2.1 How to use this Guide ->

2.2 Transport Privileges ->

OCOG Transport Team is glad to welcome athletes, team officials and all NOC members to the Paris 2024 Olympic Games and wishes you all the best for the Games.

All athletes and team officials will be entitled to use the dedicated TA transport system which has been designed to support training and competition requirements in the lead up to and during the games. Athletes will also have access to Transport Connect (TC) and Public Transport (TP).

OCOG encourages stakeholders to use TA, TC, TP in preference to travelling in private vehicles.

OCOG is also providing dedicated vehicles to NOCs to support operations.

2.1 HOW TO USE THIS GUIDE

This NOC Transport Guide outlines useful information about athletes and team officials (TA) system as well as NOC related transport services such as fleet vehicles.

The guide will help you plan your transport journeys at the Games and details the following services:

- → Competition and training venue services
- → Olympic Village Services
- → Opening and Closing Ceremonies
- → Arrival and Departure Services
- → Public transport
- → Fleet services

You will also find general Games information to assist your familiarisation with the Paris 2024 Olympic Games environment. This includes venue names and acronyms, pictograms, transport terminology and competition schedule.

The bus timetables in this guide are subject to change, please refer to the Paris 2024 Transport Accred App for latest information.

OLYMPIC CAMES ENURONMENT

- 3.1 Event Environment ->
- 3.2 Olympic Route Network →
- 3.3 Road Events →

3.1 EVENT ENVIRONMENT

The Paris 2024 Olympic Games will be held in Paris and ten co-host cities which include: Bordeaux, Lyon, Marseille, Nantes, Nice & Saint-Étienne for Football, Châteauroux for Shooting, Lille for Handball and Basketball, Marseille for Sailing and Tahiti for Surfing.

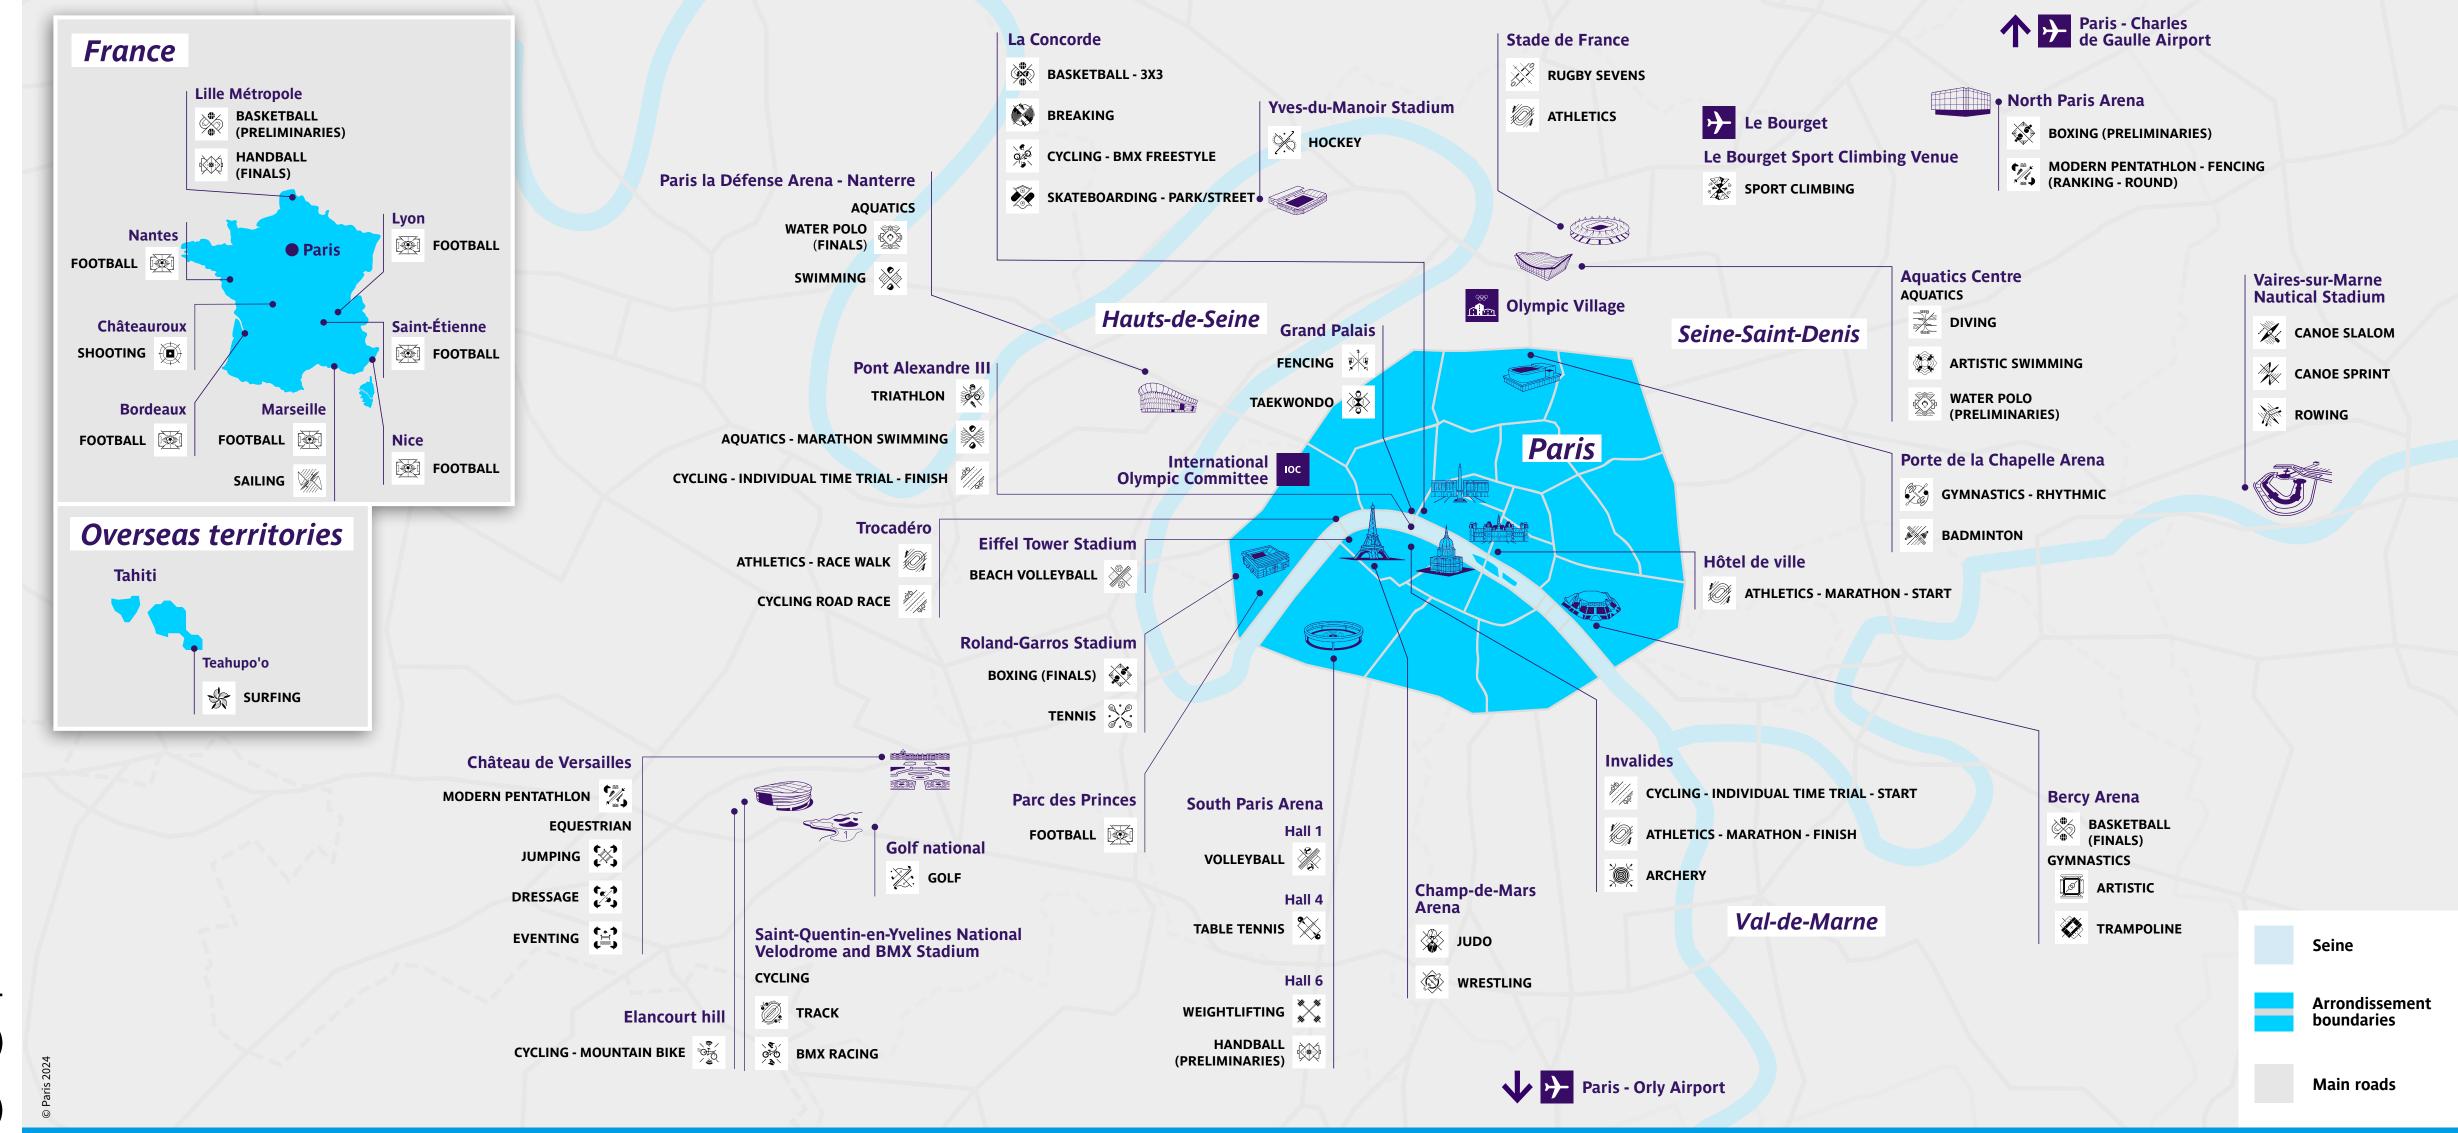

The Paris venues are located both in central Paris and in the outer Paris area. The center of Paris will host most of the disciplines. Some disciplines will be held in Île-de-France Region.

Olympic competition venues Master Plan

3.2 OLYMPIC ROUTE NETWORK

The Olympic Village is connected to all competition venues via the Olympic Route Network (ORN) to ensure an efficient, reliable and safe route for stakeholders. All VAPPed vehicles will be able to use the ORN. Taxis will also be able to use the ORN, but not VTCs (Passenger Car with driver such as Uber, Bolt etc). On road event days, journey times may increase. Please refer to Section 3.3 Road Events for more information. There will be no ORN in cohost-cities.

ORN will be activated between 15th July and 13th August.

The ORN will be divided in two types of routes:

- → **Olympic Lanes:** lanes dedicated to accredited vehicles which display an appropriate Vehicle Access and/or Parking Permit (VAPP) as well as all emergency, military, security, official taxis and other official Games vehicles.
- → **Olympic Path:** routes that have been identified by Paris 2024 as being the best way to reach competition and non-competition venues. These lanes will not be dedicated but will be shared with the general public and signage will not be installed.

