Horse Form Index

HFI

What is the HFI?

HFI is a rating developed by the FEI with the support of EquiRatings® which tracks the **most recent cross-country results of a horse**. It is available for all horses competing at FEI Eventing 3*, 4* & 5*.

The **HFI** has been developed for **Athletes, Owners**, National Federations to gauge horses' performance, track their progress and to enable more informed decisions prior to the competitions. The **HFI** also allows **Officials** to monitor horses entered at events and assess horses preparedness and performance during the Cross Country test.

HFI does not replace the MERs, which must be achieved according to the 2022 FEI Eventing Rules (Article 520).

How is the HFI calculated?

The HFI value goes up and down based on whether the horse had a clear, a single fault or multiple faults during recent XC runs.

For CCI3*, the HFI is calculated using a minimum of **3** and maximum of **6** from the most recent counting results.

For CCI4* or CCI5*, the HFI is calculated using a minimum of **4** and maximum of **8** from the most recent counting results.

The points awarded (based on XC Outcome and Level) are then averaged over the number of counted results.

- **Clear:** no XC jumping penalties
- **Single fault:** one error on course giving XC jumping penalties (refusal, missed flag, activating a frangible device)
- **Multiple faults:** more than one error on course giving XC jumping penalties (more than 20 XC jumping penalties or eliminated (rider fall, horse fall), retired, disqualified).
- **A non-counting result:** Results at CCI-1* Intro level and also - not starting cross country, certain cross country outcomes with no XC jumping penalties (retirement, disqualified, fall on the flat, other technical)

HFI Categories – a simple guide

HFI Category	HFI Value	Guidance
A++	5 or above	Excellent
A+	4 - 4.9	Very well prepared
A	3 - 3.9	Well prepared
B	2 - 2.9	Slightly above average preparation
C	1 - 1.9	Slightly below average preparation
D	0 - 0.9	Below average (consider a lower competition level)
E	Below 0	Significantly low (unsuitable for this level of competition)
Pending	N/A (not enough results)	More experience preferable
