##### **Tim Hadaway (FEI HQ)**

FEI Director of Games Operations since 2013, Tim is the link between the FEI and Organisers for major events such as Olympic/Paralympic Games and World Championships. His role is very much in line with the “New Norm” recommendations introduced by the International Olympic Committee (IOC) in 2018, which aims for greater involvement from International Federations (IFs) and IF expertise in the delivery of Games operations.