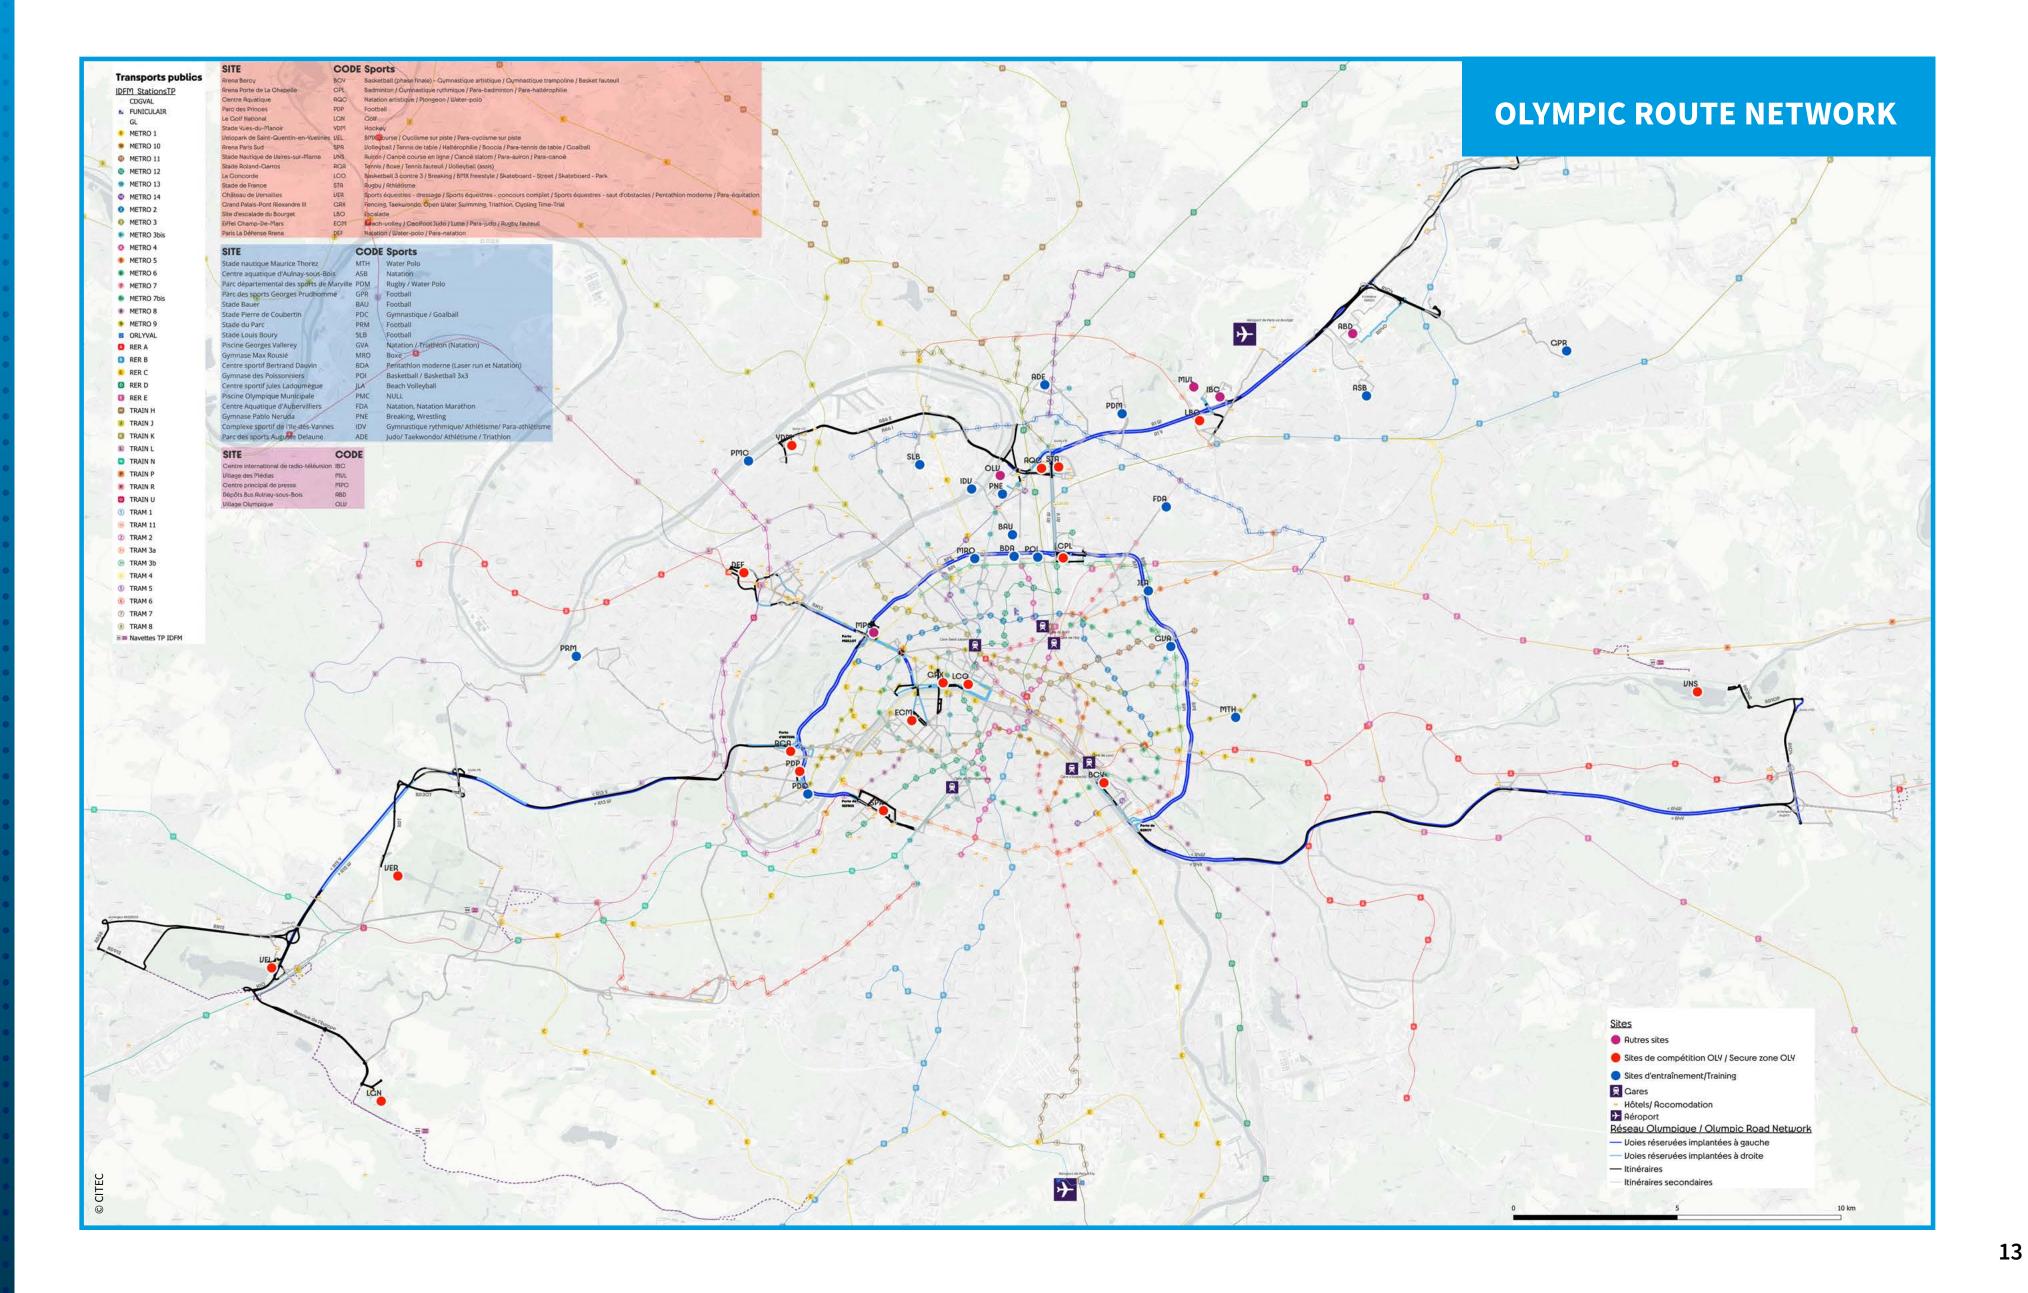

These routes will be included in the GPS Navigation Mobile App (GPS Accred. Mobile APP.), available for self-driven vehicles.

To use the ORN, NOC vehicles will, on top of the VAPP, need to be equiped with a registration sticker that will be distributed at the same time as the VAPP. The sticker needs to be desplayed on the back of the vehicle.

3 registration stickers per transferable VAPP will be distributed.

ORN Signage:

The following signage will be displayed on the ORN.

3.3 ROAD EVENTS

Competitions held on local roads will disrupt regular vehicular traffic, necessitating road closures for a portion of the day to facilitate the competitions.

Therefore, vehicles that would use the ORN at those locations – including TA/TC buses - will be redirected to alternative routes and travel times can increase to up to 20mins.

The baseline Road closures for the Road events is Closure:

3hrs before warm-up (if warm-up on course) or competition and will reopen >1hr after competition finishes. Main road event route maps can be found in Appendix 3.

The relevant days and competition timing are as follow:

Paris 2024 Olympic Competition Schedule by session - v.7 as of Q1 2024 Note: This session competition schedule is subject to change until the conclusion of Paris 2024 Olympic Games.

The road closure timings are not in line with competition hours start/finish, but rather will start ahead of the competition and will be lifted sometime after the competition/event ends.

The Ministry of Transport has developed an interactive map listing the impacts on the roads and on public transport to allow you to anticipate your travels before, during and after the Paris 2024 Olympic Games.

Map can be found here: https://anticiperlesjeux.gouv.fr/je-minforme/carte-interactive-impacts-routes-transports-paris-ile-france

Please refer to Road Events & Transport Guide publication for daily maps of road closures and impacted venues. Publication for daily maps of road closures and impacted venues.

NOC drivers will also be able to see road closures on the GPS Accred. Mobile APP.

For impact on TC, TA, AND services please refer to dedicated sections of this guide.

PUBLIC TRAISPORT

7.1 In Greater Paris Area

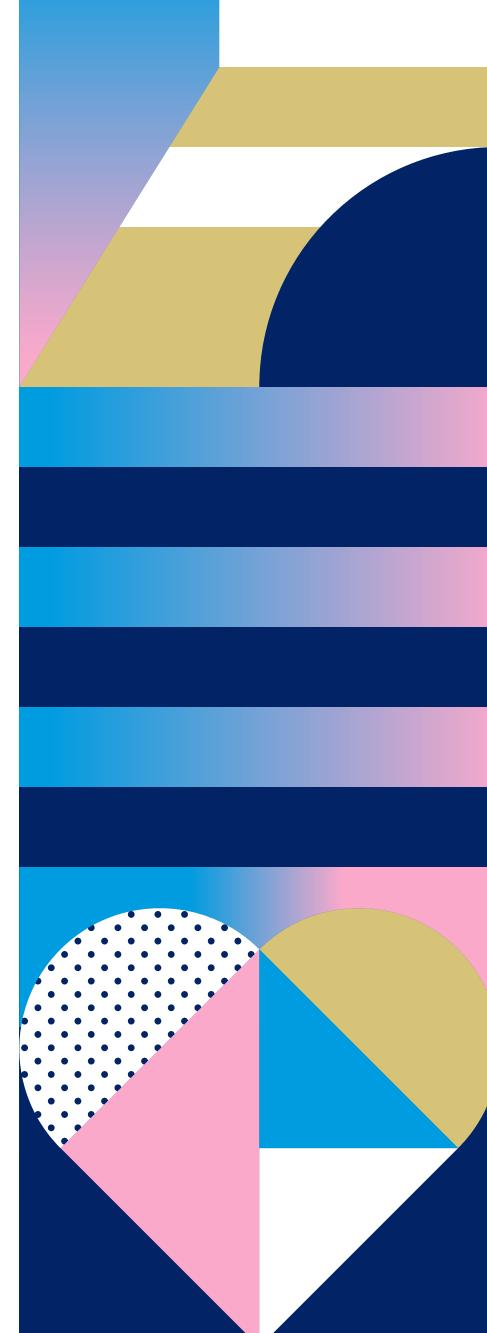

7.2 Card Distributing Locations ->

7.3 Loss and Damage ->

7.4 In Co-Host Cities ->

All accredited stakeholders will be entitled to freeof-charge access to public transport (TP) services within the Greater Paris area from 15 July to 14 August 2024. Three Final DRM validators per NOC will have access to TP from 12th July. They will also get free public transport in all co-host cities.

7.1 IN GREATER PARIS AREA

A physical Transport card (Navigo Easy card) will be provided during the accreditation validation process for each Games stakeholder with TP privileges. There will be no limit on the number of trips the stakeholder can take.

All Athletes (Aa and Ap, Late Athlete replacement included) will be provided with a digital transport card available directly on the Samsung phone that they will be receiving upon arrival at Olympic Village. Digital TP card will be valid as soon as stakeholder turns on his phone for the first time. Digital Pass is used by directly validating phone on all station terminals and validators. In case of dysfunctional digital pass or physical pass, or any difficulties to use it, delegation member can reach any Transport Desk (at TP stations or Paris 2024 Transport Desk) for assistance.

At the end of the stay, stakeholders must leave the physical pass in a dedicated collection box at Transport Desks and Port of Entries.

Stakeholders with transferable accreditation must make sure to give their TP card back in dedicated boxes at the end of their stay.

Public Transport Activation in Greater Paris Area:

- → **Metro:** 5:30 a.m. 1:15 a.m. (2:15 a.m. on Friday and Saturday nights, and on the eve of bank holidays)
- → **RER:** 4:30 a.m. 1:15 a.m.
- → **Bus** (346 lines): Paris: 5:45 a.m. to 00:45 a.m. / Suburbs: 5 a.m. to 1 a.m.; times vary widely between lines (service starts up between 5:15 a.m. and 6:30 a.m. and ends between 00:30 a.m. and 1:15 a.m.)
- → **Noctilien night bus** (32 lines): From 11:45 p.m. To 6 a.m.; times vary widely between lines (service starts up between 11:28 p.m. and 00:40 a.m. and ends between 5:15 a.m. and 6:24 a.m.) Detailed map of Noctilien buses can be found in <u>Appendix 2</u>.
- → **Tramway** (8 lines): times vary widely between lines (service starts up between 4:38 a.m. and 5:10 a.m. and ends between 00:37 a.m. and 1:24 a.m.)

Stakeholders can plan journey using the Ile-de-France Mobilités Application or website : https://www.iledefrance-mobilites.fr/en

The Paris 2024 Transport Application: *Paris 2024 Transport Accred* that will be made available in

June for all accredited stakeholders will also help planning public transport journeys, reflecting real time information.

Closed public transport stops in Greater Paris Area

The Following metro stations will be closed during the whole period of the games:

- → Concorde (Metro 1,8,12)
- → Champs-Elysées Clémenceau (Metro 1)
- → Tuileries (Metro 1)

The following stations will be closed between specific dates:

- → Colette Besson (T3b) between 27/07 and 06/08 and between 08/08 and 11/08
- → Porte d'Issy (T3a) between 24/07 and 25/07 and between 27/07 and 12/08
- → Porte de Versailles (T3a) between 24/07 and 25/07 and between 27/07 and 12/08
- → Pont-Marie (Metro 7): between 10/08 and 11/08 for the Marathon pour Tous

Other stations will close at determined period. Up to date information on closed stops can be found on https://anticiperlesjeux.gouv.fr/je-minforme/carte-interactive-impacts-deplacements-ile-france. By selecting a station and a specific day or time, stakeholder can view status of the station.

Paris 2024 Transport Accred App and Île-de-France Mobilité Application will take these closures into consideration when suggesting best routes.

7.2 CARD DISTRIBUTING LOCATIONS

Greater Paris Area TP Card distribution

TP access card for Olympic games is pre-charged on an Easy Card, distributed by Accreditation at the same time as accreditation validation. All TP cards grant TP access between 15 July and 14 August 2024 (from the 12 July for DRM validators).

For all entitled accredited people, an Easy card can be collected at their arrival in Ile-de-France at Official Principal Ports of Entry, when validating their Pre-Valid Card (PVC), or in any other Paris 2024 accreditation centres (see list below).

NOC Accredited people can collect their TP Easy card at the same time as their accreditation validation in the following locations:

- → Uniform and accreditation centre (UAC) from mid-May 2024
- → Olympic Village from 12th July 2024
- → Hotel Collectionneur from 19th July 2024
- → PPOE with presentation of PVC from 15th July 2024

- → Stakeholders arriving at Gare du Nord, Gare de Lyon, Gar de l'Est, Gare Montparnasse and Gare d'Austerlitz will receive a one way ticket at AND welcome desk, available in Paris for 1h30, that will enable them to reach an accreditation center or a transport desk.
- → For accreditation validation at VAHO, stakeholder will receive a coupon that they will be able to exchange against a TP card at any Paris 2024 Transport Desk. Stakeholders that do not have access to OLV Transport desk must collect TP Card at OF2.

If arrival at a train station in Paris (secondary port of entry), stakeholder will receive a one way ticket (valid for 1h30min) given at AND welcome desk. Stakeholder may reach the Uniform and Accreditation Centere to collect their Accreditation and the physical public transport card. There will be no welcome desk at Le Bourget Aiport, Pontoise Cormeilles Airport nor at Toussus-le-Noble Airport. Stakeholders must reach Accreditation Center by their own means, no one way ticket will be given.

For accreditation validations directly in co-host cities (Bordeaux, Lyon, Nantes, Nice, Saint-Etienne, Lille, Marseille, Châteauroux) before arrival in Ile-de-France, accredited people can collect the Easy card at any Paris 2024 Transport Information desk in Paris (OF2 Transport Desk for Stakeholders that do

not have access to NOC Services Center Transport Desk). Transport desk team members will be checking accreditation number, its place and date of validation and will also check on the ADS that the stakeholder arrived first in a co-host city.

7.3 LOSS AND DAMAGE

In case of damaged, lost or stolen* card, the Navigo Easy card won't be replaced.

In case of the physical card failure:

At a public transport station, accredited user may go to a desk where an agent will hand out a temporary day-coupon for free with a named receipt in exchange of the defective Navigo Easy card. To obtain a new card, the accredited user must go to the Transport Information desk with the given receipt, in exchange of a new event Navigo Easy card

Beyond public transport stations, the accredited user should keep the defective card to hand it in directly at a Paris 2024 Transport desk exchange of a new event travel card.

*In case of stolen cards, clients may receive a replacement Navigo Easy card by presenting a police declaration at the Transport Information desk.

.

.

7.4 IN CO-HOST-CITIES

Stakeholders will be able to collect TP card at co-host city train stations and Nice and Marseille airports at AND welcome desks. There will be no welcome desk in the following airports: Lille Airport, Bordeaux Merignac Airport, Lyon Saint-Exupéry Airport, Nantes Atlantique Airport, Saint-Etienne Loire Airport. Stakeholders must reach train stations or AND welcome desks by their own means.

TRANSPORT CONVECT

- 8.1 TC Service Details ->
- 8.2 Transport Connect in Greater Paris Area
- 8.3 Transport Connect Services in Co-Host-Cities ->

8.1 TC SERVICE DETAILS

Transport Connect is a new system being implemented for the Paris 2024 Olympic Games. TC lines have been created to complete the existing public transport offer and most of NOC delegation members will benefit from this service.

The TC system is a shuttle and bus service with regular lines operating from transport hubs and public transport stations to venues. NOC delegation members may use TC if entitled to it. Notice that the service is not dedicated to NOCs and other accredited stakeholders will use it, such as Media, Marketing Partners, IOC members, IF members.

Regular service will operate between July 15th and August 14th (limited service between 12th and 14th of July). Line to venues will operate D-7 to D+3 of each competition day.

Peak frequency: 10 to 30 minutes

Off-Peak frequency: 30 to 60 minutes

Wi-Fi will be provided on the following TC lines:

- → IBC to Vaires-sur-Marne
- → Porte Maillot Hub to Saint-Quentin en Yvelines
- → Porte Maillot Hub to Vaires-sur-Marne

TC system is accessible to wheelchair users.

