

**Session 5: FEI Key Events Requirements
Tuesday, 25 April, 11:30 – 13:00**

**Tim Hadaway (FEI HQ)
Director, Games Operations**

Tim has been the FEI Director of Games Operations since 2013, supporting and assisting coordination between the FEI and Organisers of major events such as the Olympic and Paralympic Games and World Championships. His role is very much in line with the “New Norm” recommendations introduced by the International Olympic Committee (IOC) in 2018, which aims for greater involvement from International Federations (IFs) and IF expertise in the delivery of the Games.
