Porte Maillot Hub) located in the immediate vicinity of OF2, OF3 and MPC.
- SQY (Gare de Saint-Quentin en Yvelines)

These 3 major hubs are also directly connected to each other.

Below is a map of the Paris 2024, public transport shuttle service, which you can also download from the following link  
<https://sharing.oodrive.com/share-access/sharings/uqv2JOzM.bk3qkWkZ>.

Some public transport lines operate in a special way, particularly in view of the existing public transport network and/or the expected ridership:

- Between PMH and BCY: During the day, the service between PMH and BCY is provided by public transport. There is a frequent night TC service departing from the competition site from the time the metro (line 1) closes until 4 hours after the end of the last session.
- Between PMH and DEF: During the day, the service between PMH and DEF is provided by public transport. There is a frequent night TC service with arrival on site possible 4 hours before the start of the competition until the opening of the metro (line 1), and from the closing of the metro (line 1) to 4 hours after the end of the session.
- Between PMH and VNS: 3 transfers in the morning (arriving at the competition site at H-3.5, H-2.5 and H-1 from the start of the session) and 3 transfers in the afternoon (departing from the competition site at H+1, H+2.5 and H+3.5 after the end of the session).
- Between Le Bourget (LBO) and the Arena Paris Nord (NPA) an intermediate stop via the IBC is necessary.
- Between Versailles (VER), Le Golf National (LGN) and Colline d'Elancourt (ELA), the transfer takes place at Saint-Quentin-en-Yvelines (SQY).

All the information and details of your TC itineraries are available on the Transport Paris 2024 application, which is presented in more detail in the section [6.6.2 Application transport Paris 2024](#).

## TX SERVICES

### 6.4.1 SERVICE OVERVIEW

The TX system is a fleet of Toyota cars with Paris 2024-accredited volunteer drivers providing one-way transfer services between the locations indicated on the list of TX destinations - to be found at the following link - from [Appendix 1 - List of official destinations 15 July to 14 August](#).

Passenger pick-up and drop-off areas are located outside the security perimeters of the sites.

**The TX service is not available to travel from one host city to another.**

### 6.4.2 SERVICE OPERATION AND CONDITIONS OF USE

Available to TX accredited persons for journeys within the host and co-host cities, you can access the TX service either with vehicles waiting at the exits of competition sessions and certain non-competition venues, or by making a reservation.

The TX therefore gives access to two service categories:

- **The “Ready-to-go” service (TXR)**
- **The “Bookable” service (TXB)**

Multiple TX service users may have to share a TX vehicle (when heading for the same destination) to optimise the service and reduce waiting times.

On the day of the Opening Ceremony TX services will be suspended as of 1 pm.

On the day of the Closing Ceremony as of 1 pm TX services will operate from competition venues to accommodation and for departures.

If you don't make it to one of the official hotels (OFHs), the TXR service will still be available at a reduced rate to take you to another official site or back to your official hotel. You can travel to these competitions with your usual transport rights (TP, TC & TX).

### **6.5.2 TRANSPORT SERVICES DURING SPECIFIC EVENTS**

Specific events will affect the routes you take during the Games. Examples include the Torch Relay, ceremonies and road races. These route modifications are integrated into the GPS navigation systems of Paris 2024 transport service drivers, as well as self-drive drivers, in order to reduce the impact on your journey times, which may be altered. Transport information is updated in real time.

To find out more about the different transport solutions available, click on the [following link](#) to consult the guide to specific transport arrangements for Olympic road competitions. The Paris 2024 transport teams are at your disposal at the transport information desks and can give you information about the routes affected by these events. You can find out more in section [6.7.1 Speak with the transport team during the Games](#) the list of Transport information desks.

Further information on transport plans during the opening and closing ceremonies is given in sections 10.1.3. and 10.2.3.

### Transport in the co-host cities

These TC shuttle lines between transport hubs and competition venues are designed to complement your access to public transport. You can travel with the TC lines from 3 days before the competition days until one day after their end (depending on the co-host city).

### TP Services

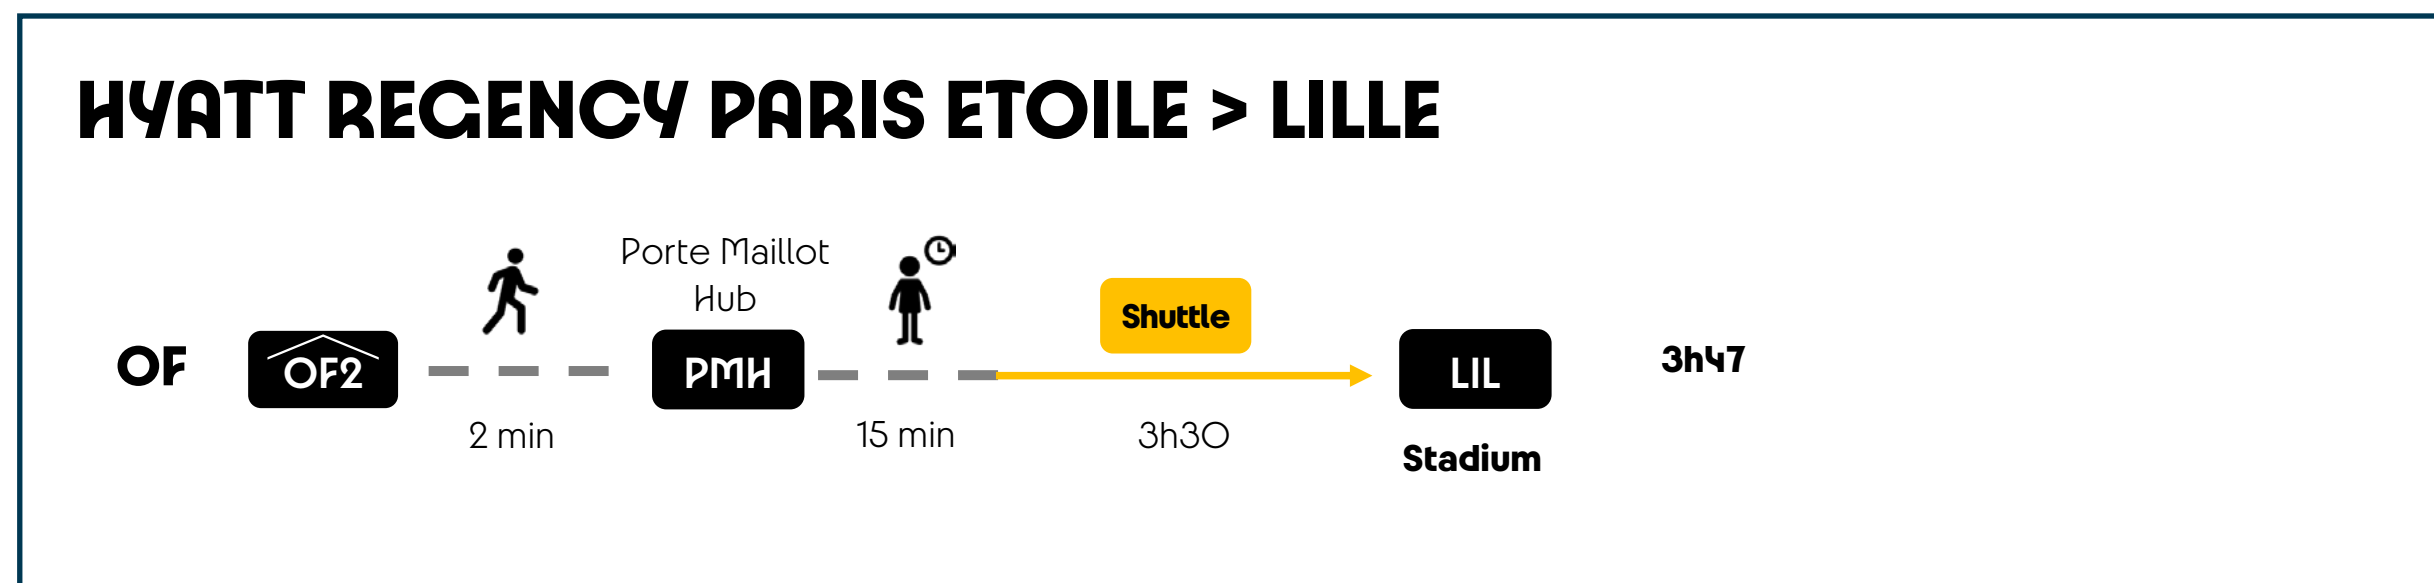

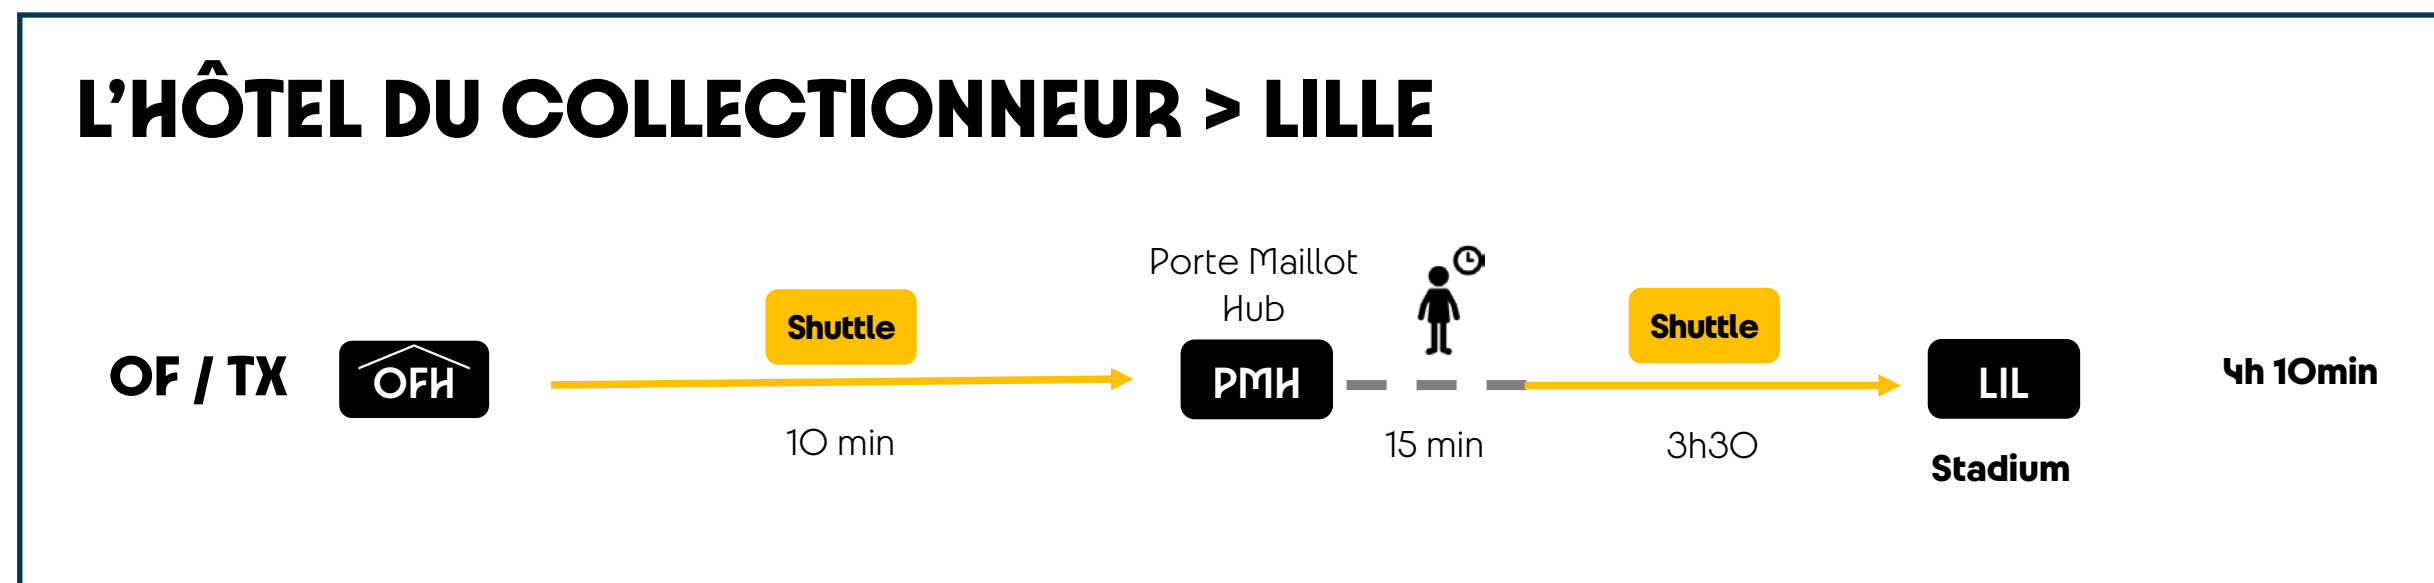

Access to public transport in the co-host cities is free of charge. Access cards will be distributed to you by the arrivals/departures teams at the arrival point (official airport or station). A predefined and distinct number of journeys per co-host city is loaded onto the distributed cards.

## OTHER INFORMATION ON TRANSPORT SERVICES

### 6.7.1. SPEAK WITH THE TRANSPORT TEAM DURING THE GAMES

The list of Transport information desks is as follows:

- The transport information desk at the Olympic Family Hotels (OFH / OF2);
- The main information desk of the International Broadcast Centre (IBC);
- The Transport and Arrivals & Departures desk at the Main Press Centre (MPC) for the Olympic period;
- The NOC Services Centre in the Olympic Village (OLV);
- Paris 2024 Pulse Headquarters (PHQ);
- The transport information desk in the Olympic Family lounges (competition venues) - only on competition days.