There will be air conditioning or ventilation in TC buses (depending on bus model).

ocog will provide a TA bus system for all athletes and team officials (Aa, Ac, Ao, Ap accredited) with TA transport privileges. Other Noc accredited stakeholders will also have access to TA: Noc President and Secretary General, Noc X, Noc Chaperones, Noc Welfare Officers, Candidates for Ioc Athlete's Commission. Buses will enable them to reach competition and training venues. TA will be clean to clean, athletes will not need to go through Pedestrian Screning Area (PSA) at competition, training venues and villages/ official accommodations where applicable. Athletes will be dropped off "back of house" within security perimeter.

TA Buses in Greater Paris Area

9.1 COMPETITION AND TRAINING SERVICE

From 18th of July, OCOG will provide scheduled competition and training transport services (TA service). Buses will run from the Transport Mall at the Olympic Villages and competition and training venues, according to the competition and training schedule. TA buses will also be leaving from football hotels and most of bed return hotels. Please refer to 9.3 Bed Return Programme Hotels Transport Service for additional details.

Please refer to section 10 for each sport schedules: TA services schedules

9.2 TEAM SPORT SERVICE

From 18th of July, each team participating in team sports has access to dedicated team transfers (it might not be the same bus for each transfer). Buses will be for travelling between teams' official accommodation, official competition and training venues. Team vehicles cannot be used to travel to other competition venues.

The service will be provided on a pre-agreed schedule. Team sports buses schedule will be provided by the Sport Information Centre and the Training Session Platform.

Changes in the predefined training schedule will be coordinated through the Training Session Platform where teams will have to confirm training slots. Requests must be communicated/adjusted the day before training sessions until 04:00 p.m. of the prior day. NOCs cannot modify the bus transfer timings associated to the training slots. Changes in competition transfer: Teams can modify the schedules of coaches in the planned time range of the coaches, with a margin of 15min later from the village, and 15min earlier from the competition venue. (The time range has been defined and approved by the International Federations). Teams will have to send their request before 04:00 p.m. the previous day via this form: https://forms.gle/fizRTEKfbECEsomdA

Please refer to section 10 for each sport schedules: <u>TA services schedules</u>

9.3 BED RETURN PROGRAMME HOTELS TRANSPORT SERVICE

Please note that this section is only for the NOCs who have signed the Bed Return Programme follow-up agreement in September 2022.

9.3.1 FROM BED RETURN PROGRAMME PARIS 2024 HOTELS

NOCs will also benefit from transport services from the Bed Return Programme Paris 2024 hotels (bus transfer or 2x P3 VAPP allowing circulation on Olympic lanes, as well as access to Vehicle Control Points, Vehicle Screening Areas, and P3 car parks near the venue). Athletes will enter through PSA for accredited populations.

As a reminder, the following hotels are part of the Bed Return Programme:

- → B&B Saint Quentin for cycling
- → Best Western Saint Quentin for cycling
- → Mercure Vélizy for cycling, equestrian, and modern pentathlon
- → Novotel Golf National for golf
- → Paxton MLV for canoe and rowing
- → Novotel Collégien for canoe and rowing

9.3.2 BED RETURN PROGRAM SUBSIDY HOTELS TRANSPORT SERVICE

As mentioned in the update that was sent to the NOCs in September 2022, Paris 2024 will not provide any security measures, transport or arrival and departure services for hotels that are not part of the Bed Return Programme.

However, a limited number of P6 VAPPs will be provided free of charge to NOCs that have opted for the subsidy. These VAPPs will only allow travel to the competition venue concerned. This policy also applies to Lille and Marseille.

P6 VAPPs will be allocated according to the following rule:

- → NOCs with a delegation of less than 15 people staying at a hotel: 1 P6 VAPP per discipline.
- → NOCs with a delegation of more than 15 people staying at a hotel: 2 P6 VAPP per discipline.

Exceptionally for Road Cycling and for La Concorde NOCs who have chosen the subsidy and are travelling to La Concorde and the cycling road venues (Trocadéro, Invalides, Pont Alexandre III) will receive CIR VAPPs according to the following rule:

- → NOCs with a delegation of less than 15 people staying at a hotel: 1 CIR VAPP per discipline.
- → NOCs with a delegation of more than 15 people staying at a hotel: 2 CIR VAPP per discipline.

In Châteauroux, NOCs staying in La Chapelle will be receiving P6 venue specific VAPPS following this rule:

- → NOCs with a delegation of less than 15 people staying at a hotel: 2 P6 VAPP per discipline.
- → NOCs with a delegation of more than 15 people staying at a hotel: 3 P6 VAPP per discipline.

These VAPPs will be distributed by NCS after completion of F-DRM.

NOCs that have requested to collect VAPPs directly in a specific co-host cities can do so at the following desks:

- → LIL: collect at NOC Support Desk: Stadium Lille Metropole, Avenue de la Chatellenie, Residence Paris 2024 - support desk residence, 50650 Villeneuve d'ascq
- → MRS: collect at NOC support Desk at Nhow Hotel: 200 Cor Président John Fitzgerald Kennedy, 13007 Marseille
- → CTX : collect at Chateauroux Train Station :3 place de la gare, 36000 Châteauroux.

9.4 SPECTATING ATHLETES

Same discipline athletes (SDA) of individual sports going to watch competitions can use the same TA services as participating athletes. However, competing athletes are given priority for the use of this services. If planned TA make it impossible to transport all athletes going to view a game, they will be able use public transport and/or TC, that are available free of charge.

Same discipline athletes of team sports and different discipline athletes (DDA) may use public transportation services and/or TC that are available free of charge.TC buses will run "dirty to dirty", DDAs will be required to go through a PSA on arrival at the venue and stakeholders will arrive with general public if they take Public Transport. If they take the TC they will be dropped off Back Of House but will still have to go through PSA.

9.5 TRANSPORT AFTER DOPING CONTROL

Athletes and team officials can utilise the usual TA services to return to the Olympic Villages and Bed Return Hotels.

Outside of TA hours of operation, the Paris 2024
Anti-Doping team will liaise with the Transport
team on site to ensure that athletes delayed at
the Doping Control Station (and their
representatives) will be provided with
appropriate transport back to their
accommodation in the Olympic Village or bed
return hotel (or to any other official TX
destination). TX Fleet vehicles will be used for
these transfers. All athletes, coming out from
Doping Control, at any time will benefit from
transport solutions back to their accommodation.

9.6 INTER-CITY CONNECTION SERVICE FOR ATHLETES AND TERM OFFICIALS

Paris 2024 will take charge of competing athlete's and respective team officials' transfers between cities. The following table details how the transfers will take place and the travel time, according to the mode of transportation. Considering the terms of The New Norm, the train will be the preferred way of travel.

All coaches for inter-city travel will be equipped with restrooms, ventilation (or air conditioning). No Wi-Fi will be provided in inter-city travel coaches. No comfort breaks for passengers are planned for bus transfers to LIL and CTX.

Logistics trucks will be provided to transfer equipment from Paris to the cohost city, starting from the arrival of the athlete at the Port of Entry. Football athletes must not travel with any luggage nor sport equipment, only cabin bag and backpacks are allowed. Luggage and sport equipment transfer will be dealt by logistics by truck. Logistic trucks will be leaving at timings aligned with bus/train/plane departures.

Football

Paris 2024 will be providing travel services for the first arrival from an official Port of Entry in Paris to the official accommodation in the city of the first match between 18th July-20th July (21st for women's teams). If team arrives directly in a POE in the city of their first match, they will benefit from a TA transfer to their official accommodation starting 18th July. If the team wishes to arrive on another date, the costs are at their own expense. **Teams have had to communicate to Paris 2024 their arrival details by no later than May 15th.**

All domestic/intercity travel details will be sent to the Team Liaison Officer. Teams (NOC) must enter their international travel information (first arrival and last departure) on the ADS. All Intercity travels booked by Paris 2024, will be integrated on the ADS by Paris 2024.

For every transfer, FIFA determined the teams' departures times based on the trains/flight availability and Paris 2024 official partners' recommendations. Travel departure times cannot be changed.

The Football delegation is composed of 35 people.

The 35 include: 18 (eighteen) Aa Athletes and 7 (seven) Ao Team Officials for each football team plus an assigned Team Liaison Officer (TLO) per team.

A limited number of additional seats will also be reserved for Ap Alternate Athletes [4 seats] and Additional Team Officials (ATOs) holders [5 seats].

Trains

A 1st class private train carriage will be booked for each team at a pre-established travel time.

A SNCF trip sheet with all travel details will be sent to the Team Liaison Officer (TLO)

If a team delegation was to be bigger than the number of seats available in the dedicated train carriage, the NOC itself will have to book additional train tickets.

All train reservations provided by Paris 2024 are non-changeable.

Teams have to arrive in train stations 45 minutes prior departure.

Commercial flights

An Air France group flight in Economy Class is reserved for 35 passengers on all flights concerned.

If more than 35 people need to be transferred, NOC must arrange transfer for the additional people.

All commercial flight reservations provided by Paris2024 are non-changeable.

The Team Manager has to share with Paris 2024 the full passengers' list and it is the team responsibility to do their check-in.

For domestic flights, teams have to arrive at airports 2 hours prior departure.

Charter flights

A charter will be booked for each team when train and commercial flights are not possible. Charters will provide a minimum of 35 comfortable leather seats arranged three abreast. The aircraft will be a SAAB 2000 popular turbo.

All charter flight reservations provided by Paris2024 are non-changeable.

Luggage and sports equipment

Logistics trucks will always be provided to transfer equipment from Paris to the co-host cities for the first arrival at the Port of Entry, between co-host-cities and back to Paris for last departure (if needed) the morning after the last match. Football delegations must not travel with any luggage domestically. They will be dealt by logistics by truck. Transfers by train and plane (commercial or chartered flight) need an anticipated luggage and sport equipment pickup. In some cases, this could be done the day before the team's departure (often overnight).

Big luggage and sports equipment will always be transported by logistic trucks.

No transport services will be provided to travel from co-host cities to Paris to attend the Opening Ceremony.

Accommodation at OLV on the night of the 26th is guaranteed only for teams who play the Second Match in Paris.

Basketball

Transition to Paris

On August 3rd, 4th, 5th a dedicated planned transfer for each team will be provided from OVL to OLV (for teams who are qualified or eliminated

that wish to remain in Paris and have accommodation at OLV) or POE (for teams who are eliminated).

Handball

Transition to Lille

On August 4th, a dedicated planned transfer for each women's team who is qualified will be provided from OLV to OVL. On August 5th, a dedicated planned transfer for each men's team who is qualified will be provided from OLV to OVL.

Return to Paris

For teams who are eliminated in quarters finals, a dedicated planned transfer will be provided from OVL to POE from day following their elimination until 12th August.

For the 4 women's teams who play the medal matches, a dedicated planned transfer will be provided from OVL to POE (should they leave France) or OLV (should they attend the Closing Ceremony) on August 11th in the morning.

For the 4th ranked men's team, a dedicated planned transfer will be provided from OVL to POE (should they leave France) or OLV (should they attend the Closing Ceremony) on August 11th after their bronze medal match.

For the 3 men's teams who won a medal, a dedicated planned transfer will be provided from OVL to Stade de France (should they attend the Closing Ceremony) on August 11th after their medal ceremony.

Transfer from OVL to POE on August 12th

For the 4 men's teams who play the medal matches, should they not want to attend the Closing Ceremony, a dedicated planned transfer will be provided from OVL to POE on August 12th.

Shooting

From Paris to Châteauroux:

From 18th July -21st July 2024: 4 shuttles will be available per day departing from CDG & ORY to transfer stakeholders to Olympic Village Châteauroux. If arrival in SPOE, or AND points, TA buses (+logistic truck) will transfer them to ORY or CDG.

From 22nd July – 26th August 2024: transfers from CDG and ORY to Olympic Village Châteauroux based on ADS

From 27th July – 5th August 2024: Châteauroux Specific Shuttle Service, 2 shuttles are available per day, they must be booked at any Transport Desk 24h in advance. The shuttle will leave from Olympic Village, stop at Porte Maillot Hub and

.

then reach Châteauroux Shooting Center. <u>Refer to section 13.3</u> for detailed timings.

From Châteauroux to Paris:

Off peak days (27th July – 05th August):

Châteauroux Specific Shuttle Service, 2 shuttles are available per day, they must be booked at any Transport Desk 24h in advance. The shuttle will start at Châteauroux Shooting Center, then pass by Porte-Maillot (PMH) and go directly to OLV. This service needs to be booked at any transport desk. For NOCs departing from a Parisian POE, a TA shuttle will then transfer them to their port of departure. The baggage will be transported by a logistic truck, following the shuttle. section 13.3 for detailed timings.

Peak days (07th August – 08th August): 4 shuttles will be available per day. The shuttle will start at OVC (PESI – Blaise Pascal – La Chapelle), then pass by ORY and go to CDG. For NOC delegation members departing from other Parisian POE, a TA (+ logistic truck) will transfer them from ORY to the POE. The baggage will be transported by a logistic truck, following the shuttle.

Sailing

For 330 athletes and team officials, transport services will be provided free of charge to travel between Paris and Marseille by train for the

competition and ceremony needs. Priority will be given to PTOs, other categories of Ao will also be given tickets (subject to availability). Before the competition, one-way first class train tickets will be provided between July 20th and July 31st based on availability. After the competition, one-way first class train tickets will be provided between Marseille and Paris between August 1st and August 12th. NOCs can request their sailing train tickets by filling in the travel request form they have received by their NCS coordinator.

The form needs to be filled in by one person per NOC for all competing athlete's (Aa) and respective team officials.

Paris 2024 has pre-booked some seats on two trains, per day, based on competition needs, athletes and team officials that have previously made the demand, will be assigned a seat on these trains.

Paris > Marseille (July 20th – July 31st):

- → Option 1 : departure from CDG at 02:59 p.m. (arrival Marseille 06:46 p.m.)

.

Athletes residing in the Olympic Village will be called to their residences in the Village to assemble and walk to the Transport Mall.

A bus service, escorted by the Internal Security Forces, will then take passengers from the Transport mall and RD1 (road used for bus departures during ceremonies) to the boarding areas on the upper and lower left and right banks.

After the boat parade, athletes will have two options: early departures or watch the ceremony show.

Early departures

Athletes wishing to return to the Olympic Village at the end of the boat parade and before the show, will be able to do so. Buses will be bringing them back to OLV from their disembarkation quay.

Route Back to Satellite Villages

Athletes staying in village satellite MUST take early departure buses.

- → Lille: Departure from pick up zone Lille after desembarkation (rue Jean Rey): arrival in Lille between 01.00 a.m. and 02:00 a.m.
- → Châteauroux: Departure from pick up zone Châteauroux after Desembarkation. Arrival in Châteauroux between 02:00 a.m. and 03:00 a.m.
- → Marseille: A charter train to go back to Marseille will be arranged on July 27th, departure from Paris at around 08:00 a.m. and arrival in Marseille at around 01:30 p.m. Athletes and team officials will have to stay in their respective NOC alloments.

Route back to bed return hotels

Athletes staying in bed return hotels MUST take early departure buses.

Athletes must take buses back to OLV from their disembarkation quay. They will then be transferred back to their hotel from Olympic Village TPC.

These timings are subject to change as Games Times approaches.

Ceremony Show

Athletes wishing to attend the ceremony show after the boat parade will reach Trocadéro by foot or by bus differently depending on where they will be disembarking.

After the show, athletes will be brought back to the Olympic Village by bus. Route back to the village will take between 45 and 50min.

9.7.2 CLOSING CEREMONY

The Closing Ceremony is confirmed to be held at the Stade de France on the 11th of August 2024 at 09:00 p.m.

Athletes living in the Village will be called to their residences in the Village to assemble and walk to be picked up at the Transport Mall and will be dropped off at the annex stadium near Stade de France before the mass parade begins.

Travel time between transport mall and Stade de France drop off: 8 minutes.

Co-Host city, Satellite Villages and Bed Returns services:

All athletes from the bed returns program, co-host cities and satellite villages wishing to take part in the Closing Ceremony of the Olympic Games will be transferred to the Olympic Village to join their delegations before the transfer via the global ceremony transport service.

