Letter of motivation

Applicant for the position of Athlete Representative for the discipline of vaulting

My name is Kateřina Grygarová, I am twenty years old and the majority of my life is associated with vaulting. I participated in my first European Championship in 2008 in Brno when I was eleven years old and I have been part of the Czech team ever since. I have participated in several European Championships, as well as in World Championship and World Equestrian Games.

Due to the fact, that I had suffered several injuries during the last years and I have started to attend a medical school, I have decided to finish my top-sport carrier and I have settled for the role of coach's assistant for my former teammates instead.

Although I no longer take part in international vaulting competitions as an athlete, great part of my time is still spent at vaulting competitions, because I still accompany my former team to various competitions.

As I have been an athlete myself for a really long time I take vaulting as inseparable part of my life. It would be an honour for me to represent the athletes in the Athletes' Committee and use my voice on their behalf. I have met a great number of amazing people from all around the world and I would very much like to keep in touch with them, while representing their interests.

Thanks to the fact, that during the competitions I no longer have to put all my concentration on the upcoming routine, I could use this time to actually communicate with the athletes and focus on their needs, find out, what could be improved and then discuss it later during the Committee Meeting and try to contribute our sport and its growth.

I consider myself to be an enthusiastic open-minded person, and I am strongly willing to work toward the welfare of the horses and the growth and development of vaulting globally.

I am well aware of the importance of this Committee and I would be honoured to be part of it. I am thankful for the opportunity to nominate myself and I can only hope that our sport and athletes will continue to be represented with both passion and love for the horses and the sport itself.

Prague, 28th April, 2018