### 6.7.2. APPLICATION PARIS 2024 TRANSPORT

Paris 2024 offers a mobile app dedicated to Games-time transport for accredited guests. We recommend that you download this application before the Games, as soon as you have your accreditation number. Available in 3

languages (French, English and Spanish), it can be downloaded from Google Play and App Store from early July 2024.

This app takes into account the transport privileges to which you are entitled.

This app is essential for:

- Follow all transport information in real time, including the status of the transport network (disrupted or cancelled journeys).
- Calculate and compare the best means of transport to get to official competition and non-competition venues in Ile-de-France - see section 12.1 Liste des destinations officielles.
- Identifying accessible routes (Paris 2024 Transport Connect service and public transport) for people with disabilities or booking an adapted vehicle for the TXB.
- View multimodal itineraries for your journeys (public transport, Transport Connect, TX, cycling, walking, etc.).

→ Book your TXB (at least 2 hours before the race), mentioning any special needs you may have.

To use this application, you must be connected to the Internet and enter your accreditation number and the password you chose when registering with AccredConnect to log in to your area.

For more information, including connection details, please refer to the Paris 2024 Transport Accred Guide. Mobile App on the [following link](#).

## 6.7.3 BICYCLES

### Personal bikes

You can use your own bike and/or contact the Paris hotels to find out what bicycles they have available. However, Paris 2024 cannot be held responsible for any accident, theft or damage suffered when travelling by bike. Around the official competition venues and major non-competition venues, free parking zones dedicated to accredited cyclists have been set up and are visible on the Paris 2024 transport application. When you choose to use the bicycle mode of transport, the destination will automatically be that of the bicycle parking facility linked to the chosen site, if such a facility exists.

Please note that bikes must be left outside the venues. Although accredited persons are authorised to bring cycling helmets into the venues, we recommend that you leave your helmet with your bike, locked to it with your bike lock. Electric batteries are also allowed inside the venues, but no lockers are provided for storing

them. Cycling helmets and electric batteries are forbidden for spectators and may not be brought into the venue if you are attending a sporting event with a general public ticket.

### Self-service public bicycles in Ile-de-France

An alternative way to get around by bike is to use the self-service bikes provided by the city or conurbation authorities.

In Ile-de-France, you can find out more about this bike hire service at <https://autolibmetropole.fr/>. We recommend downloading the associated app to view the map of stations and available bikes. This service is not covered by Paris 2024.

# 7.7

## MEDICAL SERVICES IN CO-HOST CITIES

At the competition venues in the co-host cities, medical care is provided by the spectator medical posts, as in the Paris region.

If you have a specific need, for example to book a non-emergency medical appointment, you can contact the medical posts directly at the competition venues. You will be put in touch with a Zonal Medical Coordinator, a local doctor who can help you find an appointment.

In the event of an emergency, care will be provided by government services, with the SAMU regulation number to call being 15 from French numbers or 112 from foreign numbers.

In each co-host city, the Paris 2024 medical services have an agreement with a local hospital that can admit you after regulation, either by the Paris 2024 Zonal Medical Coordinator, or after a call to the SAMU Centre - by calling 15 or 112.

## 8.2.3 OFFICIAL COMPETITION VENUES

### The Olympic Family lounges

The Olympic Family lounges are dedicated spaces available at each competition venue, offering hospitality and catering services. They can be accessed by any holder of accreditation which includes a '6' or, where applicable, an upgrade card ("upgrade card zone 6").

These lounges are open during the competition sessions, specific to each venue, at the following times:

- Opening: one hour before the start of the competition.
- Closing: one hour after the end of the competition or winners' ceremony (30 minutes after if the competition/winners' ceremony ends after 9 pm).

The following service levels are available:

- TV screens broadcast the Olympic events and free Wi-Fi is available. Tables and chairs are available, as well as a relaxation area with sofas and armchairs.
- Light meals in the form of cold buffets will be available according to the competition timetable at each venue. Snacks and non-alcoholic Coca Cola drinks will be available continuously throughout the sports sessions.
- In each lounge, you'll find a welcome desk to answer your questions about transport, the running of competitions and, more generally, the layout of the site.

### The Olympic Family stands

Your grandstands, accessible on a first-come, first-served basis, are dedicated exclusively to you and are divided into three sections, identified by coloured covers directly affixed to the seats:

- Olympic Family stand, "O", gold covers
- Federation Stand, "F", pink covers
- "H" stand, grey covers.

Depending on the privileges indicated on your accreditation card – either "O" or "F", the Paris 2024 teams will indicate your seat.

Like the lounges, the stands also open one hour before the start of events, and close one hour after the end. This time limit is reduced to 30 minutes if the events finish after 9 pm.

Depending on the nature of certain sporting disciplines, the Olympic Family will have access to standing room in a dedicated area as close as possible to the field of play. This is the case for golf, mountain biking, running, road cycling, time trial, marathon, triathlon, canoe slalom and equestrian cross-country.

## Assistance with competitions at sea

Places have been reserved for the Olympic Family to watch the sailing and surfing events in Marseille and Tahiti from their boats. As places are limited, you must register in advance at the Olympic Family information desks located at the Hôtel du Collectionneur (OFH) and the Hyatt Regency Paris Etoile (OF2), see section [4.3.2 Services](#)

## Prime Events (PE)

It is possible that the seats allocated for certain sessions in Grandstand H to accredited members of the Olympic Family entitled to designated seats may be insufficient to meet all the anticipated requests. These sessions are known as Prime Events.

You can only attend the flagship events if your accreditation is marked “ALL” in white on a black background, as shown in the table below:

Meaning	Details of your accreditation	Description
You can access Prime Events sessions.	ALL	"ALL" written in white on a black background.
You cannot access Prime Events sessions.	ALL	"ALL" written in black on a grey background

If your accreditation does not bear the necessary indication, you will need to buy a ticket if you wish to attend a key event. A full list of the 51 flagship events can be found in [Appendix 12.2](#).

## Stakeholder experience & access tool (S.E.A.T.)

Games stakeholders with O,F,H access rights have a unique opportunity to contribute to an IOC-led pilot project.

We would be grateful if they could indicate in advance which competition sessions they plan to attend, based on their access rights.

With this new application available for Paris 2024, together we are creating opportunities to ensure that every seat reserved for accredited persons at the competition venues is occupied.

This:

- will help fill up the stadiums;
- will increase the OCOG's revenue;
- will enable data-driven decisions to better serve accredited stakeholders.

Stakeholders will be informed of the following process:

From 26 June you can download the app from the Google Play or Apple App Store.

Please note:

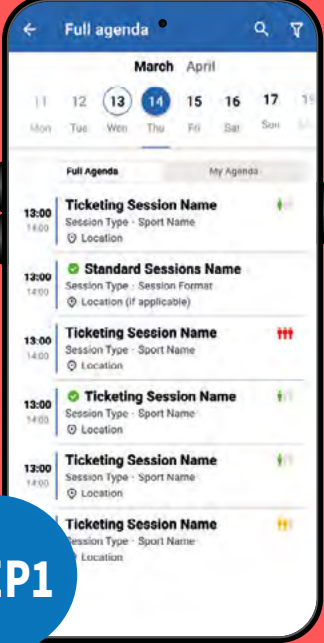

- Data received will be used for planning purposes.
- Indicating your attendance does not guarantee you a seat.
- Not indicating your attendance will not restrict you from attending events for which you have the relevant privileges.

---

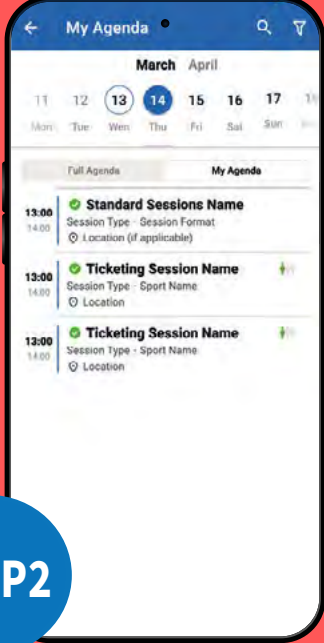

**STEP 1**

Enter your **accreditation number** and your **date of birth** to log into the app.

**STEP 2**

**From 26 June to 10 July:** Indicate which sessions you plan on attending.

**STEP 3**

**From 10 July up to 72 hours before the competition session:** you can modify your selection if you want to change or cancel.

---

**EXPERIENCE**  
S.E.A.T. will also have other useful features and links to maximise your Games experience.

Occupancy forecast for each session.

Visualise your sessions in your calendar.

Champions Park bookings.

Access the Games Map and other useful links.

---

**FUTURE**  
In the future, this initiative will be tied to an even broader approach of supporting the stakeholder experience, such as integration with transport, accommodation and other services.

What do I need to know?

You can help by:

- familiarising yourself with the application and its purpose
- encouraging download and usage of the application

## OPENING CEREMONY - FRIDAY 26 JULY - 7.30 PM TO 11.30 PM

### 9.1.1 AN OUT-OF-THE-ORDINARY CONCEPT

The Olympic Opening Ceremony will take place on 26 July 2024, and for the first time in the history of the Olympic Games, it will be held outside a stadium, in the heart of the city. The event has been designed to highlight Paris, its art and its history, with an exceptional parade in which the athletes will parade along the Seine on boats. This parade links the Pont d'Austerlitz to the Pont d'Iéna, where the athletes will disembark at the Trocadéro site in front of the official stands. The Ceremony will be accompanied by artistic displays along the Seine and at the Trocadéro, as well as ceremonial sequences.

The centre of Paris will be heavily affected by the Opening Ceremony, and a number of restrictions put in place by the government to guarantee the safety of the event will be applied. The airspace over Paris and within a radius of 150 km will be closed between 7 pm and midnight on 26 July 2024.

On that day, the security perimeter set up by the Préfecture de Police will be in place from 1 pm, and motorised traffic will be prohibited from the banks of the Seine and around the Olympic Family hotels for non-accredited vehicles. A special Opening Ceremony VAPP (Vehicle Access Point and Parking Permit) is required to access these areas.

A list of prohibited items has been drawn up by the government to ensure everyone's safety during the evening. It

is detailed in the CEREMONY KIT, which will be sent to you before the event with all the information you need to ensure your evening goes smoothly.

### 9.1.2 ACCESS TO THE CEREMONY SITES AND OLYMPIC FAMILY AREAS

The Olympic Family is represented in 2 areas during the Opening Ceremony of the Olympic Games:

- The Trocadero esplanade
- The banks along the Seine

*You will be informed of your location as the Games approach.*

#### How do I get to the Trocadero site?

The final area of the athletes' parade, access to the Trocadéro site on the day of the Opening Ceremony is only possible with a valid accreditation bearing an "OC" sticker, which is valid only on that day and must be attached to the accreditation.

**Only those holding these 2 items may access the Trocadéro site.**

In addition to these two items, you will also have a CEREMONY PASS which will give you access to your dedicated areas and grandstands on the Ceremony site. This CEREMONY PASS is an additional accreditation for ceremonies only. It can only be used once. If you take part in the Closing Ceremony, you will receive another CEREMONY PASS as it approaches.

## THE CEREMONY KIT

The CEREMONY KIT is a set of specific items for the evening ceremonies. Each CEREMONY KIT includes:

- An “OC” sticker to attach to your accreditation for access to the Trocadéro site
- A CEREMONY PASS to access the various areas and grandstands dedicated to the Olympic Family
- A MEAL COUPON for members of the Olympic Family with access to the Jardins du Trocadéro, to be exchanged for a packed lunch.
- A TRANSPORT PLAN detailing your itinerary: meeting time and place, method of transport to and from the meeting point, etc.

The CEREMONY KIT must be collected before the Ceremony.

*More information about the time, date and collection point for this CEREMONY KIT will be sent to you as the event approaches.*

### How do I get to the stands on the quays of the Seine?

For members of the Olympic Family present along the Seine, the ticket to access their seat is

digital. Accreditation is not required for access to these stands.

The managers of each of your organisations who have access to the CTP (Client Ticketing Portal) are responsible for sending you your tickets (complimentary and paying) ordered at the end of 2023. The Paris 2024 Tickets application is required to access your ticket. No tickets will be printed.

More information on how to use the CTP can be found in the user guide, which can be downloaded from the platform. If they have any questions, they can contact their key account manager.

As well as information about your position in the stand (block, row, seat number), this digital ticket also tells you which metro station is closest to your stand so that you can get there easily using public transport.

## 9.1.3 TRANSPORT SERVICES ON THE DAY OF THE OPENING CEREMONY OF THE OLYMPIC GAMES

The Opening Ceremony is a special day that requires all the transport services offered to accredited guests to be modified.

In order to smooth operations, all Paris 2024 transport services offered on competition days will be suspended from 1 pm on 26 July 2024.

In your personal transport plan, which you will receive when you pick up your CEREMONY KIT, you will find out which transport service to use to get to the Trocadéro or along the Seine.

As there is a large security perimeter for such a ceremony in the city, no taxis or private cars will be allowed access to the ceremony sites (neither Trocadéro or Seine). We therefore advise you to follow the information on your personal transport plan.

To access the various transport services and personal accreditation, the sticker and the CEREMONY PASS will be checked.

#### **Departure by coach from the Hôtel du Collectionneur (OFH)**

- 1. For members of the Olympic Family departing from the Hotel du Collectionneur (OFH), coaches will take you directly to the Trocadéro site. These same vehicles allow you to return to the Hôtel du Collectionneur at the end of the Ceremony.

#### **Departure by bus from the Hyatt Regency Paris Etoile Hotel (OF2) or from the Méridien Etoile Hotel (OF3)**

- 2. For members of the Olympic Family departing from the Hyatt Regency Paris Etoile (OF2) or from the Méridien Etoile (OF3), shuttle buses will also be available. These will take you to Kleber metro station. This station on metro line 6, as well as the entire line, is completely closed to the public and secure to transport you to the Trocadéro site. This method of transport will be the only way to reach the Trocadéro site from OF2 and OF3.  
At the end of the Ceremony, the route will be the same, via the metro between Trocadéro and Kleber station, then buses will take you to OF2 and 3.