- → Lille :
 - Women Handball: departure from OVL at 10:30 a.m. to OLV
 - Men Handball: 1 team will leave at 01:30 p.m. from venue to OLV / 3 teams will leave at 04:30 PM from venue to STA
- → Châteauroux : no service
- → Marseille: Athletes will depart Marseille Village on 10/08 the latest. Please refer to section 9.6

Bed return service:

Level of service from Bed Return Hotels for Closing Ceremony is still being defined. Timings will be communicated at a later stage.

Early departure services

Athletes will have the option to take early departure buses from Stade de France after Athlete Parade.

Athletes staying in bed return hotels MUST take early departure buses to OLV. They will then leave OLV with dedicated buses to bed return hotels.

Bed return	Departure from TPC	Arrival last Hotel

These timings are subject to change as Games Time approaches.

Post show departures

After the ceremony, the athletes will go to the annex stadium to take the return transport to the village, also organized near Stade de France.

9.8 GROOMS' AND VETERINARIANS' ACCOMMODATION SERVICE

Groom accommodation: Huttopia Resort

Veterinarian accommodation: Ibis Budget Versailles Château Saint-Cyr

There is no specific service connecting the groom's and veterinarian accommodation to the Olympic Village. However, they are entitled to use general equestrian TA service, from/to Olympic Village & Bed Return Hotels, from/to venue.

A TF Bus line will go from Veterinarian Accommodation – Ibis Budget Versailles Château Saint-Cyr to Château de Versailles, with one departure in the morning from the hotel and two departures in the evening from the venue. For security reasons this bus is renames as TF (federation transfer). Veterinarians only entitled to TA will be able to take this line. Please refer to 10.1 Equestrian for detailed timings.

Huttopia resort for Grooms is located at a walking distance from PSA.

Grooms and Veterinarians will benefit from a TA transfer from Parisian POE to reach their accommodation in Versailles, based on information provided on the ADS.

9.9 INTERNAL VILLAGE TRANSPORT SERVICE (IVTS)

An Internal Village Transport Service (IVTS), consisting on an internal shuttle, will be proposed to Olympic Athletes and Officials from July 12th to August 11th in the Paris Olympic Village. This service will be operated with the Toyota APMs (Accessible People Mover) which have been specifically designed for the Paris 2024 Olympic and Paralympic Games. The APMs have a maximum speed of 20 km/h and are accessible to people with reduced mobility thanks to two different configurations:

- → 1 wheelchair user + 1 seated passenger + 1 driver
- → 5 seated passengers + 1 driver

The shuttle will run on a 3.8 km's loop in the Village and will stop at 14 different stops that are either close to housing buildings or points of interest (such as Main Dining Hall, training venues, Multifaith Centre etc.).

To reach the optimal level of service to the athletes, the shuttle will ensure a day frequency comprised between 2 and 4 minutes and will run a night frequency of 10 minutes.

The APM will be driven by volunteer drivers in daytime (i.e. from 07:00 a.m. to 11:00 p.m.) and by professional drivers during the night (i.e. from 11:00 p.m. to 07:00 a.m.). NOCs will not be allowed to drive APMs.

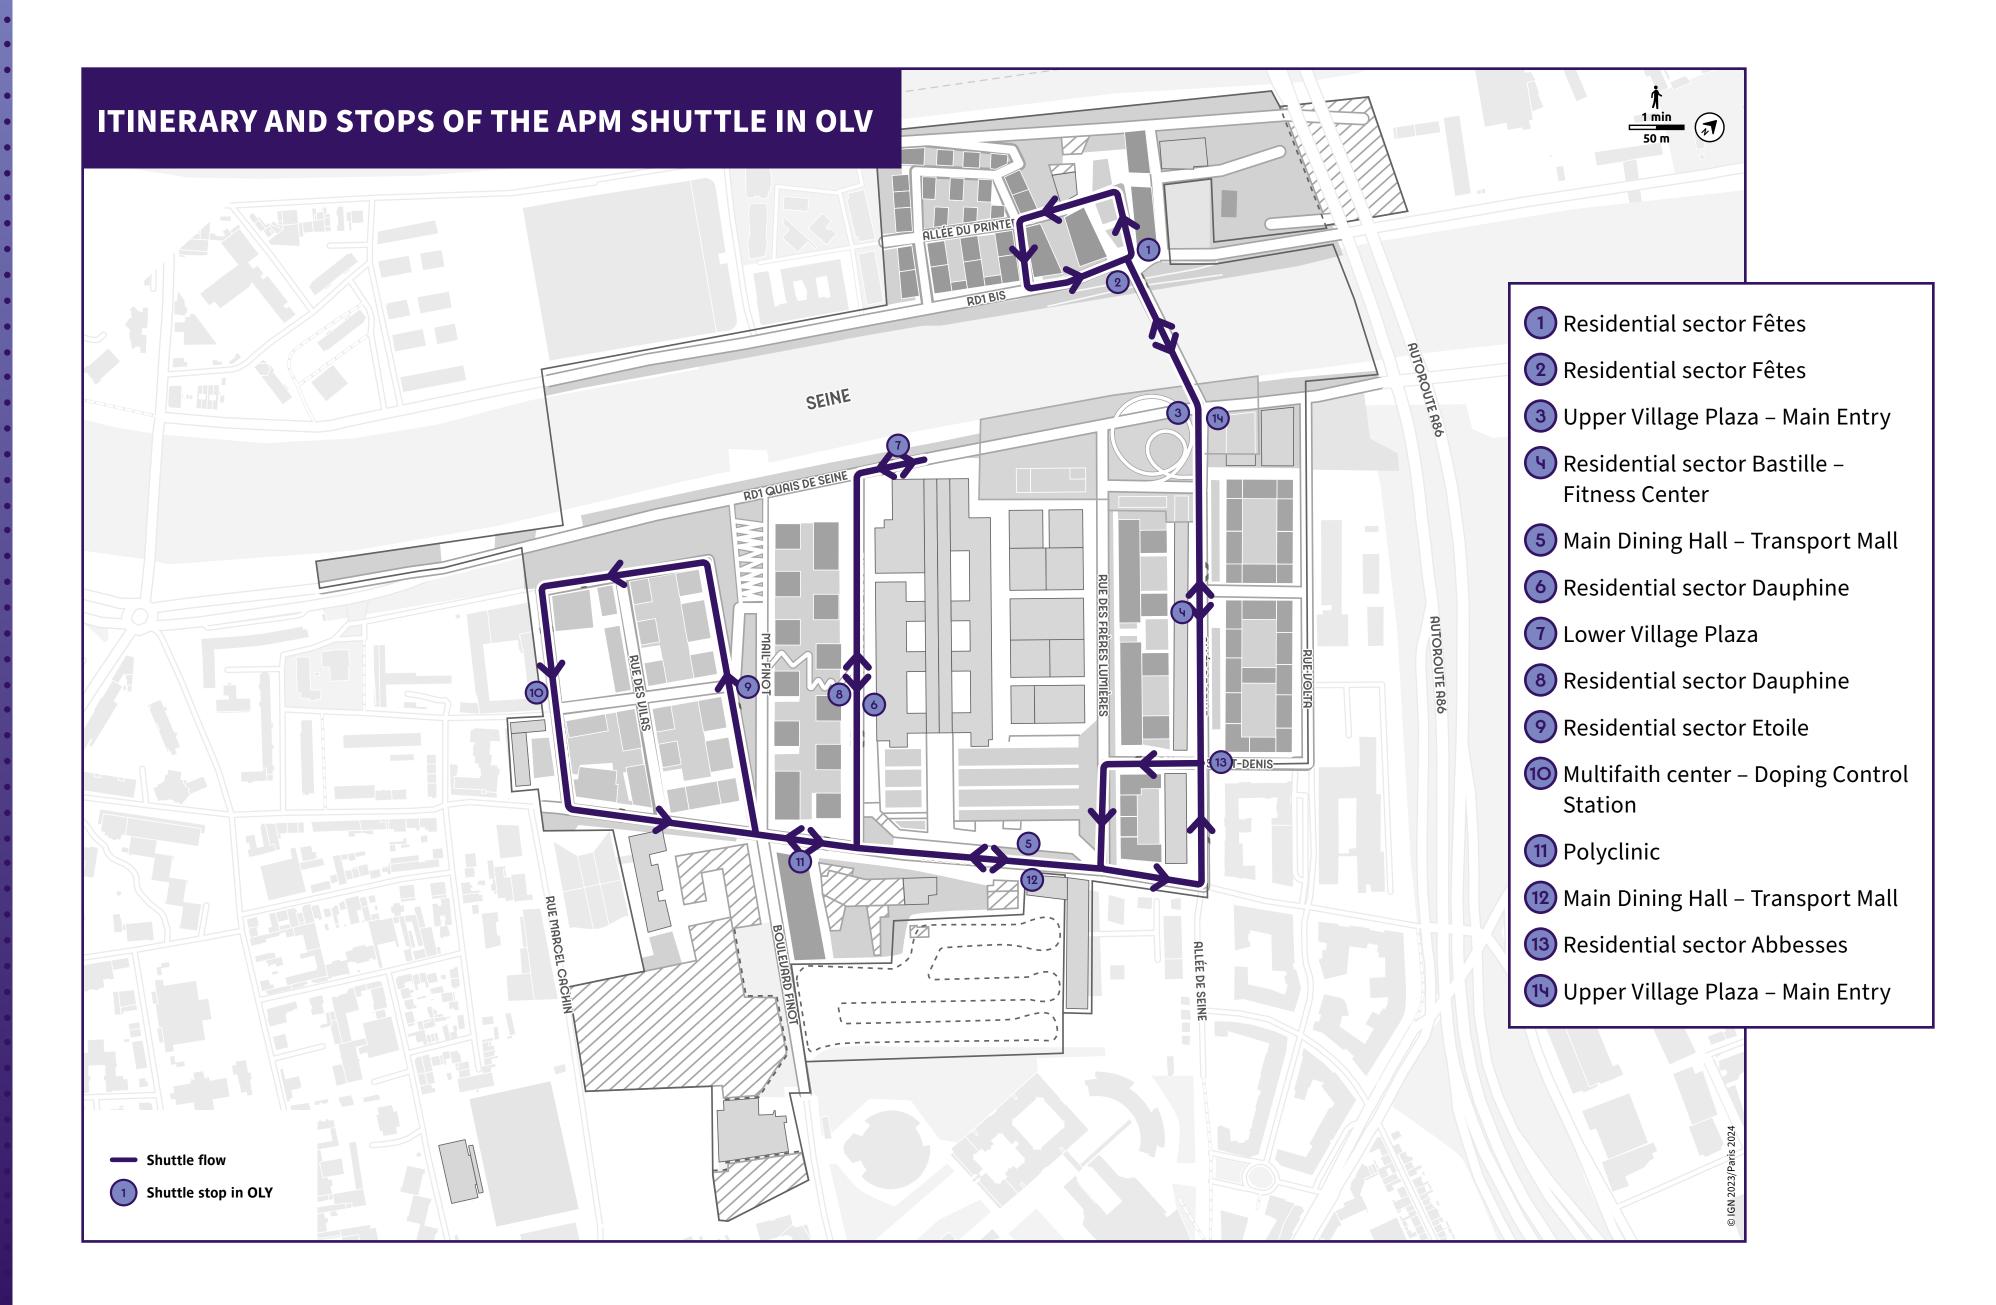

The global overview of the shuttle service schedule during Olympic Games is available below.

Bed return	Day frequency O7:OO a.m. to 11 p.m.	Night frequency 11 p.m. to 7:00 a.m.	
12/07 - 17/07	4'	No IVTS	
18/07 - 11/08	Between 2' and 4'	10'	
12/08 - 13/08	Departure service – No IVTS	Departure service - No IVTS	

*On opening and closing ceremony days (26/07 & 11/08), there won't be any shuttle service after 3:30 p.m.

Bikes service provided by Paris 2024 in Olympic Village:

Village will also be equipped with 200 bikes that NOCs will be able to use freely from one parking station to another. Bikes cannot be taken outside the Village Security Perimeter and may not be stored in apartments. No helmets will be provided. Locks will not be provided on these bikes as it is a shared pool station-based service. Therefore, if a lock is found on a bike, it will be cut-off by the rebalancing team, which will operate every day.

NOC Own Bikes:

Delegations can also bring their own bikes following the rule of quotas for Olympic Village (OLV) and also in Olympic Village Lille, Marseille and Châteauroux, see below.

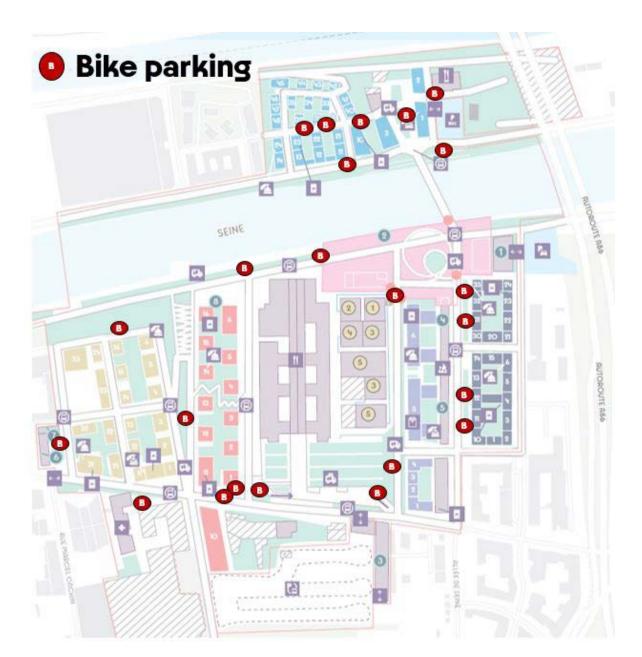

NOCs will receive a number of stickers equivalent to its maximum quota of bikes. Only bikes with stickers will be able to circulate in the village. Stickers will be distributed by NCS after completion of FDRM. No third-party brand must be visible on these bikes.

These bikes can be brought outside OLV once equipped with the stickers, through the PSA of the TPC.

NOC electric bikes nor electric scooters nor gyro scooters can be brought into the village.

9.10 ARRIVALS AND DEPARTURE SERVICES

Paris 2024 will provide transport services to and from pre-defined Ports of Entry (POE) in Greater Paris Area and in Co-Host-Cities. Arrivals and departures operation period lies from 15th July to 14th August (limited service

between 12th and 14th July for FDRM participants). Athletes can access Olympic Village from 18th July after completion of FDRM.

Offered services will depend on information added to the Arrival and Departures System (ADS). Paris 2024 cannot guarantee Arrival and Departure services to NOCs who have not submitted their travel information.

For more information on Arrival and Departure services please refer to Arrivals and Departures section in NOC Chef de Mission Guide.

9.11 TRANSFER OF SPORTS EQUIPMENT

As there is no luggage hold on TA buses, athletes are asked to travel with a backpack or other small piece of luggage except for some sports: archery, fencing, golf, judo, modern pentathlon, taekwondo, skateboarding. Large items of luggage and equipment must be transported in the LOG trucks to the competition and training venues.

When moving to training venues or competition venues using the TA service, for competitions where it is assumed that there is sports equipment that cannot be loaded onto the bus, sports equipment transfers will be arranged separately by Paris 2024 Logistics Team.

Athletes and team officials are allowed to carry their bags and personal sports equipment onto buses and store them in the space provided. If theses spaces are full, they may store their bags and equipment on an empty seat, until that seat is required by another passenger.

If a coach is provided for transport, bags and equipment should be stored in the luggage hold underneath.

9.12 SICHTSEING

Athletes and team officials can access Paris public transport network zones 1-5 free of charge with their Games Time Navigo Easy Card.

Athletes (Aa and Ap) will get a digital Navigo Easy card directly downloaded on the Samsung phone they will receive.

They can also use TC buses. Refer to section 8.

9.13 CHAMPIONS PARK TA SERVICE

A bus line will be activated between 29/07 and 10/08 to transfer athletes from OLV to Champions Park.

9.15 TRANSPORT SIGNAGE

9.15.1 LOAD ZONE SIGNAGE

All load zones will be easily identifiable with the signage that will show bus stop location, system name, destination code.