#### **Departure by public transport from the Olympic Family Hotels or from another hotel**

- 3. If you are travelling to the Trocadéro site by your own means, the only accepted point of entry to the celebration site is at Kleber metro station. As access to the Trocadéro is entirely private, it is not possible to go directly to the site.

The nearest metro stations to Kleber metro station are:

- George V: metro line 1 then 650m walk to KLEBER station
  - Charles de Gaulle Etoile: metro line 1 then 350m walk to KLEBER station
  - Victor Hugo: metro line 2 then 850m walk to KLEBER station
- 4. If you're travelling to a stand along the Seine, you'll need to take public transport. Your ticket will tell you the name of the nearest metro station to your stand. You will also find this information on the personal transport plan that will be sent to you as the event approaches.

# 9.2

## CLOSING CEREMONY - SUNDAY 11 AUGUST 2024 - 9 PM TO 11.15 PM

### 9.2.1 CONCEPT

The Closing Ceremony for the Olympic Games takes place on 11 August 2024 at the Stade de France, an iconic venue for French sport and the Paris 2024 Games.

Located in Saint-Denis, close to the Village, it welcomes all the athletes one last time to parade in the final sequence of the Olympic Games.

A spectacular arts show, ceremonial sequences and medal presentations will set the pace for the evening.

As with the Opening Ceremony, the CEREMONY PASS for the Closing Ceremony gives you access to your areas and stands.

The items making up the CEREMONY KIT must be collected before the Closing Ceremony.

As a reminder, a CEREMONY KIT with following elements has been put together for the Closing Ceremony of the Olympic Games:

- A “CC” sticker to attach to your accreditation for access to the Stade de France site

- A MEAL COUPON for members of the Olympic Family with access to the concessions, concessions, to be exchanged for a packed lunch.

More information about the time, date and collection point for this CEREMONY KIT will be sent to you as the event approaches.

As with the Opening Ceremony, certain members of the Olympic Family will be able to access the Ceremony site with a digital ticket that can be collected using the “Paris 2024 - Tickets” application.

The distribution process for these tickets by the inviting entities is identical to that for the Opening Ceremony, via the managers in your organisation who have access to the CTP.

More information on how to use the CTP can be found in the user guide, which can be downloaded from the platform. If they have any questions, they can contact their key account manager.

This digital ticket, as well as giving you information about your place in the grandstand (block, row, seat number), also tells you which metro station is closest to your front door, so that you can use public transport to get there more easily.

### 9.2.3 TRANSPORT SERVICES ON THE DAY OF THE OLYMPIC GAMES CLOSING CEREMONY

11 August is an exceptional day, requiring all the transport services offered to accredited persons to be adapted.

On the day of the Closing Ceremony (11 August 2024), Tx services (TxR and TxB) will be modified from 1 pm in the direction of the Stade de France:

- Tx remains available in limited numbers to and from competition venues that are still active, as well as for departures and to hotels. No TX can access the Stade de France after 1 pm.
- The TxB will be suspended except for journeys to stations and airports.

To get to the Stade de France, a dedicated transport plan has been put in place for all members of the Olympic Family who need to get to the Ceremony site.

In your personal transport plan, included in the CEREMONY KIT, you will find the transport service to use to get to the Stade de France.

As the security perimeter is very tight, no taxis or private cars will be allowed access to the Ceremony sites (Trocadéro or Seine). We therefore advise you to follow the information on your personal transport plan, which will be distributed to you.

Please also note that there will be no direct transport from the Stade de France to airports or stations on this day.

#### Operating the transport service for the Closing Ceremony

## VISION OF PARIS 2024

**Paris 2024 places sport at the heart of its ambition. Through the emotions it inspires, sport is an incomparable way to bring people together and build cohesion.**

### 10.1.1 SLOGAN

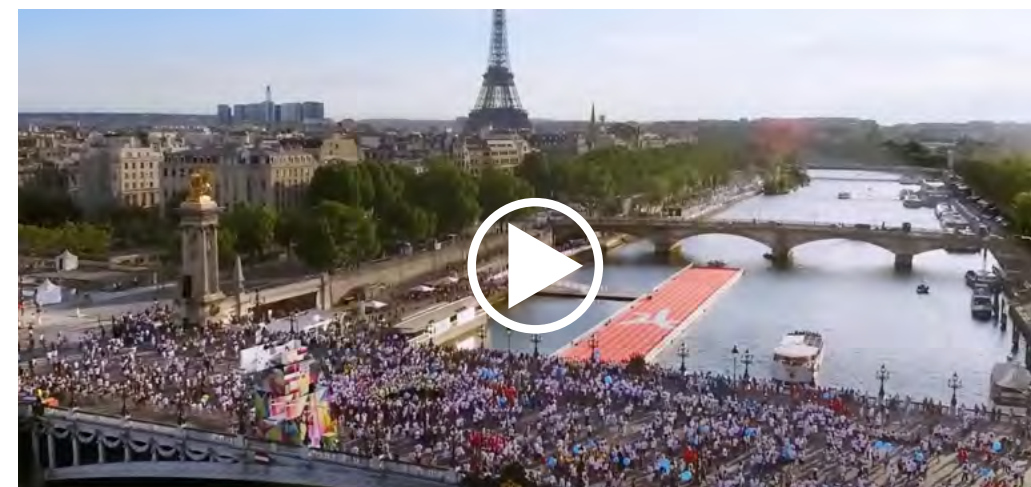

#### Games Wide Open

This slogan is an invitation to the whole world to come and experience new emotions, together. Our Games promise new experiences and thrills, with new disciplines, competitions away from the stadiums right in the heart of Paris, an exceptional opening ceremony on the Seine and the Mass Marathon so that fans can run this legendary Olympic event just like the athletes.

Through its values, sport is a powerful tool for education and integration. Aware of the unique opportunity that the Olympic and Paralympic Games represent, Paris 2024 hopes that the enthusiasm and energy of this project will reveal the power of sport and its values, and unite as many people as possible in order to bring more sport into everyone's daily life.

This ambition is supported by a new organisational model, for an innovative Games that will be both spectacular and more responsible. A spectacular Games that will make a lasting impression, taking sport to places where it's not expected, in a celebration at the heart of the cities, and building bridges with culture and education. More responsible Games, to inspire future generations:

- A demanding approach, to put the energy of the Games at the service of a useful project and to achieve tangible results; but also a demand for exemplary ethical, financial, social and environmental performance;
- Creativity, to reject pre-established models by innovating, by daring to do things differently;
- Sharing, so that this project can benefit as many people as possible, across all generations and in all regions; sharing, so that this ambition can spread and be carried beyond 2024.

## 10.1.2. EMBLEM

### An iconic emblem

The Paris 2024 Emblem combines three symbolic elements that make

up the face of the Paris 2024 Games: the medal, the flame and a Marianne – a symbolic figure representing the French Republic and its values, as expressed by its motto: “Liberté, Égalité, Fraternité” (“Liberty, Equality, Fraternity”).

This is the face of Games open to all, and in particular to women. The Paris 2024 Olympic Games will be the first in the history of the Games to achieve perfect parity in the number of athletes. This choice is also a nod to the 1900 Paris Olympic Games, in which women were allowed to compete for the first time.

## 10.1.3. SPORTS PICTOGRAMS

### Pictograms turned coats of arms

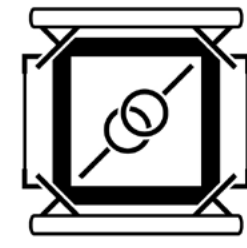

Paris 2024 has reinvented the sports pictogram, turning it into a coat of arms behind which a sporting family can rally. What they have in common: values, a discipline, a shared passion and a sense of pride in belonging. Each coat of arms is made up of three graphic components: an axis of symmetry, a representation of the playing field or practice area, and an item of equipment used in the sport it represents. The common denominator is an elegant and impactful design combining sobriety and efficiency.

A total of 62 pictograms representing the Olympic and Paralympic disciplines have been created: 39 Olympic, 15 Paralympic, and 8 common to both Games.

## 10.1.4 MEDALS

A symbol of excellence, a source of self-transcendence and the ultimate reward, medals are the ultimate accolade for top-level athletes.

As part of the LVMH group's partnership with Paris 2024, Chaumet, founded in 1780 and a jeweller renowned the world over for their French craftsmanship and the elegance of its creations, has designed this medal. This creative journey began at the 1924 Paris Games. A century has passed since then and time has polished the symbols of the City of Light to make it shine even brighter in 2024. This medal represents not only the radiance of the athletes' achievements, but also the brilliance of the French crafts and their expertise. At its heart: a piece of original iron from the Eiffel Tower, in the shape of a hexagon - the symbol of France - set like a precious stone, reflects prowess from another time. The athletes

will be taking a piece of both French history and Paris's most emblematic landmark home with them.

The back, which has been identical for every Summer Olympic Games since Athens 2004 and is based on a design by Elena Votsi, illustrates the renaissance of the modern Olympic Games in Greece. Nike, the Greek goddess of victory, is shown emerging from the Panathenaic Stadium, the venue for the first modern Olympic Games in 1896, with the Acropolis of Athens in the background. For this edition, to celebrate the return of the Games to the French capital one hundred years later, Paris 2024 wanted to include the Eiffel Tower as a mirror image of the Acropolis. This side of the medal pays tribute both to the ancient heritage of the Olympic Games and to the modern Games.

Erected for the 1889 Universal Exhibition, the Eiffel Tower is made entirely of "puddled iron". Made in the forges and blast furnaces of Pompey, Lorraine, the cast iron produced by reducing iron ore is refined by an operation known as "puddling". With all excess carbon removed, the resulting iron is almost pure and extremely robust.

Over the course of the 20th century, the structure of the Eiffel Tower underwent several renovation campaigns. Some of the metal elements have been permanently removed and carefully preserved by the Société d'Exploitation de la Tour Eiffel (SETE). These veritable pieces of history find a second glory here, magnified by the values of Olympism.

## 10.1.5 MASCOTS

### Revolutionary mascots

The Games mascots usually take the form of an animal associated with the host country.

The mascots of Paris 2024, the Phryges, have broken free from this tradition and personify an ideal, a powerful symbol of freedom and a historical reference known to all French people: the Phrygian cap.

Les Phryges are two Phrygian caps leading the revolution through sport. An Olympic mascot and a Paralympic one, each with its own personality, invite all of France and the whole world to take part in the adventure of the Paris 2024 Games.

### The Olympic Phryge

A fine tactician, she's the smart one of the bunch. A true mathematician, she never rushes into anything without thinking it all through. Careful, methodical, a little crafty, she's a real charmer who also has a sensitive side, although she tries to hide it.

### The Paralympic Phryge

Full of life, spontaneous, a bit of a hothead, she's not afraid of anything, she wants it all! Always up for new experiences, she's a total extrovert and rallies everyone around her with her energy and enthusiasm! Her dynamism is contagious.

### 10.1.6 THE PARIS 2024 TORCH

An iconic object of the Games, the Torch of the Paris 2024 Olympic and Paralympic Games is distinguishable primarily by its colour, which is both unique and radiant. To reflect the forthcoming Games, its designer Mathieu Lehanneur drew inspiration from three themes of Paris 2024: Equality, Water and Peacefulness.

### 10.1.7. PODIUMS

The podium is the ultimate symbol of performance and its celebration. For Olympic and Paralympic athletes, reaching the podium is the ultimate achievement. It's the culmination of a long journey, the ultimate recognition of their sporting achievement and a moment that will live forever in their

memories. By partnering with Paris 2024 in the manufacture of podiums, Procter & Gamble is reiterating its commitment to supporting the performance and preparation of athletes for these Games. Paris 2024 wanted to create continuity between the medal and the podium, the two symbols of performance that make up the identity of the Games and the pride of the host country. The design of the Olympic and Paralympic podiums is directly inspired by the metallic lace of the Eiffel Tower, which can also be seen in the bridges inspired by the work of Gustave Eiffel.

The grey surface of the podium refers to the zinc on the famous Parisian roofs, a symbolic way of taking the medallists up into the Parisian sky. The choice of sober colours (grey and off-white) and a refined design reflects the desire to make the podium blend in with the colourful and fun Look of the Games, as well as with the colours of the official outfits of each delegation.