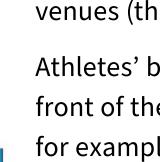

Lines and departure bays will be easily recognizable through physical and digital signage at Transport Mall.

9.15.2 BUS ROUTE NUMBERS

Lines ending with "T will" bring stakeholders to stand alone training venues.

Lines ending with "C" will bring stakeholders to competition venues (that can also be training venues)

Athletes' buses will be easily identifiable by signage, at the front of the bus, showing the route number and destination, for example TA-311-T to Marville departemental sports park (PDM) training venue. Volunteers will be localized at departure bays to help stakeholders if needed.

TR-311-T	PDM
Athletes' Transport, Line 311, T: Training	Destination venue code Marville departemental sports park (PDM)

9.15.3 BUS SIGNAGE

Destination stickers and route display stickers will be displayed on the TA bus vehicles. The numbers and destinations will be displayed on the route display stickers (EX: TA - 001 - C).

TA SERVICES SCHEDULES

10.1 Greater Paris Area

10.2 TR Service in Co-Host-Cities ->

Listed below are the TA system timetables, by sport, for both training and competition sessions. Please note the following:

- → The estimated travel times listed in the timetable refers to travel time between the Olympic Villages, bed return hotel and venues. At some venues, you may need to allow an additional 15 minutes for loading, queuing time at the vehicle screening area or internal venue travel time.
- → TA Transport services for training will cease at 2:30 p.m. on the day of the Opening Ceremony, last training transfer will depend on training schedules.
- → Some training and competition services will be affected by the road event competitions on 24,26,27,28,29,30, 31 July and on 1, 2, 3, 4, 5,6, 7, 10, 11 August. That may result in increased journey times up to 20 minutes.

TIMINGS PRESENTED IN THIS SECTION ARE SUBJECT TO CHANGE.

Please refer to Sport Information Centre and Paris 2024 Transport Accred Application for the latest timetables and updates.

For all TA load zone locations at venues please refer to venue maps in section 12.

11.1 NOC SELF DRIVE SERVICES

11.1.1 NOC DEDICATED VEHICLES

Paris 2024 will provide NOCs with dedicated vehicles. These vehicles will not be provided with any drivers, they will be self-driven by NOCs. NOC Assistants can drive but this must not be their main mission and they must not drive to co-host cities. They can drive up to 3 hours per day. It is however not guaranteed that all NOC Assistants will have a driving license.

Paris 2024 will provide 2 driver accreditations per dedicated vehicle, rate card vehicle, equipment vehicle and cycling vehicle if needed. NOCs that have requested for additional driver accreditations will need to return all Public Transport TP Card at NOC Services Center Transport Desk before 26/08, otherwise they will be invoiced to the NOC at a price of 88,40€ per card. All drivers need to be registered according to Accreditation process timeline. P3 and P6 parkings are located outside venue security perimeter (except P3 for RGA, SP4 and SP6). Drivers will therefore be able to access them without accreditation. However, for P3 parkings at RGA/SP4/SP6 as parking are inside security perimeter, drivers will need to be accredited.

These vehicles will be provided with a P3 VAPP enabling parking at Olympic Villages and on every competition venue (on a first come first served basis). VAPP must be displayed properly on vehicles. All vehicles on parkings must display the appropriate VAPP. The following table shows how many vehicles will be allocated to NOCs depending on delegation size. These vehicles will also be provided with the registration sticker mandatory to use the ORN.

Delegation size	Number of Yaris cross	Number of Corolla	Number of Pro Ace Vans	Total Number of NOC vehicles

- Trunk capacity VDA (L): 912-2787

Each dedicated vehicle contains the following:

- → Car navigation system (GPS)
- → Vehicle insurance
- → Fleet user's guide (in French and English) that will be accessible through a QR code in each vehicle (as well as the vehicle manual)
- → Multifunctional card for vehicles usage (available also for own vehicles which will be in exchange of Dedicated vehicles provided by Paris 2024).
- → Vehicle Access and Parking Permit (VAPPs)

- → Registration sticker attached to the rear of the vehicles to use the ORN
- → Yellow vest, accident report, warning triangle, first aid kit, tire puncture kit

Paris 2024 will provide multifunctional cards to NOCs to:

- → Refuel (limited to 70L per day per vehicle) in official supplier's stations only
- → Recharging outside of OLV Parkings
- → Wash vehicles

One multifunctional card per dedicated vehicle will be given.

Paris 2024 will also provide NOCs with an Izivia card enabling recharging of electric vehicles at OLV parkings. One Izivia card will be given per electric vehicle.

Charging points will be provided to NOCs at Olympic Village but they will not be allocated to one NOC, they will be reserved for electric vehicles. NOCs can park at any charging point to recharge their electric vehicles. There will be 77 charging points at Centrale de Mobilité parking and 200 charging points at Pablo Neruda Parking. Electric vehicles can take up to 7h30 min to charge.

No charging points will be provided at Satellite Villages nor on venues. Stakeholders will need to use public charging points. Charging points can be found here: Toyota Charging Network interactive map (https://www.toyota-charging-network.eu/web/fr/toyota-fr/map).

NOCs will be able to request a child seat and the following mobility accessories if needed at the fleet offices located in both parkings. They will be made available at the fleet office on a first-come, first-served basis:

- → Roof strap
- → Assist grip
- → Assist strap
- → Seatbelt pad
- → Swivel cushion

NOCs had the option to give back dedicated vehicles for TX Upgrade Cards.

In exchange of a dedicated vehicles, the following options were available:

- → 2 TX upgrade passes in exchange for 1 van.
- → 1 TX upgrade pass in exchange for 1 SUV or station wagon.

NOCs could give back up to 2 vehicles in exchange of TX upgrades. TX Upgrade cards may be used within the same NOC and are not transferable to other NOCs.

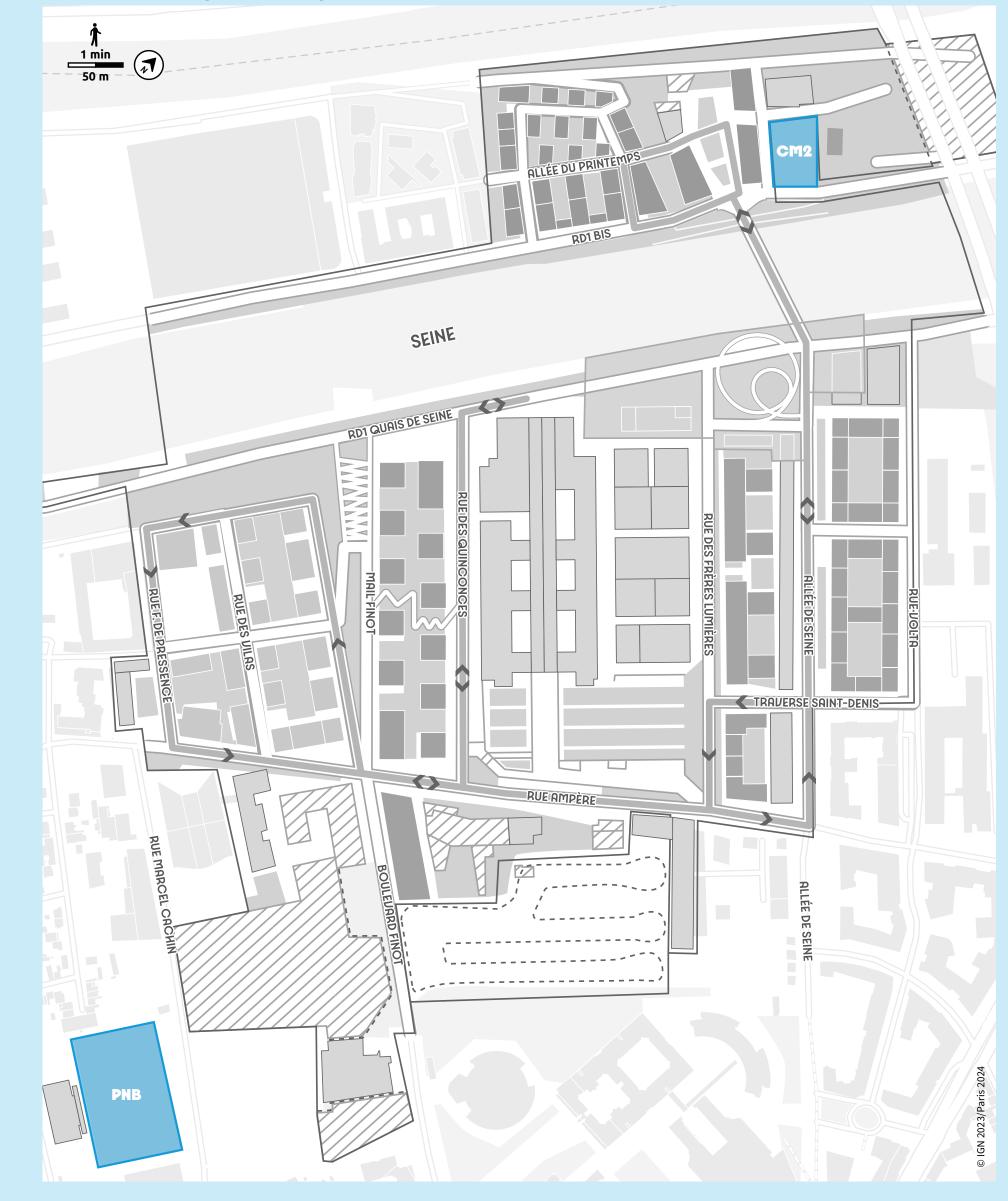

OLV Parkings:

There will be two parkings at OLVfor NOCs, accessible with P3 VLV and P6 VLV VAPPs: Pablo Neruda (PBN) & Centrale de Mobilité (CM2).

Collect and Return of vehicles:

NOCs have been asked to nominate a fleet representative: legal representative or any appointed person with a valid driving licence to manage vehicles. All vehicles will be registered in their name.

Fleet representative will be asked to nominate collect and return driver, who will have to fill in pre-registration form and pick a collection slot (form must be filled in at least 24hours before collection day). Collect and return driver will then receive all details to access right parking and collect vehicles.

Vehicles will be able to be collected at allocated parking fleet office, after FDRM from 12th July between 07:00 a.m. to 09:00 p.m.

Vehicles should be returned at allocated parking fleet office before 13th August (village closing date) between 07:00 a.m. to 09:00 p.m.

The same process will apply for vehicles collected in co-host-cities. Vehicles collected in co-host-cities have to be brought back at the same co-host-city or at OLV.

Cycling Vehicles:

Cycling vehicles (Corollas Touring Sports, hybrid), with roof rack for 7 bikes (Thule brand) and radios will be provided to NOCs with athletes participating in cycling road races, in addition to the number of vehicles allocated by team size in the previous table. NOCs that have 2 athletes competing in the same time trial race will be receiving two vehicles for that race only.

Cycling vehicles will be collected at the same times as dedicated vehicles, however some NOCs will be asked to share vehicles on the Field Of Play (FOP) during road races as a limited number of vehicles can used the FOP.

Cycling vehicles are self-driven only and the driver must have the UCI license during the competition on the field of play. Vehicles and keys will be managed by their respective NOC. As part of the official Paris 2024 fleet, vehicles will be provided with multifunctional card paid by the OCOG, insurance and VAPPs (non transferable P3 CYC). These vehicles will be branded by Toyota. The VAPPs will remain active post end of competition.

NOCs with 4 or more athletes competing in road cycling will receive P6 CYC VAPPs for their cycling technical vehicles (1 for NOCs with 4 to 6 athletes, 2 for NOCs with more than 6 athletes). These VAPPs can be collected at NOC Services Center after completion of FDRM. Technical vehicles must not exceed 9m³ (5, 04 l x 2,47 L).

This fleet will delt by Cycling Team and Competition Delivery Entity. Please refer to Cycling guide for more information.

Equipment vehicles:

In each city, football teams will have at their disposal equipment vehicles. NOCs have been offered to choose between two options for these vehicles: self driven or driven by volunteers (one round trip per day).

Volunteer driver option: To book a driver (one round trip per day) the Team Liaison Officials will have to contact the Fleet call center in the Cohost-cities and confirm his booking the day before his required transfer before 3:30PM. The vehicles will be parked at the fleet depot and not at the hotels.

Self driven option: vehicles will be delivered without a driver and will be driven by a team official (vehicle available 24/7 giving the team more flexibility). The vehicle will be parked at the hotel overnight.

Equipment vans will be equipped with a nontransferable TA Vapp, meaning they can go directly through PSA with team buses.

Branding on NOC own vehicles:

During the Games, if the NOC brings their own vehicles (all type of vehicles: cars, vans, trucks etc), they are encouraged to use TOYOTA vehicles. Although other vehicles can access the venues, they cannot have any form of additional

.

.

manufacturer branding (other than standard manufacturer marks) or any other advertising. If this rule is violated, Paris 2024 may require that branding is covered up at NOCs own cost or that the vehicle is moved. NOCs may use their emblem and country/territory names on TOYOTA vehicles (either their own or provided by Paris 2024). For all other vehicles, NOCs may only use the name of their country/territory which should not be put adjacent to the car maker logo to avoid advertising association.

NOC will be able to fix stickers and decals on the rear door glasses, rear quarter glasses and back window. Affixing stickers/decals on the windshield, front door glasses and vehicle body is not allowed. Magnetic stickers may be put on the vehicle body except on the Toyota's design. NOCs can place small numbers on vehicles to identify them.

Flags may be clipped on only the rear door glasses under the conditions outlined below. NOC Cycling vehicles will be covered with country flags provided by Paris 2024. If NOC wishes to attach the flag(s) to its dedicated vehicle(s), a flag must meet the following requirements that have been confirmed by French law:

→ The dimension of a flag must not exceed 500 mm (width) x 400 mm (height)

- → The length of a flagpole with window clip must not exceed 500 mm
- → The top of a flagpole must not exceed the vehicle width and length
- → A flag must be adequately durable (designed to be flown at up to 100km/h)
- → A flagpole must not be sharp-edged

No glue or duct tape must be used to attach a flag. Up to 4 flags per vehicle are allowed.

NOCs must not open the window with a flag attached while driving.

NOCs can also add National Federations names & Sport symbol on a vehicle but no sponsors must be visible.

All potential damages to the body of the vehicle caused by branding installation will have to be covered by the NOC.

11.1.2 NOC RATE CARD VEHICLES & VAPPS

Olympic Village

NOCs that have ordered Rate Card vehicles should pick them up at one of the two Fleet Offices located at each one of OLV parkings from 12/07 (unless agreed otherwise through a Non-Standard Request and after validation of Rate

Card coordinator). End or rental period is the 13rd of August (33 days of rental). The return location will be the same as for collection.

NOCs must make sure they have identified a
Rate Card Fleet Representative before the 10th of
June 2024. They have received the online form by
email. Prior to Rate Card vehicles collection,
NOCs must nominate collect and return driver(s)
for their Rate Card vehicles. He/she can be the
same person as for dedicated vehicles. They will
identify the collect and return driver(s) via an
online form that the Fleet Representative will
receive.

Each Rate Card vehicle contains the following:

- → Vehicle insurance and papers;
- → Rate Card user's guide (in French & English) that will be accessible through a QR code in each vehicle (as well as the vehicle manual).
- → Yellow vest, accident report, warning triangle

Electric vehicles charging:

At Olympic Village depot or outside, recharging of Rate Card electric vehicles will be at NOC's expense.

→ NOCs will have access to the electric recharging stations at the Olympic Village via

Izivia charging points (same charging points as for dedicated vehicles). Specific directional signage will be placed on depot to guide the drivers to the charging stations.

There will be no charging points at Satellite Villages.

Outside the Village, stakeholders are free to use the existing recharging network for their electric vehicles. The list of available charging points can be found on the Toyota Charging Network interactive map (https://www.toyota-charging-network.eu/web/fr/toyota-fr/map).

How to charge a vehicle at an Izivia charging point?

Use the Izivia "Paynow" Solution:

- → Using their smartphone, the stakeholder can scan the QR code available on the charging point.
- → They need to follow these steps to launch a charge:
 - With the smartphone's geolocation turned on, they will be able to visualize the nearest charging points.
- Alternatively, they can enter the code displayed on the charging point.