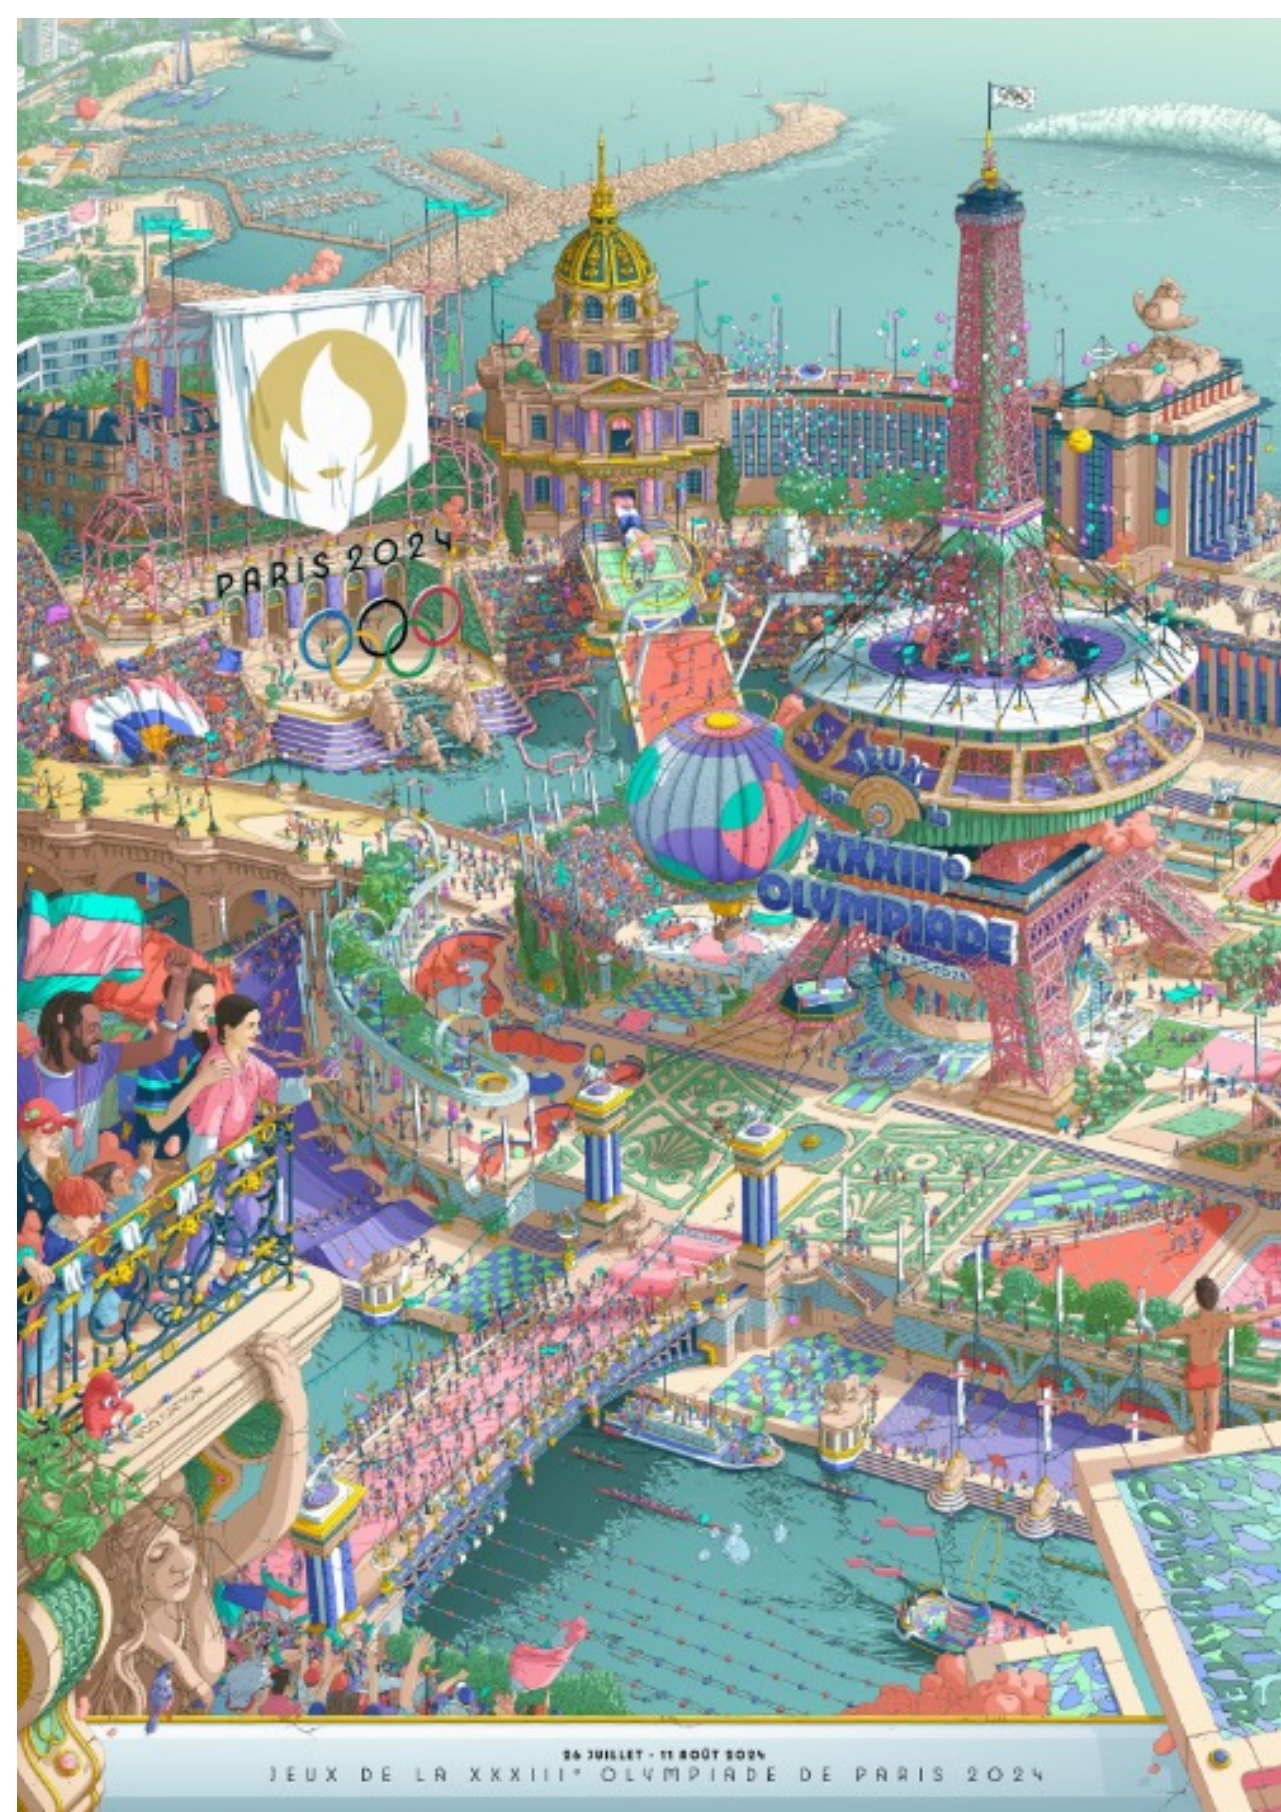

The podium's modular, built-in design means it can be adapted to different configurations (individual or team Olympic/Paralympic events) and the number of podiums can be limited to a total of 68.

### 10.1.8. OFFICIAL POSTERS

The Official Posters for Paris 2024 depict a stadium-city echoing the slogan “Games Wide Open”, combining monuments, sports, and characters, and reflecting the ambition to “bring sport into the city”. Designed as a diptych, they combine Olympism and the Paralympic spirit, forming a colourful and abundant fresco, unique to the history of the Games.

For more information on the Official Poster, please visit: <https://www.paris2024.org/en/iconic-posters/>

### 10.1.9 TYPOGRAPHY

Powerful, refined and resolutely French, the Paris 2024 typeface borrows its elegance from the Art Deco style and its energy from that of sport. Sometimes powerful, sometimes delicate, minimal and pure, this encounter combines fluidity and solidity, bringing together our cultural heritage and sporting performance in a way that has never been done before. Between the art deco nod to the Roaring Twenties and the references to the contemporary digital world, she doesn't choose, she adds.

### 10.1.10 THE LOOK OF THE GAMES

The Look of the Games is the visual identity of the Olympic and Paralympic Games. This is how competition venues, town centres and celebration areas are decorated for several weeks. This is a means of celebration and a way of spreading emotions that have a global impact. Every four years, the Olympic and Paralympic Games sport a new look, reflecting the culture of the host country and the spirit that the Games wish to reflect.

At the heart of the visual concept of the Paris 2024 Look is a strong ambition: to invite people to celebrate, to magnify sport and to radiate what makes Paris, France and the Games so remarkable. Colourful and aesthetic, bold and pure, modern and rich in symbolism, the Paris 2024 Look reflects the French spirit and the soul of this edition.

During summer 2024, it will be the inseparable backdrop to the finest sporting performances and the greatest moments of shared emotion; it will be anchored in the collective memory of more than 4 billion television viewers and will blend harmoniously into the most magical of settings: the streets of the City of Light and those of the French territories.

## IMPACT, LEGACY AND SUSTAINABILITY OF THE PARIS 2024 GAMES

### 10.2.1 IMPACT & LEGACY STRATEGY

The aim of Paris 2024's Impact & Legacy strategy is for the Games to generate positive impacts for everyone, in France and internationally. This strategy is based on 3 main objectives:

- Optimising economic, social and regional opportunities by delivering exemplary, useful games that open up opportunities for all. In fact, 75% of Paris 2024's suppliers are SMEs. To find out more about this programme, visit <https://olympics.com/en/paris-2024/our-commitments/creating-jobs-and-economic-opportunities/job-opportunities>.
- Combating sedentary lifestyles by promoting daily physical activity. France has adopted a national policy for 30 minutes of daily physical activity in primary schools, a measure initiated by Paris 2024. More than 35,000 sports kits have been distributed to schools with the financial support of the State in June 2024 and the National Sports Agency. 94% of teachers believe that the scheme improves pupils' wellbeing. To find out more about this programme, visit <https://olympics.com/en/paris-2024/our-commitments/promoting-the-role-of-sports/30-minutes-every-day>.

- Supporting the social impact of sport. Through its Endowment Fund, Paris 2024 supports organisations that use sport as a tool for social impact. In total, more than 1,100 projects have been funded, with almost €50 million distributed and more than 5 million direct beneficiaries. To find out more about this programme, visit <https://olympics.com/en/paris-2024/our-commitments/assessing-our-impact/assessing-our-impact-in-order-to-build-the-paris-2024-legacy>.

### 10.2.2 ENVIRONMENTAL RESPONSIBILITY OF PARIS 2024

#### Using fewer resources to host a better Games that leaves a legacy

Since the bid, Paris 2024 has been committed to offering a different model of the Games, less extravagant but just as spectacular, and is making every effort in that direction. By developing and applying more responsible solutions in all areas of the organisation aimed at reducing its climate impact, Paris 2024 aims to inspire and leave a sustainable legacy for the regions, sport and events.

### Paris 2024 has pledged to halve carbon emissions compared with the average for previous Games (London 2012, Rio 2016).

Paris 2024 wants to propose a new standard for the organisation of sporting events, in line with the Paris Climate Agreement, adopted in 2015. To achieve this, Paris 2024 is taking action at every level. We will ensure that 95% of the infrastructure already exists or will be temporary, the meals served will contain twice the amount of plant-based foods, less than 50% of the plastic used in catering will be single-use, and a second-life solution will be found for 100% of the temporary infrastructure and furniture at the Games venues. Energy issues are also taken into account, as the sites are connected to the public electricity grid to avoid the use of generators and are supplied with 100% renewable electricity. The fleet of vehicles for the athletes and accredited public will include electric, hybrid and hydrogen-powered vehicles supplied by World Olympic Partner Toyota. To further reduce the carbon impact, the fleet used will be optimised, with 40% fewer vehicles than in previous editions of the Games.

### The Olympic Village, a laboratory for the city of tomorrow, left as a legacy to Seine-Saint-Denis

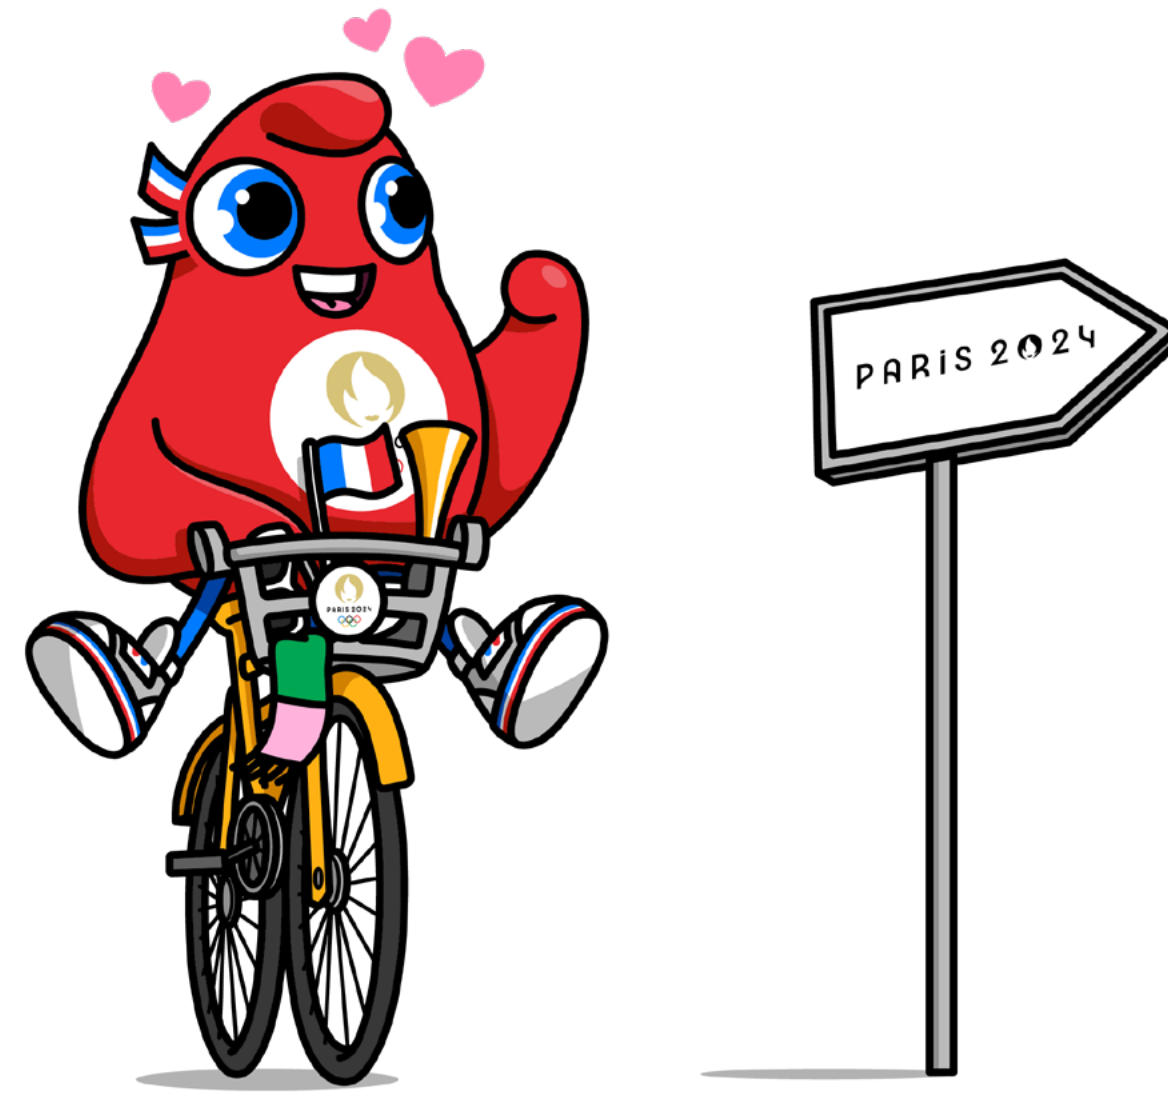

- Designed as an eco-district, after the Games the Olympic Village will be transformed into a new residential and business district, providing workplaces for 6,000 people and flats for the same number.
- An example of low-carbon construction thanks to the use of wood, low-carbon concrete and reused materials.
- A future eco-neighbourhood adapted to tomorrow's climate (vegetation, cooling floors, etc.).
- Reused or recycled furniture, for which a second life is already planned for after the Games.
- The world's largest restaurant, with no single-use plastic bottles, 100% reusable crockery and more responsible food.
- Innovative, responsible energy solutions like the floating photovoltaic power plant on the Seine.

## We are all involved in more responsible Games: how can you contribute?

Successfully delivering a more responsible Games is everyone's responsibility. At all the venues and in the co-host cities, you have many opportunities to take action at your own level and help Paris 2024 achieve its goals so we can all be proud of our Games. That's why Paris 2024 is encouraging you to pick up a few eco-friendly habits:

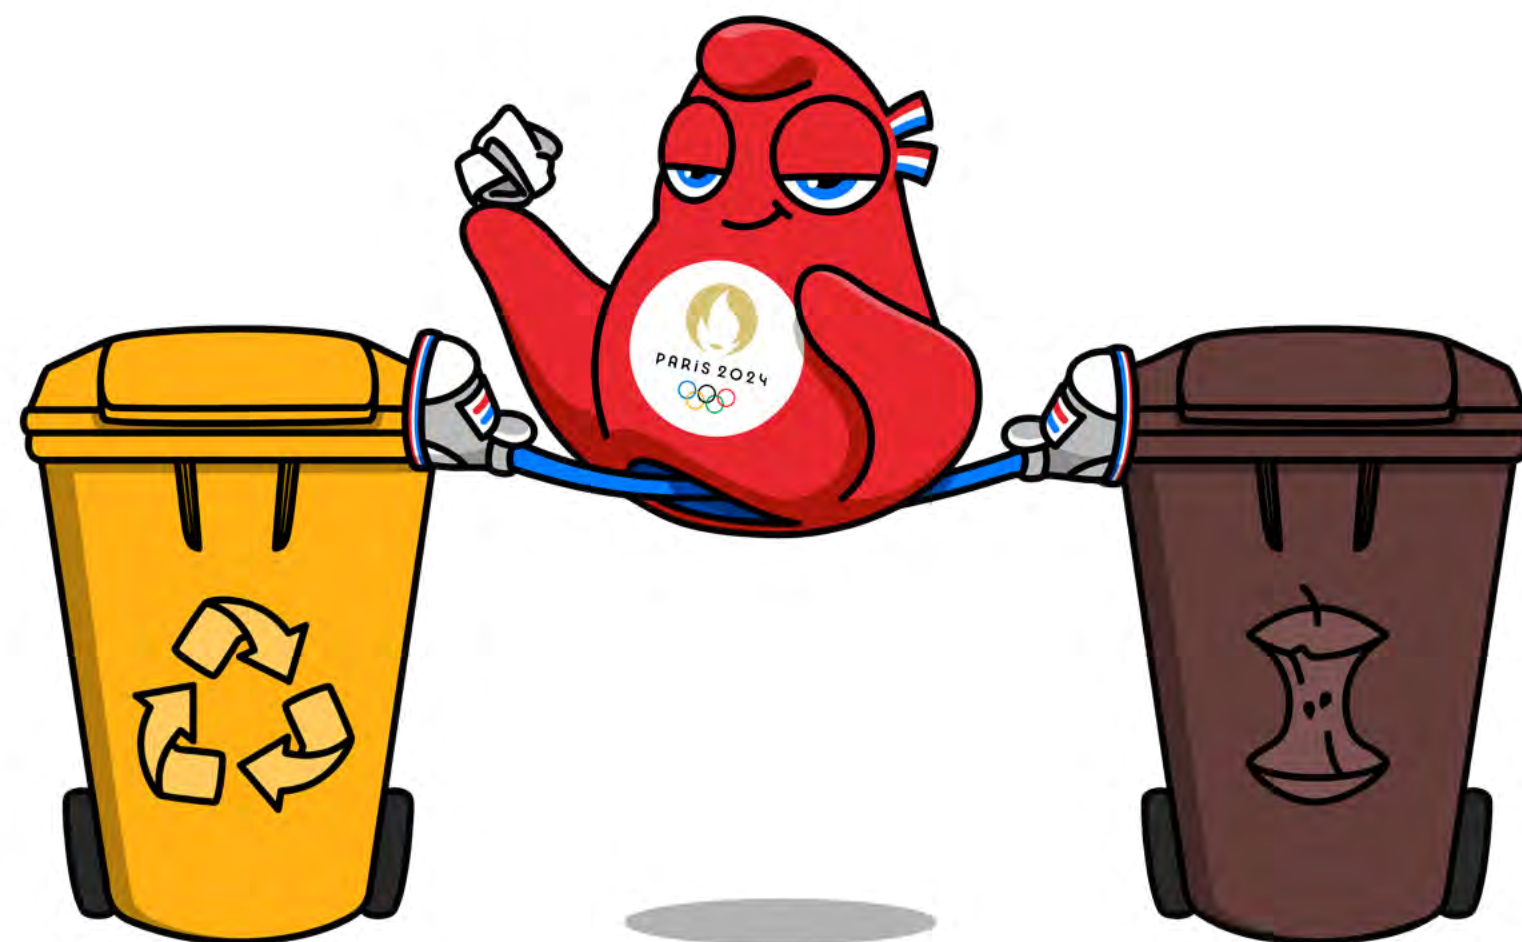

- Using low-carbon means of transport: encouraging the use of trains to get to the Games and to travel between the co-host cities, giving priority to public transport, walking and cycling. Information on cycling is available in section 6.7.3. Bicycles.

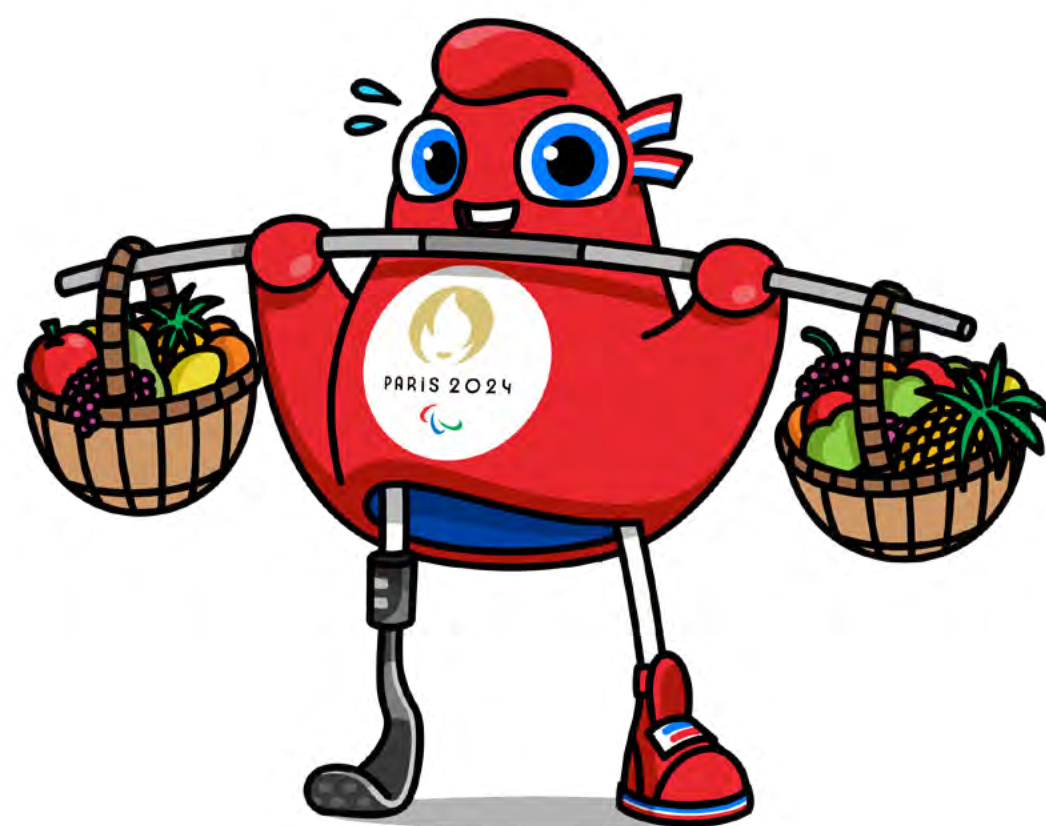

- Carry a water bottle at all venues and use the drinking fountains. Water bottles can be filled with water in the Olympic Family lounges.

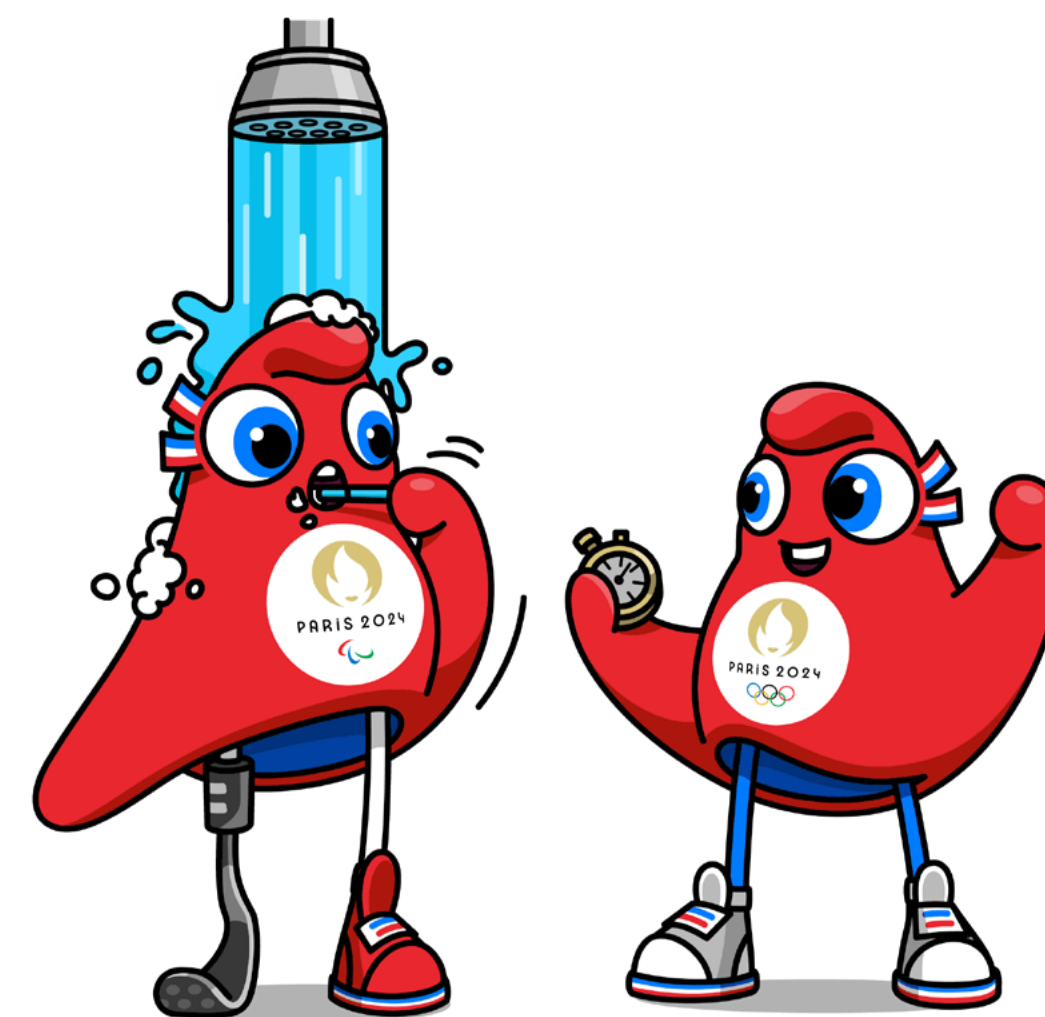

→ Don't drop litter, and follow the sorting rules to recycle your waste.

→ Choose responsible food options and reduce food waste.

→ - Ensure responsible management of water and energy resources on sites and in hotels.

## Olympic Sculpture

→ From 23 June 2024

→ [Website](#)

The IOC and the City of Paris have chosen Los Angeles-based artist Alison Saar to create a public artwork to be installed in the French capital as a tribute to the legacy of the Paris 2024 Olympic and Paralympic Games.

Saar succeeds Xavier Veillan, who created *The Audience* (2020) for the Tokyo 2020 Olympic Games.

The sculpture is an initiative of the Olympic Art Visions programme, in which the IOC invites a renowned artist to create an original work of art inspired by sport and Olympic values, to be presented in a publicly accessible space in the host city.

The sculpture will be officially unveiled and inaugurated in Paris on Olympic Day.