- → Enter their email for the receipt and input credit card details: A bank card imprint of 50€ is temporarily taken. Once the charge is completed, the stakeholder will only be debited for the actual cost of the charge, and the imprint will be released. Depending on banks, the release may take a few days.

 Launching a charge via the Izivia app and your dematerialized pass will not require any imprint.
- → If the stakeholder encounters any issues with the solution, they can call the Izivia client hotline at +33(0)972668001 or email service-client@izivia.com.
- → For any questions or further details, please refer to Izivia's Q&A here.
- → Stakeholders can, of course, access the national electric charging points network.

Rate Card VAPP's

NOCs that have ordered rate card RTC VAPPs can pick them up at NOC Services Center Rate Card desk from 12/07.

With the Rate Card VAPP's – stakeholders will benefit of GPS Navigation App (GPS Accred App) – please refer to 11.6 below.

1 VAPP = 1 license (a license can only be activated on one device).

Rate Card VAPPs vary in access to venues rights but offers access to P6 car parks which are outside the security perimeter of the venues, the VAPP will also grant access to the ORN.

Vehicle's models and plate numbers will be confirmed during vehicle's collection only. For further information about VAPPs and vehicle registration, please refer to the General VAPPs Guide (June 2024)

For parking height restrictions and location please refer to section 11.1.9.4.

Please note that VAPPs must be properly displayed (in the lower right-hand side of the vehicle windshield) to be valid. Please be advised that a VAPP does not guarantee a parking space in case the designated parking lot if full.

Paris 2024 will carry out random checks in the car parks and reserves the right to remove any vehicles found to be in an irregular situation (vehicle parked in the car park without a VAPP)

.

Co-Host Cities

NOCs that have requested that a vehicle is delivered directly in a co-host city will be able to pick it up at rental agency. Rate Card team will get in touch and share pick up address with concerned NOCs.

NOCs that have requested before 30/05 to have rate card VAPP delivered directly in a Satellite Village (Châteauroux, Marseille, Lille) will be able to do so at the following locations:

- → Chateauroux Train Station : 3 place de la gare 36000 Châteauroux, Paris 2024 Transport desk
- → Nhow Hotel Marseille : 200 Cor Président John Fitzgerald Kennedy, 13007 Marseille, NOC Support Desk
- → Olympic Village Lille : Stadium Nord Lille Métropole, Avenue de la Chatellenie, 50650 Villeneuve d'Ascq, NOC Support Desk.

It is not possible to make this request anymore.

11.1.3 FLEET OFFICE

Provided Services:

- → Fleet support
- → Assistance
- → Insurance Support
- → Fines management support
- → Transport Information
- → General Depot Information

Operating Hours:

12/07 to 14/08 from 07:00 a.m. to 09:00 p.m.

The distribution of the receipt and payment of fines is as follows:

Véhicles	Fines type	Receiver of the fine	Payer of the fine			
	1 st class contraventions		Paris 2024 will report the fleet representative of the offending driver. And after receiving the fine, the Fleet representative (or the person responsible for the fines management depending on internal stakeholder organization) will have the possibility to identify the car driver who committed the infraction.			
Dedicated vehicles	All other fines	Toyota				
Rate Card vehicles	1 st class fines	ECF> P24 > Stakeholder	Fleet Representative or the driver who has been denounced by fleet Representative			
	Other class fines	Provider > Stakeholder	Fleet Representative or the driver who has been denounced by fleet Representative			

French law stipulates a period of 45 days for the payment of a fine, in the case of non-payment, a surcharge will apply depending the gravity of the violation. Please refer to the following table for details:

	Reduced fine	Fixed fine	Increased fine	Maximum fine price
Time	<15 days	<45 days	> 45 days	
2 nd class	22€	35€	75€	150€
3 rd class	45€	68€	180€	450€
4 th class	90€	135€	375€	750€
5 th class	/	/	/	1500€

Compliance with parking regulations and speed limits is the responsibility of the driver. Any costs incurred as a result of violations of these rules are the responsibility of the stakeholder, in particular impound fees, which may include:

- → Vehicle collection costs,
- → Daily storage charges,
- → Any fines for offences committed (illegal or dangerous parking, etc.).

Stakeholders must not smoke in Paris 2024 vehicles. If it is discovered that stakeholders have been smoking Paris 2024 reserves the right to invoice the NOC for the cost of vehicle restoration.

11.1.5 INSURANCE AND ASSISTANCE

All fleet Vehicles provided by Paris 2024 are covered by automobile insurance policy in accordance with current French legislation.

You will find below a description of the contract guarantees subscribed:

1. Liability coverage

This coverage is mandatory in France.

The purpose of this coverage is to repair the damages such as bodily injury, material,

immaterial caused to third party (including passengers) during an accident involving the insured vehicule. The amount of this coverage is unlimited for bodily injury. It is limited to 100 million euros for property damage.

2. Driver's coverage

The purpose of this coverage is to compensate bodily injuries suffered by the driver of the insured vehicle responsible for the accident.

This coverage may be implemented in case of death or if the rate of harm to physical and psychological integrity is greater than 10%. It is limited to 600 000€ per claim.

3. Vehicle coverages

The purpose of these coverage is to repair damage suffered by the insured Vehicle during an accident in particular in the event of:

- → Natural disasters
- → Climate events
- → Glass breakage (windshield, rear window, side windows, etc.)
- → Fire/explosion/attack
- → Theft: the application of this cover is subject to a complaint being filed by Paris 2024 upon receipt of the detailed and substantiated

declaration from the driver in charge of the Vehicle at the time of the facts.

4. Additional coverages

In addition to the aforementioned coverages, Insurance provides with additional coverages such as coverage for the effects and personal belongings of the driver and the passengers transported as well as the equipment and goods transported that would be damaged in an accident.

These coverages are limited to 3 000€ per event.

5. Exclusions

Examples of things for which insurance does not pay out:

- → Intentional damage and/or injuries
- → Damage only to tyres, such as a blowout or a flat.
- → Any item or accessory that is not fixed to the vehicle.

6. Vehicle assistance in the event of an accident or breakdown

First step

In the event of a breakdown or accident, priority is to ensure the safety of clients and driver by moving, where feasible, the vehicle to a safe

.

location and, where necessary call emergency services. If the vehicle cannot be moved move the clients to a safe location, secure the area of the vehicle by placing a warning triangle and ensure that high-viz vest is worn. If required alert the emergency services: dial 112.

Assistance

The driver must contact the assistance service as soon as possible by telephone at the number on the insurance certificate, in order to obtain technical assistance (towing, breakdown service, etc.) and to continue the journey.

Tel: +33(0)140251901 (24/23 and 7/7)

Before taking any initiative or incurring any expense, it is imperative to obtain AWP's (Allianz World Partner) prior agreement by calling the number above (no treatment without prior call).

If the vehicle needs to be towed, taxi will be provided by the assistance to allow driver and/or passenger to reach out the destination.

On the first call, you must state:

- → The precise location of the Vehicle
- → A telephone number where you can be reached
- → The vehicle registration number
- → Your address
- → The contractnumber (optional)

Administrative formalities:

- → Systematically complete a joint report (a blank report can be found into the glove box of each Vehicle and accompanied by an explanatory document) in the event of an accident
- → Inform Paris 2024 as soon as possible (48 hours maximum, and 12 hours in case of theft of the Vehicle) via the Incident Report and by contacting the Paris 2024 Fleet Office
- → Complete an incident report

11.1.6 GPS NAVIGATION MOBILE APP

NOC Self-drivers from the official fleet will have access to Paris 2024 GPS Navigation Mobile App named: GPS Accred App, that will be made available in July. This app will reflect real time traffic on and off the Olympic Route Network, road closures and will showcase venue parking and load zones. Drivers will be able to follow fastest journey from point A to point B. The app will be available on iOS and Android from July 2024, and must be activated with licence key. Each licence can activate one device.

2 License Keys per P3/P6/CIR VAPP will be distributed. A license key can only be activated on one device.

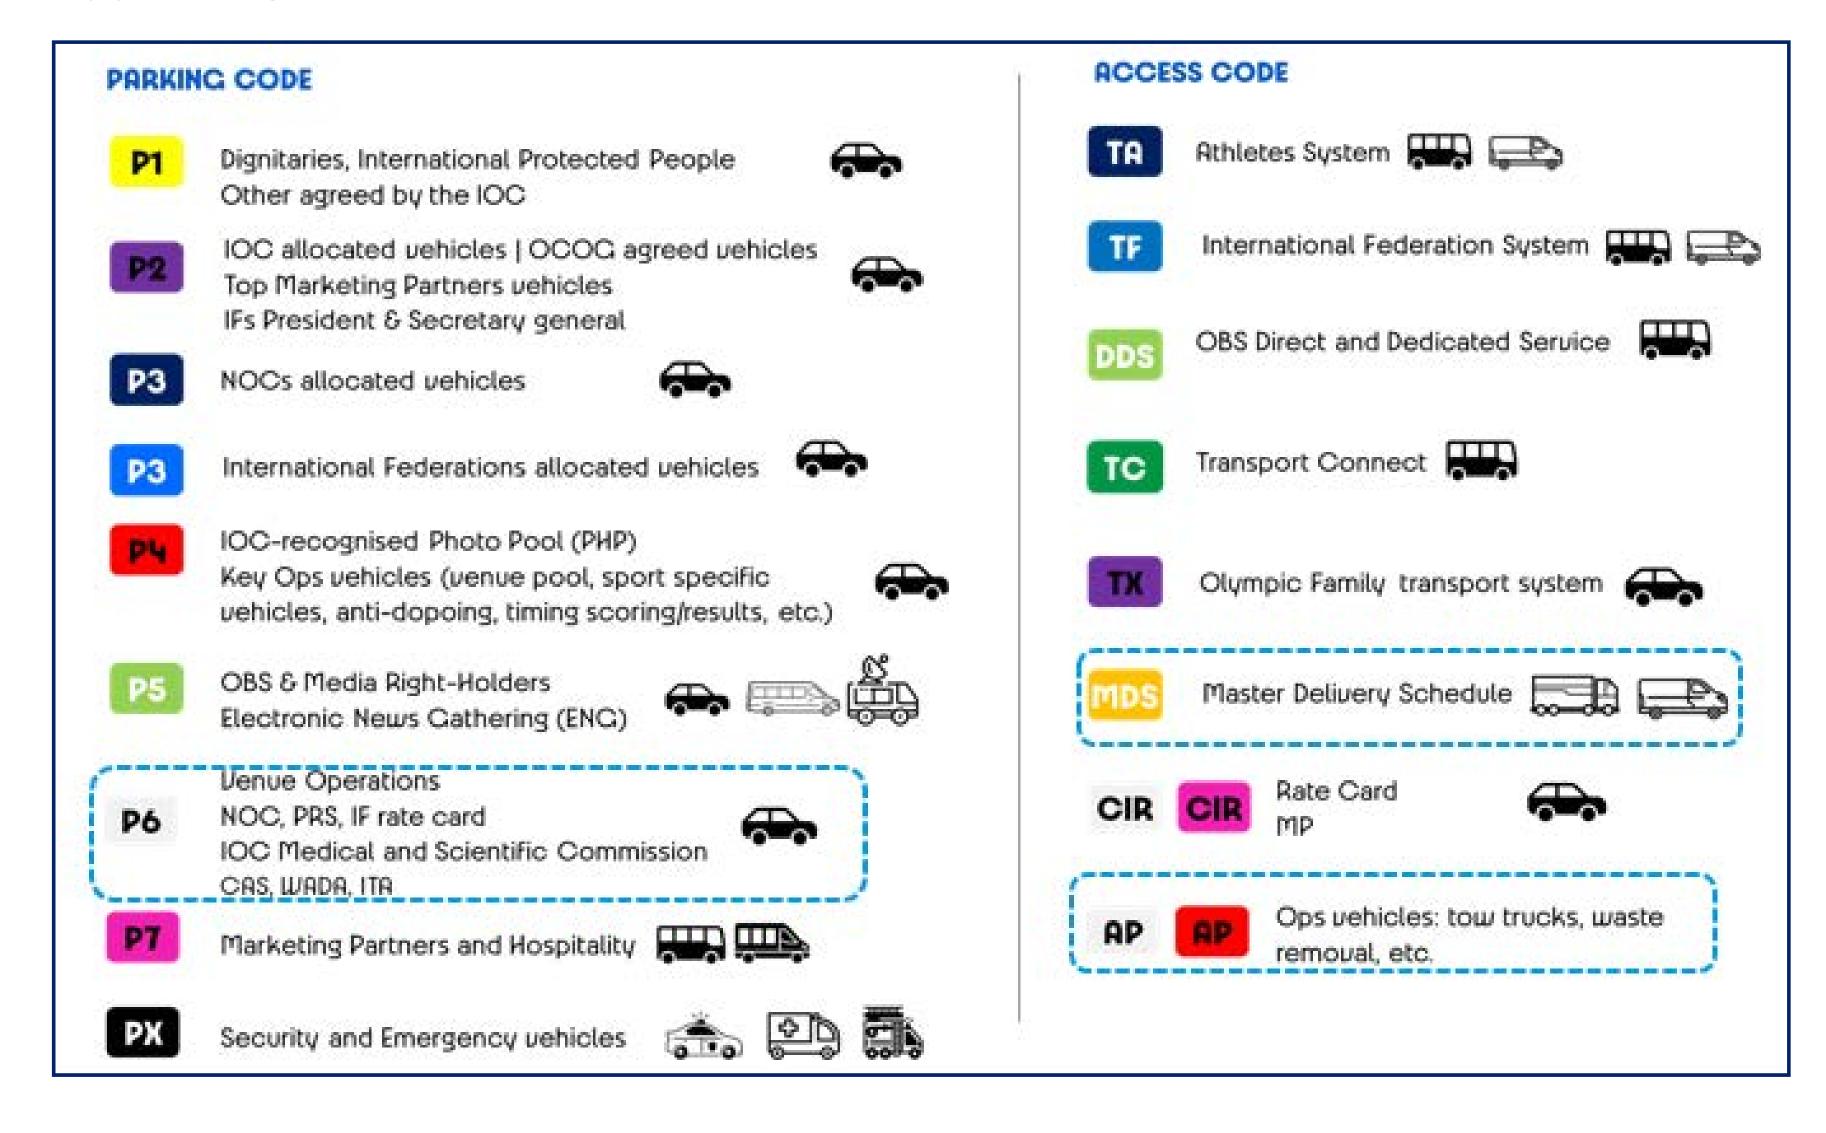

Transport Contact in NOC will receive a list of license codes, equivalent to 2 times the total number of vapps the NOC is receiving.

Please refer to Paris 2024 GPS Navigation mobile app guide for more information.

11.1.7 **URPPS**

.

.

11.1.8 VEHICLE REGISTRATION

NOC dedicated vehicles: vehicles will be delivered with the P3 VAPPs sticked inside the vehicles.

P3 and P6 VAPPS are all transferable multiple times between all registered vehicles of one NOC. NOCs will be able to register a number of vehicle equal to three times the number of P3/P6/CIR VAPPs they will be receiving. This rule helps keep track of VAPPed vehicles and makes it easier to enforce the VAPP policy. For instance, if a NOC has 10 VAPPs, they can register up to 30 vehicles (dedicated, rate card vehicles and own vehicles included) with each VAPP transferable unlimited times among any of those 30 registered vehicles.

VAPPs should be always displayed clearly in the vehicle windshield. Possession of a VAPP is not sufficient to gain access to Olympic lanes. NOCs must register the vehicle details, as well as having a VAPP, in order to access the Olympic lanes. This will be monitored by Prefecture de Police cameras and Police on the ground. Unregistered vehicles and/or without a VAPP will receive a fine.

Vehicles must also deplay ORN registration sticker (distributed with the VAPP) at the back of the vehicle.

NOCs have received pre-defined Vehicle
Registration form start of June via La Minute and should fill it in before July 4th. It shall be submitted by e-mail to vapp@paris2024.org copying the NOC Relations representative. One form will be to fill out per NOC.