## UNESCO – “Cultures at stake”

→ 7 Pl. de Fontenoy, 75007 Paris

→ 24 March to 15 September 2024

The Olympic Museum and the IOC have joined forces with UNESCO to produce an exhibition of archive images of the opening and closing ceremonies of previous Olympic Games. The photographs will be displayed on the outer fence of the UN institution in an ode to diversity, inclusion and culture.

No matter where you are in France, you can find all the initiatives linked to the Games, from cultural events, sports initiations and conferences to Paris 2024 boutiques and partner pavilions.

### 10.4.2. THE TORCH RELAY

The Paris 2024 Torch Relay is a truly festive and popular epic that criss-crosses France to announce the start of the Games after 100 years of waiting.

The Torch Relay is based on 3 goals:

- **Involving the whole of France:** on France's roads, the passage of the Flame is a moment of sharing between all those who come to see it and its 11,000 torchbearers.
- **Putting the region in the spotlight:** more than 400 stop-off points will be highlighting and illuminating France's exceptional historical and cultural heritage, our history, our expertise, our traditions, French creativity and excellence.
- **Promoting the place of sport in society:** from the arrival of the Flame aboard the Belem, to running, cycling, skateboarding, etc., in both an individual and collective way, all the Olympic federations are promoting their sport and those involved in it, whether athletes, volunteers or practitioners.

### The Olympic Torch Relay route

Organised with the support of the regions involved and its Official Sponsors (Coca-Cola, Banque Populaire, Caisse d'Epargne), the Olympic Torch Relay lasts 68 days. It arrives in Paris on 14 and 15 July (the date on which the relay will pass closest to the official hotels of the Olympic Family), crosses the Ile-de-France region from 19 July and finishes in Paris again on 26 July 2024, the day of the Opening Ceremony. For all the information on the stages of the Olympic Torch Relay if you want to take part as a spectator: <https://olympics.com/en/paris-2024/olympic-torch-relay>.

### 10.4.3. CELEBRATIONS IN THE CITY

#### The Games Open Wide: the Paris 2024 celebrations

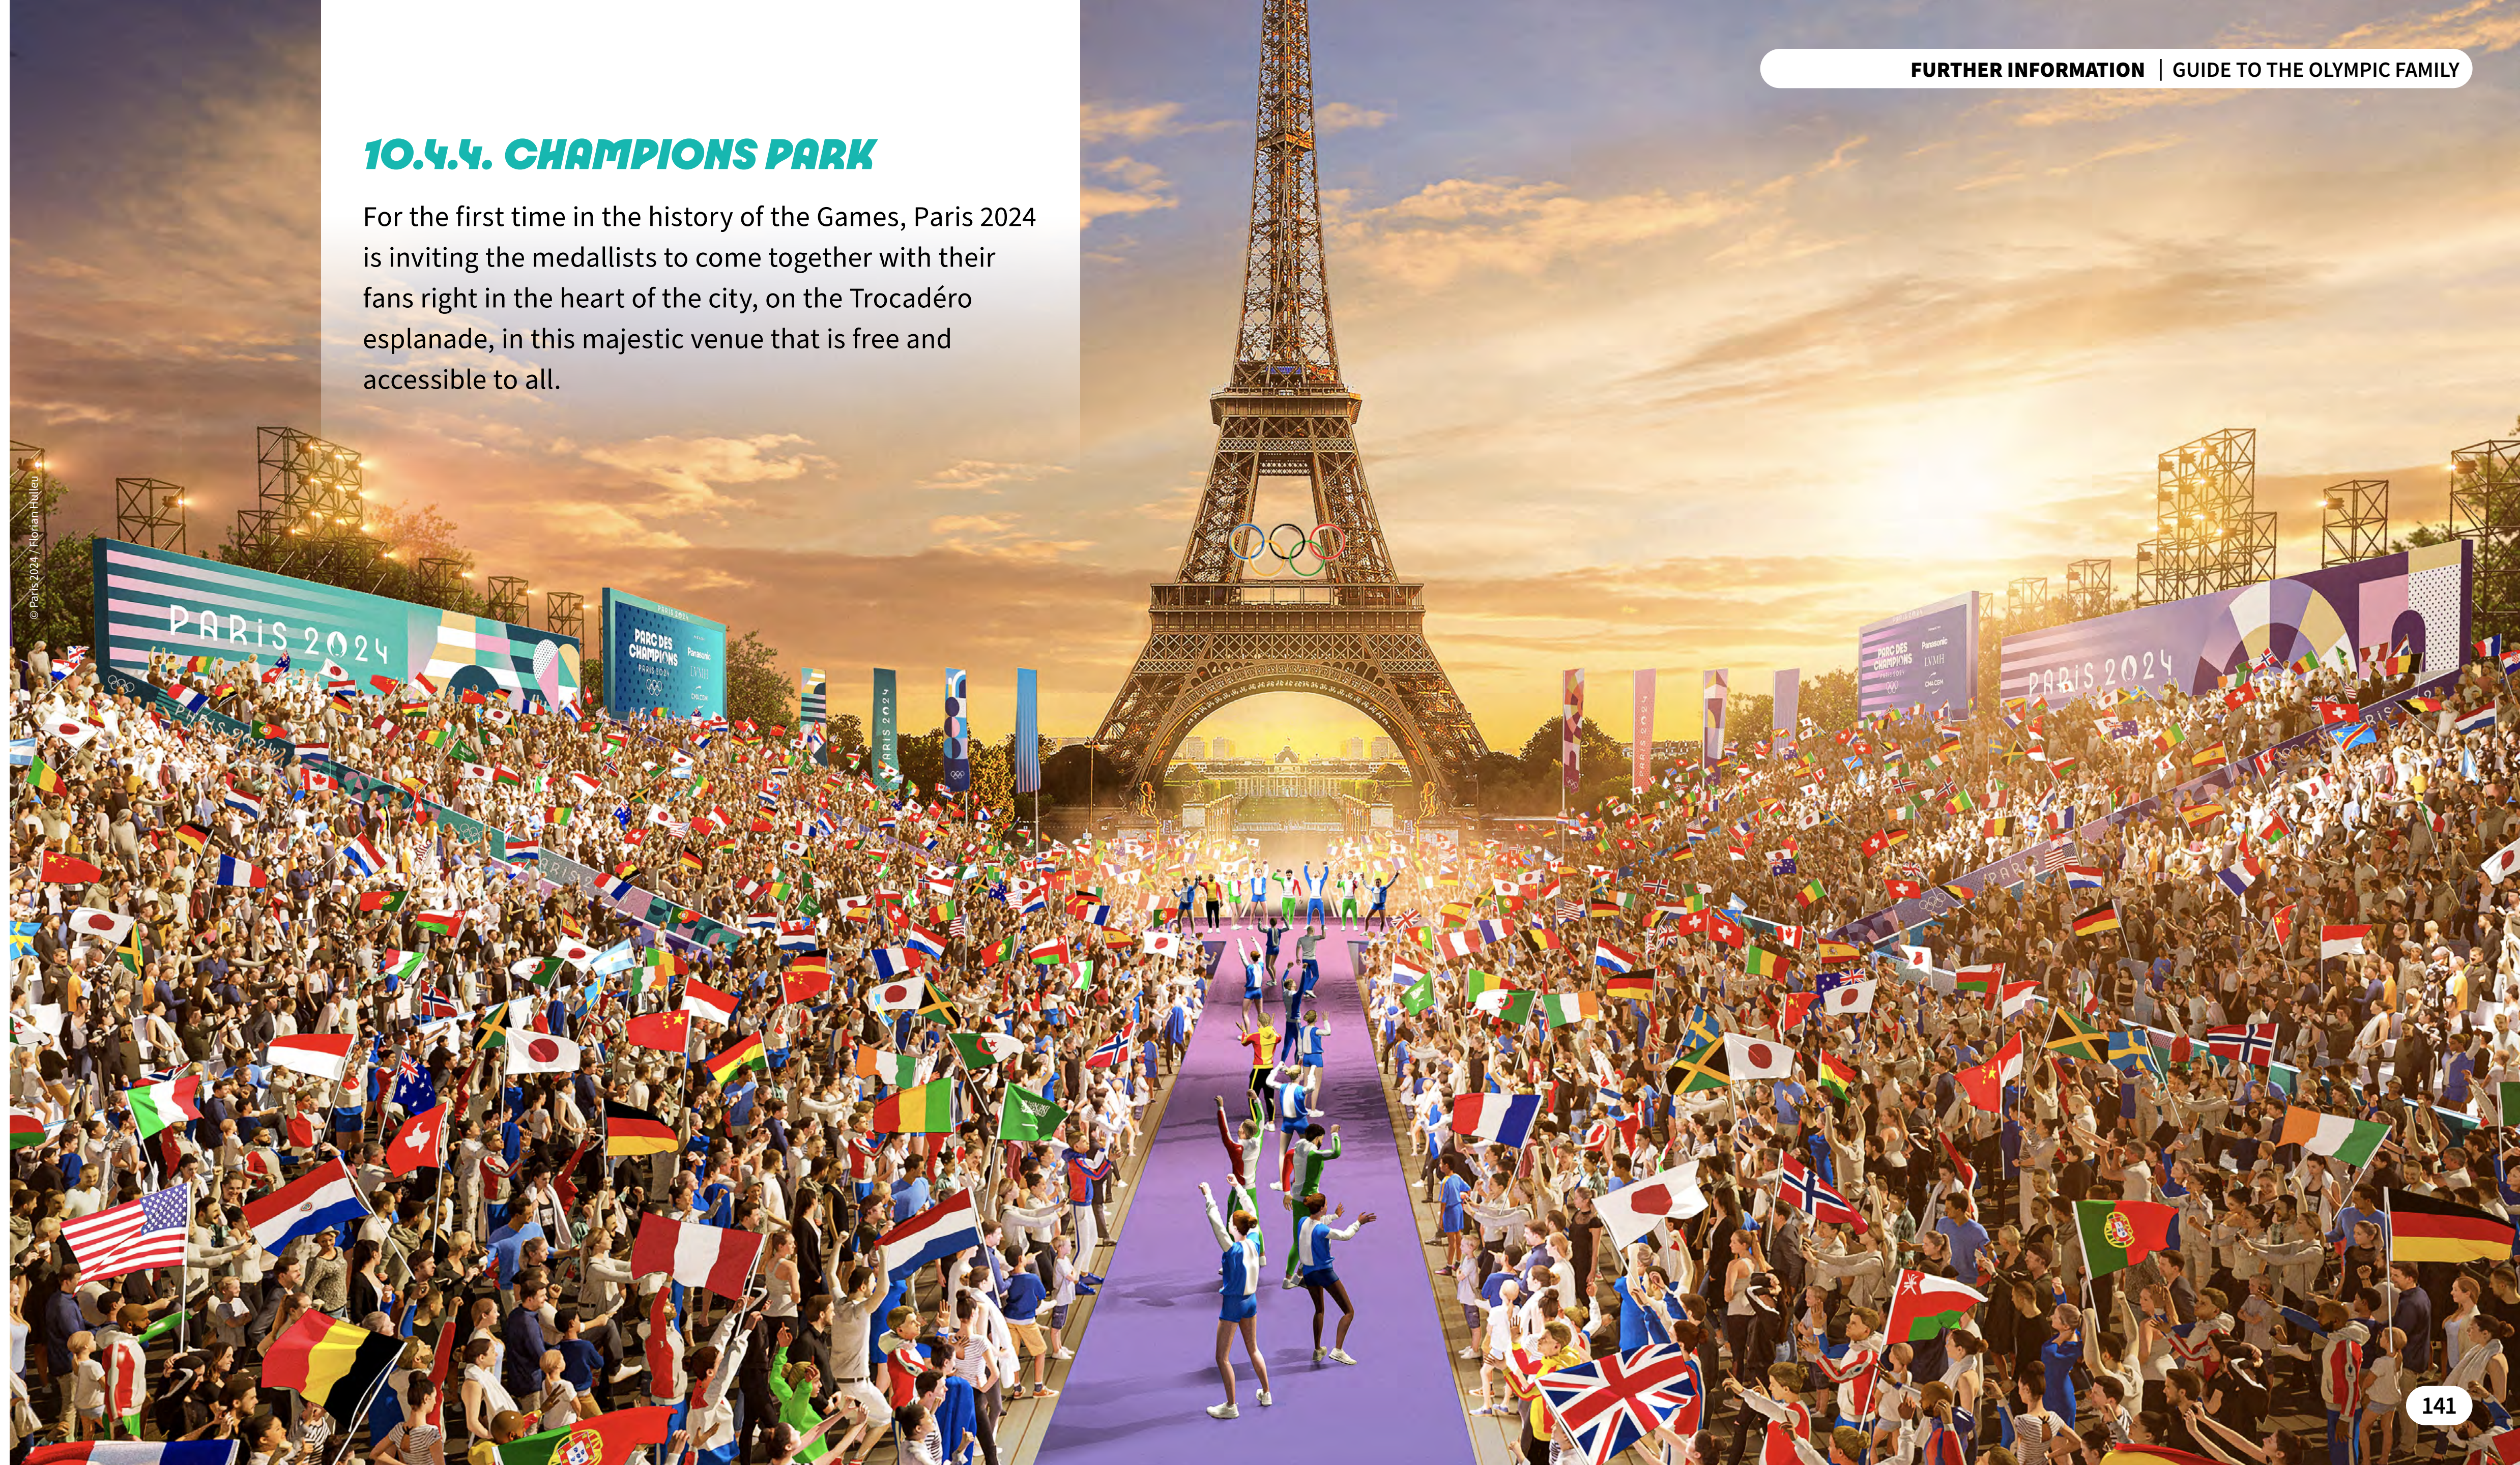

From 26 July 2024, more than 4 400 local authorities across France will be involved in the Games project through the “Land of the Games 2024” programme, opening 2024 Clubs. These 2024 Clubs give you the chance to watch the events on a giant screen, take part in sports initiations or meet the athletes and share unique emotions. What’s more, with the Celebrations Kit, many public places such as restaurants, bars, retirement homes, sports clubs and leisure centres will also be decked out in the colours of the Games.