The form will then be closed and will re-open on the 15th of July for last minute additions if needed. New added vehicles will be able to use the ORN 2 working days after completion of the form (time needed from Prefecture de Police to include vehicles in the system).

Registration procedure requires at least the following information:

- → Responsible Organization;
- → VAPP serial numbers;
- → Parking/access code;
- → Vehicle plate numbers;
- → Country of vehicle registration;
- → Vehicle make and model;
- → Vehicle type.

If any changes to the fleet are needed to be submitted during the period of VAPPs usage, Stakeholders should submit the same Vehicle Registration Form with the information listed above, but with changes marked.

Lost VAPP will not be replaced.

A lost, damaged, or stolen VAPP could cause serious security issues and could also potentially compromise the operations and the Event. They must be reported immediately to Paris 2024 VAPPs Office. The VAPP serial number must be provided along with an appropriate explanation via email to vapp@paris2024.org.

A stolen VAPP may be reissued, if a police report indicating the VAPP serial number of the stolen VAPP are submitted to the VAPP Office. All VAPPs will have a unique serial number that distinguishes each permit. It can be found at the bottom of the VAPP.

If a VAPP is damaged, it must be returned to the services center before a replacement VAPP can be issued.

NOCs can refer to Olympic Games Vehicle Access and/or Parking Permit (VAPP) Guide for more information.

11.1.9 DRIVING IN FRANCE

11.1.9.1 LOW EMISSION ZONE

In France, Low Emission Zones (LEZs) are a type of environmental policy implemented to improve air quality and reduce pollution levels, particularly in urban areas.

Its principle is to limit the circulation of the vehicles that produce high levels of emissions within a defined perimeter and according to determined time slots, by decision of the communities concerned. In France, the LEZs are controlled with the Crit'Air sticker system.

Official fleet (dedicated vehicles, rate card vehicles) will be provided with Low Emission Zone stickers (mandatory in France).

Any NOC wishing to access the low emission zones with a non-Paris 2024 vehicle will be liable for the low emission charge and/or any associated fines.

NOCs bringing own vehicles to the Olympic Games have to request Crit'air stickets for these vehicles according to the procedure specified below.

Crit'air stickers can be ordered here: https://www.certificat-air.gouv.fr/ certificat. The cost of this sticker is 3,11 € + 1,50 € postage outside France (i.e. 4,61 € per vehicle). Crit'air limitations (as of June 2024):

	Private / Light vehicles / Motorized two-wheelers / Light Utility Vehicles	Trucks / Buses / Coaches / Heavy Good Vehicles			
Paris Metropolis	Monday – Friday: • 8:00 am – 8:00 pm: 0, 1, 2, 3 • 8:00 pm – 8:00 am: all Crit'Air stickers Saturday, Sunday, Bank Holidays: all Crit'Air stickers	0, 1, 2, 3			
Lille Metropolis	0, 1, 2, 3	0, 1, 2, 3, 4			
Nice - Côte d'Azur	0, 1, 2, 3	0, 1, 2			
Saint-Etienne	No applicable restrictions	All Crit'Air stickers (except for unclassified vehicles)			
Lyon Metropolis	0, 1, 2, 3				
Aix-Marseille					
Bordeaux					
Châteauroux	No applicable restrictions				
Nantes					
Tahiti					

^{*}When no day of the week is specified, regulations apply 24/7.

- → Private or light vehicle is a vehicle under 3,5 tons designed for transporting passengers.
- → Light utility vehicle is a vehicle under 3,5 tons with length under 12 meters and width under 2,55 meters designed for transporting goods.
- → Heavy goods vehicle is a vehicle over 3,5 tons designed for transporting goods.
- → Unclassified vehicle is a heavy good vehicle that has been put in service before 01 October 2001 or a light utility vehicle that has been put in service before 01 October 1997.

11.1.9.2 DRIVER'S LICENSE CRITERIA

All drivers of NOC dedicated vehicles, cycling vehicles, equipment vehicles must meet the following requirements:

- → Must be minimum 21 years old on the 1st of January 2024
- → Must have a valid driving licence in France. This includes driving licences issued in France or other countries of the European Union, International Driving Permits (accompanied by a recommended notarised translation in French) or National Driving Licence (accompanied by a mandatory notarised translation in French).

- → Must have 3 or more years of driving experience.
- → Must not have any driving violations related to alcohol or drugs within the past 5 years.
- → Must not have a fault-accident in the past 12 months.
- → Complete and sign a form (legal responsibility associated with driving, vehicle use agreement and safe driver agreement).
- → Must agree to keep all fleet vehicles on the Olympic territory. This means that dedicated vehicles can move only within and between cities within the Olympic Territory if said cities are hosting Olympic competitions, are designated as official hubs or venues for the Olympic Games. Dedicated vehicles may not be used for non-Olympic-related activities.

According to the French law, foreign driving licenses are valid for one year after arriving on the French territory. This rule applies to foreign drivers who may be residents in the French territory. If drivers are non-European citizens and hold a student residence permit, they can drive

with their foreigner license during the period of validity of the student residence permit as long as their driver license is valid and as long as other the Paris 2024 driving requirements are met.

It is of each NOC's responsibility to make sure all drivers meet these requirements. All vehicles from Paris 2024 official fleet are insured.

In case of NOCs wanting to hire drivers to drive their dedicated vehicles (including equipment vehicle, cycling vehicle, RTC vehicles), Paris 2024 will provide accreditation for them following this rule:

→ Two designated drivers for one car (Paris 2024 fleet of vehicles or Rate Card vehicles or Own vehicles which replace Paris 2024 vehicles originally proposed)

More driver accreditations have been given to NOCs that have requested it, they must return additional TP Cards at NOC Transport desk before 26/07 or they will be invoiced for these additionnal TP cards.

Rules are different for NOC own vehicles drivers: they must be at least 18 years old and have a valid driving license in France.

11.1.9.3 VEHICLE ACCESS AND PARKING PERMITS (VAPPS)

A VAPP is required to access ORN, pick-up/drop-off areas and parking areas around venues and villages. All vehicles will be required to display the appropriate VAPP at the top of the front windshield when approaching surety perimeter of a venue and when parked.

Vapps Samples, unofficial visuals

P3 and P6 Rate Card VAPPs, must only be used on vehicles of 9 seats or less, no longer than 5.3m long, 1,95m wide. For height limits on each venue please refer to section 11.1.9.4.

CIR VAPPs (circulation VAPPs) will be permitted to be used on vehicles of 15 seats or less, no longer than 6.2m long and 2.5m wide where limit is same as for other VAPPs. No height limit applies to CIR VAPPs. However for Versailles and Stade de France, limits remain the same as for P3/P6 Vapps: 9 seats or less, no longer than 5.3m long, 1,95m wide.

VAPPs may be transferred only between vehicles of this size and between all vehicles that the NOC has previously registered. NOCs can register up to 3 vehicles per one VAPP (dedicated vehicles and rate card vehicles included). If an NOC has registered 20 vehicles, it can transfer one VAPP between the 20 vehicles.

P6 VAPPs can be collected at Rate Card desk at OLV.

VAPPs from Bed Return Program will be distribued by NCS after F-DRM.

NOCs have been given the option to pick up a VAPP directly in a specific co-host city. For those who have requested it before 30/05, they can be collected at the following desks:

- → LIL : collect at NOC Support desk at Olympic Village Lille
- → MRS : collect at NOC Support Desk at Nhow Hotel
- → CTX : collect at Chateauroux Train Station

VAPP must be displayed properly on parked vehicle. All vehicles on Paris 2024 parkings must display the appropriate VAPP. Paris 2024 will be checking the vehicles display the right vapps when parked. Paris 2024 reserves the right to remove non vapped vehicles from OLV parkings.

11.1.9.4 HEIGHT LIMIT AND DISTANCE TO PSA PER VENUE

The following table states P3/P6 limits on each venue, NOCs can therefore, on some venues, use the VAPP on higher vehicles. It is each NOC's responsibility to put the right VAPPs on the right vehicles. If vehicle cannot enter venue because of height, or size it will not be granted access. General Load Zone limits are the same as for CIR VAPPS maximum dimension.

11.1.10 TOYOTA KINTO SHARE SERVICE

NOCs will have the possibility to use KINTO Share – a car sharing service provided by Toyota. This solution enables the renting of cars for a short period of time (per hour/per day) with a Circulation VAPP, giving NOCs extra flexibility during the peak days of operations or for ad hoc last minute transport needs. There will be 80 vehicles in this shared service. This service will not be available in co-host cities.

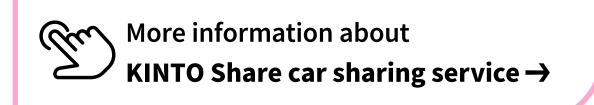

Car will need to be returned to the original parking spot at the end of the trip. Booking and access to the cars will be fully digital and organized though the KINTO Share mobile app.

Pick up stations can be found here : https://www.kinto-mobility.eu/fr/fr/paris-2024/kinto-share-paris24-en#map.

Prices start at 149€ per day. Detailed prices of the service can be found here: https://www.kinto-mobility.eu/fr/fr/paris-2024/kinto-share-paris24-en#price.

NOCs must register to use this service: registration (kinto-mobility.eu).

If registered, NOCs can start booking trips, for the service that will be live between 12th July and 11th September. Last minute bookings will be possible subject to availability.

For any questions, do not hesitate to contact contact.share@kinto-mobility.fr.

11.2 TX SERVICES

Olympic Fleet services, T1/T2/T3 used in previous Games has evolved to a new system : TX.

TX will be the official fleet service at Paris 2024
Olympic Games. Vehicles will be driven by
volunteers. It will be activated between July 15th
and August 14th between 7:00 a.m. and 11:00pm
(from July 12th at OLV). Stakeholders will be able
to go from an official destination to another.

The following NOC members will be entitled to TX service:

- → President
- → Secretary General
- → Chef de Mission
- → Deputy Chef de Mission
- → ANOC executive Council Members
- → Sovereign, Head of State, Head of Government and their accompanying guests
- → Sport Ministers

TX in co-host cities will be activated between the following dates:

→ Lille: 27/07 to 11/08

→ Marseille: 24/07 to 08/08

→ Châteauroux: 27/07 to 05/08

→ Nantes: 24/07 to 08/08

→ Saint-Etienne: 24/07 to 31/08

→ Lyon: 24/07 to 09/08

→ Bordeaux: 24/07 to 02/08

→ Nice: 24/07 to 31/07

→ Tahiti: 20/07 to 06/08, between 5:30 a.m. and 9:00 p.m.

TX entitled stakeholders may invite other guests to join them in the same TX vehicle (as many guests as seats available in the vehicle).

Stakeholders may have to share a vehicle in order to optimise the service and reduce the waiting time.

TX will offer 2 types of services: a Ready to go Service (TXR) or a Bookable Service (TXB)