You can build your own tailor-made Celebration experience and find all the events linked to Paris 2024 on the dedicated interactive map, available at <https://olympics.com/en/paris-2024/games-map> or on the official Games application “Games Time Web& App”, detailed in section [10.20 Useful applications for Smartphone](#).

### 10.4.4. CHAMPIONS PARK

For the first time in the history of the Games, Paris 2024 is inviting the medallists to come together with their fans right in the heart of the city, on the Trocadéro esplanade, in this majestic venue that is free and accessible to all.

Each day is marked by the celebration of the previous day's medallists, who are invited to parade in front of the public. The day's major finals are then broadcast live in what is transformed into an open-air arena. Artistic and cultural performances also enrich the programme, helping to make the Champions Park - sponsored by Panasonic, LVMH and CMA CGM - a complete and universal festive experience as well as a place to celebrate sport.

- Address: Esplanade du Trocadéro, Paris (16th arrondissement)
- 9 days of celebrations: from 29 July to 10 August (except 30 July and 2 to 4 August\*\*)
- Opening hours: 4 pm - 11.30 pm
- Athletes' celebration: 4:30 pm – 7:30 pm
- Broadcasting of the Grand Finals: 7.30pm - 11.30pm
- Capacity: 13,500 people a day. Open to all on a first-come, first-served basis.

Stand seats are reserved for 100 members of the Olympic Family with an "O" on their accreditation, on a "first come, first served" basis. Once this capacity of 100 people has been reached, all accredited visitors will be redirected to the general public entrances.

The organisation reserves the right to extend access to members of the Olympic Family with an "F" or an "H" on their accreditation during the Games, depending on the number of "O" rank members.

A special entrance for these 100 members has been set up at the Parvis des Droits de l'Homme, on the Place du Trocadéro.

### **10.4.5. PARTNER AREAS (“SHOWCASING”)**

The partners’ areas are located in the heart of the city, in symbolic locations, in close proximity to many of the competition venues, where the cycling, triathlon and marathon events will be taking place: the Champs-Élysées, along the Jardin des Champs-Élysées, the Berges de Seine and at the foot of the Eiffel Tower.

From 27 July to 8 August, the partners will be bringing the space to life, offering an exceptional experience linked to their own world.

The areas are free and open to all, ticket holders or not. These areas are generally open every day from 10 am to 10 pm.

Some exceptions are possible, as road events may require temporary closures or changes to access arrangements.

These partner areas can be located on the Map of the Games, within the “Olympic Games - Paris 2024” application, presented in section 10.20. Useful applications for Smartphone.

### **10.4.6. VICTORY CEREMONIES**

The aim of the victory ceremonies is to honour the athletes by recognising their extraordinary performances, while promoting the values of Olympism and sportsmanship. They are held after the last event, directly at the competition venue, to celebrate the athletes taking the podium by presenting them with medals and commemorative gifts. After the presentation of medals and ceremonial gifts, the winners’ ceremony is an opportunity to honour the nation of the winning athlete or team by playing their national anthem, while the national flags of the medal-winning athletes are raised. The first winners’ ceremony is scheduled for 27 July for the mixed team 10m air rifle event at the Châteauroux Shooting Centre, while the final winners’ ceremony traditionally recognises the winners of the marathon event on the last day of competition. The medallists in the Women’s Marathon have the honour of being celebrated last and concluding the winners’ ceremonies.

### 10.4.7. PARC DES NATIONS AT LA VILLETTE

An open-air sports hall, the Parc de la Villette is naturally one of the iconic venues for the Paris 2024 Olympic and Paralympic Games, with Club France and numerous French sports federations taking place in its main hall and on its lawns. Several National Olympic and Paralympic Committees have also set up their guest houses in different areas of the park. All this is accompanied by Decathlon activation throughout the Olympic period. The park thus took on an international dimension, becoming the Parc des Nations for the duration of the Games.

An unprecedented venue in the history of the Olympic and Paralympic Games, it is at the heart of the IOC's ambitions, as it hopes to set a precedent that will be replicated in future editions. A true Park of Nations throughout summer 2024, La Villette is open to all those who love sport and its values around the world, and who have an irresistible urge to celebrate the global event that is the Olympic and Paralympic Games.

### 10.4.8. MASS MARATHON

With the Mass Marathon, Paris 2024 is revolutionising the experience of the Olympic and Paralympic Games for the general public, and offering French people an exceptional Games experience. Many have dreamt of it, but now it's a reality: amateur athletes will run the same route as the Olympic marathon, giving as many people as possible the chance to follow in the footsteps of exceptional athletes. Held at night on 10 August 2024, the feelings will be multiplied tenfold on a new and original course, which will honour the heritage and history of France and the Paris region. On the same evening, a 10 km course will also be held to complete this range of running events for the general public, for the first time in history. Like the Olympic Games as a whole, the Mass Marathon, sponsored by Orange, aims to be a gender-balanced event, and Paris 2024 has made every effort to allocate as many race numbers to women as to men.

## COMPLIANCE

### 10.5.1. GENERAL GUIDELINES

Paris 2024 is imposing the highest standards of integrity and transparency to deliver exemplary Games. On a day-to-day basis, these objectives accompany all the steps initiated by the Paris 2024 Olympic and Paralympic Games Organising Committee.

The Paris 2024 Code of Ethics is the foundation on which the Olympic Games are built. You can find this charter on the following link: <https://olympics.com/en/paris-2024/committee/our-responsibilities/code-of-ethics>. In addition, there is a warning system that enables you to inform the Organising Committee of any particularly serious situation that contravenes the law or the Paris 2024 Code of Ethics: <https://www.paris2024.org/fr/dispositif-d-alerte/>.

### 10.5.2. SPORTS BETTING

As part of the fight against the manipulation of sporting competitions, betting on any event is forbidden (in accordance with the IOC Code of Ethics and the French Sports Code), as well as asking third parties to do so on your behalf. The persons concerned by this rule are defined by the French Sports Code. This includes all athletes, sports and medical staff, but more generally all accredited persons. Checks are carried out to ensure compliance with these provisions.

### 10.5.3. PREVENTING AND RAISING AWARENESS OF SEXUAL AND GENDER-BASED VIOLENCE

Paris 2024's goal is to create a safe, respectful and equal environment for everyone during the Games. We urge all participants to be mindful of their own behaviour and that of others. If you observe or witness violence of any kind, including sexual and gender-based violence, inappropriate behavior, degrading comments or any other form of discrimination, don't remain silent. Report them directly to a member of the Organising Committee, or online via the reporting platform which treats each case with the necessary confidentiality and sensitivity: <https://www.paris2024.org/fr/dispositif-d-alerte/>.

## INSURANCE

As the organiser of the Games, Paris 2024 provides you with the following insurance cover:

### 10.6.1. MEDICAL AND REPATRIATION INSURANCE

Please refer to the information at the beginning of this chapter 7. Medical services.

### 10.6.2. AUTOMOTIVE

The vehicles made available by Paris 2024 are covered by the following warranties:

- Third-party liability: covers damage caused to third parties (particularly passengers) in the event of an accident involving the insured vehicle.
- Bodily injury to the driver: this covers damage sustained by the driver of the vehicle, even if they are proven to have been at fault in the accident.

For vehicles made available by Paris 2024, details of warranties are available when the vehicle is made available.

Vehicles hired via RateCard are insured separately from the vehicles provided by Paris 2024. Details of the warranties for these vehicles are available in RateCard's general terms and conditions. For all inquiries, please contact: [contact@ratecard.paris2024.org](mailto:contact@ratecard.paris2024.org).

All other vehicles, such as your personal vehicles, are your responsibility and must at least be insured in accordance with current French legislation

### 10.6.3. CIVIL LIABILITY

You are strongly advised to take out a "Civil Liability" insurance policy to cover damage of any kind caused to third parties (including bodily injury, material damage and consequential or non-consequential damage to bodily injury or material damage).

### 10.6.4. DAMAGE TO PROPERTY BELONGING TO THE OLYMPIC FAMILY

You remain responsible for any damage to your personal belongings. We recommend that you take out appropriate insurance to cover the assets you are legally responsible for (computers, furniture, etc.).

### 10.6.5. FURTHER INFORMATION

If you have any questions about insurance, please contact [assurances@paris2024.org](mailto:assurances@paris2024.org).

## GENERAL SAFETY AND SECURITY

**The French government is the guarantor of safety and security during the Olympic Games. In this capacity, the government coordinates all safety-related issues, as well as emergency services.**

Paris 2024 is responsible for the design, implementation and execution of security measures at competition and non-competition sites. In this context, Paris 2024 has joined forces with the relevant national security organisations to integrate the most effective security systems within the competition venues and other official sites.

### 10.7.1. SITE SECURITY GUIDELINES

The Préfecture de Police de Paris has set up a “State” perimeter to ensure the safety of spectators and local residents. Three perimeters co-exist, as you can see on the map below:

- The diversions perimeter (in blue),
- The restriction perimeter (in red),
- The protection perimeter - SILT (in grey).

**Black:** this is the protection perimeter (or SILT - Sécurité Intérieure et Lutte contre le Terrorisme [Internal Security and the fight against terrorism]) used during major events, which encompasses the organiser’s perimeter and the competition site.

Only ticketed spectators and persons accredited by the COJOP will have access, as well as local residents, who may be affected.

To gain access to this perimeter, pat-downs and searches of bags and luggage are carried out.

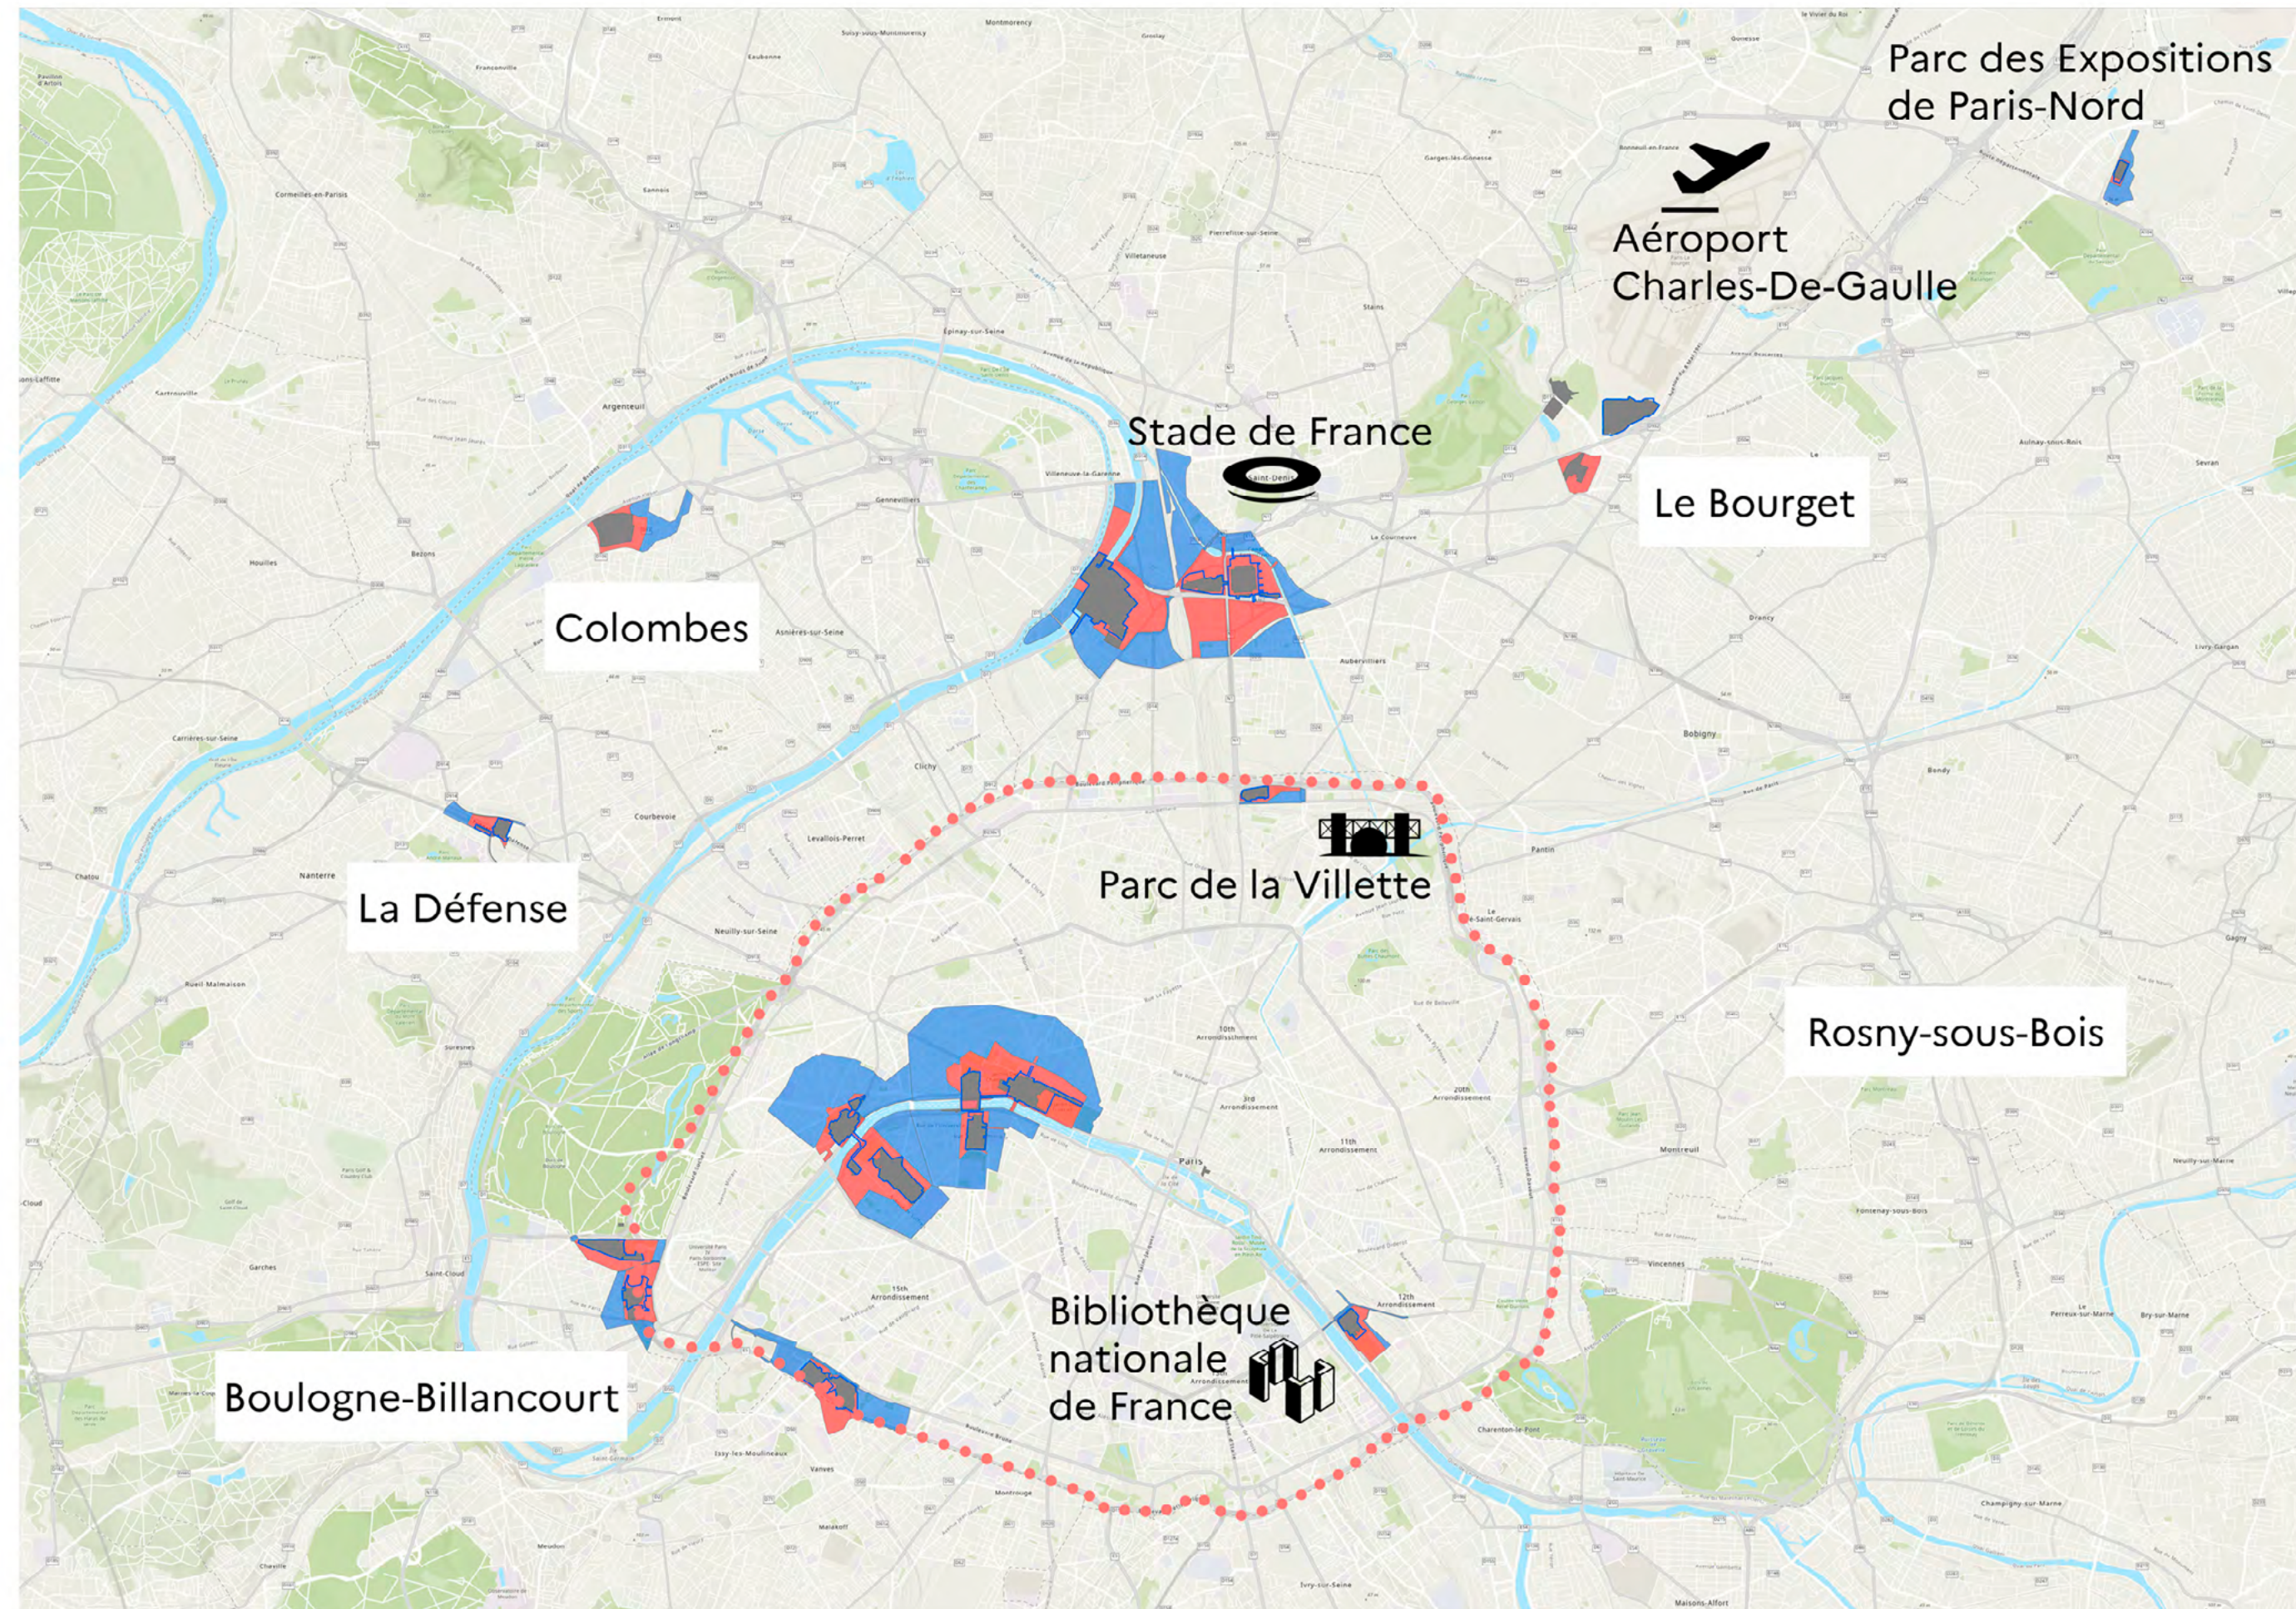

**Red:** this perimeter prohibits motorised road traffic, except in the case of specific exemptions. Your accreditation constitutes such an exemption and allows you to enter this perimeter on foot or by bicycle.

The red perimeter has two specific objectives: terrorism reduction, and to guarantee the safety of the public entering or leaving a site, and of local residents.

**Blue:** the blue perimeter regulates motorised road traffic. It reduces and diverts motorised traffic around red zones. Checks may be carried out at crossing points by the authorities, with verification of the legitimacy of the crossing. However, your accreditation allows you to enter this perimeter

You can find out more about the security perimeters in place on the sites at the following link: <https://anticiperlesjeux.gouv.fr/carte-interactive-impacts-deplacements-ile-france>

**LÉGENDE**

\* Dérogations possibles en s'inscrivant sur plate-forme numérique, ouverture au printemps 2024

Below is a table showing the access rules for the various security perimeters:

Perimeter	Colour	People affected by the restrictions	Proof requested
<b>Traffic regulations</b>	Blue	Vehicles	OCOGP VAPP or ACR for taxis/cars with chauffeurs
<b>Ban on traffic</b>	Red	Vehicles	COJOP VAPP or ACR for taxis/cars with chauffeurs
<b>Protection/SILT</b>	Grey	Vehicles and Pedestrians	Vehicles: COJOP VAPP or ACR for taxis/cars with chauffeurs Pedestrians: ACR/safety pre-filtering

We recommend a number of good safety practices to help you make the most of your stay:

- Keep your personal belongings in a safe place, especially your identity papers and travel documents.
- Label your luggage and do not leave it unattended.
- Do not leave any personal belongings in sight inside your vehicle.
- Use cash machines located in public places, or inside a bank or shop.
- Avoid using unsecured public Wi-Fi networks and be careful not to post confidential information about the Games on your social networks.
- Follow the advice of the authorities.
- Be vigilant and aware of your surroundings, and report anything suspicious to the authorities.
- Be ready to react by learning the emergency numbers you need: 15 to contact the SAMU (Emergency Medical Service), 17 to contact the police, 18 to contact the fire brigade, or the European emergency number 112. More information on emergency numbers can be found in the section 10.19 Emergency contacts.

## 10.7.2. SITE SECURITY

### Site inspection and lockdown

The Olympic Villages, all the competition venues, and the majority of the training venues are subject to a safety inspection by the State's specialist services and to a lock-down period before the Games. This inspection verifies the absence of any prohibited or dangerous items that could pose a threat to safety and security.

During the lockdown period, all security and safety procedures are put in place, and access control is activated with the support of specific technological means, with the exception of facial recognition, which is prohibited by French law. From the time of the security inspection, no person, vehicle or equipment may enter the sites without accreditation (or anything else authorising access) and without passing the appropriate security checks.

To gain access to the sites, after your accreditation has been checked, you and your luggage will undergo a personal inspection. An adapted procedure is available for people whose age, mobility or medical reasons so require. For more information on prohibited or restricted items on site, please refer to the section 8.9 Prohibited, restricted and authorised items on the various sites.

# 10.8

## SMOKING POLICY

Smoking is prohibited on competition and non-competition sites, in their parking lots and in all official hotels. Exceptions apply to certain rooms and areas of official hotels (balconies, terraces) that do not fall under the Paris 2024 jurisdiction,

where the regulations of each hotel apply. Smoking is prohibited in the parking lots within the safety perimeters. Heated tobacco and electronic tobacco products are also prohibited.

## OFFICIAL TEAM OUTFITS PARIS 2024

The different groups of people working for the Games at all competition and non-competition venues are recognisable by their official uniforms.

Two groups of people have official uniforms to distinguish them:

→ Staff members:

→ Paris 2024 volunteers:

When you come to France, you may come across other people wearing specific uniforms, not provided by Paris 2024. The style of these uniforms is also in keeping with the Look of the Games, and helps to identify each person's role. These include the uniforms worn by security guards, maintenance staff and volunteers from the host cities of the Games.

## CURRENCY AND EXCHANGE MACHINES

The currency used in France is the euro (symbol: €; ISO code: EUR).

There are a large number of banks in Paris, both French and foreign. They are generally open from 9 am to 5 pm, Monday to Friday. Some branches may close at lunchtime, between 12:30 and 2 pm.

Although some banks will accept your currency in exchange for euros, for a fee, you can also find bureaux de change that specialise in this type of transaction. Don't forget to bring your ID.

With your bank card, you can withdraw euros 24 hours a day from the numerous cash machines. Most international bank cards are accepted.

**On official competition and non-competition sites, only electronic payments made with a VISA card are accepted.** Please bring cash if you don't have a VISA card.

## TAXES AND TIPS

In France, prices include tax and service, the latter representing around 15% of the total price. If the service has been particularly good, you can leave a tip to show your satisfaction. It usually amounts to 5 to 10% of the bill. However, it is not mandatory.

# 10.13

## TIME ZONE

The time zone in Paris is GMT +2.

# 10.14

## MOBILE PHONES

Paris 2024 does not provide mobile phones. Please find below the information you need to purchase a phone or SIM card in Paris.

### 10.14.1. GETTING A PHONE

Before you leave for Paris, check with your operator to find out whether your phone is technically and commercially compatible with French networks, and how you will be billed for calls you receive from your country and/or make (local or international). To surf the Internet and send messages from your smartphone, you need to activate data roaming (unless you're on a Wi-Fi network). This function, which can be accessed from your terminal settings, may incur charges. Don't forget that you may need a plug adapter for your laptop charger.

If you want to buy a phone in Paris, the four major national telephone operators - Orange, SFR, Bouygues Telecom and Free Mobile - have a number of sales outlets. Supermarkets and electronics stores can also offer you a selection of cell phones.

### 10.14.2. GETTING A SIM CARD

In Paris, you can buy a SIM card very easily in the shops of the main network provider or in electronics shops, where you can select a package to suit your needs. Most department stores, newsagents and tobacconists sell prepaid SIM cards.

Purchasing an eSIM is also possible, whether through mobile operator stores, via online purchase using platforms such as eSIM.net, or via dedicated operator applications. The advantage of eSIM lies in its flexibility, eliminating the need for a physical SIM card and enabling multiple numbers to be shared on the same device. However, not all phones support eSIM, so make sure your device is compatible.

## ELECTRICITY

In France, the electrical voltage is 230V, and the frequency 50 Hz. Type C and E wall sockets and plugs are shown below:

Relative humidity averages around 65% during this period. Average monthly rainfall in July and August is 60 millimetres.