11.2.1 TX READY TO GO (TXR)

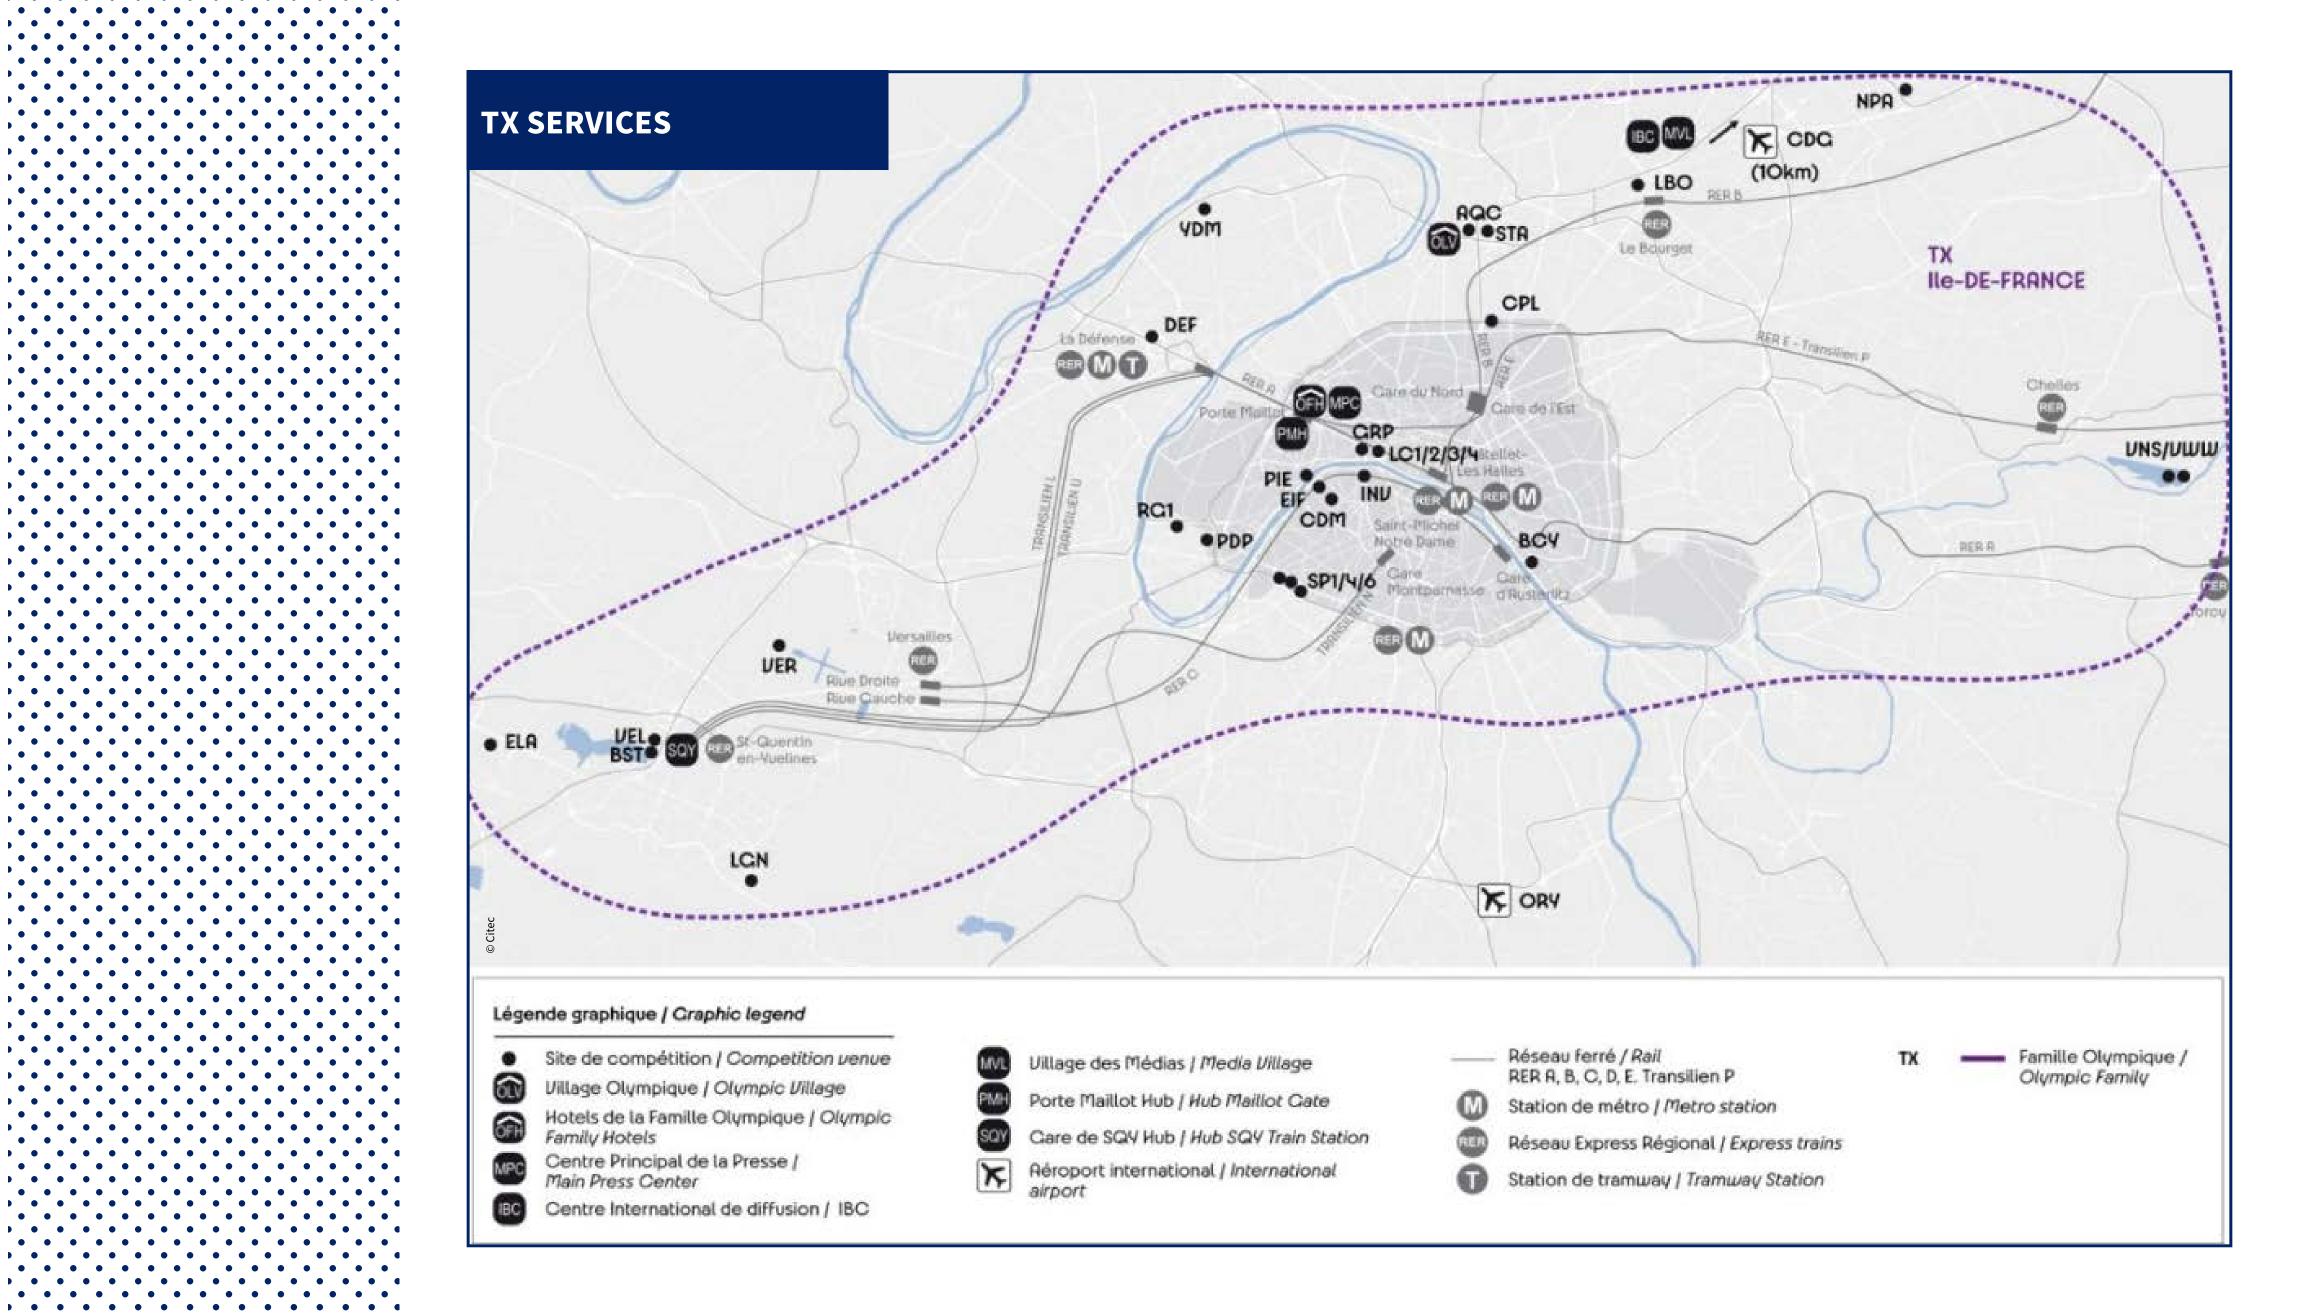

TXR means that no reservation is needed. A pool of cars will be waiting for stakeholders at the following venues load zones at:

- → The following non-competition venues from 7am to 11pm : OLV, MPC, OFH,OF2,OF3, OLC (Olympic Club, from 11am to 11pm)
- → All competition venues: activated on competition days, H-1 before start of competition to H+1 after competition or victory ceremony ends.

At the venues TXR will be activated from July 18th to August 14th between 7:00am and 11:00pm (TXB to be used between July 12th and July 17th).

11.2.2 TX BOOKABLE SERVICE (TXB)

Where TXR is not activated (official destinations only), stakeholders must book a TX Bookable service via the Transport App, the Fleet Call Center ((+33) 09 69 37 07 24), or via a Transport Desk. Reservations must be made at least two hours in advance. Different phone numbers will be applicable in co-host cities.

TXB is available between 07:00 a.m. and 11:00 p.m. from July 12th to August 14th, in Greater Paris area and between 07:00 a.m. and 11:00 p.m. from July 21st to August 11th, in co-host cities. It should be noted that these dates are the first and last days of activation in all the CHCs combined, but that the D-3/D+1 principle in relation to competitions applies for each CHC.

TXB enables stakeholders to request an accessible vehicle and a child seat if needed.

Stakeholders will receive a message 30 minutes before the ride, and another one when the driver has arrived at the pickup area. Reservation will be cancelled automatically after 15 minutes in case of a client no-show.

No TX will be available on ceremony days from 01:00 p.m. TX services will be re-activated the following day at 07:00 a.m.

11.2.3 TX UPGRADE CARDS

NOC will also be receiving TX Upgrade Cards depending on the number of athletes in the delegation. They will allow members of the delegation to use TX service even if not entitled with the privilege. These upgrade cards will be delivered to NOCs at F-DRM and will be managed directly by the NOC. TX Upgrade cards must be used by accredited people.

Number of athletes	Number of TX upgrades
1 – 49	1
50 - 99	2
100 +	3

NOCs can also receive TX upgrade cards by giving back up to 2 dedicated vehicles for the whole period of the games. TX Upgrade cards may be used within the same NOC and are not transferable to other NOCs.

NOCs should have indicated to give back dedicated vehicles for TX upgrade cards before 31st May.

In exchange of a dedicated vehicles, the following options were available:

- → 2 TX upgrade passes in exchange for 1 van.
- → 1 TX upgrade pass in exchange for 1 SUV or station wagon.

The reservation principle is the same as for a classic TX, once they have entered their TX Upgrade number in the application, the same privileges as an accredited member with the initial TX privilege are available. The upgrade TX cards will take the form of a laminated card to be hung separately from the accreditation. It will have an identified serial number. There is no temporality on the activation code, but the same code cannot be used at the same time by different users. NOCs will be required to show TX upgrade card to the driver when they physically enter the vehicle.

11.2.4 TX DESTINATION LIST

NOCs can refer to Paris 2024 Transport Accred App available in July 1st to view all destinations. Stakeholders will be able to view estimated travel times on the app when booking TX, they will be able to compare all route options (TC/TP/TX/TA for entitled stakeholders).

OTHER TRANSPORT SERVICES

13.1 NOC Daily Transfers through OLV ->

13.2 Inter City Service Travel - Specific Service ->

13.3 Inter-City Travel for Individuals ->

13.4 Transport Application ->

13.1 NOC DAILY TRANSFERS THROUGH OLU

By Registering in advance:

Paris 2024 will allow non-VAPPed self-arranged vehicles used for NOCs own operation (shuttles to Hospitality Houses, High Performance Centres, etc.) to get temporary access near TPC of the Olympic Village, rue James Watt for pick-up and drop-off of the passengers only.

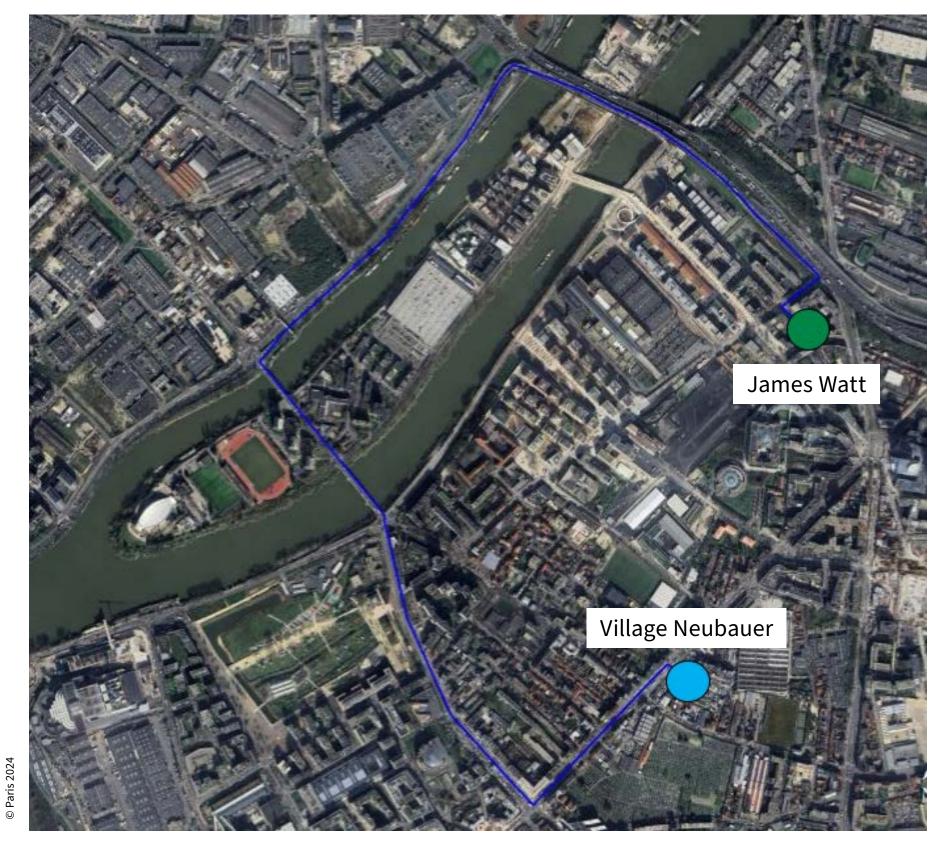

Rue James Watt load zone will be activated daily from July 18th to Aug 13th between 07:00 a.m. and 10:30 p.m. 5 load zones will be available for buses, and 5 for smaller vehicles. Any vehicle using the space outside of these hours will receive no support from Paris 2024 and could be at risks of being removed by the local police. Drop off can still happen after 10:30 p.m but not pick up.

All vehicles will need a day pass to access rue James Watt and go through TCF (Traffic Control Filter, police checkpoint). NOCs will need to register times of access at NOC services Center Transport Desk, in Halle Maxwell. They will then receive day passes for all booked slots. NOCs that have pre registered and booked their slots will be able to drive directly to rue James Watt.

These daily passes do not give access to Olympic Route Network.

Without Registering in Advance

Non-booked and unexpected vehicles, will need to pass through Village Neubauer to receive their temporary pass upon approval.

Route from Village Neubauer to James Watt for unexpected/unregistered vehicles

Operations at Neubauer will cease at 01:00 p.m. on Ceremony days.

Please note: James Watt is two-lane street, shared with local residents and it is paramount that delegation load/disembark timely to avoid congestion on the road – it is a load zone and not a staging nor a parking area.

NOCs can also decide to drop off athletes at Village Neubauer, they can then walk to closest PSA.

13.3 INTER-CITY TRAVEL FOR INDIVIDUALS

Travel Policy

NOC President and Secretary General are entitled to 2 tickets per day and per city when they have an athlete participating in that city on that day. These tickets may be transferred to other members of the delegation, but are limited to two per city where the NOC has a competing athlete.

Stakeholders must travel with their tickets, ID and visa on them as there can be random checks.

Different modes of transport

Below you will find a list of the means of transport used to get to each cohost city, along with approximate journey times.

	Bordeaux		Lille		Lyon		Châteauroux	
Paris	TGV	2h10	Shuttle	3h30	TGV	2h05	Train (intercity)	3h20

	Marseille		Nar	ites	es Nice		St-Etienne		Tahiti	
Paris	TGV	3h15	TGV	2h20	Flight	1h30	TGV	2h50	Flight	23h

Service levels and travel recommandations

You will find below the level of service and information for each mode of transport:

	Trains	Planes	Coaches			
Level of service	First class	Economy Class	Shuttle Paris <> Lille only			
Check-in	E-tickets	Check-in to do	Booking confirmation email			
Arrival	45 min before	2h30 before	10 min before			
ID	IDs and visas are mandatory					
Luggages	2 suitcases 90 x 60 x 70	8				

Booking process / changes:

In order to book their shuttles, trains or planes, NOC Presidents and Secretaries General or their assistants (OFA) can go to the Transport offices located in the Olympic family lounges, at the competition venues or to the OFH and OF2 Transport offices.

A volunteer or coordinator will be on hand to direct the customer to the right solution:

- → a booking form for shuttle bookings and one for plane/train bookings
- → self-booking

For requests of less than 48 hours, Arrival and Departure services as well as Transport services will not be guaranteed.

IMPORTANT

- → It is advisable to make your travel requests as early as possible, as train and plane availability may be limited during the summer period.
- → It is advisable to check your reservations at least 24 hours before your trip to ensure that it corresponds to your needs and expectations, and to familiarize yourself with the precise travel information.
- → Tickets are personal. Once booked, name changes are not possible. It is therefore the traveler's responsibility to anticipate bookings with this constraint in mind, and to provide accurate information as shown on their identity documents.
- → Conditions for modifying dates, schedules, destinations and cancellations depend on the mode of transport and type of ticket.

 Nevertheless, it is important to note that in all cases, a modification has a financial impact and an impact on the operations of other stakeholders. The Transport team (and the ATPI travel agency during its on-call night shift) are the only people who can validate a modification request.
- → For requests of less than 48 hours, Arrival and Departure services as well as Transport services will not be guaranteed.

- → It is the customer's responsibility to check in for flights, to arrive in good time so as not to miss transportation in accordance with the recommendations and instructions listed above, and to have the necessary travel documents (ID, visa, etc.). In the event of an incident related to any of the above, Paris 2024 will not accept new reservations.
- → Flying blue loyalty numbers and SNCF discount cards will not be taken into account when booking flights and trains.

Emergency assistance

→ European emergency number: 112

For any emergency requiring an ambulance, fire service, or police when traveling in a European country; by foreign travelers who do not know emergency numbers in France.

→ Police: 17

To report an offense that requires the immediate intervention of the police or gendarmerie (violence, aggression, robbery, burglary...). Please note: in the event of a non-urgent call, i.e. to report a fact to the police that does not require immediate intervention, contact the police station or gendarmerie brigade closest to the place of the facts or to your residence.

→ Medical Emergency – SAMU (Ambulance): 15

To obtain the intervention of a medical team during a situation of vital distress (malaise, coma, hemorrhage, chest pain, breathing difficulties, burning, intoxication...); or to be redirected to a body providing permanent care (general medical care, ambulance transport, etc.).

→ Fire Brigade: 18

To report a situation of danger; or an accident involving goods or persons and obtain their rapid intervention (fire, gas leak, risk of collapse, burn, electrocution, road accident...). Warning: sending a false alarm to the fire brigade or the SAMU, making it appear as if there was an accident or a fire, for example, is an offense punishable by up to 2 years in prison and 30 000 € fines (Article 322-14 of the Penal Code).

→ Maritime emergency: 196

For any distress or emergency situation at sea whether you are a witness or a victim; in case of concern for any person at sea who has not given news; any fact observed at sea which appears abnormal. Please note: By dialing 196, you are directly connected to the Operational Center for Surveillance and Rescue at Sea (CROSS), the only government agency competent to coordinate intervention resources for the safety of life at sea.
